

COSMETIC CHANGES ROUND 1:

College of Arts and Humanities

Department of Art

1. Remove the prerequisite for ART 2213, Digital Skills for the Graphic Designer;
2. Change the prerequisite for ART 3113, Art History, American, from Prerequisite: Sophomore Review; to Prerequisite: ART 2103, Art History I, ART 2113, Art History II, and Sophomore Review;
3. Change the prerequisite for ART 3123, Art History, Renaissance, from Prerequisite: ART 2113, Art History II, or permission of the Department Head; to Prerequisite: ART 2103, Art History I, ART 2113, Art History II, and Sophomore Review;
4. Change the prerequisite for ART 3133, Art History, Americas & Africa, from Prerequisite: ART 2103, Art History I, or ART 2113, Art History II, and Sophomore Review; to Prerequisite: ART 2103, Art History I, ART 2113, Art History II, and Sophomore Review;
5. Change the prerequisite for ART 3143, Art History, Asia & Pacific, from Prerequisite: ART 2103, Art History I, or ART 2113, Art History II, and Sophomore Review; to Prerequisite: ART 2103, Art History I, ART 2113, Art History II, and Sophomore Review;
6. Change the prerequisite for ART 3203, Typography and Layout, from Prerequisites: ART 1503, Introduction to Graphic Design, ART 2213, Digital Skills for the Graphic Designer, and completion of Sophomore Review; to Prerequisite: ART 1503, Introduction to Graphic Design, and ART 2213, Digital Skills for the Graphic Designer;
7. Change the title for ART 3223, Three-dimensional Graphic Design, to Package Design;
8. Change the title for ART 3232, Production Techniques, to Production Design; remove the word "introductory" from the course description;
9. Change the title for ART 3253, Computer Illustration, to Digital Illustration;
10. Change the prerequisite for ART 3503, Painting Studio I, from Prerequisite: ART 3403, Introduction to Opaque Painting, and Sophomore Review; to ART 3403, Introduction to Opaque Painting, or ART 3533, Watercolor Painting and Sophomore Review;
11. Change the prerequisite for ART 4103, Art History, Modern 1789-1945, from Prerequisite: ART 2113, Art History II; to Prerequisite: ART 2103, Art History I, ART 2113, Art History II, and Sophomore Review;
12. Change the prerequisite for ART 4113, Art History, Art After 1945, from Prerequisite: ART 2113, Art History II, and Sophomore Review; to Prerequisite: ART 2103, Art History I, ART 2113, Art History II, and Sophomore Review;

13. Change the title for ART 4233, Techniques for Illustration, to Illustration Studio; and
14. Change the prerequisite for ART 4723, Art History Seminar, from Prerequisite: 6 hours of Art History or permission of the Department Head; to Prerequisite: ART 2103, Art History I, ART 2113, Art History II, and Sophomore Review.

Department of Behavioral Sciences

1. Remove the exclusive clause in the catalog description that states: "This course cannot be taken for credit after completion of PSY 4003", for PSY/SOC 3013, Psychosocial Aspects of Death and Dying.

Department of English and World Languages

1. Change the prerequisite for ENGL 3043, Literary Editing and Publishing, from Prerequisite: ENGL 1023, Composition II; to Prerequisite: ENGL 2043, Introduction to Creative Writing;
2. Change the prerequisite for SPAN 3143, Study Abroad, from Prerequisite: Enrollment in a Tech-sanctioned study program in a Spanish-speaking country, completion of SPAN 2024, Intermediate Spanish II, or equivalent, and permission of the Study Abroad supervisor; to Prerequisite: completion of SPAN 2023, Intermediate Spanish II, or equivalent, and permission of the World Languages Study Abroad Supervisor;
3. Change the prerequisite for SPAN 3213, Advanced Grammar and Usage, from Prerequisite: SPAN 3013, Conversation and Composition II, or permission of instructor; to Prerequisite: SPAN 2023, Intermediate Spanish II;
4. Remove the interview fee and modify the course description for SPAN 4003, Oral Communication;
5. Change the prerequisite for SPAN 4023, Introduction to Spanish Linguistics, from Prerequisite: SPAN 3013, Conversation and Composition II, SPAN 3023, Introduction to Linguistics, SPAN 3213, Advanced Grammar and Usage; to Prerequisite: SPAN 3003, Conversation and Composition I, and SPAN 3213, Advanced Grammar and Usage;
6. Change the prerequisite for SPAN 4203, Short Story, from Prerequisite: SPAN 3013, Conversation and Composition II, or permission of instructor; to Prerequisite: SPAN 3003, Conversation and Composition I;
7. Change the prerequisite for SPAN 4213: Spanish Literature, from Prerequisite: SPAN 4203, Short Story, or permission of instructor; to Prerequisite: SPAN 3013, Conversation and Composition II;
8. Change the prerequisite for SPAN 4223, Spanish-American Literature, from Prerequisite: SPAN 4203, Short Story, or permission of instructor; to Prerequisite: SPAN 3013, Conversation and Composition II;

9. Change the prerequisite for SPAN 4283, Seminar in Spanish, from Prerequisite: SPAN 3013, Conversation and Composition II, or equivalent; to Prerequisite: SPAN 3003, Conversation and Composition I;
10. Delete the prerequisite for TESL 6003, Linguistics for ESL Teachers;
11. Delete the prerequisite for TESL 6013, Modern English Grammar and Usage;
12. Delete the prerequisite for TESL 6023, Language and Society;
13. Delete the prerequisite for TESL 6033, Oral and Written Communication;
14. Delete the prerequisite for TESL 6053, Tesol Assessment Strategies;
15. Delete the prerequisite for TESL 6063, Instructional Strategies in Content Areas;
16. Delete the prerequisite for TESL 6143, Reading for English Language Learners.

Department of History and Political Science

1. Change the title for HIST 1503, World Civilization I, to World History to 1500;
2. Change the title for HIST 1513, World Civilization II, to World History since 1500;
3. Change the title for HIST 1543, Honors World Civilization I, to Honors World History to 1500;
4. Change the title for HIST 2003, United States History I, to United States History to 1877;
5. Change the title for HIST 2013, United States History II, to United States History since 1877; and
6. Change the title for HIST 2043, Honors U.S. History I, to Honors United States History to 1877.

College of Business

Department of Accounting and Economics

1. Modify the prerequisites for ACCT 3023, Accounting Information Systems, from Prerequisites: MGMT 2013, Management Productivity Tools; and ACCT 3003, Intermediate Accounting I. Additional prerequisites for 3000 and 4000 level courses are listed in the College of Business section of this catalog; to BDA 2003, Business Problem Solving; or MGMT 2013, Management Productivity Tools; and ACCT 3003, Intermediate Accounting I. Additional prerequisites for 3000 and 4000 level courses are listed in the College of Business section of this catalog.

Department of Management and Marketing

1. Modify the prerequisites for MGMT 4013, Management Information Systems, from Prerequisites: BUAD 2003, Business Information Systems; BUAD 2053, Business Statistics; MGMT 2013, Management Productivity Tools; MGMT 3003, Management and Organizational

Behavior; and MKT 3043, Principles of Marketing. Additional prerequisites for 3000 and 4000 level courses are listed in the College of Business section of this catalog; to Prerequisites: BUAD 2003, Business Information Systems; BUAD 2053, Business Statistics; BDA 2003, Business Problem Solving; or MGMT 2013, Management Productivity Tools; MGMT 3003, Management and Organizational Behavior; and MKT 3043, Principles of Marketing. Additional prerequisites for 3000 and 4000 level courses are listed in the College of Business section of this catalog;

2. Change the course number for BLAW 5073, Special Topics in Law, to BLAW 6093;
3. Change the course number for MGMT 5083, Business Policy, to MGMT 6083, and remove the cross listing with MGMT 4083; and
4. Modify the Curriculum in Master of Science in Business Administration, as follows: renumber MGMT 5083 to 6083.

