Dear AGS 2010,

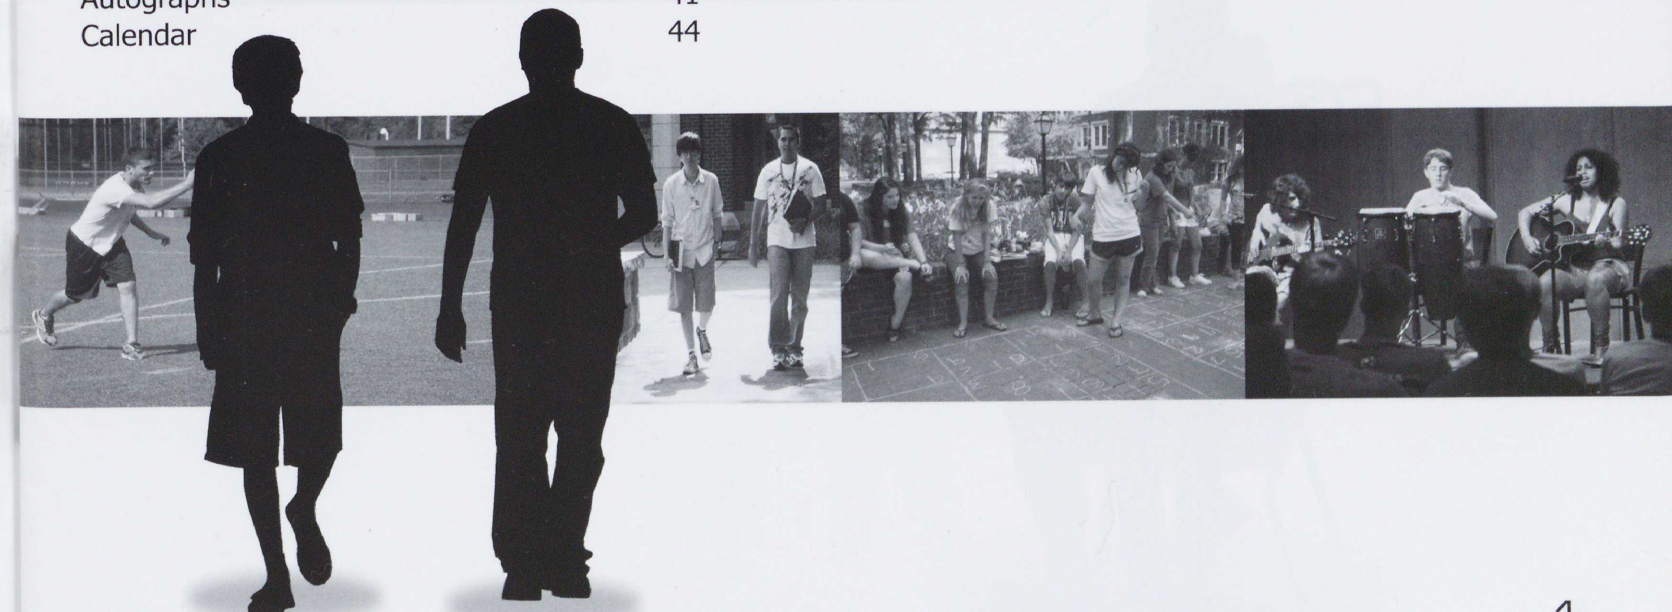

I can't believe our time together is over already! These past four weeks have flown by. But I hope that everyone took full advantage of the classes, the activities, and the other learning opportunities provided by AGS. The classes, speakers, films, seminars, drama performances, music performances, and social and recreational activities are all planned to expand your horizons and introduce you to new and exciting opportunities. This sacrifice of four weeks of your summer vacation should return your effort many-fold.

Please take this gift from the State of Arkansas and use it to your fullest potential. Continue your development of critical thinking. Continue to learn about yourself and the world and how to use your gifts to improve the lives of all. Continue to delve deeply into important topics and issues. Learn, ponder, participate, share, grow. And have fun!

Have a fantastic senior year in high school. Have a fabulous college experience. And have a wonderful life. Stay in touch with AGS. You can send us messages through our website and through Facebook. We enjoy getting notes from AGS alumni and finding out all of the exciting events in your lives. Be sure to come back next year for our AGS 2010 reunion, too.

