Message from the Directors

Wow! What a year! Thank you for joining us in the first virtual Arkansas Governor's School. When we opened applications last October, I never imagined that we would not be at ATU right now but rather in our own homes in front of a computer screen. Instead of worrying about someone getting hurt or going off campus, I had to worry about someone losing their internet connection or disrupting a Webex meeting. However, I am really impressed with everyone's ability to make the best of this experience. You have shown true perseverance and grit. You worked through technical issues to still learn and play together. You have developed lasting friendships despite being separated by distance. Cherish these friendships. After you leave, keep in contact with your fellow participants and your faculty. We look forward to seeing what you accomplish. This community of scholars will be a great resource for you in the coming years. You are also a great resource for us. Share your experience with others. Encourage the younger students in your school to apply to AGS. Apply to become a Resident Assistant. Come be a speaker at a future AGS. At the very least, come back next summer for Alumni Day. You are now part of the AGS family and there are many ways you can contribute. Thank you for making the first (and hopefully only) virtual AGS a success!

Robin Lasey, Director, Arkansas Governor's School

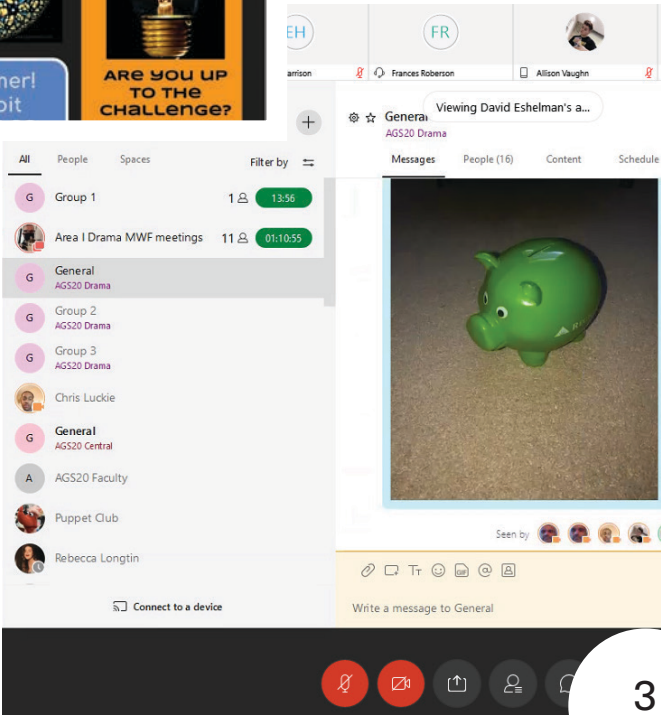

AGS Class of 2020,

Thank you for helping us make history! AGS has a long and proud tradition in Arkansas. Through this summer's COVID 19 pandemic, your governor's school class has kept that tradition alive. Holding AGS in an online environment posed many challenges. The technology, while mostly reliable, failed us occasionally. We had to learn new classroom dynamics and ways of communicating with each other. And we were all distracted by the comforts of home. But, in the end, we made it work. Students and faculty debated the most important and pressing issues of our time, explored new ideas and ways of thinking, created art, and built genuine relationships. All of our worlds grew a little, and we kept the magic of AGS alive. Please remember your faculty, group leaders, and speakers for their generosity in sharing what they know. Most of all, please remember the friends you made. It has been an honor and joy to serve as your co-director for AGS. I wish you the very best as you move on to your next exciting life adventure.

Sincerely,
Jeff Woods, Co-Director Arkansas Governor's School

The Governor's School offers nine special aptitude courses in Area I: Choral Music, Cybersecurity, Drama, English/Language Arts, Instrumental Music, Mathematics, Natural Science, Social Science, and Visual Art. Throughout Area I, students are acquainted with new concepts and new ways of understanding their focus of study. Area I introduces students to new facts, works, and techniques, but the central purpose of Area I is to develop student understanding of how theory works in organizing a field of knowledge.

