Anonymous Landscape

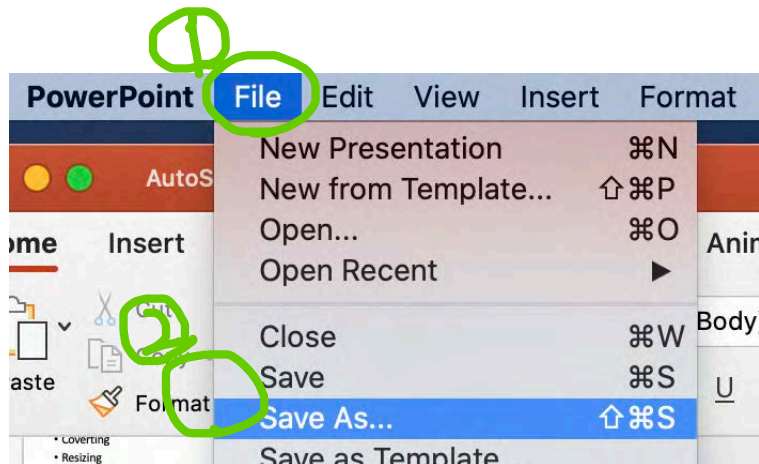

35"H x 50"W x 40"D

PLA plastic using a 3D pen and monofilament

2017

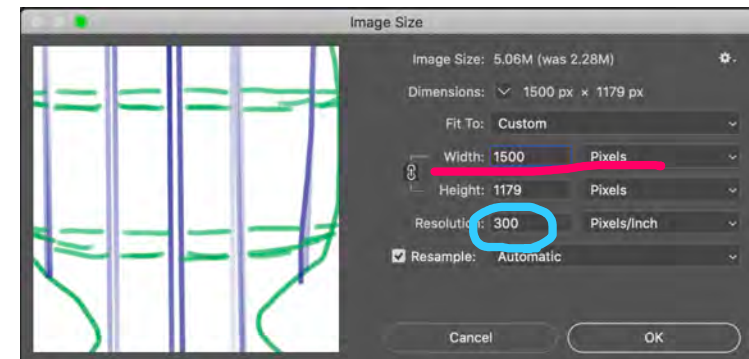

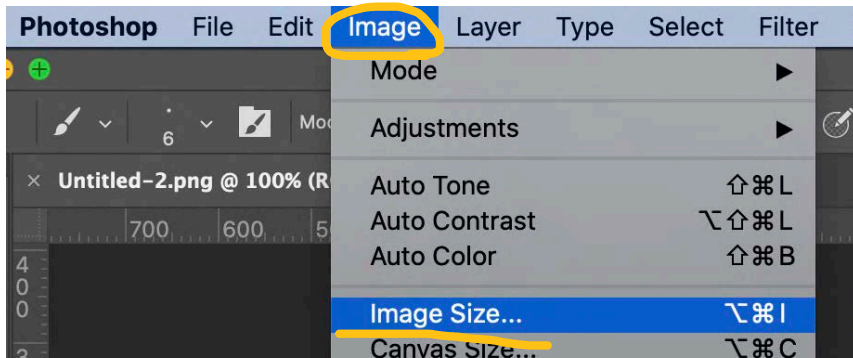

Converting -.docx or .pptx to PDF

- If you are using PowerPoint / Word
 - Go to file > Save As....
 - Name the file “LastnameFirstname_portfolio”
 - Choose file format “PDF”

Resize - Photoshop

- If your image (jpg/jpeg file) is too large, you must resize the image file.
- If you have Photoshop software, please follow the directions below
 - Open the file on Photoshop
 - Image > Image Size...
 - 1500 -2000 pixels in the longest dimension would be good to start (but it depends on the photo quality)
 - Resolution – 72ppi
 - Save the file and check the file size and you keep adjust the size until it gets approximately 1MB.

Resize – Adobe Free Online Image Resizer

- If you do not have Photoshop software, you can go to Adobe Online Image resizer: <https://www.adobe.com/photoshop/online/resize-image.html>
- You can crop, touch up, and adjust image on the webpage

Resize – when you convert to PDF

When you convert PowerPoint or Word document file to PDF, you choose “best for electronic distribution and accessibility (uses Microsoft online service)”. The file size will be reduced.

However, this option is depending on what version of software you are using.

Resize – Other resource

- If you cannot use any of the above methods, you can still resize files using other free online resources.
- Please research and resize your file up to 10MB. Appropriate file size is required.
- If you need further assistance, please do not hesitate to contact
