Generative AI Tools in Coursework

Suggested Course Syllabus Statements

When using AI tools, it is important to be aware that the user data supplied might be utilized for training AI models or other purposes. Consequently, there is no guarantee that the information you provide will remain confidential. Instructors and students should exercise caution and avoid sharing any sensitive or private information when using these tools. Examples of such information include personally identifiable information (PII), protected health information (PHI), financial data, intellectual property (IP), and any other data that might be legally protected.

(i) <u>Open Use Guidelines</u>: Embrace and encourage AI use in assignments, with the requirement that students disclose any AI assistance.

AI Policy: Permitted in this Course with Attribution

In this course, students are encouraged to use Generative AI Tools like ChatGPT to support their work. To maintain academic integrity, students must disclose any AI-generated material they use and properly attribute it, including in-text citations, quotations, and references.

A student should include the following statement in assignments to indicate use of a Generative AI Tool: "The author(s) would like to acknowledge the use of [Generative AI Tool Name], a language model developed by [Generative AI Tool Provider], in the preparation of this assignment. The [Generative AI Tool Name] was used in the following way(s) in this assignment [e.g., brainstorming, grammatical correction, citation, which portion of the assignment]."

(ii) <u>Moderate Use Guidelines</u>: Encourage AI use in specific assignments, but not all. Students must disclose any AI assistance.

AI Policy: Permitted when Assigned in this Course with Attribution
