University Vision Statement
(adopted October 19, 2016)

Arkansas Tech University: where students succeed, innovation thrives, and communities flourish.

University Mission Statement
(adopted October 19, 2016)

Arkansas Tech University is dedicated to student success, access, and excellence as a responsive campus community providing opportunities for progressive intellectual development and civic engagement. Embracing and expanding upon its technological traditions, Tech inspires and empowers members of the community to achieve their goals while striving for the betterment of Arkansas, the nation, and the world.

Graduate College Vision & Mission Statement
(adopted January 2014)

The vision of the Graduate College of Arkansas Tech University is to empower students through advanced degrees to meet the demands of a global society through intellectual inquiry, scholarly attainment, artistic endeavors and creative pursuits within and across disciplines.

The mission of the Graduate College of Arkansas Tech University is to encourage a diversity of ideas in a climate of academic freedom and integrity. Advanced degrees are designed to complement and enhance undergraduate programs. The Graduate College is an advocate for graduate study and seeks partnership with other entities to accomplish our goals more efficiently. The Graduate College serves to nurture and preserve academic excellence by taking the lead in shaping policy and assisting faculty in guiding and mentoring graduate students in becoming accomplished and ethical scholars, researchers and practitioners in their disciplines.

About Arkansas Tech University
Arkansas Tech University, with its spacious 516-acre campus, is located on the northern edge of the city of Russellville. This growing community, with a population of approximately 28,000, is ideally situated between the mountains of the Ozark National Forest to the north and those of the Ouachita National Forest to the south. It is midway between the state’s two largest population centers, Fort Smith, 85 miles to the west, and Little Rock, 75 miles to the east. Interstate Highway 40 passes just north of the campus and connects these two cities.

In addition, Russellville is the crossroads of activity for State Highways 7, 22, 64, and 124. The historic natural crossing of the Arkansas River at Dardanelle is four miles to the south. The navigable river forms a 36,600 acre lake with 315 miles of shoreline behind a lock and dam located just southwest of the city. The Missouri Pacific Railroad passes through the city and parallels the river between Little Rock and Fort Smith.

Russellville is the county seat of Pope County. Historic Dwight Mission, established by the American Board of Foreign Missions among the Cherokee Indians in 1821, was located a short distance west of Arkansas Tech University on Illinois Bayou, where that stream is now crossed by Highway 64. Descendants of Cephas Washburn, the intrepid missionary who founded the mission and named it for Timothy Dwight of Yale, live in Russellville at the present time.

Arkansas Tech University is in the center of an area experiencing vigorous industrial development as evidenced by the growth of local industry and the number of national concerns locating plants in the area. Arkansas Nuclear One, the first nuclear power plant completed in the Southwest, and a second nuclear power unit have been constructed near Russellville by Entergy, thus assuring continued industrial growth. Headquarters for District 9 of the Arkansas Highway Department and for the Ozark – St. Francis National Forests are located in Russellville. The McClellan – Kerr Navigation Project is having a significant effect upon the development of the area. The impoundment of the Arkansas River has formed Lake Dardanelle which borders the west edge of the campus. Poultry, cattle, soybeans, cotton, and lumber are the principal money crops in the area served by Arkansas Tech University.

All instructional programs at Arkansas Tech University are taught in buildings which have been specifically designed or modified to complement the projected instructional tasks. The Corley Building, expanded in 2009, provides instructional space and state of the art laboratories for engineering, computer science, and mathematics. McEver Hall, renovated and expanded in 2010, provides specialized classrooms and labs for Biological and Physical Sciences. Norman Hall, which was completed in 2007, houses the Department of Art and contains a gallery and specialized classrooms. Rothwell Hall houses Academic Advising, College of Business offices and classrooms, a trading room with a live Stock Market Ticker and Video Display Wall, and the Arkansas Small Business and Technology Development Center. Rothwell Hall was not only completed in Arkansas Tech's 100th year of operation (2009), but is also Tech's 100th building. Construction of the Brown Building, named in honor of former Arkansas Tech University president Dr. Robert Charles Brown and his wife, Jill Lestage Brown, will be completed in 2016. The Brown Building will provide classroom and conference room space for the university as well as office space for operating areas such as admissions, registrar, student accounts, financial aid, payroll, budget, human resources and the university's federally-funded TRIO programs - Upward Bound and Student Support Services.

In addition to instructional programs, the Physical Plant of Arkansas Tech University provides space for varsity and intramural recreational activities, and the University farm.

Arkansas Tech University has several resources which lend themselves to serving the cultural and recreational needs of the University and surrounding community. The John E. Tucker Coliseum complements the instructional program by providing a setting for concerts, conventions, and sporting events. The Witherspoon Arts and Humanities Building has an auditorium with a seating capacity of 742. The L.L. “Doc” Bryan Student Services Center constitutes the main facility for student services, student government, publications, and indoor recreational activities. The Arkansas Tech Museum, located in the Technionary Building, contains exhibits on Arkansas Tech history; museum lectures and events address cultural needs on the campus and in the community, and offer opportunities for students in the Parks, Recreation and Hospitality Department to become involved in interpretive activities.
Arkansas Tech University’s Lake Point Conference Center is located west of Russellville and is nestled on Lake Dardanelle in a beautiful wooded setting and offers private guest rooms, elegant and casual food service, unique amenities and spectacular views from every building. Lake Point Conference Center can accommodate a wide variety of meetings, training, conferences, retreats, as well as business and social functions.

The Ross Pendergraft Library and Technology Center opened in June 1999. The facility is an architectural landmark which signaled a new era of library service at Arkansas Tech University. Some of its features are group study rooms of various sizes; more than 130 general use computer workstations configured for a variety of student needs; networked access to databases and electronic reference resources; a reference desk dedicated to assistance and instruction in information search and retrieval processes; two help desks for technology-related problems; a distance learning classroom; a large conference room equipped with audiovisual support; instructional computer labs; a music/multimedia computer lab; copiers and scanners; networked printing with 200 free pages per semester for students; access to the campus wireless network with your own mobile device; comfortable reading areas with great views; and well-designed furniture throughout the building’s open floor plan.

Ross Pendergraft Library and Technology Center houses more than 1,225,000 items, including: 175,000 print volumes; 900,000 microforms; 120,000 government documents; 16,000 multimedia items; and 700 periodical subscriptions. Among these holdings are extensive backfiles of journals and newspapers. Photocopers and microform reader-printers are available at several locations in the library. The library is a member of AMIGOS, a regional broker of international bibliographic data and information services. Over 150 electronic databases covering most subjects are accessible from the library and over the Internet through the Tech homepage at http://library.atu.edu. Assistance in the retrieval and use of materials is provided by seven professional librarians, ten paraprofessional staff, and a number of part-time employees. Librarian-mediated instruction and online searches are provided on request. Materials not available in the library may be requested through our interlibrary loan system, normally at no charge. The Library is the publisher of the retrospective Arkansas Gazette Index.

Pendergraft Library is open 97 hours per week except between semesters and during holidays. The state-of-the-art facility includes a variety of computer labs (both open use and instructional), a music/multimedia lab, two distance learning classrooms, a large conference room, five breakout/meeting rooms, ten group study rooms, satellite downlink, cable TV connections, 135 publicly accessible computers, 132 lab computers, about 400 data drops for laptop computers, and access to the Tech wireless network.

History

Arkansas Tech University was created by an act of the Arkansas General Assembly in 1909. Under the provisions of this Act, the state was divided into four Agricultural School Districts. Boards of Trustees were appointed by the Governor with the approval of the Senate, and appropriations were made for the erection of buildings and employment of a faculty for a district agricultural school in each of the four districts.

Twenty counties of northwestern Arkansas were designated as the Second District. Governor Donaghey appointed W. U. Balkman, J. R. Williams, H. S. Mobley, A. D. Shinn, and O. P. Nixon as a Board of Trustees for the Second District Agricultural School. Several towns made efforts to have the school located in their area. After considering all proposals, the Board of Trustees decided to locate it at Russellville, which had made an offer of a tract of 400 acres of land adjoining the city limits and a cash bonus of several thousand dollars.

The school opened its doors for students in the fall of 1910. The first class to graduate from the school was the high school class of 1912. In 1921-22, a freshman year of college work was offered, in 1922-23 a second year, in 1923-24 a third year, and in 1924-25 a fourth year. The General Assembly in 1925 changed the name from the Second District Agricultural School to Arkansas Polytechnic College with power to grant degrees. The class of 1925 was graduated with the degree of bachelor of science, as was the class of 1926. The effort to maintain a four-year high school and a
four-year college proved beyond the resources of the institution at that time, and it became a junior college in the fall of 1927. The four years of secondary work were dropped, one year at a time, and the last high school class was the class of 1929.

Changing and increasing demands for college education in Arkansas caused the Board of Trustees in 1948 to convert the college from a junior college to a degree-granting institution. In 1948-49 the college offered the third year of college work, and in 1949-50 the fourth year, with the first baccalaureate degrees awarded at the end of the 1949-50 spring semester. A graduate program leading to the degree of master of education was established in 1976. Graduate courses were first offered by Arkansas Tech in the summer of 1975.

