

Summer Melt Email from Dr. Bowen (June 2017)

Congratulations on completing your first year at Arkansas Tech University! I hope you felt welcomed into the Tech family and shared many memorable experiences while you were here. Of course, I know you worked hard in all your classes and were glad to have made it through finals. I remember how stressful that time can be from when I was a student!

My wish for you is a safe, enjoyable summer that leaves you refreshed and ready to come back to your “home” at Tech for fall semester.

I truly believe that every student counts and I will be looking forward to seeing you in August!

Sincerely,

Dr. Robin E. Bowen
