## BACHELOR OF ARTS IN CRIMINAL JUSTICE AND CRIMINOLOGY

The curriculum in Criminal Justice and Criminology is designed to prepare students for occupations in a wide variety of industries. This includes policing, security, corrections, social services, and transportation security. The requirements are innovative and designed to meet policing needs in the 21st century. These include a Spanish language requirement, a Geographic Information Systems (GIS) option, and a curriculum that encourages a second minor or major in diverse and impactful areas, including Cybersecurity and Emergency Management. The program affords a transition opportunity for students who have completed an AAS in Law Enforcement Certification or Associate's Degree in Criminal Justice. It gives a strong base for graduate study in law, criminal justice, or criminology. Also, completion of the program provides a foundation for the Behavioral Sciences' Master's Degree in Applied Sociology, which has an emphasis in criminal justice studies.
