

# DEPARTMENT OF PARKS, RECREATION AND HOSPITALITY ADMINISTRATION

The Department of Parks, Recreation and Hospitality Administration offers a Bachelor of Science in *Recreation and Park Administration and Hospitality Administration* and minors in *Recreation and Park Administration and Hospitality Administration*.

The *Recreation and Park Administration* major provides specialized education that prepares students for supervisory and administrative positions in federal, state, and local recreation and park agencies as well as commercial recreation and tourism organizations.

## Mission

The mission of the Recreation and Park Administration Program is to provide quality education in park administration, recreation resource management, recreation administration, and therapeutic recreation. The RP Program provides advising, instruction, and career development activities in group and individualized settings. Each student is recognized as a unique individual with special interest and needs. The Program strives to develop each student to their fullest potential through academic experiences designed to match the academic and career interests of the student. The Program provides students with opportunities to expand professional skills and employment options, as well as increase their knowledge of the surrounding world so that the student will become a more productive and creative professional and citizen. The Program educates students to become effective leaders in the field of recreation and park administration. The Program encourages lifelong learning through the sponsorship of continuing education workshops. The Program provides service to the larger community through consultation and research to reach optimum solutions in the provision of recreation and park services.

This program is designed to prepare students for management careers in private and public recreation agencies or park systems. A broad background in the behavioral and natural sciences is required with major emphasis on resource management and the delivery of leisure services to diverse populations. Specialized course work in biological sciences and business management aid in natural resource decision making. This provides a base for professional courses in planning, design, and operation of park and recreation facilities. A career in recreation administration, park administration, therapeutic recreation, turf management or interpretation requires a basic understanding of human behavior and the challenges of contemporary society. Due to the multidisciplinary nature of the career field, a student is required to choose courses from several related fields, based on professional interest. A comprehensive general education is complemented with a core of professional courses. The *Bachelor of Science* in Recreation and Park Administration offers five emphases of professional preparation:

The minor in Recreation and Park Administration is designed for those students majoring in other disciplines who wish to develop specialized knowledge in the area of Recreation and Park Administration. This minor may be of particular interest to those students who wish to work for a recreation and park oriented agency after graduation. This minor may be well-suited for Emergency Administration and Management, Fisheries and Wildlife Biology, and Hospitality Administration majors. Flexibility in the minor allows students to choose courses to match their particular needs and interests. The minor in Recreation and Park Administration requires 18 hours of courses:

- RP 1013 Principles of Recreation and Park Administration
- RP 2003 Recreation Programming
- RP Electives (12 hours of RP academic courses including 9 hours at the 3000 or 4000 level, excluding RP 3043, RP 4001, and RP 4116)

### Mission

The mission of the Hospitality Administration Program is to provide quality education in hospitality administration and provide a foundation for professional growth and development. This is achieved by:

- Providing knowledge, skills and abilities through a comprehensive academic curriculum.
- Demonstrating professionalism, leadership and high ethical standards by a competent faculty and administration.
- Promoting community service and outreach.
- Emphasizing the importance of research and continuing education.
- Encouraging life-long learning.

The Hospitality Administration degree program is designed to prepare students for management positions within the hospitality industry such as lodging, resorts, conference, convention and visitor centers, restaurants, contract services, theme parks and travel and tourism related operations.

The course work concentrates on general business, management, finance, marketing, accounting, law, computer science, and specific courses related to hospitality management. The entire curriculum features numerous opportunities for the practical application of problem-solving skills and creativity.