In accordance with an act of the Arkansas General Assembly and by the authority of the State of Arkansas Board of Higher Education, the name of Arkansas Polytechnic College was changed to Arkansas Tech University, effective July 9, 1976.

Arkansas Tech has consistently adjusted its scope to accommodate immediate and future needs. In 1985 the institution reorganized its programs into the Schools of Business, Education, Liberal and Fine Arts, Physical and Life Sciences, and Systems Science. In 1997, the School of Community Education and Professional Development was established. As part of ongoing efforts in strategic planning and recognition of the growth and scope of the institution and its programs, the schools were renamed in 2009: College of Business, College of Education, College of Arts and Humanities, College of Natural and Health Sciences, College of Applied Sciences, and College of Professional Studies and Community Outreach. In 2013, the College of Applied Sciences was renamed the College of Engineering and Applied Sciences. In 2015, the College of Professional Studies and Community Outreach was renamed the College of eTech.

In July of 2014, Arkansas Tech University was granted a change in role and scope and permission to begin offering a Doctor of Education degree in school leadership. In May of 2015, the Higher Learning Commission, a commission of the North Central Association of Colleges and Schools, granted accreditation for the Arkansas Tech Doctor of Education degree.

The purpose of the graduate program is to provide graduate education opportunities in professional education, sciences, technology, and the liberal arts to anyone who seeks, and who is eligible for admission to the University.

Arkansas Tech University currently offers the following graduate degrees: Master of Arts, Master of Education, Master of Liberal Arts, Master of Science, Master of Science in Education, Master of Science in Nursing, Master of Engineering, and Educational Specialist in Educational Leadership.

The University has an interest in meeting the professional growth and advancement needs of certified teachers and professionals in the service region. The Master of Education includes majors in Educational Leadership; Special Education K-12; Instructional Technology; School Counseling and Leadership; and Teaching, Learning and Leadership. The Doctor of Education includes a major in Educational Leadership.

The Doctoral degree in Educational Leadership focuses on scholar/practitioner involved in field-based action research in order to apply new knowledge and skills at work.

The Educational Specialist degree in Educational Leadership prepares school leaders for district level leadership positions and leads to district level licensure in Arkansas.

The Master of Liberal Arts offers major concentrations in Communications, Fine Arts, and Social Sciences. It is designed to serve the graduate education needs not only of certified teachers, but of anyone interested in the post-baccalaureate study of the liberal arts, including professionals with specialized undergraduate backgrounds.
The Master of Arts in English, English with a TESL option, History, Teaching, and Teaching English to Speakers of Other Languages (TESOL) provide for more specialized study for students interested in these areas. It will also prepare those students interested in pursuing their doctorate.

The Master of Arts in Multi-Media Journalism offers professionals the opportunity to study journalism as impacted by the growth of technology.

The Master of Science in College Student Personnel is a two-year, practitioner-oriented program, philosophically based in college student development and university administration. It is designed to prepare thoughtful, compassionate, first-line student and university service administrators armed with the knowledge, skills and dispositions needed to begin a career in the variety of settings in which such services are needed. These include, but are not limited to, admissions counseling, advising, financial aid, orientation, housing, student programming, alumni affairs, and development.

The Master of Science in Emergency Management and Homeland Security offers a specialized program both for existing career professionals in the discipline and for those seeking the diverse employment opportunities available in this evolving career field.

The Master of Science in Fisheries and Wildlife Science offers a research-based program for those interested in the areas of fisheries and wildlife, and also serves in preparation for those pursuing the doctorate.

The Master of Science in Health Informatics (MSHI) is a specialized program of study to serve the increasing workforce needs in the area of health information technology. The curriculum utilizes a multidisciplinary approach to include health care delivery concepts coupled with information technology in a changing environment.

The Master of Science in Information Technology provides for education in technology information management. This program has two options: (1) Computer-Based Instructional Technology in educational settings and (2) Information Technology in business settings.

The Master of Science in Psychology program is designed to provide advanced students with sufficient breadth and depth to function in a variety of professional environments.

The Master of Science in Applied Sociology program is designed to provide advanced students with sufficient breadth and depth to function in a variety of professional environments. While emphasis is placed on research and Sociological Principles, a concentrated effort is also made to establish the foundation necessary for application.

The Master of Science in Strength and Conditioning Studies is designed to provide graduate level instruction in the theory and science of strength and conditioning. The 33 hour program is designed to meet the needs of coaches, physical educators, physical therapists, athletic trainers, and others interested in the fitness profession. Upon completion of this degree, students may pursue certifications such as the Personal Trainer or Strength and Conditioning Specialist (CSCS) by the National Strength and Conditioning Association (NSCA).

The Master of Engineering program is designed to provide for advanced study and opportunities in project management and team leader positions. The Master of Engineering has concentration areas in Electrical and Mechanical Engineering.

The Master of Science in Nursing program is designed to provide advanced study for nurses in the area of administration & emergency management.

**Philosophy of Graduate Program**
Arkansas Tech University holds to the principle that graduate-level scholarship should be based on highly developed habits of critical judgment, independent thinking, creative initiative, and disciplined inquiry. Successful completion of the graduate program signifies that the student has acquired the research skills of an independent scholar, with expertise in a particular field of study.

The student admitted to graduate study at Arkansas Tech University should not expect to acquire these skills and to achieve this expertise through classroom and laboratory instruction alone; rather, the student should expect to draw upon independent resources to collect, organize, and synthesize research data and information in order to achieve scholarly expertise in the chosen field of study. Graduate study, then, aids the student to acquire the skills needed to identify important problems, to establish modes of inquiry, to formulate proposed solutions, and to communicate the interpretation of scholarly and research analysis.

Administration of Graduate Program
The graduate program is administered by the Graduate College Dean who is directly responsible to the Vice President for Academic Affairs. Policies governing the graduate program are developed by the Graduate Council; matters pertaining to the graduate teacher education program are reviewed and approved by the Teacher Education Council before being presented to the Graduate Council. Policies are then approved by the Vice President for Academic Affairs, President of the University, and the Board of Trustees.

While every effort will be made to conform to catalog announcements, the University reserves the right to adapt its program as may be necessary.
Arkansas Tech University, a state-supported institution of higher education, is dedicated to nurturing scholastic development, integrity, and professionalism. The University offers a wide range of traditional and innovative programs which provide a solid educational foundation for life-long learning to a diverse community of learners.

Accreditation

Arkansas Tech University is accredited by The Higher Learning Commission.

1140 19th Street, N.W.
Suite 400
Washington, DC 20036
(202) 223-0077
This accreditation covers the institution’s initial teacher preparation and advanced educator preparations programs.
Enrolling In College

Students are urged to acquaint themselves with this catalog thoroughly. It sets forth policies and procedures for enrolling and successfully completing the various programs of study.

The basic responsibilities of selecting a major field, enrolling in the prescribed courses of study in the field, and complying with the University’s requirements for graduation rest with the student; however, University personnel will assist the student with problems encountered. Further assistance is offered in the form of capable departmental advisors, a full-time guidance and counseling service, and an appropriate graduation check list to serve as a reminder of the various graduation requirements.

The provisions of this catalog are subject to change without notice and do not constitute an irrevocable contract between any student and Arkansas Tech University.

Equal Opportunity Employment

Arkansas Tech University will provide equal opportunity in employment to all persons. This applies to all phases of the personnel process, including recruitment, hiring, placement, promotion, demotion, separation, transfer, training, compensation, discipline, and all other employment terms, conditions, and benefits. Arkansas Tech University prohibits discrimination based on race, color, religion, national origin, sex, sexual orientation, gender identity, age, disability, genetic information, or veteran status.

Arkansas Tech University will provide a copy of this policy to all applicants for employment. All faculty and staff will be notified annually of the policy. Further, Arkansas Tech University will consider through a designated grievance procedure, the complaints of any person who feels that he or she has been discriminated against on the basis of race, color, religion, national origin, sex, sexual orientation, gender identity, age, disability, genetic information, or veteran status.

Affirmative Action

Arkansas Tech University will have an Affirmative Action Plan that contains a set of specific and result-oriented procedures to apply every good faith effort to achieve prompt and full utilization of minorities, women, those with disabilities or veterans at all levels and all segments of its workforce where deficiencies exist. Additionally, Arkansas Tech University will continually monitor and evaluate its employment practices to ensure that they are free of bias or discrimination based upon race, color, religion, national origin, sex, sexual orientation, gender identity, age, disability, genetic information, or veteran status.
A copy of the Affirmative Action Plan, including specific responsibilities and provisions for implementation and compliance, will be made available upon request.

Responsibility for implementation and compliance with this Affirmative Action policy has been delegated to the Affirmative Action officer, Ms. Jennifer Fleming.

