- 2 .Applicants must meet a minimum undergraduate cumulative GPA of 2.75 or a 3.0 GPA in the last 30 hours.

Academic Advisors

The academic advising process for degree students begins at the time that the student is admitted to the Graduate College. When the student is admitted, they need to meet with the Program Director for an advising and orientation session at the student's earliest convenience.

When the student meets with the program director, he/she is given an orientation, a master's degree program check-off list which outlines all major steps in completing the degree and a degree plan outline, a list of courses to be completed. This initial advising session ensures that the student is informed of all degree requirements, policies, and procedures; is familiar with the department and program director; and is assigned to an advisor (usually the program director). Subsequently, the academic advisor and the Graduate College monitor the student's progress as they progress through the program. It remains, however, the student's responsibility to understand and satisfy all degree requirements.

The graduate academic advisor is responsible for:

- 1 .Helping the student plan a balanced program of graduate work adapted to the student's particular interests, needs and abilities.
- 2 .Advising and assisting the student during the completion of the requirements for the degree.
- 3 .Assisting the student in preparing for the internship.
- 4 .Ensuring that the student is aware of assistance and services provided for graduate students by various university offices.

Degree Works

Degree Works is a software tool utilized by Arkansas Tech University designed to detail academic progression. It allows both students and advisors to monitor course progress towards degree completion and clearly indicates which course requirements have been met as well as how courses transfer into a program. Transfer courses must be approved through the use of a substitution/waiver form available via the Registrar for progress to display correctly within Degree Works.

Degree Works will display course progression based on the 2022 program of study, but a "what-if" scenario can be generated for any program to see how progression looks with the courses 2022ly completed and in progress. Note that if you have applied to and been admitted to a graduate program while still finishing your undergraduate program, Degree Works will show your new program of study in the graduate program and you would have to generate a "what-if" query to see your undergraduate degree progress.

Application for Graduation

In addition to satisfying all degree requirements, a candidate for a degree must file an [Application for Graduation](#) online or at the Graduate College. Students must apply for graduation upon completion of fifteen (15) graduate credit hours.