College of Education

Department of College Student Personnel

1. Change the course number for CSP 6013, American Higher Education in Transition, to CSP 6203.

College of Engineering and Applied Science

Department of Computer and Information Science

1. Delete the first sentence of the course description for COMS 3163, Web Programming;
2. Change the title for COMS 4313, Web Server Administration, to Server Administration, and modify the course description;
3. Modify the Curriculum in Computer Science as follows: Replace COMS 4203, Database Concepts, with COMS 3233, Database Design and Implementation; and
4. Modify the Curriculum in Information Systems as follows: delete 3 hours Fine Arts & Humanities and add COMS 4053, Information Systems Resource Management, in the Senior Spring semester of the Spring Curriculum Matrix; and delete COMS 4053, Information Systems Resource Management and add 3 hours Fine Arts & Humanities in the Senior Fall semester of the Spring Curriculum Matrix.

Department of Electrical Engineering

1. Change the prerequisites for ELEG 5133, Advanced Digital Design, from Prerequisites: ELEG 2131, Digital Logic Design Laboratory, and ELEG 2133, Digital Logic Design; to ELEG 2134, Digital Logic Design;
2. Modify the prerequisites for ELEG 6143: Digital Image Processing, from Prerequisites: ELEG 3133, Microprocessor Systems Design; ELEG 4113, Digital Signal Processing; ELEG 3003, Engineering Modeling and Design; and ELEG 2803 (course error); or permission of the

instructor; to Prerequisites: ELEG 3133, Microprocessor Systems Design; ELEG 4113, Digital Signal Processing; ELEG 3003, Engineering Modeling and Design; COMS 2104: Foundations of Computer Programming I, or permission of the instructor;

3. Modify the prerequisites for ELEG 6153: Statistical Signal Processing, from Prerequisites: ELEG 4113, Digital Signal Processing; ELEG 3003, Engineering Modeling and Design; COMS 2803, Programming in C; or permission of the instructor; to Prerequisites: ELEG 4113, Digital Signal Processing; ELEG 3003, Engineering Modeling and Design; COMS 2104: Foundations of Computer Programming I, or permission of the instructor; and
4. Modify the prerequisites for ELEG 6303: Robotics, from Prerequisites: ELEG 3133, Microprocessor Systems Design; ELEG 4303, Control Systems; ELEG 3003, Engineering Modeling and Design; COMS 2803, Programming in C; or permission of the instructor; to Prerequisites: ELEG 6303: Robotics, from Prerequisites: ELEG 3133, Microprocessor Systems Design; ELEG 4303, Control Systems; ELEG 3003, Engineering Modeling and Design; COMS 2104: Foundations of Computer Programming I, or permission of the instructor.

Department of Emergency Management

1. Change the prerequisite consent of instructor to consent of department of head for the following courses (the other existing prerequisites remain the same):
 - a) EAM 2033, Citizen/Family/Community Disaster Preparedness Education
Prerequisites, EAM 1003 and 1013 or consent of instructor;
 - b) EAM 3003, Developing Emergency Management Skills
Prerequisites, EAM 1003 and 1013 or consent of instructor;
 - c) EAM 3013, Public Policy Issues in Emergency Management
Prerequisites, EAM 1003 and 1013 or consent of instructor;
 - d) EAM 3023, Principles and Practice of Disaster Planning and Response Operations
Prerequisites, EAM 1003 and 1013 or consent of advisor;
 - e) EAM 3033, The Social Dimension of Disaster
Prerequisites, EAM 1003 and 1013 or consent of instructor;
 - f) EAM 3143, The Economics of Disaster
Prerequisites, EAM 1003 and 1013 or consent of instructor;
 - g) EAM 3206, Externship
Prerequisites, EAM 1003 and 1013 or consent of instructor;
 - h) EAM 4003, Principles and Practice of Disaster Relief and Recovery
Prerequisites, EAM 1003 and 1013 or consent of instructor;
 - i) EAM 4013, Business and Industry Crisis Management
Prerequisites, EAM 1003 and 1013 or consent of instructor;

- j) EAM 4023, Information Technology and Emergency Management
Prerequisites, EAM 1003 and 1013 or consent of instructor;
- k) EAM 4033, Emergency Management Research Methods/Analysis
Prerequisites, EAM 1003 and 1013 and ENGL 2053 or consent of instructor;
- l) EAM 4043, Disaster and Emergency Management Ethics
Prerequisites, EAM 1003 and 1013 or consent of instructor;
- m) EAM 4053, Community Management of Hazardous Materials
Prerequisites, EAM 1003 and 1013 or consent of instructor;
- n) EAM 4083, Introduction to Legal Issues in Emergency Management
Prerequisites, EAM 1003 and 1013 or consent of instructor;
- o) EAM 4106, Practicum/Internship
Prerequisites, Completion of a minimum of 75 hours including 21 hours of EAM Core (EAM 1003, 1013, 4023, 4033 and 9 additional hours) and EAM 3206 or consent of the instructor;
- p) EAM 4991, Special Problems and Topics
Prerequisites, EAM 1003 and 1013 or consent of instructor;
- q) EAM 4992, Special Problems and Topics
Prerequisites, EAM 1003 and 1013 or consent of instructor;
- r) EAM 4993, Special Problems and Topics
Prerequisites, EAM 1003 and 1013 or consent of instructor;
- s) EMHS 5003, Principles and Practice of Disaster Relief and Recovery
Prerequisites or Co-requisites, EMHS 6063 or consent of instructor;
- t) EMHS 5043, Disaster and Emergency Management Ethics
Prerequisite, consent of instructor;
- u) EMHS 5053, Community Management of Hazardous Materials
Prerequisites or Co-requisites, EMHS 6063 or consent of instructor;
- v) EMHS 5991,5993, Special Problems and Topics
Prerequisites or acceptable equivalencies, EMHS 6063 or consent of instructor;
- w) EMHS 5992, Special Problems and Topics
Prerequisites or acceptable equivalencies, EMHS 6063 or consent of instructor;
- x) EMHS 6003, Design and Management of Preparedness and Mitigation Systems
Prerequisites or Co-requisites, EMHS 6063 or consent of instructor;
- y) EMHS 6023, Risk and Vulnerability Assessment for Business and Industry

- Prerequisites or Co-requisites, EMHS 6063 or consent of instructor;
- z) EMHS 6033, Foundation of Leadership
Prerequisites or Co-requisites, EMHS 6063 or consent of instructor;
 - aa) EMHS 6043, Contemporary Issues in Emergency Management
Prerequisites or Co-requisites, EMHS 6063 or consent of instructor;
 - bb) EMHS 6053, Legal Issues in Emergency Management
Prerequisites or Co-requisites, EMHS 6063 or consent of instructor;
 - cc) EMHS 6073, Introduction to Terrorism
Prerequisites or Co-requisites, EMHS 6063 consent of instructor;
 - dd) EMHS 6083, Business Continuity Project Management
Prerequisites, EMHS 6043 and EMHS 6063 or consent of instructor;
 - ee) EMHS 6103, Research Design and Methods
Prerequisites or Co-requisites, EMHS 6063 or consent of instructor;
 - ff) EMHS 6193, Introduction to International Emergency Management
Prerequisites, EMHS 6043 and EMHS 6063 or consent of instructor;
 - gg) EMHS 6203, Crisis Communications
Prerequisites, EMHS 6043 or EMHS 6063 or consent of instructor;
 - hh) EMHS 6243, Intelligence in Emergency Management and Homeland Security
Prerequisites, EMHS 6043 and EMHS 6063 or consent of instructor;
 - ii) EMHS 6253, Information Security for Public Managers
Prerequisites, EMHS 6043 and EMHS 6063 or consent of instructor;
 - jj) EMHS 6403, Action Research Practicum I
Prerequisites, EMHS 6103, EMHS 6043 and EMHS 6063 or consent of instructor;
 - kk) EMHS 6413, Capstone Research Practicum II
Prerequisite, Completion of EMHS 6403 or consent of the instructor;
 - ll) EMHS 6543, Advanced Digital Technology Applications in EM
Prerequisites, EAM 4023 or EMHS 6513 and EMHS 6043 and EMHS 6063 or consent of instructor;
 - mm) EMHS 6563, Situational Awareness of Environmental Threats
Prerequisites, EMHS 6043 and EMHS 6063 or consent of instructor; and
 - nn) EMHS 6943, Research II
Prerequisites, EMHS 6123 and EMHS 6933 or consent of instructor;

