

DEPARTMENT OF NURSING

Arkansas Tech University's nursing curriculum is designed to prepare students for beginning professional responsibilities in a variety of health-care settings and to provide the necessary foundations for graduate study.

The Bachelor of Science in Nursing program is approved by the Arkansas State Board of Nursing and the Arkansas Department of Higher Education. The program is accredited by the National League for Nursing Accrediting Commission, 61 Broadway, New York, N.Y. 10006, Telephone: 800-669-1656.

The Department of Nursing offers undergraduate study in nursing to qualified high school graduates, graduates of diploma and associate degree programs in nursing, licensed psychiatric technician nurses, and licensed practical nurses. The baccalaureate program leads to the degree of Bachelor of Science in Nursing. Satisfactory completion of two academic years of foundation courses followed by two years of upper-division professional nursing courses is required.

Upon completion of degree requirements, the student may be eligible to take the national examination (NCLEX) for licensure as a registered nurse. All nursing students should be aware that the State Board of Nursing requires all applicants for the NCLEX to have a criminal background check performed. If the applicant has ever been convicted of a crime, the Board will review the application and make a decision as to whether the applicant is eligible to take the NCLEX exam and to practice nursing in the State of Arkansas. Any student who has been convicted of a crime should notify his or her advisor before taking the prerequisite courses. This information will be kept strictly confidential. The student will be advised of the method of petitioning the Board and counseled regarding the process. A registered nurse may be subject to losing his or her license if the conviction is discovered after the license is granted.

The Department of Nursing reserves the right to make changes, without prior notice, in the curriculum and program requirements. Changes are made in keeping with the changing health needs of society and/or the best interests of the students and the department to maintain quality professional nursing education.

The Department of Nursing utilizes the clinical facilities and services of the Arkansas River Valley area; however, in order to meet the objectives of certain courses, the student should be prepared to travel out of this area. Students are required to provide their own transportation.

In addition to the on-campus program, ATU offers an RN to BSN completion program on the Web.

Admission into lower division foundation courses is open to any Arkansas Tech University student who meets the prerequisites for each course. Nursing majors are encouraged to seek academic advising from the nursing faculty immediately upon acceptance to the University.

Admission to the upper division nursing courses is competitive and subject to evaluation by the Nursing Department's Admission and Progression Committee. Generic students, those who are not registered nurses (RN's), are considered for admission the spring and summer preceding the semesters they plan to enter upper division nursing courses. All transcripts and/or credentials along with an Application to Upper Division must be submitted to the Department of Nursing by March 1 for fall admission or by June 1 for January admission. Eligible RN's applying for admission must submit an application by October 1 for January admission. Eligible repeating students applying for readmission to a fall semester course must submit all materials by March 1, or for a spring semester course by June 1.

All students accepted to Upper Division Nursing are required to take a RN entrance exam. This exam must be taken prior to the beginning of Level I nursing courses. Exam results will be used solely for academic advising at this time. Each

Dr. Rebecca Burris, Head
Dean Hall, Suite 224

Davis, Harless, Kennedy,
McKown, Randall, Self

Admission

student will be responsible for the cost of the exam, currently \$45.00. This is payable to the Department of Nursing prior to the exam date. Entrance exam dates and information will be posted on the department bulletin board by Dean Hall Room 224.

Minimum requirements for acceptance into the upper division nursing courses are:

1. Prerequisite grade point average of 2.75 on a 4.0 scale. Students will be admitted according to the criteria for selection of upper division students.
2. Completion of the following courses with a grade of "C" or better in each: ENGL 1013, ENGL 1023, MATH 1113, BIOL 2014, BIOL 3054, BIOL 3074, CHEM 1114, PSY 2003, PSY 3063, SOC 1003, NUR 2023, and NUR 3803. Students who attempt these courses twice (2 times) and cannot achieve a grade of "C" or better in any of these courses will not be considered for upper division. An attempt is "any enrollment in any course and dropping it after the first day of the 10th week of the semester for any reason, and/or failure (grade of "D", "F", or "F*") of the course".
3. Completion of the following courses: Social Science - 3 hours, American History or Government - 3 hours, Humanities - 3 hours; Fine Arts - 3 hours; Electives - 5 hours, and two semester hours of physical education. (See General Education requirements for specific course alternatives.)
4. Acquisition of professional/student liability insurance and current certification of Basic CPR for adults, children, and infants as taught by the American Heart Association, or persons currently certified in CPR instruction. These must be renewed each year.
5. Evidence of immunity to chicken pox or vaccination.
6. Initiation of Hepatitis B Vaccine series.
7. Students who withdraw due to failure or for personal reasons must reapply for admission by March 1 or June 1 (whichever is applicable) of the year they wish to re-enter. The student will be considered according to the Admission Criteria.
8. Students who have not attended Arkansas Tech University during the past year must apply for readmission to the University.
9. The nursing program must be completed within four years of entry into upper-division nursing.

