Dear AGS 2011:
It's been a great experience spending this hot summer with all of you. I've been very impressed with the enthusiasm, energy, and excitement that you all have consistently provided. Thanks for making this a memorable and valuable summer for all of us.

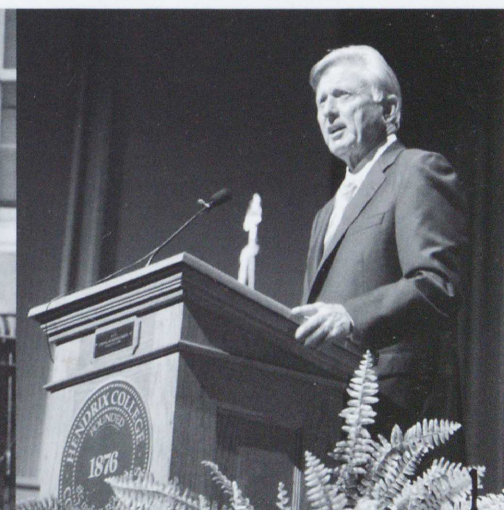

Ponder often the special times and interesting events you experienced here. Maybe there were some special speakers or films or teachers who made an intellectual impact on you that you will take with you far into your future. Maybe a conversation with a staff person or fellow student sparked an interest in your mind that you plan to pursue and develop. Maybe there was a fun activity or field trip that helped you learn about life that you enjoyed with others.

We packed a lot into these past four weeks. By now, you are probably a little worn out, but still not ready to leave! That's OK! Take the AGS spirit with you. Use it to enhance the intellectual atmosphere at your high school during your senior year and on into your college years. I'm sure you'll find that you'll fondly remember your AGS experience for years to come and that you'll remain close to your AGS classmates. And, remember this gift that the state of Arkansas bestowed upon you!

Next year at your school, share the AGS excitement with juniors and encourage them to apply to AGS. And, don't forget to come back for the AGS 2011 Reunion next summer. I look forward to greeting you as high school graduates! Best wishes for an exciting and fulfilling future!

