# Message from the Directors

Dear AGS 2019:

The 40th Arkansas Governor's School came with a change in location to Arkansas Tech University. While some of the details have changed, the core ideals of Arkansas Governor's School have stayed the same. We have added the theme of "Technology: Past, Present, and Future" to explore how technology has shaped our society's development and explore possible future developments. We have had several speakers and films which addressed what it means to be human in an increasingly technological world. Despite the changes, we have kept the traditional focus on conceptual, personal, and social development. Your classes and small groups have challenged you to think critically and work collaboratively. We hope this experience has better equipped you to

be successful in the future. You have made a lasting impact on all of us and we hope we have been successful in making an impact on you. Cherish the friendships you have developed at AGS. After you leave, keep in contact with your fellow participants and your faculty. We look forward to seeing what you accomplish. This community of scholars will be a great resource for you in the coming years. You are also a great resource for us. Share your experience with others. Encourage the younger students in your school to apply to AGS. Apply to become a Resident Assistant. Come be a speaker at a future AGS. At the very least, come back next summer for Alumni Day. You are now part of the AGS family and there are many ways you can contribute. Thank you for making the first AGS at ATU a success!

Robin Lasey, Director Arkansas Governor's School

AGS Class of 2019,

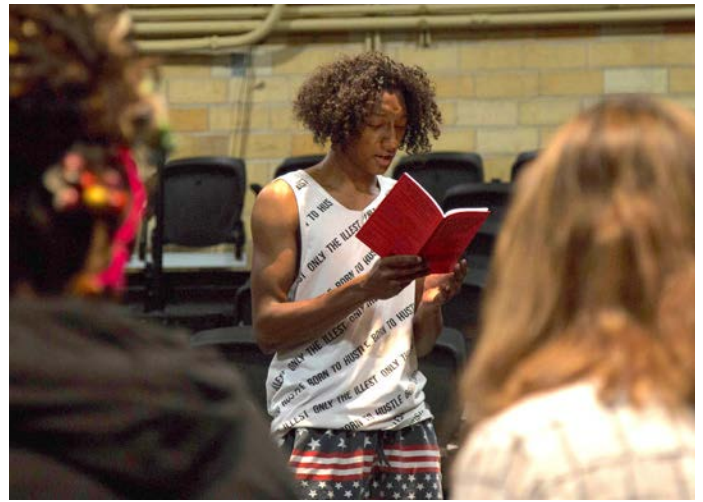

Thank you for an amazing AGS experience! AGS is about the classes, speakers, movies, activities and special events, but to me, it is more about the students and what they bring to each other and to this community as a whole. Please remember the faculty and speakers and their generosity in sharing what they know. Remember what you studied and the places you visited. Also remember the choices you made when grades and certificates did not matter and your phone wasn't always in your pocket. Remember Peggy! But most of all, please remember the people you met and the friends you made. It has been an honor and joy to serve as your co-director for AGS. I wish you the very

best as you move on to your next exciting life adventure.

Sincerely,  
Jeff Woods, Co-Director Arkansas Governor's School

# AREA I

Rising seniors in high school today are essentially cyborgs. Their smart phones give them almost immediate access to the world's information and disinformation. They also allow them to connect to each other and people all over the world in real time at the push of a few buttons. The technology theme at AGS is less a vehicle to teach technical skills - though some of that will occur - than a prism through which AGS students can collaboratively examine what it means to be human. Technology - smart phones, personal computers, artificial intelligence, genetic modification, biomedical augmentation, etc. - increasingly frames our students' daily communication, as well as their art, economics, politics, psychology, and ethics. As Henry Adams did at the turn of the twentieth century, AGS students will ask what it is to grapple with their humanity amidst the technological whirligig of the turn of the early twenty-first century. The Area I coordinators are Jeff Woods and Jeff Robertson.

# AREA II

Area II was designed to enhance student's conceptual development and critical thinking skills. Grounded in philosophy, students are encouraged to learn more about how knowledge is acquired. Students are also challenged to understand different ways of knowing in a variety of disciplines. The goal is to increase their ability to analyze diverse perspectives, better understand normative issues, and to gain a new appreciation on knowledge and life. In the classroom, students discuss progress toward deeper levels of intellectual reflection, which enhances their ability to become better thinkers and citizens. "The Area II Coordinators are Greg Michna and Jordan Thibodeaux."

Sarah Gordon, Aaron McArthur, David Blanks

Jordan Thibodeaux, Andrew Nolley

Dan Warwick, Latasha Holt,  
Greg Michna, Alexis Johnson

# AREA III

Area III is designed to foster social and personal development. The classes consider cultural and social issues and put their skills learned at Governor's School to the test. The goal is to develop innovative ways to help educate others and shed light on important societal issues. This area gives students the opportunity to see the value of taking personal responsibility for one's ideas and one's participation in a democratic society. Students actively explore civic responsibilities, uncover their own potential, set goals, and use their skills in leadership and compassion to make a difference in communities. The Area III coordinator is Sean Huss.

Special thanks also to Russellville Aquatics Center, Tyson Foods, Chartwells, Westrock Coffee, & Strikers Bowling Alley. Gratitude also to our guest speakers, Anna Wexler, Luke Dormehl, Jennifer Earl, Steve Fryer, Sarah Catherine Gutierrez, Mark Pearrow, & John McGraw. And our sincere appreciation to Conway Printing for printing this yearbook. Yearbook layout by Jasmine Greer.

# Jim Rush Milestone Service Award

The annual Milestone Service Award, which was presented to any faculty or staff member for every five years of service to AGS, was renamed The Jim Rush Milestone Service Award in 2018 in honor of Dr. James (Jim) Rush. Jim was the program's longest tenured faculty member having taught for 35 summers including the inaugural session in 1980. He was recognized for his Milestone Service Award in 2017, which was his last summer to teach for the program. He is the only faculty member, thus far, to teach in all three areas of study. He embodied the AGS spirit of inquiry, self-reflection, and compassion in all his teachings and actions and often said that the most important lesson to teach is to "know thy self." To read more about Jim and his life, you are welcome to visit <https://www.ogyen-gatsal-ling.com/celebrating-jim/>.

-Tim Purkiss, former administrative manager of Arkansas Governor's School and friend of Jim.