Arkansas Tech University does not discriminate on the basis of color, sex, sexual orientation, gender identity, race, age, national origin, religion, veteran status, genetic information, or disability in any of its practices, policies, or procedures. This includes, but is not limited to, employment, admissions, educational services, programs or activities which it operates, or financial aid.

Arkansas Tech University complies with all applicable state and federal laws including, but not limited to, Title VI and Title VII of the Civil Rights Act of 1964 as amended, Title IX of the Educational Amendments of 1972, Section 503 of the Rehabilitation Act of 1973, Section 504 of the Rehabilitation Act Amendments of 1974, Age Discrimination Act, Vietnam Era Veterans Readjustment Assistance Act, Uniformed Services Employment and Reemployment Act, the Civil Rights Restoration Act of 1987, the Americans with Disabilities Act of 1990, and the Civil Rights Act of 1991. Responsibility for implementation and compliance with this Non-Discrimination Policy has been delegated to Jennifer Fleming, Affirmative Action officer who can be reached by emailing affirmative.action@atu.edu or calling 479-498-6020.

It is the policy of Arkansas Tech University to maintain the University Community as a place of work and study for staff, faculty, and students free of harassment, to include sexual and gender harassment and all forms of sexual intimidation and exploitation. All students, staff, and faculty should be aware that the University is both concerned and prepared to take action to prevent and correct such behavior. The determination of what constitutes sexual harassment will vary with the particular circumstances, but it may be described generally as unwanted sexual behavior, such as physical contact and verbal comments or suggestions which adversely affect the working or learning environment of others. Anyone who is subjected to offensive sexual behavior is encouraged to pursue the matter through the established informal or formal grievance procedures. Generally, the informal procedures afford an opportunity to explore a problem and consider alternative means for its resolution.

Annual Budget / Financial Report

A copy of the annual budget is available in the Ross Pendergraft Library and Technology Center. A copy of the annual financial report is available from the Office of the Vice President for Administration and Finance in Room 207 of the Administration Building.

Sabrina Anwar, International Student Services and Administrative Specialist

Jan Apple, Articulation Coordinator

Brett Arrington, Institutional Research Associate

Sabrina Billey, Area Coordinator for Residence Life

Sara Bradberry, Director of Graduate Support Services

Emily Bradley, Coordinator of Leadership and Service

Tosha Bradley, Associate Director for Admissions Operations

Jessica Brock, Associate Director for Concurrent Enrollment Programs

Rachel Bullock, Bookstore Manager

Jenny Butler, Assistant Director for Campus Life
Luke Calcatera, Coordinator of Campus Recreation/Head Men's Golf Coach
Cass Capen-Housley, Event Coordinator for Hospitality Administration
Liz Chrisman, University Photographer
Nichole Christensen, Student Support Services Program Advisor
Pat Chronister, Assistant to the Vice President for Academic Affairs
Sara Chronister, International Student Admissions and Immigration Specialist
Lisa Clark, Director of Online Partnership and Military Outreach
Fred W. Clayton, Director of Administrative Services
Brandi Collins, Licensing Coordinator
Pam Cooper, Coordinator of Donor Relations
Will Cooper, Assistant Dean for Student Conduct
Greg Crouch, Director of Grants and Sponsored Programs, Pre-Award
Jana Crouch, Director of Academic Services
Angela Crow, Director of Student Accounts
Kelly Davis, Director of Alumni Relations and Tech Loyalty Fund
Kristy Davis, Associate Dean of Student Wellness
Shawna Davis, Target School Liaison, Upward Bound Program
Jordan Denton, Assessment Specialist
Melanie Diffey, Career Advisor
Tim Diffey, Academic Advisor
Shauna Donnell, Assistant Vice President for Enrollment Management and Director of Admissions
Brent Drake, Director of Development Services
Victor Dreier, STEM Institute and PLTW State Affiliate Director
Jennifer Duncan, Coordinator of Greek Life
Katherine Ehemann, Associate Controller
Elishia Fairfield, Director of Student Success Services
Bryan Fisher, Director of Athletic Relations
Tommy Fields, Assistant Dean for Residence Life
Debra Fithen, Director of Corporate and Foundation Relations
Jennifer Fleming, Affirmative Action Officer
Rhonda Fleming, Assistant Registrar
Eli Fuentez, Academic Advisor
Beth Giroir, Assistant Vice President for Student Success Initiatives
Shirley M. Goines, Director of Student Aid
Rebecca Gray, Director of Health Services
Brandie Griffin, Associate Director of Undergraduate Student Recruitment
Tammy Guarino, Student Services Operations Manager
Jamison Hall, Associate Registrar
MarTeze Hammonds, Associate Dean for Diversity and Inclusion
Jenny Hardin, Academic Advisor
Phillip Harp, Academic Advisor
Jill Hendricks, Director of Upward Bound Programs
Tiffany Henry, Grant Coordinator, Office of Sponsored Programs and University Initiatives
Aaron Hogan, Associate Dean for Residence Life
Jessica Holloway, Purchasing Program Director
Aubrey Holt, Director of Student Life
Samantha Huggins, Admissions Officer
Lindsey Ingmire, Assistant Director for Programming, International and Multicultural Student Services
Linda Johnson, Budget and Special Programs Director
Aaron Jones, Coordinator of Alumni Communications and Events
Cara Knight, Academic Advisor
Brian Lasey, Director of Facilities Management
Marika Lederman, Director of Academic Advising Center
Areana Lopez, Admissions Officer
Brittany Martin, Associate Registrar
Ricky L. Massengale, Sr., Associate Vice President for University Initiatives
Joshua McMillian, Director of Public Safety
Liz Means, Director of Testing and Disability Services
Steve Milligan, Director of Technology Center/Associate Director of Information Systems for Networked Systems
Mark Mitchell, Instructional Design Specialist
Clay Moore, Coordinator of Campus Life
Theresa Motley, Associate Director of Information Systems for Support Services
Jeff Mott, Chief of Staff
Steve Mullins, Director of Athletics
Hanna Norton, Assistant Vice President for Academic Affairs and Dean, College of eTech
Marsha Oels, Coordinator of Veteran Services
Yasushi Onodera, Director of International and Multicultural Student Services
Amy Pennington, Vice President for Student Services and Dean of Students
Thomas Pennington, Associate Vice President and Counsel to the President
Carrie Phillips, Director of New Media
Karen Pittman, Coordinator of Testing Services
Courtney Pratt, Admissions Officer
Donna Rankin, Controller
Tammy Rhodes-Weaver, Registrar
Karen Riddell, Coordinator of Academic Support Services
Daniel Riedmueller, Academic Advisor
Lindsey Riedmueller, Student Support Services Program Advisor
Mike Rivas, Assistant Director for Admissions, International and Multicultural Student Services
Alexis Scrimshire, Assistant Registrar
Paul Smith, Sports Information Director
Kevin Solomon, Associate Dean for Campus Life
Brooke Southard, Director of Payroll and Special Services
Michael Stoker, Director of Web Strategies and Operations
Heather Stout, Registered Nurse
Heather Strasner, Campus Visit Coordinator
Sam Strasner, Director of University Relations
Alison Taylor, Coordinator of Young Alumni and Student Philanthropy
Ryan Taylor, Coordinator of Information Services
Scott Tomlin, Academic Advisor
Bruce Trefney, Executive Chef, Lake Point Conference Center
Brandi Tripp, Associate Registrar
David G. Underwood, Associate Vice President for Academic Affairs
Liz Underwood, Coordinator of Creative Services
Kao Vang, Target School Liaison, Upward Bound Program  
Allison Vatzlavič, Assistant Dean for Residence Life  
Caroline Vining, Coordinator of Alumni Giving Programs  
Alisa Wanieowski, Associate Director for Academic Scholarships  
Wyatt Watson, Director of Institutional Research and Assessment  
Felisha Weaver, Director of Publications and Creative Services  
Kenneth D. Wester, Director of Information Systems  
Dave Wilbers, Academic Advisor  
Lori Wineland, Director of Student Support Services Program  
Brandon Wright, Director of Career Services  
Clay Wyllia, Admissions Officer

---

**Academic Administration**

**College of Arts and Humanities**  
Jeffrey R. Woods, Dean  
Dawn M. Ward, Head of Art Department  
David Ward, Head of Behavioral Sciences Department  
Anthony Caton, Head of Communication and Journalism Department  
Carl W. Brucker, Head of English and World Languages Department  
David Blanks, Head of History and Political Science Department  
Cynthia L. Hukill, Head of Music Department

Jeff W. Robertson, Dean  
Stephen Jones, Associate Dean

**College of Education**  
Mary Gunter, Dean  
Linda Bean, Associate Dean  
Chris Giroir, Associate Dean of Graduate College and Head of College Student Personnel Department  
Linda Bean, Head of Center for Leadership and Learning  
Tim Carter, Head of Curriculum and Instruction Department  
John Freeman, Head of Ed.D. Program  
Rockie Pederson, Head of Health & Physical Education Department  
M. Annette Holeyfield, Director of College of Education Partnership Office  
David Bell, Director of Educator Licensure and Support Services

**College of Engineering and Applied Sciences**  
Douglas N. Barlow, Dean  
Malcolm Rainey, Head of Agriculture Department  
David Hoelzeman, Head of Computer & Information Science Department  
Sandra Smith, Head of Emergency Management Department  
Pat Buford, Associate Dean of Engineering, Director of Electrical Engineering  
Cathi McMahan, Head of Parks, Recreation and Hospitality Administration Department
College of eTech

Hanna Norton, Dean
Jeff Aulgur, Head of Professional Studies Department

College of Natural and Health Sciences

Jeff W. Robertson, Dean
John Jackson, Head of Biological Sciences Department
Jeanine L. Myers, Head of Mathematics Department
Rebecca Burris, Head of Nursing Department
James Musser, Head of Physical Sciences Department

Graduate College

Mary Gunter, Dean
Chris Giroir, Associate Dean and Head of College Student Personnel Department
Graduate Faculty

The date after each name indicates the first year of appointment to this institution.

