Question for Committee:

A. What do you want to get out of your time on committee?

2018-2019 Goals:

## Item

- A. Members of committee become college level assessment experts
- B. Looking at increase in level of assessment activities for committee members at data analysis level
- C. Work with General Education committee to perform more defined assessment of institutional goals (GE)

Group was in general agreement that Student Learning Outcomes Assessment is an important focus for the university, particularly in advance of 2020-21 HLC Reaffirmation Visit. Dr. Austin will be investigating the possibility for course release for members of committee as duties expand and greater need for data analysis on the College level becomes apparent.
