

ATU is dedicated to assisting our faculty interested in obtaining non-immigrant work visas and Permanent Residence (Green Card) while ensuring compliance with federal requirements related to immigration. We provide comprehensive immigration services for International Faculty by working diligently in collaboration with our Immigration Attorney contracted through ATU to successfully navigate these processes.

Before a case is generated, hiring departments must initiate the request, and approvals must be obtained from the Department Head, Dean, and Vice President for Academic Affairs. Once the approvals are received, instructions and forms will be provided to new faculty. Please send approvals to academicaffairs@atu.edu.