Take care, best wishes, and may God bless you!
Lyle

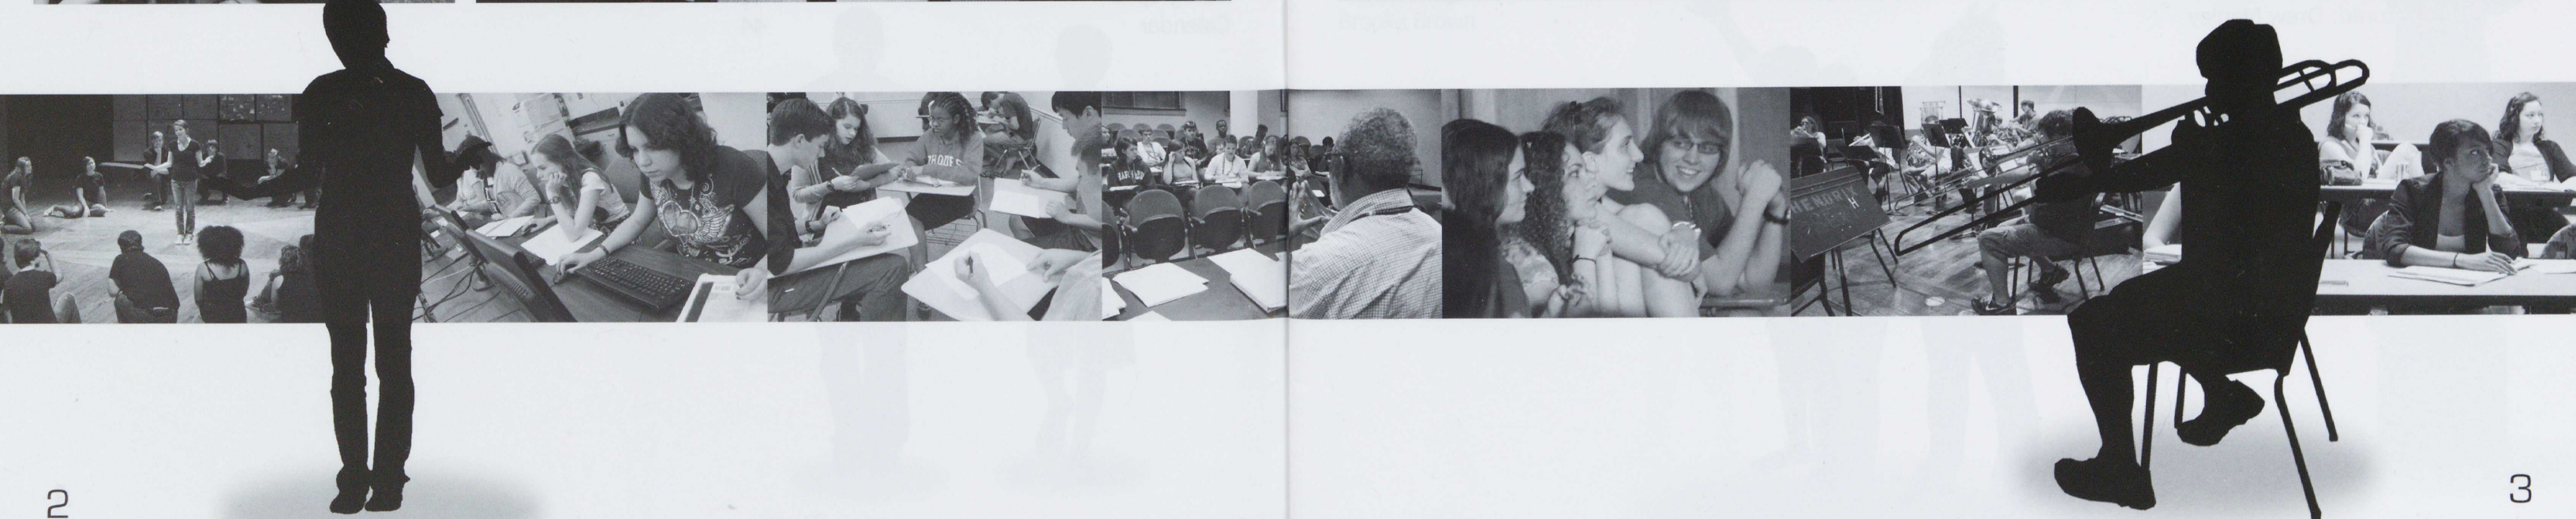

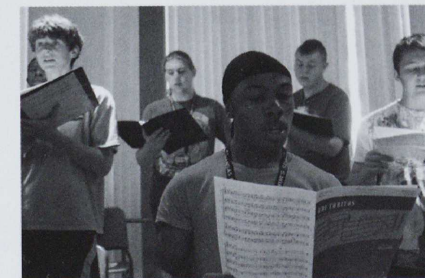

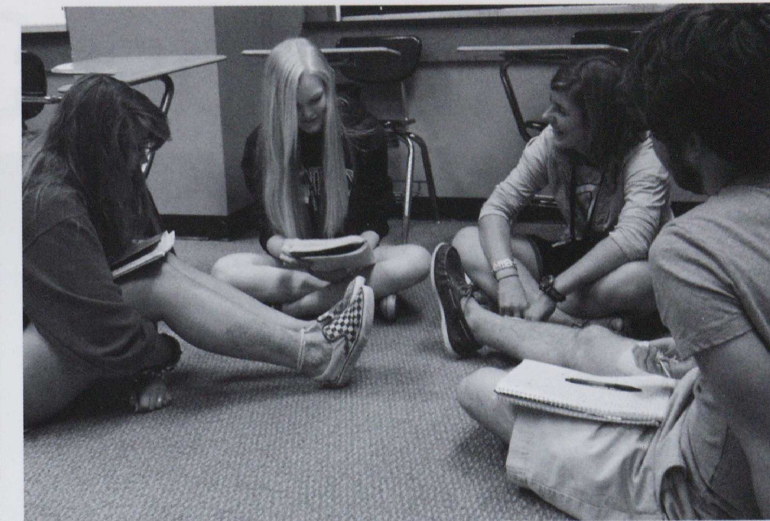