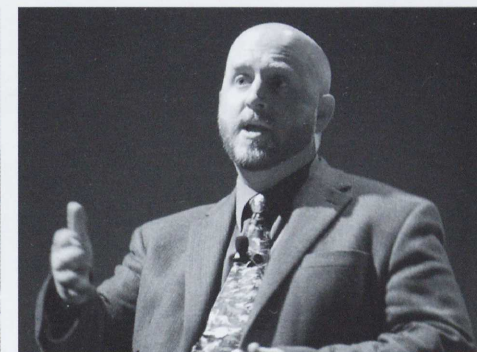

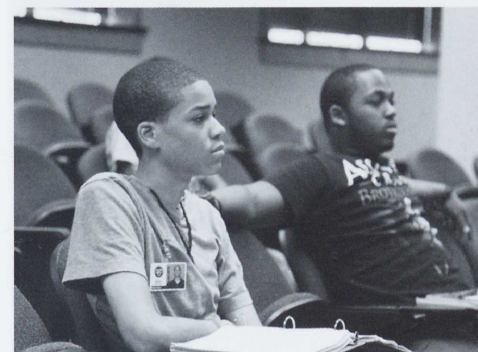

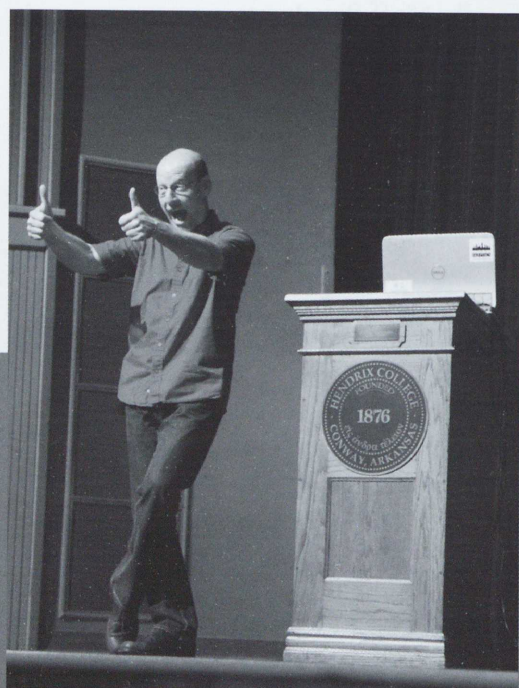

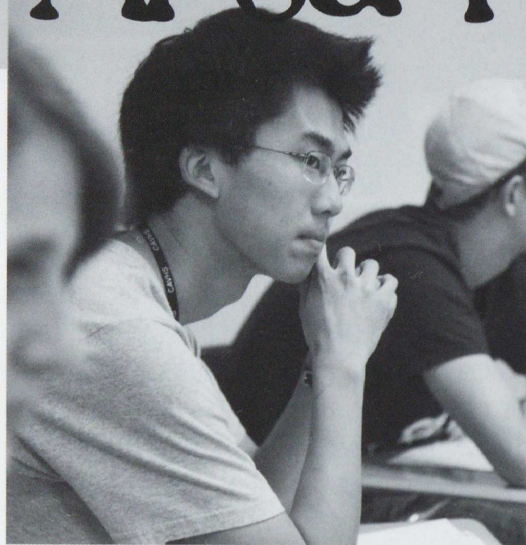

God bless you,
Lyle

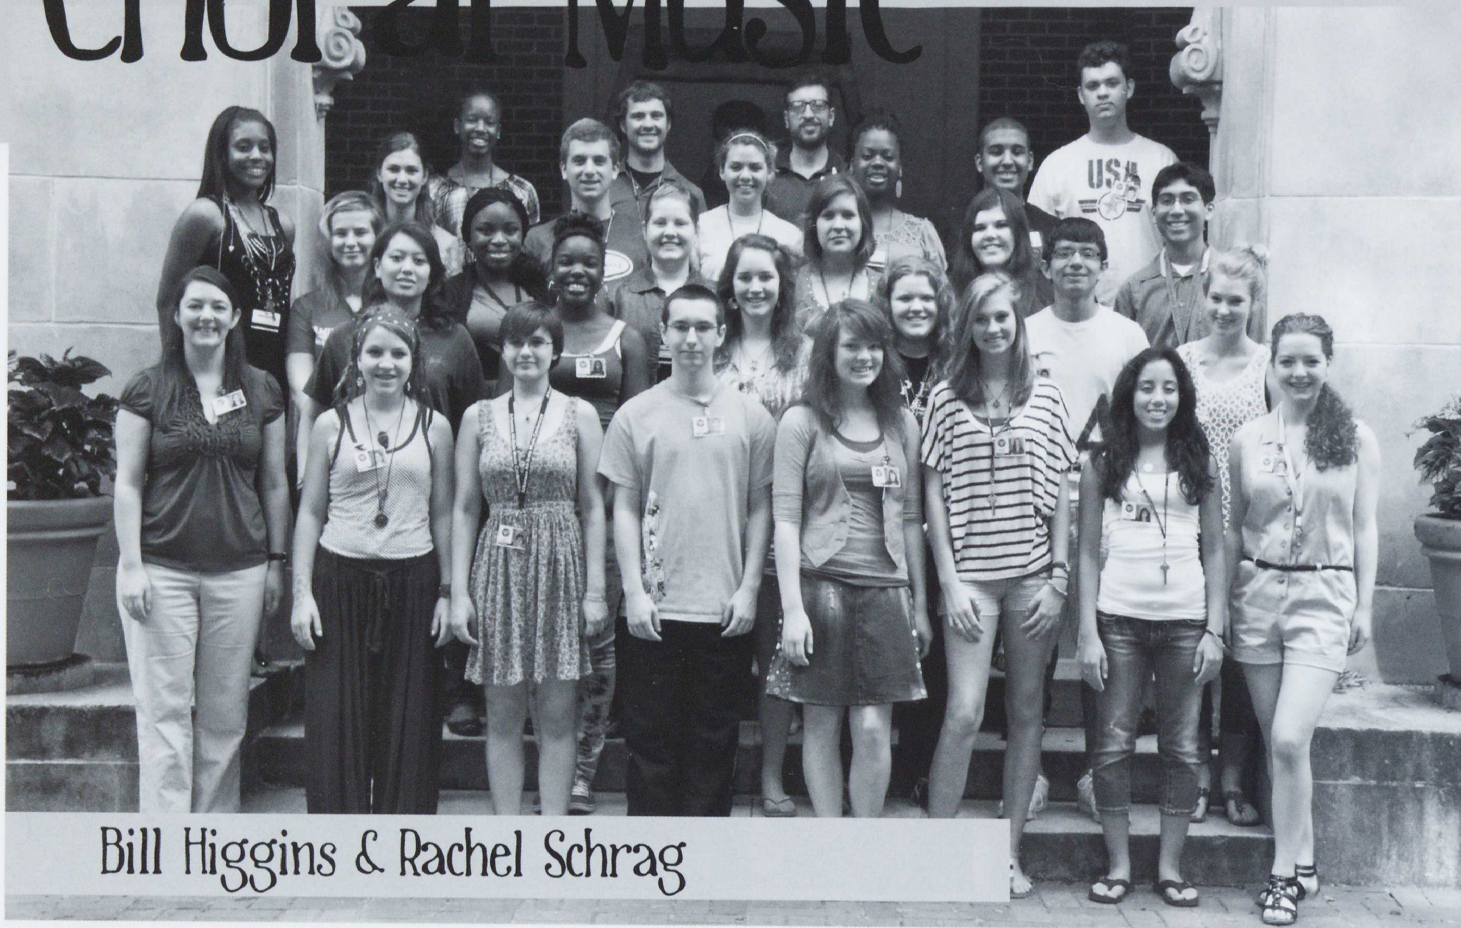

Area I

The curriculum in Area I embraces instruction in the artistic disciplines of Choral Music, Drama, Instrumental Music, and Visual Arts, as well as instruction in the disciplines of English/Language Arts, Natural Science, Mathematics, and Social Science.

Emphasis in Area I is placed on participatory learning experiences which expose students to the complex and critical systems that undergird the various fields of study. To this end, students examine new, challenging, and often-revolutionary theories, techniques, and works, all designed to challenge them to develop a critical stance based on careful scrutiny of ideas and developments within their areas of interest. Stacy Key is the Area I Academics Coordinator, and Tom McDonald is the Area I Arts Coordinator.

Area II

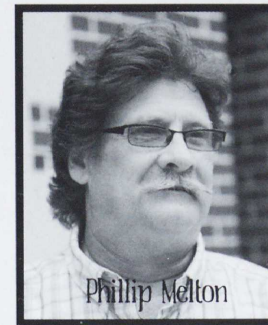

Revis Edmonds, Ta-Neisha Verley, Alexander Anderson, Jim Rush, Kathy Babcock, Phillip Spivey, Mark Elrod, and Tara Flanagan

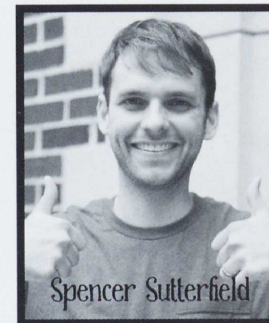

The Area II Curriculum is designed to enhance conceptual development. Students are encouraged to learn more about how knowledge is acquired (epistemology) and to understand the various ways of knowing in different disciplines. In striving to increase their ability to analyze diverse perspectives on current