**GABRIEL L. ADKINS, 2009**  
Associate Professor of Speech, Theatre & Journalism  
B.A., Ottawa University, 1996;  
M.S., Pittsburg State University, 2002;  
M.A.L., Wichita State University, 2005;  
Ph.D., University of Oklahoma 2011.

**TAURAJ ASHURI, 2016**  
Assistant Professor of Mechanical Engineering  
B.Sc., Tehran Azad University, Persian, 1999;  
M.Sc., Sharif University of Technology, Persian, 2005;  
Ph.D., Delft University of Technology, the Netherlands, 2012.

**CHRISTINE E. AUSTIN, 2007**  
Associate Professor of College Student Personnel  
Director, Assessment and Institutional Effectiveness  
B.A., University of Denver, 1984;  
M.Ed., University of Maine, 1990;  
Ph.D., University of Denver, 2007.

**GARY BARROW, 1981**  
Professor of Music  
B.M.E., University of North Texas, 1969;  
M.M., Catholic University of America, 1973;  
Ph.D., University of North Texas, 1982.

**LINDA C. BEAN, 2000**  
Professor of Management and Marketing  
Associate Dean of Education  
Head, Center for Leadership and Learning  
B.S., Arkansas Tech University, 1973;  
M.S.E., University of Central Arkansas, 1986;  
Ed.D., Oklahoma State University, 1996.

**C.DAVID BELL, 1988**  
Professor of Curriculum and Instruction  
Head, Educator Licensure and Support Services  
B.S., Arkansas Tech University, 1969;  
M.Ed., University of Arkansas, 1972;  

**STEVEN A. BERG, 2015**  
Assistant Professor of Psychology  
B.A., The State University of New York, 2006;  
M.A., The State University of New York, 2011;  

**DAVID R. BLANKS**  
Professor of History and Political Science  
Head, Department of History and Political Science  
B.A., Michigan State University, 1983;  
M.A., Michigan State University, 1985;  
Ph.D., Ohio State University, 1991.
CAREY BOULD, 1991
Associate Professor of Nursing
B.S.N., Arkansas Tech University, 1996;
M.S.N., University of Central Arkansas, 2002;
D.N.P., Union University, 2012.

HERBERT MATT BROWN, 2008
Associate Professor of Computer and Information Science
B.A., University of Arkansas, 1998;
M.S., University of Arkansas, 2000;
Ph.D., Nova Southeastern University, 2007.

CARL W. BRUCKER, 1984
Professor of English
Head, Department of English and World Languages
B.A., Rutgers University 1968;
M.A., Rutgers University, 1976;
Ph.D., Rutgers University, 1980.

PATRICIA S. BUFORD, 2000
Professor of Electrical Engineering
Associate Dean of Engineering
B.S., Christian Brothers University, 1974;
M.S., University of Arkansas, 1984;
Ph.D., University of Arkansas at Little Rock, 2007.

REBECCA K. BURRIS, 1991
Professor of Nursing
Head, Department of Nursing
B.S.N., Northwestern State University of Louisiana, 1978;
M.S.N., Northwestern State University of Louisiana, 1991;
Ph.D., University of Arkansas for Medical Sciences, 2000.

ALEJANDRA K. CARBALLO, 2009
Associate Professor of Spanish
B.A., University of Rio Cuarto, Argentina, 1995;
M.A., University of Pennsylvania, 2000;
Ph.D., Florida State University, 2006.

TIM L. CARTER, 1998
Professor of Curriculum & Instruction
Head, Department of Curriculum and Instruction
B.S., Arkansas Tech University, 1989;
M.Ed., Arkansas Tech University, 1994;
Ph.D., University of Georgia, 1998.

E. URSULA CHANDLER, 1981
Professor of German
B.S., Illinois State University, 1965;
Ph.D., Northwestern University, 1981.

NATHANIEL CHAPMAN, 2015
Assistant Professor of Sociology
B.S., College of Charleston, 2006;
M.S., Virginia Tech, 2011;
XIANG (PETER) CHEN, 2014
Assistant Professor of Emergency Management
B.S., Beijing Normal University, 2007;
M.S., Beijing Normal University, 2009;
Ph.D., Ohio State University, 2014.

ZHI CHEN, 2014
Assistant Professor of Electrical Engineering
B.E., Wuhan University, 2009;
M.S., Polytechnic Institute of New York University, 2011;
Ph.D., Clarkson University, 2014.

ERIN CLAIR, 2010
Associate Professor of English
B.A., Case Western Reserve University, 1999;
M.A., Texas State University, 2002;
Ph.D., University of Missouri, 2007.

TRACY L. COLE, 2012
Associate Professor of Legal Studies
B.S.Ed, University of Arkansas, 1990;
M.Ed., University of Arkansas, 1991;
J.D., University of Arkansas at Little Rock, 2003.

RENE COUTURE, 2012
Assistant Professor of College Student Personnel
B.A., St. Michael's College, 1997;
M.A., Indiana State University, 2003;
Ph.D., University of Northern Colorado, 2010.

THOMAS A. DEBLACK, 1995
Professor of History
B.A., Southern Methodist University, 1973;
M.S.E., Ouachita Baptist University, 1979;
Ph.D., University of Arkansas, 1995.

PAMELA D. DIXON, 2008
Assistant Professor of Counseling & Leadership
B.A., Arkansas Tech University, 1996;
M.Ed., Arkansas Tech University, 2004;
Ed.D., Waldon University, 2014.

PETER A. DYKEMA, 2001
Professor of History
B.S., Hope College, 1984;
M.Div., Western Theological Seminary, 1987;
M.A., University of Arizona, 1989;
Ph.D., University of Arizona, 1998.

JAMIE EARLS, 2008
Assistant Professor of Emergency Management
B.S., Arkansas Tech University, 2006;
M.S., Arkansas Tech University, 2008;
Ph.D., University of Central Arkansas, 2015.

ERNEST J. ENCHELMAYER, 2005
Associate Professor of English
B.A., University of Mississippi, 1993;
M.A., Arkansas State University, 1995; Ph.D., Southern Illinois University, 2005.

**RUTH D. ENOCH, 2004**
Associate Professor of Mathematics
B.A., Vanderbilt University, 1974;
M.S., University of Iowa, 1975;
Ph.D., Purdue University, 2004.

**DAVID J. ESHELMAN, 2006**
Associate Professor of Communication
Director of Theatre
B.A., Case Western Reserve University, 1999;
M.F.A., University of Texas at Austin, 2002;
Ph.D., University of Missouri at Columbia, 2006.

**ROGER FANG, 2001**
Professor of Computer and Information Science
B.Sc., National Chiao-Tung University, 1980;
M.Sc., University of Florida, 1987;

**FATIMA FERGUSON, 2016**
Assistant Professor of Curriculum and Instruction
B.A., Jackson State University, 2005;
M.A., Jackson State University, 2008;

**JOSHUA FISHER, 2011**
Assistant Professor of Art
B.S., Middlebury College, 2000;
M.S., University of Georgia, 2004;
Ph.D., University of Iowa, 2009.

**ROBERT FITHEN, 1998**
Associate Professor of Mechanical Engineering
B.S., Louisiana Tech University, 1984;
M.S., Texas A&M University, 1987;
Ph.D., Virginia Tech University, 1993.

**ROBERT F. FRASIER, 2003**
Associate Professor of Mechanical Engineering
B.S., University of Texas at El Paso, 1987;
M.S., University of Washington, 1989;
Ph.D., Washington State University, 1996.

**JOHN FREEMAN, 2015**
Professor of Educational Leadership
Director, Ed.D. in School Leadership
B.A., Louisiana State University, 1976;
B.S., Louisiana State University, 1978;
M.Ed., Louisiana State University, 1982;
Ed.S., Louisiana State University, 1995;
Ph.D., Louisiana State University, 1997.