Department of Mechanical Engineering

1. Modify the Curriculum in Mechanical Engineering as follows: swap 3 hours of Fine Arts and Humanities and 3 hours of Social Sciences to allow students to take ECON 2003, Principles of Economics I, as sophomores.

Department of Parks, Recreation, and Hospitality Administration

1. Modify the Curriculum in Recreation and Park Administration Interpretation Emphasis, Natural Resources Emphasis, Therapeutic Recreation Emphasis, and Recreation Sports Management Emphasis, as follows: delete TECH 1001, Orientation to the University, and add RP 1001, Orientation to Recreation and Park Administration.

College of Natural and Health Sciences

Department of Biological Sciences

1. Modify the Curriculum in Biology General Option as follows: a. Replace the current program description; b. Modify footnote number 2; and c. Add a recommendation to footnote number 5.

Department of Mathematics

1. Modify the prerequisite for MATH 2163, Introduction to Statistical Methods, from Prerequisites: MATH 1113, College Algebra, or consent of the instructor; to Prerequisites: MATH 1113, College Algebra, or MATH 1003, College Mathematics, consent of the instructor.

Department of Nursing

1. Modify Footnote 4 in the Curriculum in Baccalaureate Nursing and Nursing Curriculum for Licensed Practical Nurses as follows: add excluding MATH 2033, Mathematical Concepts I, MATH 2043, Mathematical Concepts II, and MATH 2163, Introduction to Statistical Methods, to current footnote; and in the Nursing Curriculum for Registered Nurses add: excluding MATH 2033, Mathematical Concepts I, MATH 2043, Mathematical Concepts II, and MATH 2163, Introduction to Statistical Methods to the General Education Requirements MATH 1113, College Algebra, or higher level MATH course;
2. In the Department of Nursing Advanced Placement section, change NLNAC to ACEN; and
3. In the Nursing Curriculum for Licensed Practical Nurses and Nursing Curriculum for Registered Nurses, change Arkansas State Articulation Agreement to Arkansas Nursing Education Progression Model.

Department of Professional Studies

1. Modify the prerequisites for PS 3003, Project Design, from Prerequisites: Completion of the BPS Professional Core and permission of the program advisor; to Prerequisites: Permission of the program advisor and successful completion of PS 3143, Applied Professional Research;

2. Modify the prerequisites for PS 3023, Professional Communications, from Prerequisites: 6 hours of English Composition and COMS 1003 or BUAD 2003; to Prerequisites: 6 hours of English Composition; and
3. Delete the prerequisite from PS 4143, Nonprofit Governance.

Arkansas Tech University

Cosmetic Course Change - ART 2013

Assessment Form

Our Mission

Arkansas Tech University, a state-supported institution of higher education, is dedicated to nurturing scholastic development, integrity, and professionalism. The University offers a wide range of traditional and innovative programs which provide a solid educational foundation for life-long learning to a diverse community of learners.

Provide an answer for each question. Your answers are to be typed single spaced.

- a. If this course is mandated by an accrediting or certifying agency, include the directive. If not, state not applicable. **Not applicable.**
- b. Explain the rationale for the cosmetic course change. **Course does not need a prerequisite as it covers different content than the ART 1503 Introduction to Graphic Design. This will allow for more flexibility for undergraduates to take these when available which has been a significant problem for students trying to meet their lower division requirements.**

Assessment Form

Our Mission

Arkansas Tech University, a state-supported institution of higher education, is dedicated to nurturing scholastic development, integrity, and professionalism. The University offers a wide range of traditional and innovative programs which provide a solid educational foundation for life-long learning to a diverse community of learners.

Provide an answer for each question. Your answers are to be typed single spaced.

- a. If this course is mandated by an accrediting or certifying agency, include the directive. If not, state not applicable. **Not applicable.**
- b. Explain the rationale for the cosmetic course change. **We want more consistency with our pre-requisites for upper-division art history courses. We are amending the prerequisites so that all students will need to take both Art History I (ART 2103) and Art History II (ART 2113) before they can take any upper-division art history courses. This is so that they can be well acquainted with the analytical methods and vocabulary of art history before they get to the upper-division level. We are also requiring our art majors to pass their sophomore review before they take any upper-division art history courses. This is to develop consistency among upper-division courses in our department (students already have to pass sophomore review in order to take any upper-division studio courses), and because sophomore review tests their knowledge of art-related vocabulary and basic design concepts that are essential for an upper-division art history course.**

Provide an answer for each question. Your answers are to be typed single spaced.

a. If this course is mandated by an accrediting or certifying agency, include the directive. If not, state not applicable. – not applicable

b. Explain the rationale for the cosmetic course change.
The purpose of this change is to clear up confusion about the course content. Students have consistently commented to the instructor in person and on the evaluations that they thought the course would be teaching them techniques. It is an Upper Division Studio course in Illustration which is one option for Graphic Design students to fulfill a drawing requirement and the other is Drawing Studio I, which is the rationale behind calling it Illustration Studio.

- b. Explain the rationale for the cosmetic course change. **Course title is just outdated. Computer Illustration for Graphic Design is the same as Digital Illustration but Digital Illustration is a more current title and one that will help students in the job market.**

REQUEST FOR COSMETIC COURSE CHANGES

Course Subject: ART

Course Number: 3503

Official Catalog Title: Painting Studio I

Describe the change you want to make:

Change prerequisites from ART 3403 and Sophomore Review to:

ART 3403 or ART 3533 and Sophomore Review.

Attach the Cosmetic Course Change Assessment Form. The form is located on the Assessment & Institutional Effectiveness web page at <http://www.atu.edu/assessment/>

If this course will affect other departments, a Departmental Support Form for each affected department must be attached. The form is located on the Curriculum forms web page at http://www.atu.edu/registrar/curriculum_forms.php. N/A

Arkansas Tech University

Cosmetic Course Change

ART 3503

Assessment Form

Our Mission

Arkansas Tech University, a state-supported institution of higher education, is dedicated to nurturing scholastic development, integrity, and professionalism. The University offers a wide range of traditional and innovative programs which provide a solid educational foundation for life-long learning to a diverse community of learners.

Provide an answer for each question. Your answers are to be typed single spaced.

- a. If this course is mandated by an accrediting or certifying agency, include the directive. If not, state not applicable. **Not applicable.**
- b. Explain the rationale for the cosmetic course change. **The course description for ART 3503 already states, "a continued study in the opaque or transparent painting techniques." ART 3533 is the course in the transparent painting techniques. Adding or ART 3533 to the ART 3503 prerequisites would be more consistent with the course description and provide students with additional study in these techniques.**

Our Mission

Arkansas Tech University, a state-supported institution of higher education, is dedicated to nurturing scholastic development, integrity, and professionalism. The University offers a wide range of traditional and innovative programs which provide a solid educational foundation for life-long learning to a diverse community of learners.