Area II is designed to enhance student's conceptual development and critical thinking skills. Grounded in philosophy, students are encouraged to learn more about how knowledge is acquired. Students are also challenged to understand different ways of knowing in a variety of disciplines. The goal is to increase their ability to analyze diverse perspectives, better understand normative issues, and to gain a new appreciation on knowledge and life. In the classroom, students discuss progress toward deeper levels of intellectual reflection, which enhances their ability to become better thinkers and citizens. The Area II Coordinator is Jordan Thibodeaux.

Area III is designed to foster social and personal development. The classes consider cultural and social issues and put their skills learned at Governor's School to the test. The goal is to develop innovative ways to help educate others and shed light on important societal issues. This area gives students the opportunity to see the value of taking personal responsibility for one's ideas and one's participation in a democratic society. Students actively explore civic responsibilities, uncover their own potential, set goals, and use their skills in leadership and compassion to make a difference in communities. In other words, Area II teaches you how to think, but Area III teaches you how to feel. The Area III coordinator is Sean Huss.

We would like to thank the following people for helping to make this year's Arkansas Governor's School possible:

From the State of Arkansas: Governor Asa Hutchinson, Arkansas General Assembly, Arkansas Department of Education, Johnny Key, Stacy Smith, & Krystal Nail.

From Arkansas Tech University, President Robin Bowen, Sam Strasner, ATU AGS Committee, and hundreds of faculty and staff on campus.

From Arkansas Shakespeare Theater: Rebekah Scallet.

From Crystal Bridges: Nile Blunt.

From Clinton Library: Nate Thomas.

Gratitude also to our impact speakers, Steve Fryer, Polly Price, Isaiah Bailey, Jennifer Earl, Baratunde Thurston, & Kaila Mullady

And our sincere appreciation to Conway Printing for printing this yearbook.

Jim Rush Milestone Service Award

The Jim Rush Milestone Service Award is presented to any faculty or staff member for every five years of service to AGS. It is named in honor of Dr. James (Jim) Rush, the program's longest tenured faculty member. Jim taught for 35 summers including the inaugural session in 1980, and is the only faculty member, thus far, to teach in all three areas of study. He embodied the AGS spirit of inquiry, self-reflection, and compassion in all his teachings and actions and often said that the most important lesson to teach is to "know thy self."

To read more about Jim and his life, you are welcome to visit:
<https://www.ogyen-gatsal-ling.com/celebrating-jim/>

— Tim Purkiss, former administrative manager of Arkansas Governor's School and friend of Jim

2020 Milestone Service Award Recipient: John Anglin for 5 Years of Service

Messages of Appreciation to John Anglin, Veteran and Teacher

"Mr. Anglin, you have laid so much of your life before our country for our freedoms and our well-being. You willingly took so many risks for everyone here in the United States, and we appreciate everything you have done for us. You may be a stranger to us, we may be a stranger to you, but what really matters is that you fought for my rights, my freedom, and my life along with everyone else in this country. I highly respect you and I can not thank you enough for your service. We love you!"

— Austin Strawn

"Thank you so much for your service Mr. Anglin! Your fight for our freedom is worth more than words can say."

— Camryn Manning

"There's no way anyone can thank you enough for what you've done, but for what it's worth: thank you for your service, from the bottom of my heart. The willingness to fight for others and risk one's life is something I probably won't ever truly understand, but it means so much. You're an awesome person!!"

— Anonymous

"Mr. Anglin, thank you for your service. It means a lot that you would put your life on the line so that we can enjoy our freedoms."

— Amit Patil

"John, thank you so much for your service to our country and to AGS. I am inspired by your passion for and dedication to serving others"

— Justin Moss

"To Mr. Anglin and every veteran at AGS I would like to thank you all for your service, your self-sacrifice, and your survival. Your role not only as soldiers but as educators has greatly benefitted the lives of many. Though this is truly selfish of me, I implore you please continue your great work in whatever field you choose and thank you for your service."