**CHARLES J. GAGEN, 1990**
Professor of Fisheries Science
B.S., University of Tennessee at Martin, 1983;

REBECCA GARVIN, 2013
Assistant Professor of English
B.A., Blue Mountain College, 1976;
M.F.A., Murray State University, 1998;
Ph.D., Indiana University of PA, 2011.

PAOLA GEMME, 2001
Professor of English
B.A., University of Genoa, 1989;

CHRISTOPHER GIROIR, 2008
Associate Professor of College Student Personnel
Associate Dean of Graduate College
Head, Department of College Student Personnel
B.A., McNeese State University, 1996;
M.A., Northwestern State University, 1999;
Ph.D., University of Southern Mississippi, 2006.

DIANE GLEASON, 2009
Associate Professor of History
B.A., Arkansas Tech University, 1970;
M.A., University of Arkansas, 1975;
Ph.D., University of Arkansas, 1997.

ELIZABETH GRAY, 2005
Associate Professor of Emergency Management
B.A., Hendrix College, 1994;
M.B.A., University of Arkansas at Little Rock, 1999;
J.D., University of Arkansas at Little Rock, 1999.

CARL E. GRECO, 2001
Professor of Electrical Engineering
B.S., Louisiana Tech University, 1967;
M.S., Rice University, 1974;
Ph.D., Rice University, 1976.

MARY B. GUNTER, 1998
Professor of Educational Leadership
Dean of Graduate College
Dean of College of Education
B.S.E., University of Arkansas, 1972;
M.Ed., University of Arkansas, 1976;
Ed.S., University of Arkansas, 1986;

PATRICK D. HAGGE, 2014
Assistant Professor of Geography
B.A., University of Arkansas, 2005;
M.S., The Pennsylvania State University, 2009;

SHELLIE HANNA, 2003
Associate Professor of Curriculum & Instruction
B.A., Arkansas Tech University, 1988;

WAYNE A. HELMER, 1998
Professor of Mechanical Engineering
B.S., University of Dayton, 1966; M.S., University of Arizona, 1968; Ph.D., Purdue University, 1974.

JENNIFER E. HELMS, 1993
Professor of Nursing
B.S.N., Harding University, 1986; M.S.N., University of Missouri at Kansas City, 1992; Ph.D., University of Arkansas for Medical Sciences, 2006.

MICAH HICKS, 2015
Assistant Professor of English
B.A., Southern Arkansas University, 2008; M.A., University of Southern Mississippi, 2011; Ph.D., Florida State University, 2015.

DAVID HOELZEMAN, 2000
Professor of Computer and Information Science
Head, Department of Computer and Information Science
B.S., University of Central Arkansas, 1988; Ph.D., Louisiana State University, 1993.

EMILY HOFFMAN, 2010
Associate Professor of English
B.A., University of Kansas, 1999; M.A., University of Kansas, 2002; Ph.D., Oklahoma State University, 2009.

M. ANNETTE HOLEYFIELD, 1985
Professor of Physical Education
Director, College of Education Partnership Office

DEBRA HUNTER, 2011
Associate Professor of Accounting

SEAN T. HUSS, 2005
Associate Professor of Sociology
B.A., University of Arkansas at Little Rock, 1995; M.A., University of Tennessee, 1998; Ph.D., University of Tennessee, 2006.

MOHAMED IBRAHIM, 2011
Assistant Professor of Curriculum and Instruction
B.A., Cairo University, 1984; M.A., Munich University, 1994; M.A., Oklahoma State University, 1997; Ph.D., Oklahoma State University, 2011.
JOHN R. JACKSON, 2003
Professor of Fisheries Science
Head, Department of Biological Sciences
B.S., Michigan State University, 1983;
M.S., Mississippi State University, 1987;
Ph.D., Mississippi State University, 1996.

SHELIA JACKSON, 1998
Professor of Health and Physical Education
B.S.E., Southern Arkansas University, 1981;
M.Ed., University of Arkansas, 1984;
Ph.D., Texas Women's University, 1988.

ELLEN J. JENKINS, 1997
Professor of History
Director of Honors
B.A., University of Texas at Dallas, 1977;
M.A., University of North Texas, 1983;
Ph.D., University of North Texas, 1992.

STEPHEN C. JONES, 2005
Associate Professor of Management
Associate Dean of Business
B.S., Pittsburg State University, 1981;
M.B.A., Missouri State University, 1989;
Ph.D., University of North Texas, 1998.

VIRGINIA JONES, 2014
Assistant Professor of Communication
B.A., University of New Mexico, 2002;
M.A., University of Wisconsin, 2004;
Ph.D., University of Kansas, 2012.

SCOTT JORDAN, 1994
Associate Professor of Mathematics
B.S., Southern Arkansas University, 1985;
M.S., University of Arkansas, 1988;
Ph.D., University of Southwestern Louisiana, 1994.

CHRISTOPHER J. KELLNER, 1991
Professor of Wildlife Science
B.S., University of California at Berkeley, 1978;
M.S., Eastern Kentucky University, 1985;
Ph.D., University of Arkansas, 1990.

GINA KRAFT, 2015
Assistant Professor of Health and Physical Education
B.S., Oklahoma Baptist University, 1998;
M.S., University of Oklahoma, 2001;
Ph.D., Oklahoma State University, 2009.

JOHN L. KROHN, 1991
Professor of Mechanical Engineering
B.S.M.E., University of Arkansas, 1981;
M.S.M.E., University of Arkansas, 1983;
Ph.D., Texas A & M University, 1992.
PAUL S. LAKE, 1981
Professor of English
B.A., Towson State University, 1975;
M.S., Stanford University, 1979.

ROBIN C. LASEY, 2004
Associate Professor of Chemistry
B.S., University of Missouri-Rolla, 1994;
Ph.D., Bowling Green State University, 2002.

SANGKI LEE, 2008
Associate Professor of Journalism
B.A., Sogang University, 1997;
M.A., Sogang University, 1999;
M.A., Michigan State University, 2002;

TIMOTHY LEGGETT, 2002
Associate Professor of Curriculum & Instruction
B.S., William Carey College, 1975;
M.Ed., William Carey College, 1980;
Ed.D., Nova Southeastern University, 1995.

JOSHUA LOCKYER, 2011
Associate Professor of Anthropology
B.A., University of Arizona, 1998;
Ed.D., University of Georgia, 2007.

STANLEY D. LOMBARDO, 1977
Professor of English
B.A., State University of New York at Buffalo, 1970;
Ph.D., Indiana University, 1976.

ERIC LOVELY, 2002
Associate Professor of Biology
B.A., Bloomsberg University, 1992;
M.S., University of New Hampshire, 1995;
Ph.D., University of New Hampshire, 1999.

REJIGA MANANDHAR, 2015
Assistant Professor of Emergency Management
B.A., Tribhuvan University Institute of Engineering, 2006;
M.C.R.P, University of Texas at Arlington, 2010;
Ph.D., University of North Texas, 2015.

MERLIN ROY MANN, 2012
Associate Professor of Journalism
B.A., University of Oregon, 1975;
M.A., Abilene Christian University, 1986;

KEVIN MASON, 1986
Professor of Marketing
B.S., Arkansas Tech University, 1982;
M.B.A., University of Arkansas, 1986;
Ph.D., University of Arkansas, 1995.
RICK MASSENGALE, 2015
Professor of Computer and Information Science
Associate Vice President for University Initiatives
B.S., Arkansas Tech University, 1993;
M.B.A., Webster University, 2002;
Ph.D., University of Arkansas Little Rock, 2009.

AARON McARTHUR, 2012
Assistant Professor of History
B.A., Idaho State University, 2003;
M.A., University of Nevada, 2005;
Ph.D., University of Nevada, 2012.

REBECCA MCHUGH, 2013
Assistant Professor of Psychology
B.A., Edinboro University, 2002;
M.S., University of Pittsburg, 2009;
Ph.D., University of Pittsburg, 2013.

TERRI J. MCKOWN, 2004
Associate Professor of Nursing
B.S.N., Arkansas Tech University, 1991;
M.S.N., University of Central Arkansas, 2000;
D.N.P., University of Tennessee, 2009.

CHARLES MEBI, 2009
Associate Professor of Chemistry
B.S., University of Buea, 1996;
M.S., University of Buea, 1998;
Ph.D., University of Nevada-Reno, 2007.

DAVID MIDDLETON, 1998
Professor of Computer & Information Science
B.S., University of Sydney, 1979;
PhD., University of North Carolina, 1986.

JULIE M. MIKLES-SCHLUTERMAN, 2007
Associate Professor of Sociology
B.S., Arkansas Tech University, 1997;
M.S., University of Tennessee, 2002;
PhD., University of Tennessee, 2007.

JEFFREY A. MITCHELL, 1994
Professor of Philosophy
B.A., Whitman College, 1986;
M.A., Vanderbilt University, 1990;
Ph.D., Vanderbilt University, 1993.