Provide an answer for each question. Your answers are to be typed single spaced.

- a. If this course is mandated by an accrediting or certifying agency, include the directive. If not, state not applicable. **Not applicable.**
- b. Explain the rationale for the cosmetic course change. **We want more consistency with our pre-requisites for upper-division art history courses. We are amending the prerequisites so that all students will need to take both Art History I (ART 2103) and Art History II (ART 2113) before they can take any upper-division art history courses. This is so that they can be well acquainted with the analytical methods and vocabulary of art history before they get to the upper-division level. We are also requiring our art majors to pass their sophomore review before they take any upper-division art history courses. This is to develop consistency among upper-division courses in our department (students already have to pass sophomore review in order to take any upper-division studio courses), and because sophomore review tests their knowledge of art-related vocabulary and basic design concepts that are essential for an upper-division art history course.**

Arkansas Tech University

Cosmetic Course Change *ART 4233*

Assessment Form

Our Mission

Arkansas Tech University, a state-supported institution of higher education, is dedicated to nurturing scholastic development, integrity, and professionalism. The University offers a wide range of traditional and innovative programs which provide a solid educational foundation for life-long learning to a diverse community of learners.

Provide an answer for each question. Your answers are to be typed single spaced.

a. If this course is mandated by an accrediting or certifying agency, include the directive. If not, state not applicable. – **not applicable**

b. Explain the rationale for the cosmetic course change.
The purpose of this change is to clear up confusion about the course content. Students have consistently commented to the instructor in person and on the evaluations that they thought the course would be teaching them techniques. It is an Upper Division Studio course in Illustration which is one option for Graphic Design students to fulfill a drawing requirement and the other is Drawing Studio I, which is the rationale behind calling it Illustration Studio.

PSY / SOC

Course Number: (e.g., 1003)
3013

Official Catalog Title:
Psychosocial Aspects of Death and Dying

Describe the change you want to make: (e.g., delete the prerequisite, modify the course description)

Remove the exclusive clause in the catalog description that states: "This course cannot be taken for credit after completion of PSY 4003." In the 2000-2001 catalog, this course was listed as PSY 4003 "The Psychology of Death and Dying". In 2001-2002, the course was changed to its current numbering/name and the condition of not receiving credit after taking PSY 4003 was added to the catalog entry. In 2010-2011, a course was added that is required for all majors, PSY 4003, Advanced Research Methods and Lab for Psychology. Keeping this clause in the catalog course description effects students in an unintended manner.

Attach the Cosmetic Course Change Assessment Form. The form is located on the Assessment & Institutional Effectiveness web page at <http://www.atu.edu/assessment/>

If this course will affect other departments, a Departmental Support Form for each affected department must be attached. The form is located on the Curriculum forms web page at http://www.atu.edu/registrar/curriculum_forms.php.

Cosmetic Course Change

SPAN 4003

Assessment Form

Our Mission

Arkansas Tech University, a state-supported institution of higher education, is dedicated to nurturing scholastic development, integrity, and professionalism. The University offers a wide range of traditional and innovative programs which provide a solid educational foundation for life-long learning to a diverse community of learners.

Provide an answer for each question. Your answers are to be typed single spaced.

- a. If this course is mandated by an accrediting or certifying agency, include the directive. If not, state not applicable.
- b. Explain the rationale for the cosmetic course change. The accompanying Program Changes for the B.A. in Spanish eliminate SPAN 4003 as a prescribed requirement, while retaining it as an elective choice. It will continue to be a prescribed requirement for Spanish education majors. We will continue to require Spanish education majors to complete the OPI, as this helps with our ACTFL/NCATE accreditation; however, the majority of students currently taking SPAN 4003 are not preparing to teach. Moreover, some of the majors who are currently required to take SPAN 4003 are heritage speakers with advanced oral skills for whom this course. The \$134 OPI fee is currently charged to all students who enroll in this course. This proposal asks to remove that fee from the course. We will continue to require Spanish Education majors to sign up for the OPI and encourage our students to do the same. Student who take the OPI will pay the fee directly to the testing agency.

Our Mission

Arkansas Tech University, a state-supported institution of higher education, is dedicated to nurturing scholastic development, integrity, and professionalism. The University offers a wide range of traditional and innovative programs which provide a solid educational foundation for life-long learning to a diverse community of learners.

Provide an answer for each question. Your answers are to be typed single spaced.

- a. If this course is mandated by an accrediting or certifying agency, include the directive. If not, state not applicable.

NOT APPLICABLE

- b. Explain the rationale for the cosmetic course change.

Two reasons.

Introductory world-history courses across the nation are typically named "World History" not "World Civilization." The use of 'civilization' dates back to 1996, when ATU changed its "Western Civilization" courses to "World Civilization." Today, the use of the name "World History" is the norm.

The present names of the two courses, World Civilization I and World Civilization II, suggest that course 'one' should be taken before course 'two'. At present the course names hint that there is a prerequisite or a mandated order in which the courses must be taken. There are no prerequisites regarding the sequencing of these courses. The purpose of the name change is to remove the false impression that there is a prerequisite or mandatory order for these lower division courses. The new course will be titled World History to 1500.

Our Mission

Arkansas Tech University, a state-supported institution of higher education, is dedicated to nurturing scholastic development, integrity, and professionalism. The University offers a wide range of traditional and innovative programs which provide a solid educational foundation for life-long learning to a diverse community of learners.

Provide an answer for each question. Your answers are to be typed single spaced.

- a. If this course is mandated by an accrediting or certifying agency, include the directive. If not, state not applicable. Not Mandated
- b. Explain the rationale for the cosmetic course change. ELEG 5133 Advanced Digital Design was added to the Curriculum in the fall of 2008. Evidently an error was made in the list of pre-requisites at the time the course was proposed. Prior to the 2006-07 Catalog ELEG 2133 Digital Logic Design and ELEG 2131 Digital Logic Design Lab, while listed as co-requisites, could be taken and were graded independently. These courses were changed to ELEG 2134 Digital Logic Design and ELEG 2130 Digital Logic Design Lab. This change reflects the requirements in the current Undergraduate Catalog.

REQUEST FOR COSMETIC COURSE CHANGES

Course Subject: (e.g., ACCT ENGL)
ELEG

6143

Official Catalog Title:
Digital Image Processing

Describe the change you want to make: (e.g., delete the prerequisite, modify the course description)

*Modify the prerequisites as follows:
To update the catalog, change the pre-requisite courses to reflect current required undergraduate courses. Delete ELEG 2803 and add COMS 2104.
The prerequisites remain the same*

Attach the Cosmetic Course Change Assessment Form. The form is located on the Assessment & Institutional Effectiveness web page at <http://www.atu.edu/assessment/>

If this course will affect other departments, a Departmental Support Form for each affected department must be attached. The form is located on the Curriculum forms web page at http://www.atu.edu/registrar/curriculum_forms.php.

None. The actual "curriculum change" occurred with the 2012-13 Undergraduate Catalog. This is merely an editing change to the Graduate Catalog.

Provide an answer for each question. Your answers are to be typed single spaced.

a. If this course is mandated by an accrediting or certifying agency, include the directive. If not, state not applicable. Not Mandated

b. Explain the rationale for the cosmetic course change. ELEG 6143 Digital Image Processing was added to the Curriculum in the fall of 2009. At that time, electrical engineering undergraduate students were required to take COMS 2803 Programming in C for their BSEE Degree. This requirement was changed with the 2012-13 Catalog to COMS 2104 Foundations of Computer Programming I. This change reflects the requirements in the current Undergraduate Catalog. Additionally, there has been an error in the graduate catalog which lists ELEG 2803 as a pre-requisite. This course has and does not exist. It should have been listed as COMS 2803.