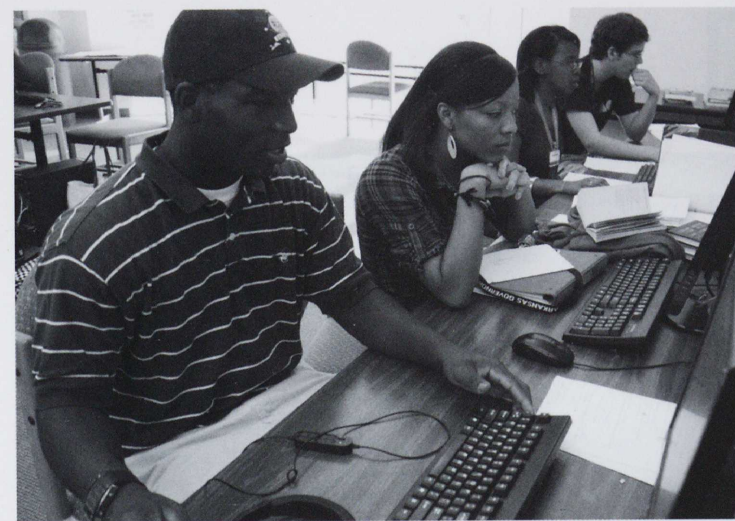

Area I

ACADEMICS & THE ARTS

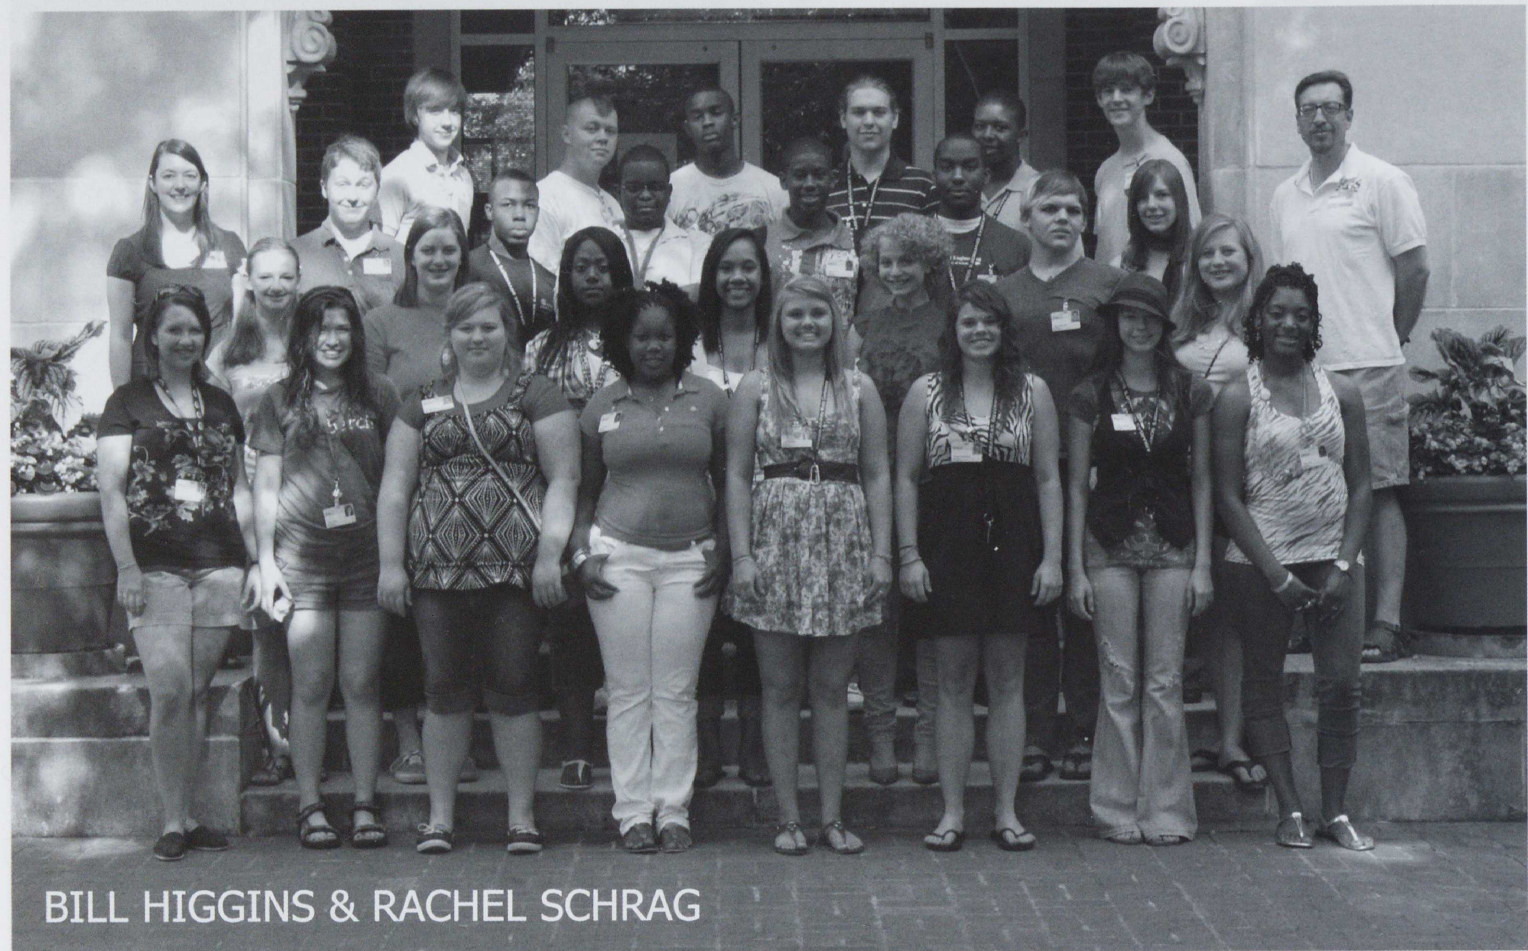

The curriculum in Area I embraces instruction in the artistic disciplines of Choral Music, Drama, Instrumental Music, and Visual Arts, as well as instruction in the disciplines of English/ Language Arts, Natural Science, Mathematics, and Social Science.

