NUR 4892

Clinical Competency II

Fall 2009

ARKANSAS TECH UNIVERSITY
DEPARTMENT OF NURSING

Course: NUR 4892

Course Title: Clinical Competency II

Credit Hours: Two (2) Hours

Contact Hours: Varies

Course Faculty:

Level Coordinator

Course Description:

This course is a practicum course designed to enable a student to prove clinical competence. Students who have failed a senior level theories and concepts course but have passed the accompanying practicum course must prove clinical competence in order to progress to the next level. For the student who has failed, NUR 4892 would be taken the same semester that the student is repeating the accompanying theories and concepts course. Students who have been absent from the upper division of the nursing curriculum must prove clinical competence at the level of the last practicum course they successfully completed.

Course Objectives:

The objectives are the objectives of the practicum course (NUR 4405 or NUR 4806) for which the student is attempting to prove competency.