EAM

Course Number:

Listed below:

Official Title:

Listed below:

Request:

Change the prerequisite consent of instructor to consent of department of head for the following courses (the other existing prerequisites remain the same):

EAM 2033, Citizen/Family/Community Disaster Preparedness Education

Prerequisites, EAM 1003 and 1013 or consent of instructor;

EAM 3003, Developing Emergency Management Skills

Prerequisites, EAM 1003 and 1013 or consent of instructor;

EAM 3013, Public Policy Issues in Emergency Management

Prerequisites, EAM 1003 and 1013 or consent of instructor;

EAM 3023, Principles and Practice of Disaster Planning and Response Operations

Prerequisites, EAM 1003 and 1013 or consent of advisor;

EAM 3033, The Social Dimension of Disaster

Prerequisites, EAM 1003 and 1013 or consent of instructor;

EAM 3143, The Economics of Disaster

Prerequisites, EAM 1003 and 1013 or consent of instructor;

EAM 3206, Externship

Prerequisites, EAM 1003 and 1013 or consent of instructor;

EAM 4003, Principles and Practice of Disaster Relief and Recovery

Prerequisites, EAM 1003 and 1013 or consent of instructor;

EAM 4013, Business and Industry Crisis Management

Prerequisites, EAM 1003 and 1013 or consent of instructor;

EAM 4023, Information Technology and Emergency Management

Prerequisites, EAM 1003 and 1013 or consent of instructor;

EAM 4033, Emergency Management Research Methods/Analysis
Prerequisites, EAM 1003 and 1013 and ENGL 2053 or consent of instructor;

EAM 4043, Disaster and Emergency Management Ethics
Prerequisites, EAM 1003 and 1013 or consent of instructor;

EAM 4053, Community Management of Hazardous Materials
Prerequisites, EAM 1003 and 1013 or consent of instructor;

EAM 4083, Introduction to Legal Issues in Emergency Management
Prerequisites, EAM 1003 and 1013 or consent of instructor;

EAM 4106, Practicum/Internship
Prerequisites, Completion of a minimum of 75 hours including 21 hours of EAM Core (EAM 1003, 1013, 4023, 4033 and 9 additional hours) and EAM 3206 or consent of the instructor;

EAM 4991, Special Problems and Topics
Prerequisites, EAM 1003 and 1013 or consent of instructor;

EAM 4992, Special Problems and Topics
Prerequisites, EAM 1003 and 1013 or consent of instructor;

EAM 4993, Special Problems and Topics
Prerequisites, EAM 1003 and 1013 or consent of instructor;

EMHS 5003, Principles and Practice of Disaster Relief and Recovery
Prerequisites or Co-requisites, EMHS 6063 or consent of instructor;

EMHS 5043, Disaster and Emergency Management Ethics
Prerequisite, consent of instructor;

EMHS 5053, Community Management of Hazardous Materials
Prerequisites or Co-requisites, EMHS 6063 or consent of instructor;

EMHS 5991,5993, Special Problems and Topics
Prerequisites or acceptable equivalencies, EMHS 6063 or consent of instructor;

EMHS 5992, Special Problems and Topics
Prerequisites or acceptable equivalencies, EMHS 6063 or consent of instructor;

EMHS 6003, Design and Management of Preparedness and Mitigation Systems
Prerequisites or Co-requisites, EMHS 6063 or consent of instructor;

EMHS 6023, Risk and Vulnerability Assessment for Business and Industry
Prerequisites or Co-requisites, EMHS 6063 or consent of instructor;

EMHS 6033, Foundation of Leadership
Prerequisites or Co-requisites, EMHS 6063 or consent of instructor;

EMHS 6043, Contemporary Issues in Emergency Management
Prerequisites or Co-requisites, EMHS 6063 or consent of instructor;

EMHS 6053, Legal Issues in Emergency Management
Prerequisites or Co-requisites, EMHS 6063 or consent of instructor;

EMHS 6073, Introduction to Terrorism
Prerequisites or Co-requisites, EMHS 6063 consent of instructor;

EMHS 6083, Business Continuity Project Management
Prerequisites, EMHS 6043 and EMHS 6063 or consent of instructor;

EMHS 6103, Research Design and Methods
Prerequisites or Co-requisites, EMHS 6063 or consent of instructor;

EMHS 6193, Introduction to International Emergency Management
Prerequisites, EMHS 6043 and EMHS 6063 or consent of instructor;

EMHS 6203, Crisis Communications
Prerequisites, EMHS 6043 or EMHS 6063 or consent of instructor;

EMHS 6243, Intelligence in Emergency Management and Homeland Security
Prerequisites, EMHS 6043 and EMHS 6063 or consent of instructor;

EMHS 6253, Information Security for Public Managers
Prerequisites, EMHS 6043 and EMHS 6063 or consent of instructor;

EMHS 6403, Action Research Practicum I
Prerequisites, EMHS 6103, EMHS 6043 and EMHS 6063 or consent of instructor;

EMHS 6413, Capstone Research Practicum II

Prerequisite, Completion of EMHS 6403 or consent of the instructor;

EMHS 6543, Advanced Digital Technology Applications in EM

Prerequisites, EAM 4023 or EMHS 6513 and EMHS 6043 and EMHS 6063 or consent of instructor;

EMHS 6563, Situational Awareness of Environmental Threats

Prerequisites, EMHS 6043 and EMHS 6063 or consent of instructor; and

EMHS 6943, Research II

Prerequisites, EMHS 6123 and EMHS 6933 or consent of instructor.

Please provide a rationale for the change including the evidence derived from your program assessment that justifies this change. Assessment evidence may come from direct and indirect measures of student learning as well as analysis of the current state of the discipline.

If this change will affect other departments, a Departmental Support Form for each affected department must be attached.

REQUEST FOR COSMETIC PROGRAM CHANGE

Program Title:

Mechanical Engineering

Request:

The department requests a rearrangement, i.e. a swap, in the scheduling of two general education courses in the mechanical engineering degree plan. Specifically, the department request that the Social Sciences course in the first semester be swapped with one of the Fine Arts & Humanities in one of the later semesters of the current degree plan.

Please provide a justification as to why this change is cosmetic.

This request is cosmetic because the requirements for the degree are not being changed and no other department will be affected by this change. If fact, this change is being made to (1) accommodate a request by the College of Business and (2) provide the best Social Science credit options for a mechanical engineering student.

Background:

1. The College of Business has advised that incoming freshmen not take ECON 2003.
2. The Department of Mechanical Engineering is only required to take one Social Sciences class (per 2013-2014 undergraduate catalog).
3. The most commonly recommended Social Sciences course for mechanical engineering students is ECON 2003 due to its importance in engineering practice.
4. Since the Advising Center has taken over advising freshmen it is important that we make the change in the catalog.

Summary:

This request will allow mechanical engineering students to take, or have the option to take, ECON 2003 as their (only) Social Sciences credit.

Please provide a rationale for the change including the evidence derived from your program assessment that justifies this change. Assessment evidence may come from direct and indirect measures of student learning as well as analysis of the current state of the discipline.

The request under consideration is a matter of advising students properly. That is, it is the unanimous opinion of the mechanical engineering that mechanical engineering student be given the opportunity to take ECON 2003.

In the 2013 calendar year, 20 mechanical engineering students elected to take ECON 2003. This was the third highest enrollment by major. That is, only Management and Marketing, at 103 students, Accounting, at 63 students, and Economics and Finance, at 23 students had more students taking ECON 2003 in 2013.

If this change will affect other departments, a Departmental Support Form for each affected department must be attached.