Applicants will be ranked in groups and the criteria for selection of upper division students for fall admission are as follows:

For students desiring entry to fall Upper Division Nursing (Level I):

1. All requirements are complete at the end of the spring semester. $GPA \geq 2.75$.
2. Student has no more than 6 hours of prerequisite requirements outstanding at the end of the spring semester, **to be completed by the end of summer session II**, $GPA \geq 2.75$.
3. Do not admit at this time.

For students desiring entry to spring semester Upper Division Nursing (Level I):

1. All requirements complete at the end of the summer session II, $GPA \geq 2.75$.
2. Student has no more than 6 hours of prerequisite requirements outstanding at the end of summer session II, **to be completed by the end of fall semester**, $GPA \geq 2.75$.
3. Do not admit at this time.

All required prerequisite courses (62 hours of general education courses) are to be completed with $GPA \geq 2.75$ prior to admission to Upper Division Level I nursing courses.

Applications will be ranked according to the above categories and within each category by prerequisite GPA. Admission will be determined by the resulting rank order. In the event that all factors are equal, rank will be determined by random drawing. Note: Prerequisite courses include all courses for freshman and sophomore years listed in the curriculum section of the Tech catalog. Applicants completing prerequisites prior to or during summer session I are required to submit transcripts prior to the registration period for fall semester.

Applicants completing prerequisite requirements at an institution other than ATU during summer session II or fall must submit a written note from the course instructor(s) verifying the grade(s) earned in the course(s). These students will sign a form agreeing to have official transcripts on file in the registrar's office within one month from the first day of the semester.

A student position may be filled in a discretionary manner for exemplary reasons as determined by the committee and approved by the faculty.

Students must achieve a "C" or better in all nursing courses.

A student in the Upper Division Nursing Courses may only repeat one nursing course. Following a second failure in any Upper Division nursing course the student will be dismissed from the program. Upper Division Nursing courses: 62 hours of course work allotted to the nursing major, inclusive of NUR 2023, all 3000 level nursing courses (with the exception of 3803) and all 4000 level nursing courses.

Students who make less than a "C" in any Upper Division nursing course may not progress into courses for which that course(s) is a prerequisite until the course(s) has been repeated and the required minimum grade attained.

If a student obtains a "D", "F", or "F*" in any two (2) Upper Division nursing courses for any reason, the student will be dismissed from the nursing program. Upper Division Nursing courses: 63 hours of course work allotted to the nursing major, inclusive of NUR 2023, all 3000 level nursing courses (with the exception of 3803) and all 4000 level nursing courses.

Readmission will not be considered for any student dismissed from the nursing department who obtained a "D", "F", or "F*" in two (2) Upper Division nursing courses. The Department Head on an individual basis will consider exceptions.

Any student who withdraws from a clinical nursing course (NUR 3404, NUR 3805, NUR 4405, NUR 4804) after the fifth (5th) day of classes must have a passing grade at the time of withdrawal in order to withdraw passing. Students failing ("D" or "F") at the time of withdrawal will receive an "F" after the 5th day of classes. A grade of "F" will count as a failure ("F") for progression purposes. See Progression Criteria #2 and #4.

All senior nursing students are required to complete (1) the ATI Comprehensive Predictor Assessment, and (2) the HESI Exit Exam if a passing score is not achieved on the ATI Comprehensive Predictor. These exams are administered during Level IV of the senior year. ***A passing score on the ATI Comprehensive Predictor or the HESI Exit Exam is required in order to receive credit for NUR 4606 (for students who are required to have NUR 4806 in order to graduate) or NUR 4903 (for students***

Progression Policy

who are required to have NUR 4804 and NUR 4903 in order to graduate). The ATI Comprehensive Predictor may be attempted only one time. If a passing score is not achieved on the ATI test, the student will be responsible for the fees associated with the HESI Exit Exam. The passing score for the ATI Comprehensive Predictor and the HESI Exit Exam are set by the department of nursing and reflect predicted NCLEX-RN success. The passing scores are published each semester in the course syllabi. Any student not achieving a passing score on the ATI Comprehensive Predictor or the subsequent HESI Exit Exam will be required to complete the ATI virtual NCLEX review course before taking the HESI a second time. Failure to receive a passing score on the repeated HESI will result in a grade of "I" for NUR 4606 until a passing score is achieved (students graduating 12/2007 or earlier); or NUR 4903 (for those students graduating after 01/2008).

Students must achieve a passing grade "C" in both the Theories and corresponding Practicum courses in order to progress within the program. Students who repeat a Theories course are required to show clinical competency in order to progress. Students who repeat Practicum are required to show theoretical competency in order to progress.

Clinical competence can be attained by:

1. Taking for credit corresponding practicum course
2. Completing NUR 3892, Clinical Competency I or NUR 4892 Clinical Competency II with a grade of "C" or better.

Theoretical competence can be attained by:

1. Taking for credit corresponding Theories course. Student must maintain a 75% average on all exams.
2. Auditing corresponding Theories course. Student must maintain a 75% average on all exams.
3. Making greater than or equal to 75% on corresponding comprehensive Theory exam.