Emphasis in Area I is placed on participatory learning experiences which expose students to the complex and critical systems that undergird the various fields of study. To this end, students examine new, challenging, and often-revolutionary theories, techniques, and works, all designed to challenge them to develop a critical stance based on careful scrutiny of ideas and developments within their areas of interest. Stacy Key is the Area I Academics Coordinator, and Tom McDonald is the Area I Arts Coordinator.

Area II

CONCEPTUAL DEVELOPMENT

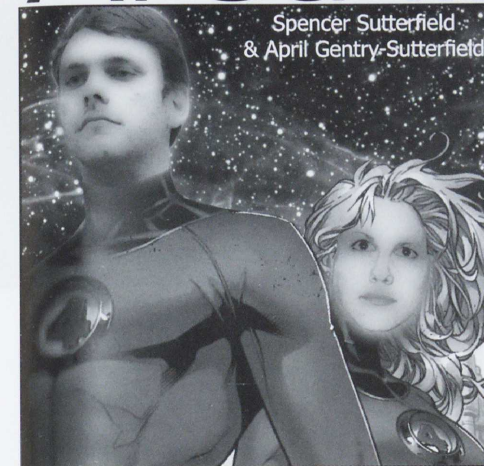

Tara Flanagan, Bryan Cwik, Kathy Babcock, Mark Elrod, Phillip Spivey, Ta-Neisha Wright, Revis Edmonds, and Jim Rush

The Area II Curriculum is designed to enhance conceptual development. Students are encouraged to learn more about how knowledge is acquired (epistemology) and to understand the various ways of knowing in different disciplines. In striving to increase their ability to analyze diverse perspectives on current normative issues, students gain a new appreciation for their implications. Classroom discussion then leads students to progress toward deeper levels of intellectual reflection, which enhances their ability to become better thinkers. Mark Elrod is the Area II Coordinator.

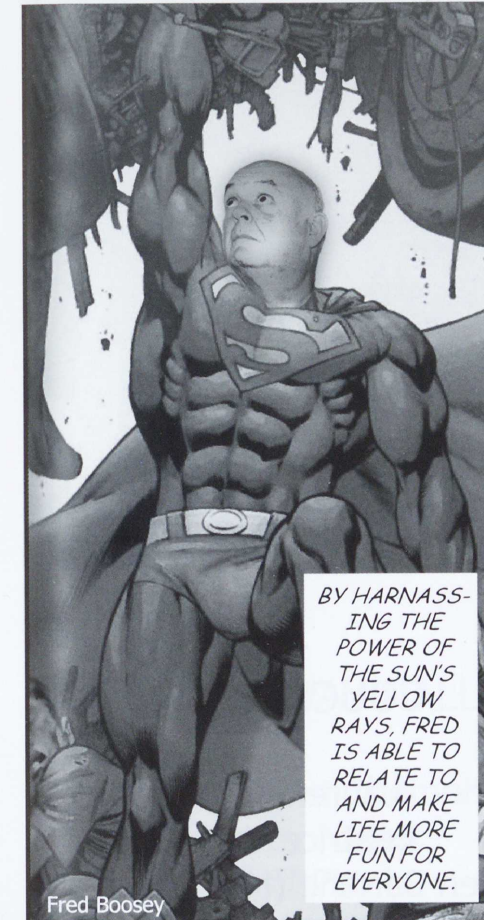

Area III

PERSONAL & SOCIAL DEVELOPMENT

Spencer Sutterfield & April Gentry-Sutterfield

EXPOSED TO POWERFUL COSMIC RADIATION, SPENCER HAS THE POWER TO STRETCH HIS PERSONALITY WHILE APRIL CREATES POWERFUL SPACES WHERE CONVERSATION TAKES PLACE.

Fred Boosey

BY HARNESSING THE POWER OF THE SUN'S YELLOW RAYS, FRED IS ABLE TO RELATE TO AND MAKE LIFE MORE FUN FOR EVERYONE.

Elizabeth Eason

ELIZABETH, A CLASSIC EXTROVERT, DRAWS ON THE ENERGY OF OTHERS.