The requested change does not affect any other departments. The number of mechanical engineering students electing to take ECON 2003 is not expected to increase significantly and the current enrollment of 20 students/year is only 4% of the annual enrollment (551 students/year) for ECON 2003. So, it is clear that the College of Business can easily absorb a reasonable increase in enrollment by mechanical engineering students.

Arkansas Tech University
Proposal for Change in Program

Assessment Form

RP 1001

Our Mission

Arkansas Tech University, a state-supported institution of higher education, is dedicated to nurturing scholastic development, integrity, and professionalism. The University offers a wide range of traditional and innovative programs which provide a solid educational foundation for life-long learning to a diverse community of learners.

Provide an answer for each question. Your answers are to be typed single spaced.

- a. How does the program change fit with the university mission? The addition of RP 1001 to the RPA curriculum will assist students with becoming oriented to the ATU campus, Student Services, academic environment, and the college and department. It will also assist students by providing them a strong foundation in their chosen field.
- b. If this change in the program is mandated by an accrediting or certifying agency, include the directive. If not, state not applicable. No this course is not required.
- c. How will the program change impact learning for students enrolled in this program? Students enrolled in and competing RP 1001 will be introduced to the PRHA Department and RP Program early on – which should assist with acclimating them to the expectations of the Program and in turn will help them to succeed as they go through the Program.
- d. What will students demonstrate, represent, or produce to provide evidence of their learning once they complete the program? Students will be able to demonstrate a better understanding of the Recreation and Park profession and will be more familiar with the Arkansas Tech University campus and environment.
- e. Provide an example or examples of student learning assessment evidence which supports the changes in the program. I do not have any assessment evidence at this time that solidly supports this change, but feel confident that an in-house orientation course should be effective.
- f. How does this course fit in the current state of the discipline? Include Arkansas institutional comparisons. If Arkansas educational institutions do not have the course or program provide comparative examples from regional educational institutions. TECH 1001 is already a required course for all degree programs at ATU, so this course would meet these same requirements – the same data would serve the purpose here.
- g. Attach a detailed assessment plan including three to five specific program student learning outcomes, means or instructional measures to assess each outcome, identify program courses where learning will be assessed, and performance standards or criteria for success which demonstrate student learning for each outcome. (Examples for assessment

plans/curriculum mapping can be found at the Office of Assessment and Institutional Effectiveness web page.) This is simply a course change... instead of TECH 1001 students will be required to take RP 1001 – and at this time this course is not included in the RPA Assessment Plan, but could be in the very near future. We will include student learning outcomes focusing on students developing a better understanding of the ATU community and also students becoming aware of career opportunities in recreation and park administration.

REQUEST FOR COSMETIC PROGRAM CHANGE

Program Title: Biology Major, General Option

Outline change in program:

1. Replace the current program description of this ^{major} minor with a more complete one.
2. Change (clarify) footnote number 2. in the biology general option curriculum description.
3. Add a recommendation to footnote number 5. in the biology general option curriculum description.

Attach the Cosmetic Course Change Assessment Form. The form is located on the Assessment & Institutional Effectiveness web page at <http://www.atu.edu/assessment/>
Appended at the end of this submission.

If this course will affect other departments, a Departmental Support Form for each affected department must be attached. The form is located on the Curriculum forms web page at http://www.atu.edu/registrar/curriculum_forms.php.

N/A

In the attached matrix, include requested changes in the matrix and include course number and title. **N/A**

1. Replace the current program description with a more complete one.

Current Biology General Option catalog program description: The General Option is the most flexible and is recommended for students who do not wish to specialize in biomedical or environmental fields.

Revised Biology General Option description: The biology general option is designed for students who wish to pursue a broadly defined degree program that emphasizes the major areas of biology and provides a solid foundation for further study in any graduate or professional program associated with the life sciences. With guidance from their academic advisor, the general biology student can create a personalized biology degree tailored for their career goals and interests. The biology general option also encourages undergraduate research and internship opportunities to foster skills needed in a biology-oriented career. Graduates of this option have entered professional programs such as medical and pharmacy school as well as diverse graduate programs.

2. Change (clarify) footnote number 2. in the biology general option curriculum description.

Current footnote number 2:

² Six hours of mathematics above MATH 1113. Courses in the areas of statistics and calculus or statistics and biostatistics (FW 3173) are recommended).

Revised footnote number 2:

² Six hours of mathematics above MATH 1113. Courses in the areas of statistics, biostatistics, and/or calculus are recommended (e.g. MATH 2163, PSY/SOC 2053, FW 3173, MATH 2243, and/or MATH 2914).

3. Add recommendation to footnote number 5. in the biology general option curriculum description.

Current footnote number 5:

⁵ Sufficient courses at 3000-4000 level to constitute a total of 40 hours.

Revised footnote number 5:

⁵ Sufficient courses at 3000-4000 level to constitute a total of 40 hours. At least 2 credit-hours of biology research or internship is recommended (BIOL 4112-4 or BIOL 4951-4).

**Arkansas Tech University
Cosmetic Course Change
Assessment Form**

Our Mission

Arkansas Tech University, a state-supported institution of higher education, is dedicated to nurturing scholastic development, integrity, and professionalism. The University offers a wide range of traditional and innovative programs which provide a solid educational foundation for life-long learning to a diverse community of learners.

Provide an answer for each question. Your answers are to be typed single spaced.

- a. If this course is mandated by an accrediting or certifying agency, include the directive. If not, state not applicable. **Not applicable**
- b. Explain the rationale for the cosmetic course change. **We are not doing the cosmetic change to a course, instead it is for the listing of the curriculum (Program Change); however, the Cosmetic Program Change form specifies that we include this form. The rationale is that we previously had an overly brief description of the option, so we want to tell the students a bit more detail about what the option is for. We also wanted to clarify a couple of footnotes. This is necessary because while our faculty advisors have always explained these footnote recommendations to the students, now we want to make it more clear to help staff in the advising center as well as in the Registrar's Office so that they can readily interpret our already approved catalog listing of the curriculum.**

Department of Nursing

Registrar's Office

Arkansas Tech University's nursing curriculum is designed to prepare students for beginning professional responsibilities in a variety of health-care settings and to provide the necessary foundations for graduate study.

The Bachelor of Science in Nursing program is approved by the Arkansas State Board of Nursing and the Arkansas Department of Higher Education. The program is accredited by the Accreditation Commission for Education in Nursing, Telephone: 404-975-5000.

The Department of Nursing offers undergraduate study in nursing to qualified high school graduates, graduates of diploma and associate degree programs in nursing, licensed psychiatric technician nurses, and licensed practical nurses. The baccalaureate program leads to the degree of Bachelor of Science in Nursing. Satisfactory completion of eight semesters of general education, course pre-requisites, and upper-division professional nursing courses is required.

Upon completion of degree requirements, the student may be eligible to take the national examination (NCLEX-RN) for licensure as a registered nurse. All nursing students should be aware that the State Board of Nursing requires all applicants for the NCLEX-RN to have a criminal background check performed. If the applicant has ever been convicted of a crime, the Board will review the application and make a decision as to whether the applicant is eligible to take the NCLEX-RN exam and to practice nursing in the State of Arkansas. Any student who has been convicted of a crime should notify his or her advisor before taking the prerequisite courses. This information will be kept strictly confidential. The student will be advised of the method of petitioning the Board and counseled regarding the process. A registered nurse may be subject to losing his or her license if the conviction is discovered after the license is granted.

The Department of Nursing reserves the right to make changes, without prior notice, in the curriculum and program requirements. Changes are made in keeping with the changing health needs of society and/or the best interests of the students and the department to maintain quality professional nursing education.