Advanced Placement

The different types of nursing education programs and vocational-technical school programs give rise to unique transfer problems. Each student's past education is evaluated individually. In addition, the University and the Department of Nursing have established the following policies:

1. Arkansas Tech University offers a baccalaureate degree program in nursing. Licensed registered nurses, licensed practical nurses and licensed psychiatric technical nurses may challenge, validate, or receive credit for general education and nursing courses that are included in the nursing curriculum. CLEP examinations can be used to challenge or validate the general education courses. The institution's general policy for awarding CLEP credit is followed in determining the successful challenge of courses by these examinations. Transfer credit will be given for prior challenge or validation tests of nursing content credited on official transcripts from other nursing programs. RNs are permitted to receive transfer credit for NUR 3304.
2. Licensed practical nurses (LPNs) and licensed psychiatric technical nurses (LPTNs) who have met all the lower division nursing curriculum requirements and graduated from an approved Arkansas PN or PTN program or an out-of-state NLN accredited program may receive credit for 13 hours of nursing courses (NUR 3204, NUR 3404, NUR 3103, NUR 3513) if they meet the following specific requirements:

- a. Have a current LPN or LPTN license in Arkansas.
- b. Graduated less than 12 months prior to entry into the upper division of nursing.
- c. Graduated 12 to 36 months prior to entry into the upper division of nursing and have 1000 hours of nursing employment during the last 12 months prior to entry into the upper division of nursing.
- d. Graduated 37 to 60 months prior to entry into the upper division of nursing and have 2000 hours of nursing employment during the last 24 months prior to entry into the upper division of nursing. NURSING CREDITS WILL BE HELD IN ESCROW PENDING COMPLETION OF THE PROGRAM.

Licensed practical nurses (LPNs) and licensed psychiatric technical nurses (LPTNs) who do not meet the above criteria can challenge or validate 16 hours of nursing courses that are included in the nursing curriculum. LPNs and LPTNs may challenge or validate nursing courses NUR 3204 and NUR 3404 by taking the National League for Nursing ACE I with a decision score of 75 (eight credit hours); NUR 2303 by taking the National League for Nursing Normal Nutrition examination with a decision score of 50 (three credit hours); and NUR 3103 and NUR 3513 by taking a written and demonstration skills test developed by the Department of Nursing faculty with a decision score of 75 (five credit hours). Students must enter upper division within two academic years after passing the challenge examination or the examination will be invalid.

- 3. Licensed registered nurses have two options:
 - a. Complete the generic curriculum in baccalaureate nursing, or;
 - b. Complete the curriculum in baccalaureate nursing for registered nurses.

Those who have met all the lower division nursing curriculum requirements and graduated from an associate degree or diploma program that was NLN accredited at the time of graduation may receive credit for 33 hours of nursing courses (NUR 2023, NUR 2303, NUR 3103, NUR 3502, NUR 3204, NUR 3606, NUR 3404, NUR 3703, NUR 3805) if they meet the following specific requirements:

- a. Have a current RN license in Arkansas.
- b. Have graduated less than 12 months prior to entry into the upper division.
- c. Have graduated within more than 12 months prior to entry into the upper division of nursing and have 1000 hours of nursing employment during the 24 months immediately prior to entry into the upper division of nursing.
- d. NURSING CREDITS WILL BE HELD IN ESCROW PENDING COMPLETION OF THE PROGRAM.

Registered nurses (RNs) who do not meet the above criteria can challenge or validate 33 hours of nursing that are included in the nursing curriculum.

RNs can challenge or validate nursing courses by taking the National League for Nursing ACE II Examination with a decision score of 100 or 50th percentile for Nursing 2023, 3103, 3513, 3204, 3606, 3404, 3703, 3805 for 31 credit hours; and by the National League for Nursing Normal Nutrition Examination with a decision score of 50 for Nursing 2303 for three credit hours; all of which total 33 credit hours. Students must enter the senior-level nursing courses

within two academic years after passing the challenge examination or the examination will be considered invalid.

4. Students who have had health-care education or experience but are not licensed health-care professionals will be evaluated individually by the Admission and Progression Committee for advanced placement.
5. Students transferring from another nursing program must submit a letter of good standing to the Admission and Progression Committee with the upper division application.
6. Nursing students other than Registered Nurses must comply with the general institutional provisos; i.e., the last 30 semester hours of work toward a degree must be done at ATU; and, normally, a maximum of 68 semester hours of acceptable credit may be transferred from community colleges.
7. Transfer students from senior colleges and universities must comply with the provisions in Item 3 above but are not subject to any credit hour limitations from those institutions.

Curriculum in Baccalaureate Nursing Suggested Sequence of Courses

Freshman		Sophomore					
Fall	Spring	Fall	Spring	Fall	Spring		
ENGL 1013 ¹	3	ENGL 1023 ¹	3	PSY 3063	3	PSY 3163 or SOC 3173	3
