

DEPARTMENT OF FOREIGN LANGUAGES AND INTERNATIONAL STUDIES

The mission of the Department of Foreign Languages and International Studies is to help students attain a state of intellectual freedom that enables them to grow personally, socially, and professionally. The department works to develop students' learning skills in foreign languages; to teach students to communicate effectively; to foster cultural understanding, tolerance and world perspective; and to prepare students to live in a global society.

The Department of Foreign Languages and International Studies offers programs of study leading to a baccalaureate degree in French, German, Spanish, International Studies and Spanish Medical Interpretation. The programs are designed to prepare students to communicate effectively in another language, as well as live, study, or work in international settings. Study or work abroad opportunities, either as part of or after the four-year program, will be available to students. The programs are supported by the most up-to-date technology, available to students in the Foreign Language Lab located in Dean Hall and Pendergraft Library. Departmental majors will be prepared to pursue graduate degrees and a variety of careers in business and industry, communication, education, foreign service, government, and public relations.

Tech offers a comprehensive foreign language program. Students may choose a degree program in French, German, and Spanish; pursue studies in Chinese, Italian, Japanese, Latin, and Russian; or complete a minor in French, German, Japanese, Italian/Latin, Latin American/Latino studies with language proficiency, Latin American/Latino studies without language proficiency, and Spanish.

All foreign language majors will be required to take the ACTFL Oral Proficiency Interview (OPI) prior to graduation and score on the Advanced Low level. The OPI fee is currently \$134. Each student is responsible for the cost of the exam.

All foreign language education majors must have an Advanced Low oral proficiency rating on the ACTFL Oral Proficiency Interview (OPI) for admission to the internship. The OPI fee (\$134) is assessed with enrollment in FR/GER/SPAN 4003. Each student is responsible for the cost of the exam.

The degree program in Foreign Languages requires 38 hours in a foreign language. The student's credit by examination and course work must total 38 semester hours.

Foreign Language majors may pursue teacher licensure in French, German, and Spanish. The curricula for teacher licensure in French, German, and Spanish are printed in the catalog section of the School of Education.

Students with previous foreign language experience may petition the Department of Foreign Languages and International Studies for advanced placement and credit. Petitioners will be given written and/or oral examinations by a foreign language faculty member who will then recommend an appropriate foreign language placement level. This placement level will not exceed FR 3013, GER 3013, JPN 2024, LAT 2013, or SPAN 3013, and will be approved by the department head. Students who have omitted one or more courses in the basic language sequence will receive credit for omitted courses when they have validated their advanced placement by passing the course into which they are placed with a grade of "C" or better.

Students have the opportunity to attend universities abroad for a semester or an academic year (see the catalog entry under Student Exchange Opportunities).

Student advising is an important part of the programs. Departmental majors will work closely with their faculty advisors to assure successful academic progress.

International Studies

The International Studies program is interdisciplinary. The Degree Program in International Studies requires, in addition to the general education core and electives, 27 hours in an area of concentration of the student's choosing, 30 hours of courses selected from an International Studies Core and 9 hours in a foreign language at the 3000 or 4000 level. Students may select areas of concentration from available programs in the Schools of Community Education and Professional Development, Liberal and Fine Arts, Physical and Life Sciences, and System Sciences. All courses need to be in the area of concentration. Students must follow the established course sequence and prerequisite requirements already defined in the catalog.

International Studies majors will have two faculty advisors. The Head of the Department of Foreign Languages and International Studies will supervise the general education, foreign language and international studies requirements, and an advisor in the student's area of concentration will supervise the discipline requirements.

International Studies majors who choose a foreign language as an area of concentration must complete the foreign language requirement of 9 hours above the 3000 or 4000 level in a second foreign language. International studies majors who elect a foreign language as their area of concentration, and whose native language is not English, may elect 9 hours of English to fulfill their foreign language requirement. English courses must be at the 3000-4000 level. Students with previous foreign language experience may petition the Department of Foreign Languages and International Studies for advanced placement and credit. Petitioners will be given written and/or oral examinations by a foreign language faculty member who will then recommend an appropriate foreign language placement level. This placement level will not exceed FR 3013, GER 3013, JPN 2024, LAT 2013, or SPAN 3013, and will be approved by the department head. Students who have omitted one or more courses in the basic language sequence will receive credit for omitted courses when they have

validated their advanced placement by passing the course into which they are placed with a grade of “C” or better.

One of the unique features of the International Studies program is the paid internship opportunities for its graduates. Qualified students, graduating with an overall grade point average of “B” or better, will receive assistance in obtaining paid internships or job placements with international companies and organizations.

The BA Degree in Foreign Languages with a Concentration in Spanish Medical Interpretation is an interdisciplinary degree, drawing heavily from the Sciences, from Nursing and Spanish. Students who choose this degree will take a minimum of 12 hours of Science, 37 hours of Nursing, and 37 hours of Spanish and fulfill their general education requirements.

A degree in Spanish Medical Interpretation is designed to prepare students to work with clients in the medical field who speak Spanish and little or no English, and who need assistance in communicating with doctors and other healthcare providers. The nature of the translation requires that students are trained in health care and possess a native or near native fluency in Spanish.

Students admitted to this degree program must demonstrate at least a beginning proficiency in Spanish and are expected to demonstrate advanced proficiency in Spanish upon completion of the program. Students who are native speakers of Spanish must demonstrate proficiency in English for admission. Students may receive up to eleven (11) hours of Advanced Placement credit in Spanish.

Spanish Medical Interpretation

It is recommended that students without computer skills enroll in COM 1003. Prerequisites for NUR 3204, 3606, 3703, 4206, and 4606 will be waived for students majoring in Foreign Languages with Concentration in Spanish Medical Interpretation.

Students must comply with the following requirements:

1. Maintain at least a grade of B in all the Spanish language courses.
2. Maintain at least a 2.75 grade point average on a 4.00 scale in order to be admitted to upper division nursing courses.
3. Acquire professional student liability insurance and current certification of Basic CPR for adults, children, and infants as taught by the American Heart Association, the American Red Cross, or persons currently certified in CPR instruction. These must be renewed each year.
4. Produce evidence of immunity to chicken pox or vaccination.
5. Obtain Hepatitis B Vaccine series.