normative issues, students gain a new appreciation for their implications. Classroom discussion then leads students to progress toward deeper levels of intellectual reflection, which enhances their ability to become better thinkers. Mark Elrod is the Area II Coordinator.

Area III

Personal and Social Development

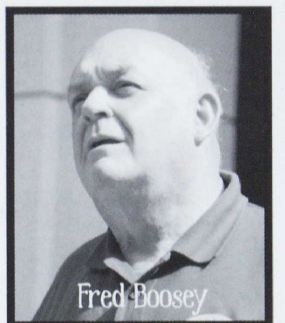

Phillip Melton

Spencer Sutterfield

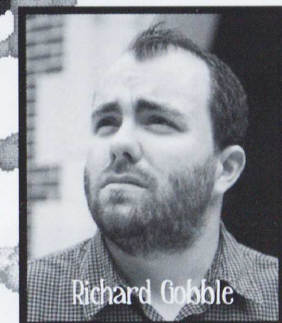

Melinda Beith

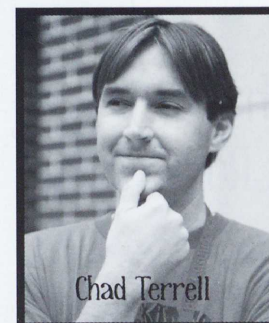

Fred Boosey

Elizabeth Eason

Richard Gobble

Chad Terrell

Debbie Hibbs

Area III is designed to foster the personal and social development necessary for the students to benefit fully from Area I and Area II classes and the cultural and social events of the AGS program. The Area III curriculum provides an opportunity for the students to see the importance of taking personal responsibility for one's own ideas and for one's participation in a democratic society.

Area III provides students a forum for actively exploring civic responsibility; it seeks to inspire a student's understanding of his or her own personal potential and to impress upon the student the values of character leadership, integrity, insight, and compassion, not only within their own communities, but also within society at large. Within this framework, students explore curricular issues such as theories of intelligence, conflict and stress management, psychological and personal theory, goal setting, and community service. Phillip Melton is the Area III coordinator.