JOHNETTE MOODY, 1997
Associate Professor of Computer and Information Science
B.S., Arkansas Tech University, 1994;
M.Ed., Arkansas Tech University, 1996;

LARRY J. MORELL, 1998
Professor of Computer and Information Science
B.A., Duke University, 1974;
M.S., Rutgers University, 1976;
Ph.D., University of Maryland, 1983.
ARDITH MORRIS, 1982
Professor of Speech, Theatre, and Journalism
B.A., University of the Ozarks, 1973;
M.A., University of Arkansas, 1975;
Ph.D., Northwestern University, 1989.

JAMES L. MOSES, 1999
Professor of History
B.A., Louisiana State University, 1986;
M.A., University of New Hampshire, 1989;
Ph.D., Tulane University, 1997.

DEBRA MURPHY, 2014
Assistant Professor of Curriculum & Instruction
B.S., Texas A&M Corpus Christi, 1992;
M.S., Texas A&M Kingsville, 2000;
Ph.D., Texas A&I University, 2012.

NOBUYUKI NEZU, 2001
Professor of Computer and Information Science
B.S., Gakushuin University, 1991;
M.S., Oklahoma City University, 1993;
Ph.D., Oklahoma State University, 1999.

HANNA E. NORTON, 2001
Professor of Journalism
Assistant Vice President for Academic Affairs
Dean, College of eTech
A.B.J., University of Georgia, 1994;
M.M.C., University of Georgia, 1998;
Ph.D., University of Georgia, 2001.

THOMAS E. NUPP, 1997
Professor of Wildlife Science
Director, Fisheries and Wildlife Science Program
B.S., The Pennsylvania State University, 1987;
M.S., Auburn University, 1992;
Ph.D., Purdue University, 1997.

DAVID M. OSBURN, 2000
Associate Professor of Psychology
B.A., University of Arizona, 1979;
M.Ed., Wichita State University, 1987;
M.S., Wichita State University, 1999;
Ph.D., Wichita State University, 2000.

JACKIE L. PAXTON, 2005
Professor of Curriculum & Instruction
A.A., Westark Community College, 1976;
B.S.E., University of Central Arkansas, 1978;
M.S.E., University of Central Arkansas, 1979;
Ed.D., University of Arkansas, 1990.

JEFFREY V. PEARSON, 2011
Assistant Professor of History
B.A., Indiana University, 1998;
M.A., University of New Mexico, 2001;
Ed.D., University of New Mexico, 2011.
ROCKIE PEDERSON, 2011
Associate Professor of Health and Physical Education
Head, Department of Health and Physical Education
B.S., Henderson State University, 1979;
M.S., Henderson State University, 1980;
Ph.D., Texas Women’s University, 2000.

THOMAS W. PENNINGTON, 1995
Professor of Legal Studies
Associate Vice President and Counsel to the President
B.S., Arkansas Tech University, 1990;
J.D., University of Arkansas, 1993.

STEPHANIE PEPPER, 2010
Associate Professor of Curriculum & Instruction
B.M.E., Delta State University, 1973;
M.Ed., University of Mississippi, 1998;
Ed.S., University of Mississippi, 2001;

SUSAN POZNAR, 1993
Professor of English
B.A., Brandeis University, 1980;
M.A., Duke University, 1982;

MARK R. REAVIS, 2012
Assistant Professor of Economics and Finance
B.A., Ouachita Baptist University, 1987;

SEAN SCOT REED, 2012
Assistant Professor of Music
B.M., University of Texas, 1995;
M.M., Rice University, 1998;
DMA, University of Rochester, 2004.

WILLIAM REEDER, 2010
Assistant Professor of Journalism
B.A., Arkansas Tech University, 1996;
M.A, Arkansas Tech University, 2002.

DAVID ROACH, 1983
Professor of Management
B.A., University of Arkansas, 1982;
M.B.A., University of Arkansas, 1983;
Ph.D., University of Arkansas, 1991.

JEFF W. ROBERTSON, 1997
Professor of Astrophysics
Dean, College of Business
Dean, College of Natural and Health Sciences
Director of Astronomical Observatory
B.S., University of Kansas, 1989;
M.S., San Diego State University, 1991;
Ph.D., Indiana University, 1995.
RONALD D. ROBISON, 1988
Associate Professor of Computer and Information Science
B.S., Iowa State University, 1970;
M.S., University of Southern California, 1975.

SARAH H. ROBISON, 1989
Associate Professor of Computer and Information Science
B.S., University of Arkansas at Monticello, 1978;
M.Ed., Southern Arkansas University, 1982;
M.S., Nova Southeastern University, 1994.

MICHAEL T. ROGERS, 2007
Associate Professor of Political Sciences
B.A., Wabash College, 1995;
M.A., University at Albany-SUNY, 1999;
Ph.D., University at Albany-SUNY, 2005.

REGINA ST. JOHN, 2006
Associate Professor of English
B.A., University of Arkansas at Monticello, 1993;
M.A., Arkansas State University, 1994;
Ph.D., Ball State University, 2004.

JENNIFER SAMSON, 2012
Assistant Professor of Psychology
B.S., Vanderbilt University, 2000;
M.S., Vanderbilt University, 2009;
Ph.D., Vanderbilt University, 2012.

REBECCA A. SHOPFNER, 2000
Associate Professor of Teaching and Learning
B.S.E., University of Central Arkansas, 1973;
M.Ed., Arkansas Tech University, 1986;
Ed.D., University of Arkansas, 1999.

CHERYL S. SMITH, 1992
Professor of Nursing
B.S.N., University of Southern Alabama, 1982;
M.S., University of Southern Mississippi, 1990;
Ph.D., University of Arkansas for Medical Sciences, 2006.

MONTY SMITH, 2010
Assistant Professor of Mechanical Engineering
B.S., Texas A&M, 1987;
M.S., Purdue University, 1990;
Ph.D., Purdue University, 1997.

SANDRA SMITH, 2011
Associate Professor of Emergency Management
Head, Department of Emergency Management
B.S.N., Duke University, 1981;
M.S.N., University of Central Arkansas, 1999;
Ph.D., Loyola University, 2006.

V. CAROLE SMITH, 2004
Professor of Curriculum & Instruction
B.M., University of Arizona, 1969;
M.M., University of Arizona, 1972;  
M.Ed., University of Arizona, 1980;  
Ph.D., University of Arizona, 1986.

DARLA SPARACINO, 1993  
Associate Professor of Health Information Management  
B.S., Arkansas Tech University, 1989;  
M.Ed., Arkansas Tech University, 1995;  
MSHI, Arkansas Tech University, 2012.

SARAH STEIN, 2014  
Assistant Professor of English  
B.A., University of Minnesota, 2004;  
Ph.D., Emory University, 2012.

JAMES STEUBER, 2008  
Associate Professor of Mechanical Engineering  
Director, Mechanical Engineering  
B.S., Arkansas Tech University, 2001;  
M.S., Texas A & M University, 2007;  
Ph.D., Texas A & M University, 2009.

JAMES STOBAUGH, 2012  
Assistant Professor of Sociology  
B.A., University of Hawaii, 2002;  
M.A., University of California, 2007;  
Ph.D., University of California, 2012.

JOSEPH N. STOECKEL, 1992  
Professor of Fisheries Science  
B.A., Southern Illinois University at Carbondale, 1978;  
M.A., Southern Illinois University at Carbondale, 1985;  
Ph.D., Virginia Polytechnic Institute and State University, 1993.

JOSEPH B. N. SWAIN, 2008  
Associate Professor of Geography  
B.S., Northwestern State University, 2000;  
M.A., Western Illinois University, 2003;  
Ph.D., University of Oklahoma, 2008.

WILLIAM BROWDER SWETNAM, 2014  
Instructor of English Language Institute  
B.A., Missouri Southern State College, 1986;  
M.A., Northern Arizona University, 1994;  
Ed.D., University of Nebraska, 2005.

H. MICHEAL TARVER, 2002  
Professor of History  
B.G.S., The University of Louisiana at Lafayette, 1983;  
M.A., The University of Louisiana at Lafayette, 1990;  
Ph.D., Bowling Green State University, 1995.

TERESA R. TOLAND, 2014  
Assistant Professor of Curriculum & Instruction  
B.S.E., Southern Arkansas University, 1985;  
M.S.E., Henderson State University, 1997;  
ELLEN TREADWAY, 2012
Assistant Professor of Teaching, Learning, and Leadership
B.A., Rhodes College, 1986;
M.A.T., University of Memphis, 1987;
M.A., Indiana University, 1990;
Ph.D., Indiana University, 2000.

L. KIM TROBOY, 2002
Professor of Management Information Systems
B.S., Arkansas Tech University, 1980;
M.B.A., University of Arkansas, 1987;
Ph.D., University of North Texas, 1997.

CHRISTOPHER TROMBLY, 2013
Assistant Professor of Educational Leadership
B.A., Colorado State University, 1994;
M.A., Boston College; 1997;
M.Ed., Boston College, 2002;
Ph.D., Boston College, 2012.