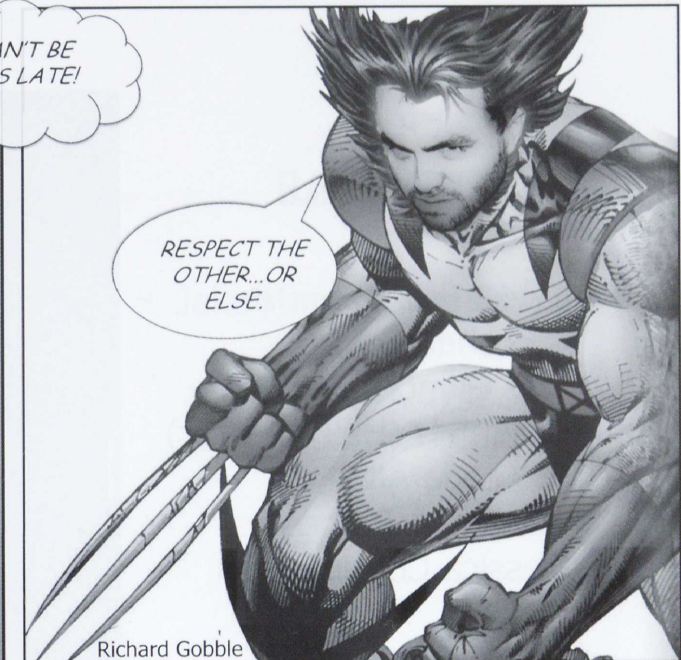

Melinda Beith

I WIELD MY POWERS WITH TRUTH AND COMPASSION.

Chad Terrell

I CAN'T BE THIS LATE!

Richard Gobble

RESPECT THE OTHER...OR ELSE.

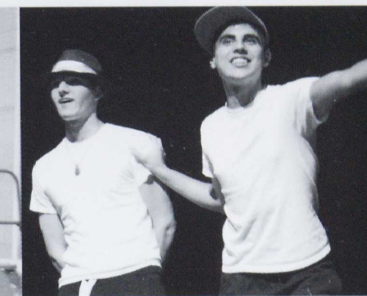

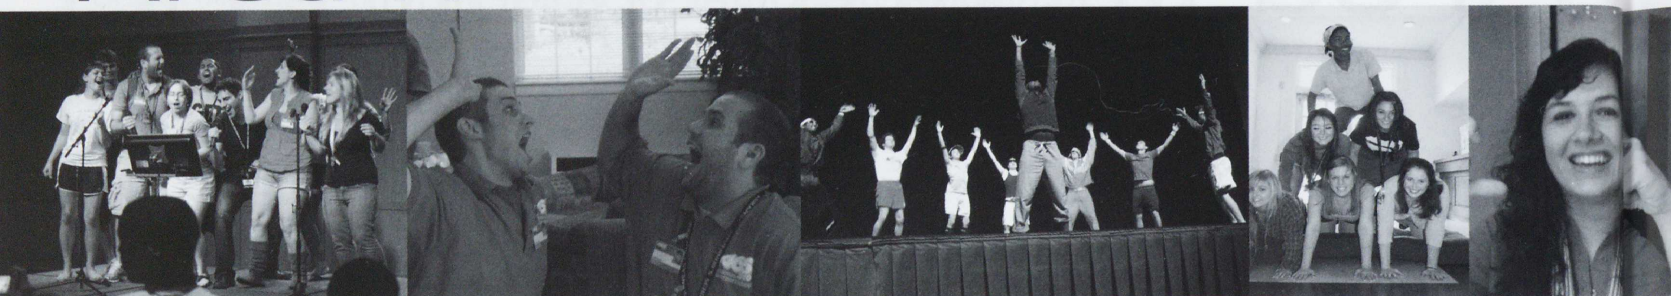

Phillip Melton

EXCELSIOR!

Area III is designed to foster the personal and social development necessary for students to benefit fully from Area I and Area II classes and the cultural and social events of the AGS program. The Area III curriculum provides an opportunity for the students to see the importance of taking personal responsibility for one's own ideas and for one's participation in a democratic society. Area III provides students a forum for actively exploring civic responsibility; it seeks to inspire a student's understanding of his or her own personal potential and to impress upon the student the values of character leadership, integrity, insight, and compassion, not only within their own communities, but also within society at large. Within this framework, students explore curricular issues such as theories of intelligence, conflict and stress management, psychological and personal theory, goal setting, and community service. Phillip Melton is the Area III coordinator.
