HISTORY

THE HISTORY BEHIND THE WONDER BOYS, GOLDEN SUNS, & JERRY THE BULLDOG

Arkansas Tech University has a rich history. The men's teams were originally called the Aggies but became the Wonder Boys in 1920. Women athletes were later named the Wonder Girls and Wonderettes before adopting the Golden Suns name in 1975.

While these names are meaningful, they lack visual representation. To address this, the university revived the tradition of Jerry the Bulldog in 2013. Although Jerry is not a mascot, he is the beloved campus ambassador for all Arkansas Tech students.

Arkansas Tech is a community united by the spirit of the Wonder Boys, Golden Suns, and Jerry the Bulldog.