The Department of Nursing utilizes the clinical facilities and services of the Arkansas River Valley area; however, in order to meet the objectives of certain courses, the student should be prepared to travel out of this area. Students are required to provide their own transportation.

In addition to the on-campus program, ATU offers an RN to BSN completion program on the Web.

Admission

Admission into lower division foundation courses is open to any Arkansas Tech University student who meets the prerequisites for each course.

Admission to the upper division nursing courses is competitive and subject to evaluation by the Nursing Department's Admission and Progression Committee. Students are considered for admission the spring and fall preceding the semesters they plan to enter upper division nursing courses. All transcripts and/or credentials along with an Application to Upper Division must be submitted to the Department of Nursing by March 1 for fall admission or by October 1 for spring admission. Eligible repeating students applying for readmission must submit all materials by June 30 or January 5.

Minimum requirements for acceptance into the upper division (Level 0) nursing courses are:

1. Prerequisite grade point average of 3.0 on a 4.0 scale. Students will be admitted according to the criteria for selection of upper division students.
2. Completion of the following courses with a grade of "C" or better in each: **ENGL 1013, ENGL 1023, MATH 1113, BIOL 2014 or BIOL 2404, BIOL 3054, BIOL 3074 or BIOL 2414, CHEM 1113 and CHEM 1111, PSY 2003, SOC 1003, and NUR 2303.**
3. Completion of the following courses: American History or Government - 3 hours, **Social Sciences** 0-3 hours, **Fine Arts & Humanities** - 6-9 hours; **Speech** 0- 3 hours, Elective - 1 hour, Physical Education - 1 hour, **TECH 1001**. (See General Education Requirements for specific course alternatives.)
4. Criminal background check.
5. Students who have not attended Arkansas Tech University during the past year must apply for readmission to the University.
6. The nursing program must be completed within four years of entry into level one of the nursing curriculum.

Applicants will be ranked according to admission criteria for selection of upper division students. Criteria are as follows:

Dr. Rebecca Burris, Head
Dean Hall, Suite 224
(479) 968-0383
rburris@atu.edu

Professors:

Burris, Helms, C. Smith

Associate Professors:

Bosold, K. Cox, Daily, C. Jones,
McKown

Assistant Professors:

Buckholtz, Christie, Coleman,
Darnell, Harless, Kennedy,
Ricono

NOV 12 2014

Registrar's Office

For students desiring entry to spring Upper Division (Level 0-preclinical nursing):

1. GPA \geq 3.0 at the time of application and at the end of the fall semester.
2. Do not admit at this time.

For students desiring entry to fall Upper Division (Level 0-preclinical nursing):

1. GPA \geq 3.0 at the time of application and at the end of the spring semester.
2. Do not admit at this time.

The student must have completed a minimum of 48 hours of required general education and prerequisite courses (see curriculum plan) with a GPA \geq 3.0 before entering level 0-preclinical nursing courses.

Applications will be ranked according to GPA with preference given to ATU students. Admission will be determined by the resulting rank order.

Applicants completing prerequisite requirements at an institution other than ATU must submit a written note from the course instructor(s) verifying the grade(s) earned in the course(s). These students will sign a form agreeing to have official transcripts on file in the registrar's office within one month from the first day of the semester.

A student position may be filled in a discretionary manner for exceptional reasons as determined by the committee and approved by the faculty.

Minimum requirements for continuation into Level 1

1. Acquisition of professional/student liability insurance, criminal background check and current certification of Basic CPR for adults, children, and infants as taught by the American Heart Association, or persons currently certified in CPR instruction. These must be renewed each year with the exception of CPR certification that is valid for two years.
2. Two of the three injections in the Hepatitis B Vaccine series.

Progression Policy

Students must achieve a "C" or better in all nursing courses.

A student in the upper division nursing courses may only repeat one nursing course. Following a second failure in any upper division nursing course the student will be dismissed from the program. Upper division nursing courses: 66 hours of course work allotted to the nursing major, inclusive of **NUR 2023**, all 3000 level nursing courses (with the exception of 3803) and all 4000 level nursing courses (with the exception of 4903).

Students who make less than a "C" in any upper division nursing course may not progress into courses for which that course(s) is a prerequisite until the course(s) has been repeated and the required minimum grade attained.

The following Upper Division required non-clinical courses (**NUR 2023**, **NUR 3103**, **NUR 3204**, **NUR 3213**, **NUR 3303**, **NUR 3402**, **NUR 3513**, **NUR 3606**, **NUR 3802**, **NUR 4206**, **NUR 4303**, **NUR 4606**) must be completed with a grade of "C" or better to graduate. Any students who attempts any one of these courses twice (2 times) and does not achieve a final grade of "C" or better in the course, will be automatically be withdrawn from the Arkansas Tech University Nursing Program and will not be eligible for readmission. An attempt is defined as "any enrollment in any course and dropping it (or changing it to an audit) after the first day of the 10th week of the semester during the Fall or Spring semester, or after the third week of either Summer session for any reason, or failure (grade of "D", "F", or "FE") of the course."

Readmission will not be considered for any student dismissed from the nursing department who obtained a "D" or "F" in two (2) upper division nursing courses. The Department Head will consider exceptions on an individual basis .

Any student who withdraws from a clinical nursing course (**NUR 3404**, **NUR 3805**, **NUR 4405**, **NUR 4804**) after the fifth (5th) day of clinicals must have a passing grade at the time of withdrawal in order to withdraw passing. Students failing ("D" or "F") at the time of withdrawal will receive an "F" after the 5th day of clinicals. A grade of "F" will count as a failure ("F") for progression purposes.

All seniors are required to pass the NCLEX Review Exam as part of **NUR 4903** requirements. The student must complete the non-proctored exam with a passing score of 80% prior to sitting for the proctored examinations. The student is allowed five attempts to pass the NCLEX Review exam (two ATI, and three HESI). Any student not achieving a passing score on the 1st attempt must complete a review prior to a 2nd attempt on the exam. This review includes completion of the ATI/HESI non-proctored exams, review of material available from the resource drawer, and/or completion of NCLEX review chapters. If a passing score is not achieved on the 2nd attempt the student must meet with faculty to discuss requirements of review course prior to subsequent attempts. The student must wait at least three weeks between the 2nd and 3rd attempts. If a passing score is not achieved on the 5th attempt the student will receive a "0" for that 30% of the grade, a

failing grade for the course and must repeat all components of the course, including the preceptorship. If a student desires to take an official review course such as Kaplan, the student may do so and if successfully completes the course, may forego further testing after the first ATI and first HESI attempts are completed.

Students must achieve a passing grade "C" in both the Theories and corresponding Practicum courses in order to progress within the program. Students who repeat a Theories course are required to show clinical competency in order to progress. Students who repeat Practicum are required to show theoretical competency in order to progress.

Clinical competence can be attained by:

1. Taking for credit the corresponding practicum course
2. Completing **NUR 3892**, Clinical Competency I or **NUR 4892** Clinical Competency II with a grade of "C" or better.

Theoretical competence can be attained by:

1. Taking for credit the corresponding theory course.
2. Completing **NUR 3792**, Theoretical Competency I or **NUR 4792**, Theoretical Competency II with a grade of "C" or better.

Readmit Policy

Any student that fails an Upper Division nursing course (with the exception of nursing electives), withdraws, or has a break in enrollment must reapply for progression in the nursing program by June 30, for readmission to the fall semester, or January 5, for readmission to the spring semester. To reapply, the student must complete "Reapplication to Upper Division" form and submit a letter of intent addressing reasons for past failure and a plan of action to enhance future success within the nursing program. The reapplicant must also submit a letter of recommendation from a nursing faculty member. Reapplication will be based on the availability of positions within the repeating level, letter of intent and current GPA. Should several students reapply for the same level and there are a limited number of positions, GPA ranking, in conjunction with their letter of intent will guide the committee decision-making process.

