

Arkansas Tech University™ **Business CHALLENGE**

The Challenge is a business model competition where high school students from local high schools will compete in teams of 2 to 5 presenting their idea of a new business plan, the model for the expansion of a current business, service, or new product to a panel of Dean's Leadership Class students who will determine a winner from each high school. The winning team from each high school will then come to Arkansas Tech and compete against one another for the **GRAND PRIZE OF \$500** in April.
