¹ See appropriate alternatives or substitutions in “[General Education Requirements](#)”.

² Students who have two years of high school algebra with a grade of “C” or better and a math ACT score of 22 or above may omit College Algebra and enroll directly in [MATH 2223](#) Quantitative Business Analysis. If omitted, an additional 3 hours of electives will be required. Students considering graduate school are advised to use free elective hours to take [MATH 2914](#) Calculus I.

³ Excludes HIM and AHS courses.

⁴ This program partners the BSBA undergraduate degree with the MBA degree. A maximum of twelve (12) graduate level credit hours can be counted towards both the BSBA degree in Business Data Analytics and the MBA degree. Four graduate level courses can be used to replace four upper-division undergraduate courses as follows:

- [BDA 6203](#) Business Information Analysis can replace any School of Business Elective (3000-4000).
- [MGMT 6203](#) Decision Modeling in Supply Chain Management can replace any Management Elective (3000-4000).
- [MGMT 6103](#) Organizational Management and Leadership can replace any Management Elective (3000-4000).
- [MKT 6113](#) Strategic Social Media Marketing can be used to replace any School of Business Elective (3000-4000).