— Frances Chen

"Thank you for all of your service. Although these are mere words and cannot truly function as a thank you, I still wish to thank you, and others, with all of my heart for your actions. From duty where you have protected our freedoms and the lives of countless people, to the classroom where you help to shape the lives of the next generation, you have wrought a great service to this country and its people. I believe that in the coming years you will be able to see the fruit of your actions, both on the battlefield and in the classroom. Thank you for your actions."

— Rayan Shuja

"Mr. Anglin, I don't really know you that well but I did have a mini discussion with you about space. You seem like a really cool person, and I am thankful for your service. It takes guts to do something like that. Also, I would like to thank my grandfather that somewhat recently passed. None of you knew him, but he was certainly something special. We didn't get along well when he was alive when I was a little kid because he was gruff but now that I look back on it, I can see that he really did care. He had this one scary story about him being mere feet away from the enemy, and I'm glad that enemy did not find him or else I wouldn't be here today. I never truly thanked him, so I will say it now. Better late than never. Thank you, grandpa."

— Mariah Perkins

"Thank you so much Mr. Anglin!! Joining the military takes guts, and I don't know if I could do what you have. Your love for the US and your class is inspiring. I want to have your level of passion for everything I do. Thank you for your service!!"

— Ella Layton

"Thank you for your service in the military. To all veterans a special shoutout to you for dedicating your time, life, and career to helping and serving."

— Anonymous

"To Mr. Anglin and all veterans, thank you for serving our country and being an amazing person in general. I support everyone who has served and gone through what you have gone through. It is a shame that some don't support our military or service members anymore, but just know, many have your back. I plan on going to the Naval Academy and serving as well so I am preparing myself to be in similar shoes as yours. Thank you for everything and stay awesome. We have your backs and are proud to say people like you serve our country."

— Bear Moore

"To Mr. Anglin; you gave the most impactful 410/610 out of all the ones I went to during AGS. Your service and memories are greatly appreciated and respected. And to all veterans, thank you for your service and everything you've done to keep our country safe and free."

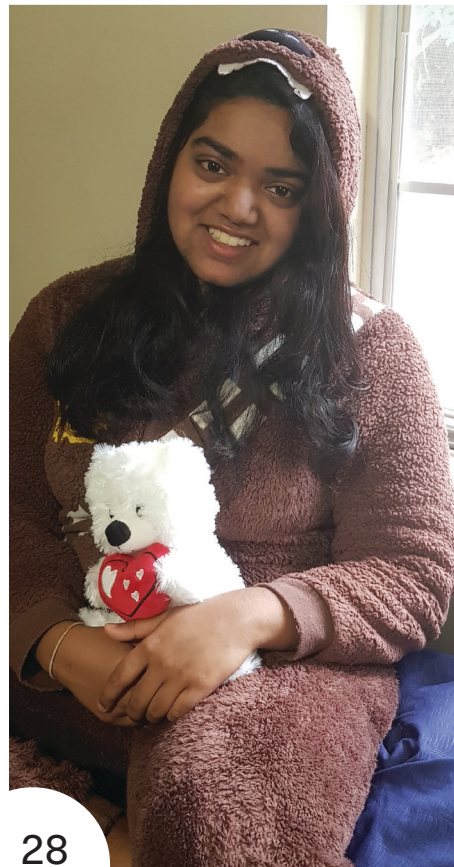

— Jake Fannon

Learning Me

My mental health journey during quarantine

As a 16 year old young woman, this quarantine and the world events during it have impacted me greatly, specifically mentally.

