

ENOLOGY

Enology

Arkansas Tech University - Ozark Campus is seeking accreditation approval for a Technical Certificate in Enology. Students will not be enrolled in the Enology program until candidacy for accreditation status has been achieved through the Arkansas Department of Higher Education.

The Technical Certificate in Enology allows the learner to demonstrate wine making applications and theory in the wine production process. Students completing this technical certificate will be prepared for entry to mid-level positions in the wine making industry. The Altus vineyards and wineries, due to their proximity to the Ozark Campus, provide employment and internship opportunities, entrepreneurial support, as well as professional growth opportunities for those currently employed.