JACK E. TUCCI, 2013
Professor of Management
William M. Lemley Endowed Chair
B.B.A., University of Texas, 1989;
M.B.A., University of Texas, 1990;
Ph.D., University of North Texas, 1996.

JASON ULSPERGER, 2006
Associate Professor of Sociology
B.S., University of Central Arkansas, 1997;
M.A., Arkansas State University, 1999;
Ph.D., Oklahoma State University, 2003.

DAVID G. UNDERWOOD, 2001
Professor of Education
Associate Vice President for Academic Affairs
B.A., Western Kentucky University, 1972;
M.P.S., Western Kentucky University, 1978;
M.A.Ed., Western Kentucky University, 1979;
Ph.D., Indiana University, 1985.

SUSAN J. UNDERWOOD, 2003
Professor of College Student Personnel
B.S., Western Kentucky University, 1980;
M.A.Ed., Western Kentucky University, 1982;
Ph.D., New Mexico State University, 1990.

THOMAS A. VAUGHN, 2014
Professor of Communication
B.A., University of Arkansas, 1990;
M.A., University of Arkansas, 1992;
Ph.D., Indiana University, 1997.

ROBERT VORK, 2003
Associate Professor of Communication
B.A., University of Minnesota, 2001;
M.A., University of Chicago, 2004;
Ph.D., Emory University, 2013.
LYNN WALSH, 2010
Professor of Curriculum & Instruction
B.S.E., Indiana University, 1974;
M.A., University of Houston, 1980;

JAMES R. WALTON, 2006
Associate Professor of Marketing
B.S., Missouri Southern State College, 1979;
M.B.A., University of Central Arkansas, 1993;
Ph.D., Texas Tech University, 2001.

DANA D. WARD, 1988
Professor of Spanish
B.A., Hendrix College, 1974;
M.A., University of Arkansas, 1977;
Ph.D., University of Arkansas, 1987.

DAVID W. WARD, 1999
Professor of Psychology
Head, Department of Behavioral Science
B.S., University of Texas, 1986;
M.S., University of Georgia, 1990;
Ph.D., University of Georgia, 1998.

DAWN WARD, 2012
Professor of Art
B.A., Northeastern State University, 1985;
M.A., New York University, 1991;
Ph.D., New York University, 1998.

JASON E. WARNICK, 2006
Associate Professor of Psychology
Director, Center for Excellence in Teaching and Learning
B.A./B.S., Arkansas State University, 2002;
M.A., University of Mississippi, 2004;
Ph.D., University of Mississippi, 2006.

AILEEN WATTS, 2013
Assistant Professor of Curriculum & Instruction
B.S., Southern Utah University, 1996;
M.A., George Washington University, 2003;

DONNA R. WHITE, 2001
Professor of English
B.A., Arkansas Tech University, 1976;
M.A., University of Texas, 1983;
Ph.D., University of Minnesota, 1991.

ALARIC A. WILLIAMS, 2015
Associate Professor of College Student Personnel
B.S., Texas A&M, 1999;
M.S., Texas A&M, 2004;

PENNY P. WILMERING, 1999
Professor of Rehabilitation Science
Director of Rehabilitation Science
DEBORAH WILSON, 1992
Professor of English
B.A., Louisiana Tech University, 1974;
M.Ed., Mississippi College, 1982;
Ph.D., Louisiana State University, 1991.

ERICA L. WONOLOWSKI, 2015
Assistant Professor of Rehabilitation Science
B.A., Eastern Connecticut State University, 2007;
M.S., Springfield College, 2011;
Ph.D., Michigan State University, 2015.

JEFFREY R. WOODS, 2000
Professor of History
Dean, College of Arts and Humanities
B.A., University of Kansas, 1992;
M.A., University of Arkansas, 1994;
Ph.D., Ohio University, 2000.

SAM M. WORLEY, 1997
Professor of English
B.A., The University of Texas at Austin, 1981;
M.A., The University of North Carolina at Chapel Hill, 1986;

TSUNEMI YAMASHITA, 1990
Professor of Biology
B.A., Hendrix College, 1985;
Ph.D., Vanderbilt University, 1993.

Parking fees and fines (see Traffic Regulations)
(All students parking on campus must have a parking permit)

Food and Housing (Subject to changes as necessary)

Graduate students are eligible to live in residence halls. Graduate students must carry a minimum of six (6) graduate hours, while residing on campus. All students living in residence halls are required to purchase a meal plan; fifteen, nineteen-meals-per-week, and declining balance meal plans are available during the fall and spring semesters. Declining Balance Dollars may be used in Chambers Cafeteria, Bas-Tech, and Convenience Store.

Residence halls are closed between fall and spring semesters. However, residents may remain in the residence halls during this period provided they submit proper paperwork to the Office of Residential Life to gain approval. There will be an additional cost for residents approved to remain in the residence halls over this break period. Residents may remain in the residence halls during all other breaks, provided they notify the residence hall staff of their intentions prior to the break period.
All applicants for housing who are 25 years of age on or before October 1 of the academic year, will be required to meet with either the Director of Housing or the Dean of Students, in order to determine if it is in the best interest of the community and the individual for them to reside in housing designed for traditional age college students. Based on this meeting the Director of Housing or Dean of Students will recommend to the Vice President for Student Services to either not accept the housing application or to provide housing for the applicant in alternative campus owned housing.

Eligibility:
To be eligible to be a Resident in a University residence hall, a person must carry a meal plan (for residents of Vista Place, and University Commons Apartments; a meal plan is optional) and be enrolled at the University campus in a minimum of six (6) graduate hours each semester. The University reserves the right not to contract with persons who are currently violating or have previously violated the terms and conditions of a housing contract or other University rules or regulations, or who have a past due balance with the University.

To be eligible to be a Resident in the University Commons Apartments, a person must be enrolled at the University campus in a minimum of six (6) graduate hours each semester. Initial preference for University Commons Apartment assignments will be given to undergraduate students who have earned a minimum of thirty (30) credit hours of college work and have a minimum (2.5) cumulative grade point average. The University reserves the right not to contract with persons who are currently violating or have previously violated the terms and conditions of a housing contract or other University rules or regulations, or who have a past due balance with the University. The maximum number of persons occupying an apartment shall be no more than four (4) persons in a four-bedroom apartment, and no more than two (2) persons in a two-bedroom apartment. No other occupants are permitted. Residents of the University Commons Apartments are required to pay $250.00 security deposit.

To be eligible to be a Resident in Vista Place Apartments, a person must be enrolled at the University campus in a minimum of six (6) graduate hours each semester. Initial preference for Vista Place Apartment assignments will be given to undergraduate students who have earned a minimum of thirty (30) credit hours of college work and have a minimum (2.5) cumulative grade point average. The University reserves the right not to contract with persons who are currently violating or have previously violated the terms and conditions of a housing contract or other University rules or regulations, or who have a past due balance with the University. The maximum number of persons occupying an apartment shall be no more than four (4) persons in a four-bedroom apartment.

Payment of Accounts
Financial settlement may be made by personal payment or AUTHORIZED financial aid (loans, scholarships, grants, third parties, etc.). Visa, Master Card, and Discover credit cards are accepted for all charges. Information to set up a payment plan or pay in full online is offered via the web site: http://stuaaccts.atu.edu. Payment may be made in person at the Student Accounts Office, Brown Hall, Suite 241. Registration is not complete until all financial obligations have been met satisfactorily. Failure to make financial settlement will result in cancellation of the class schedule.

Monthly billing statements are electronic. Near the first of each month, notification and information for access will be provided to students via the individual student e-mail address and online at http://stuaaccts.atu.edu. Students are responsible for accessing billing statements and printing a paper copy if desired. Students registering between billing cycles are responsible for accessing their charges online or contacting Student Accounts to insure making correct payment by the required due date. Payment is due even if billing statement is not received. Students with delinquent accounts are not eligible for food service, transcripts, recommendations, advance registration, or readmission to any term. Collection fees for outstanding debts owed to the University will be assessed to the student.

The University reserves the right to amend or add to the regulations of the institution, including those concerning charges and methods of payment, and to make such changes applicable to students enrolled in the University, as well as to new students.
Important Information for Reduction of Tuition and Fees for Official Withdrawal

The following reduction information specifically addresses courses that begin and end with the main term dates for Spring, Summer I, Summer II and Fall, as listed in the Academic Calendar. Courses with beginning and/or ending dates that are different than the main terms listed above may have different reduction periods. It is the students' responsibility to consult the Student Accounts or Registrar's Office for these reduction dates prior to withdrawing. Withdrawal dates for course with beginning and/or ending dates outside the traditional term can be found at: http://www.atu.edu/registrar.

In the event a student is receiving student financial aid, any refund amount attributable to a loan, grant, or scholarship will be returned to the appropriate account and not to the student. The amount returned to federal programs will be the amount of unearned Federal aid based on the number of calendar days of attendance up to the sixty percent point of the semester. Aid accounts will be refunded in the following order up to the amount of the original disbursement: Federal Direct Loan Programs, Federal Perkins Loan Program, Federal Direct PLUS Loan Program, Federal Pell Grant Program, Federal SEOG Program, Arkansas Department of Higher Education Programs, Tech scholarships and private aid. Additionally, students who have received a cash payment of Federal aid money will receive a letter after their withdrawal informing them of any amount to be repaid. These repayments will be made through the Student Accounts Office. The student will be ineligible to register for additional courses until the required payments are made.