By Nekyehia McDonald

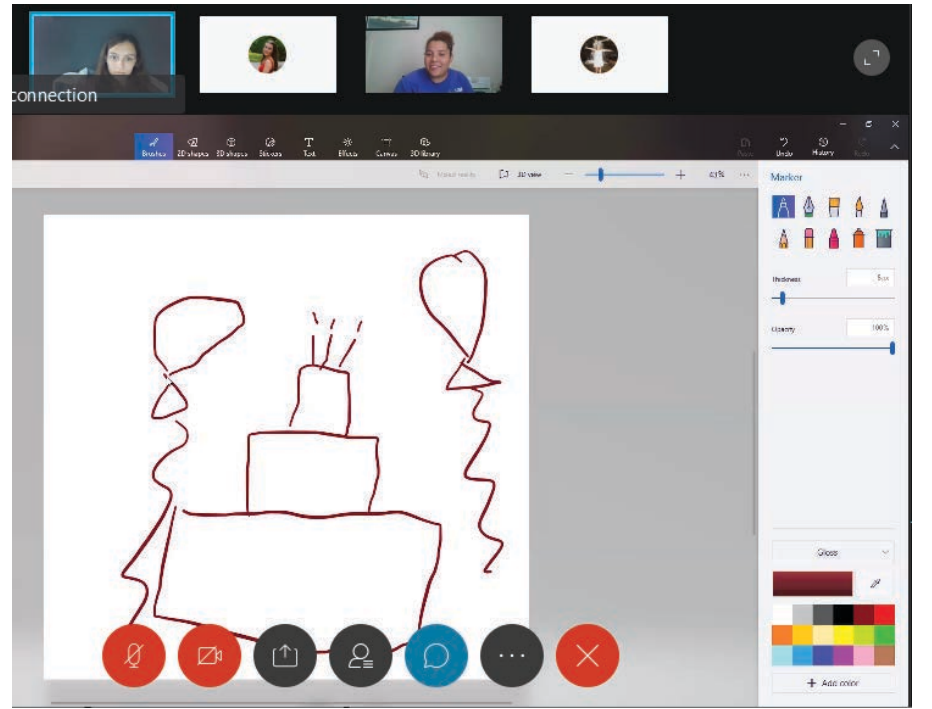

CUTTING OUT CLASSMATES

A NARRATIVE BY CIDNEY DAVIS ON BEING THE BLACK FRIEND

@ALISTDAVIS

I'll Tell You What I Want

A look at how a resurgence of 90's culture is effecting the world today

Parking Lot Parties

Social interaction during a global pandemic.

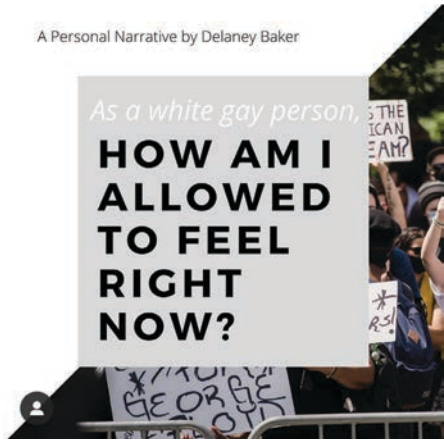

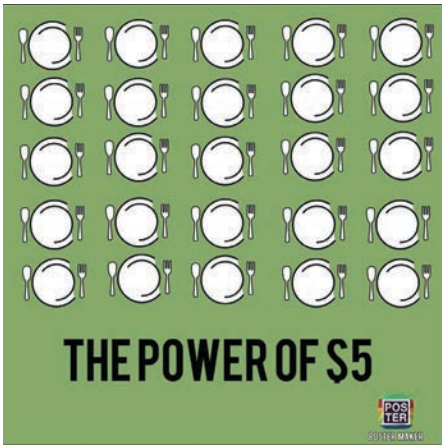

KEEPING A CLEAN WORK ENVIRONMENT DURING COVID-19

A CLOSE-UP LOOK AT THE STRUGGLE OF ESSENTIAL WORKERS

Faith Gaston