Students who have not attended Arkansas Tech University during the past year must apply for readmission to the University.

The nursing program must be completed within four years of entry into level one of the nursing curriculum.

Advanced Placement

The different types of nursing education programs and vocational-technical school programs give rise to unique transfer problems. Each student's past education is evaluated individually. In addition, the University and the Department of Nursing have established the following policies:

1. Arkansas Tech University offers a baccalaureate degree program in nursing. Licensed registered nurses, licensed practical nurses and licensed psychiatric technical nurses may challenge, validate, or receive credit for general education and nursing courses that are included in the nursing curriculum. CLEP examinations can be used to challenge or validate the general education courses. The institution's general policy for awarding CLEP credit is followed in determining the successful challenge of courses by these examinations. Transfer credit will be given for prior challenge or validation tests of nursing content credited on official transcripts from other nursing programs. RNs are permitted to receive transfer credit for **NUR 3303**.
2. Licensed practical nurses (LPNs) and licensed psychiatric technical nurses (LPTNs) who have met all the lower division nursing curriculum requirements and graduated from an approved Arkansas PN or PTN program or an out-of-state ~~NCNAE~~ ^{ACEN} accredited program may receive credit for 17 hours of nursing courses (**NUR 3103**, **NUR 3204**, **NUR 3213**, **NUR 3404**, **NUR 3513**) if they meet the following specific requirements:
 - a. Have a current LPN or LPTN license in Arkansas.
 - b. Graduated less than 12 months prior to entry into the upper division of nursing.
 - c. Have graduated within more than 12 months prior to entry into the upper division of nursing and have 1000 hours of nursing employment during the 24 months immediately prior to entry into the upper division of nursing.
 - d. Have completed all nursing prerequisite courses, **NUR 2023**, **NUR 3303**, and **NUR 3402** with a "C" or better prior to entry into level II nursing (see Curriculum Plan for LPNs).

NURSING CREDITS WILL BE HELD IN ESCROW PENDING COMPLETION OF THE PROGRAM.

Licensed practical nurses (LPNs) and licensed psychiatric technical nurses (LPTNs) who do not meet the above criteria can challenge or validate 17 hours of nursing courses that are included in the nursing curriculum. LPNs and LPTNs may challenge or validate nursing courses **NUR 3204** and **NUR 3404** by taking the National League for Nursing ACE I with a decision score of 75 (eight credit hours); **NUR 2303** by taking the National League for Nursing Normal Nutrition examination with a decision score of 50 (three credit hours); and **NUR 3103** and **NUR 3513** by

taking a written and demonstration skills test developed by the Department of Nursing faculty with a decision score of 75 (six credit hours). Students must enter upper division within two academic years after passing the challenge examination or the examination will be invalid.

3. Licensed registered nurses have two options:
 - a. Complete the generic curriculum in baccalaureate nursing, or;
 - b. Complete the curriculum in baccalaureate nursing for registered nurses.

Those who have met all the lower division nursing curriculum requirements and graduated from an associate degree or diploma program that was Arkansas State Board approved or NLNAC accredited at the time of graduation may receive credit for 38 hours of nursing courses (NUR 2023, NUR 2303, NUR 3103, NUR 3204, NUR 3213, NUR 3402, NUR 3404, NUR 3513, NUR 3606, NUR 3802 and NUR 3805) if they meet the following specific requirements:

- a. Have a current RN license in the state where they are practicing.
- b. Have graduated less than 12 months prior to entry into the upper division.
- c. Have graduated within more than 12 months prior to entry into the upper division of nursing and have 1000 hours of nursing employment during the 24 months immediately prior to entry into the upper division of nursing.
- d. All nursing major prerequisite courses must be completed prior to entry into the program. Up to 6 hours of General Education courses may be outstanding. These courses must come from the following: Fine Arts, Humanities, History, or electives (see Curriculum Plan for Registered Nurses).

NURSING CREDITS WILL BE HELD IN ESCROW PENDING COMPLETION OF THE PROGRAM.

Registered nurses (RNs) who do not meet the above criteria can challenge or validate 38 hours of nursing that are included in the nursing curriculum.

RNs can challenge or validate nursing courses by taking the National League for Nursing ACE II Examination with a decision score of 100 or 50th percentile for Nursing NUR 2023, NUR 3103, NUR 3204, NUR 3213, NUR 3402, NUR 3404, NUR 3513, NUR 3606, NUR 3802 and NUR 3805 for 35 credit hours; and by the National League for Nursing Normal Nutrition Examination with a decision score of 50 for Nursing 2303 for three credit hours; all of which total 38 credit hours. Students must enter the senior-level nursing courses within two academic years after passing the challenge examination or the examination will be considered invalid.

4. Students who have had health-care education or experience but are not licensed health-care professionals will be evaluated individually by the Admission and Progression Committee for advanced placement.
5. Students transferring from another nursing program must submit a letter of good standing to the Admission and Progression Committee with the upper division application.
6. Nursing students other than Registered Nurses must comply with the general institutional provisos; i.e., the last 30 semester hours of work toward a degree must be done at ATU; and, normally, a maximum of 68 semester hours of acceptable credit may be transferred from community colleges.
7. Transfer students from senior colleges and universities must comply with the provisions in Item 3 above but are not subject to any credit hour limitations from those institutions.

Cosmetic Course Change

Assessment Form

MATH 2163

Our Mission

Arkansas Tech University, a state-supported institution of higher education, is dedicated to nurturing scholastic development, integrity, and professionalism. The University offers a wide range of traditional and innovative programs which provide a solid educational foundation for life-long learning to a diverse community of learners.

Provide an answer for each question. Your answers are to be typed single spaced.

a. If this course is mandated by an accrediting or certifying agency, include the directive. If not, state not applicable. Not Applicable

b. Explain the rationale for the cosmetic course change. The change is based on a trend stemming from the College Complete America (CCA) grant funded project. Several academic programs at Arkansas institutions of higher education are adopting the ADHE Quantitative Literacy course (equivalently MATH 1003) for their general education mathematics requirement. Also, courses have been reviewed to see if the MATH 1003 course is a suitable prerequisite. The Mathematics Department has reviewed the course MATH 2163 and determined that the course MATH 1003 would in fact be a reasonable prerequisite.

Describe the change you want to make: (e.g., delete the prerequisite, modify the course description)

Delete the prerequisite of the completion of the General Education Math Requirement.

Attach the Cosmetic Course Change Assessment Form. The form is located on the Assessment & Institutional Effectiveness web page at <http://www.atu.edu/assessment/>

If this course will affect other departments, a Departmental Support Form for each affected department must be attached. The form is located on the Curriculum forms web page at http://www.atu.edu/registrar/curriculum_forms.php.

Arkansas Tech University
Cosmetic Course Change
Assessment Form
PS 4143 Nonprofit Governance

Our Mission

Arkansas Tech University, a state-supported institution of higher education, is dedicated to nurturing scholastic development, integrity, and professionalism. The University offers a wide range of traditional and innovative programs which provide a solid educational foundation for life-long learning to a diverse community of learners.

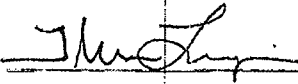

Provide an answer for each question. Your answers are to be typed single spaced.

- a. If this course is mandated by an accrediting or certifying agency, include the directive. If not, state not applicable. Not Applicable
- b. Explain the rationale for the cosmetic course change. Upon review of the course content and course objectives of PS 4143 Nonprofit Governance, completion of the MATH General Education Requirement is not necessary for student success.

Arkansas Tech University
