
BIOLOGICAL SCIENCES

BIOLOGY PROGRAM

The baccalaureate degree program in biology is designed to prepare students for a wide range of career opportunities. It also provides a solid foundation for those wanting to pursue specialization at the graduate level.

Arkansas Tech University is affiliated with the Gulf Coast Research Laboratory (GCRL) at Ocean Springs, Mississippi. With prior departmental approval, Arkansas Tech University students may enroll in marine biology courses at GCRL, with the credits applied toward the biology degree at Arkansas Tech. This affiliation makes possible a concentration in marine biology.

Bachelor of Science

Biology with options in:

Biomedical

General

Environmental Science

Medical Laboratory Science

Nuclear Medicine Technology

Life Science for Teacher Licensure

Minor

Dr. Eric Lovely, Director

McEver Hall, Room 117