Reduction of Tuition and Fees for Official Withdrawal - Summer Semesters

Students registering for a summer semester, but officially withdrawing from the courses by the end of the second day of the summer semester, as listed in the “Academic Calendar” will receive a 100 percent reduction of tuition and fees. Students registering for a summer semester, but officially withdrawing from the University by the end of the fifth day of the semester in a summer term, as listed in the “Academic Calendar” will receive an 80 percent reduction of tuition for courses which they are enrolled in at time of withdrawal. No reduction in tuition will be made after the fifth day of the summer semester. No reduction of fees will be made after the second day of the semester.

Reduction of Tuition and Fees for Official Withdrawal - Spring and Fall Semesters

Students registering for the fall or spring semester but officially withdrawing from the University by the end of the fifth day of the semester, as listed in the “Academic Calendar”, will receive a 100 percent reduction of tuition and fees. Room and Board will be reduced on a pro rata basis. Thereafter, students officially withdrawing by the end of the twenty-fifth day of the semester will receive an 80 percent reduction of tuition only for courses in which they are enrolled at time of withdrawal. No reduction in tuition will be made after the twenty-fifth day of the semester. No reduction in fees will be made after the fifth day of the semester.

Financial Aid

Three aid programs are available to graduate students: the Federal Perkins Loan Program, which provides a five-percent loan to eligible students; the Federal Direct Unsubsidized and Direct PLUS Loan Programs, which provide loans (interest rate determined annually) to eligible students; and the Federal College Work-Study Program, which provides on-campus part-time jobs. In order to participate in these programs, the student must submit a Free Application for Federal Student Aid at www.fafsa.gov.

Additional information may be obtained at http://www.atu.edu/finaid/ or by e-mail at fa.help@atu.edu. Priority deadlines are April 1 for summer, April 15 for fall, and November 1 for spring.
In addition to general requirements listed in the financial aid academic policy located at http://www.atu.edu/finaid/docs/Academic_Policy.pdf, graduate students receiving federally funded financial aid must meet the conditions listed below in order to remain eligible for financial aid:

1. Students must earn 67% of hours attempted. Therefore, a student who enrolls in nine (9) hours must pass six (6) hours to attain the 67%. If only three (3) hours are passed the percentage is 33% and the student is ineligible for aid.

2. Students must maintain a cumulative 3.0 GPA on graduate courses.

3. Students must complete the degree by the end of 54 attempted hours.

### Graduate Assistantships

The University offers a limited number of graduate assistantships through its academic departments and administrative offices. Inquiries regarding assistantships should be directed to the Graduate College webpage. Applications can be found online at Graduate Assistantship Application. The Graduate College will accept and forward all applications for assistantships to the appropriate program director or supervisor. Available assistantships will be posted and updated accordingly throughout the academic year. Student inquiries regarding specific positions should be directed to the listed. Additionally, it is the responsibility of the applicant to pursue possible positions through the posted openings on the graduate assistant webpage.

A graduate student holding an assistantship appointment does part-time work for the University as determined by the department or office involved. A student receiving an assistantship may take a maximum of nine (9) hours and a minimum of six (6) hours of course work per semester. During summer sessions students may enroll in graduate hours as long as they do not exceed their waiver hour allotment and have not graduated from Graduate College. Students are eligible to hold a GA position for a minimum of four (4) regular semesters. Maymester and summer terms do not count as part of the four (4) semesters as long as 18 graduate credit hours are not exceeded within one (1) fiscal year. Exceptions may be made upon the approval of the appropriate program director and the Graduate College Dean. Students selected to hold a graduate assistantship may work only within their contracted department; multiple graduate assistantships within one time period are not acceptable. Additionally, GAs may not hold multiple on-campus roles, i.e. GA and student worker, during the same semester term without prior approval from the Graduate College Dean.

A student may receive a graduate assistantship award for four (4) semesters, if they meet the Graduate College eligibility guidelines and receive continued departmental approval. A program director may appeal for one (1) extra semester by completing a Graduate Assistant Fifth Semester Request Form and providing a detailed written justification to the Graduate Dean. All requests for an additional semester should be received by the application deadlines.

### Out-of-State Residence Status for Tuition and Fee purposes

All graduate students classified as “out-of-state” must pay out-of-state tuition as shown in the section entitled “Fees and Charges.”

All graduate students who are legal residents of states which are contiguous to Arkansas (specifically, Louisiana, Mississippi, Missouri, Oklahoma, Tennessee, or Texas) shall receive a waiver for out-of-state tuition charges.

A student from outside of Arkansas entitled to be treated as an instate student for fee purposes should complete an “Application for Residency Classification as Instate Domiciliary” and supply evidence to that effect.
In-State Tuition for Military Personnel, Veterans and Dependents

Regardless of residence, Arkansas Tech University shall classify a student as in-state or resident for the purpose of tuition and fees applicable for all programs of study, including distance learning programs, if the student is a:

1. Veteran who was discharged or released from a period of not less than ninety (90) days of active duty in the military, naval, or air service within three (3) years before the date of enrollment in a program of study;

2. Dependent of a veteran under subdivision (1) above;

3. Member of the armed forces;

4. Spouse of a member of the armed forces;

5. Veteran using educational assistance under either Chapter 30 (Montgomery G.I. Bill) - Active Duty Program or Chapter 33 (Post-9/11 G.I. Bill), of Title 38 of the United States Code, who lives in the State of Arkansas while attending a school located in the State of Arkansas (regardless of his/her formal State of residence) and enrolls in the school within three years of discharge from a period of active duty service of 90 days or more;

6. Spouse or child using transferred Post-9/11 G.I. Bill benefits (33 U.S.C. §3319) who lives in the State of Arkansas while attending a school located in the State of Arkansas (regardless of his/her formal State of residence) and enrolls in the school within three years of the transferor's discharge from a period of active duty service of 90 days or more;

7. Spouse or child using benefits under the Marine Gunnery Sergeant John David Fry Scholarship (38 U.S. §§3311(b)(9)) who lives in the State of Arkansas while attending a school located in the State of Arkansas (regardless of his/her formal State of residence) and enrolls in the school within three years of the Servicemember's death in the line of duty following a period of active duty service of 90 days or more;

8. Person who initially met the requirements set out in sections 5, 6, or 7 will maintain "covered individual" status as long as he or she remains continuously enrolled (other than during regularly scheduled breaks between courses, semesters, or terms) at the same school even if he or she is outside the 3-year window or enrolls in multiple programs. For purposes of a student who is eligible for in-state tuition solely under sections 5, 6, or 7 above, that person must have enrolled in the school prior to the expiration of the three year period following discharge or death described above in sections 5, 6 or 7 and must be using educational benefits under either Chapter 30 or Chapter 33 of Title 38 of the United States Code; or

9. Member of the armed forces or "covered individual" as identified in Section 702 of the Veterans Access, Choice and Accountability Act of 2014.

Scholarships

The scholarships listed below have been established by the alumni and friends of Arkansas Tech University in order to afford students the ability to pursue their goals of earning a degree in higher education. Applications for Private and Transfer Scholarships can be obtained from the Admissions Office or Financial Aid Office in the Doc Bryan Student Services Building. Applications should be submitted by March 15.

Jimmie Hartman Hoover Memorial Scholarship

An endowed scholarship created for the purpose of assisting graduate students at Arkansas Tech University and will be awarded each year the funds are sufficient. To be considered for this scholarship the applicant must be a full-time graduate student who is admitted in the Instructional Technology degree program.
program with a cumulative grade point average of 3.0 or higher. Preference will be given to students who have an interest in library media. In addition, financial need may be considered. The recipient will be selected by a committee appointed by the Dean of the Graduate College.

Dr. Richard Ihde Emergency Management Communications Scholarship
This scholarship was established by friends and family of Dr. Richard Ihde to benefit a student majoring in Emergency Management. The scholarship will be awarded each year that funds are available to a full-time graduate or undergraduate student who is in good academic standing. Applicant must demonstrate financial need. In addition to the scholarship application and letters of recommendation, the applicant must submit a 500-word essay on the topic of the importance of communication in emergency management.

Ed Leachman Emergency Management Scholarship
Through the generosity of Roy and Sandy Smith, this scholarship was established to honor Mr. Ed Leachman, former assistant professor of Emergency Management. The recipient of this award must be an undergraduate or graduate student at Arkansas Tech University pursuing a degree within the Department of Emergency Management. The recipient must be active in the International Association of Emergency Managers and demonstrate financial need. Applicants must submit a statement as to how the scholarship will help him/her reach career goals.

Rexann Oller International Studies Scholarship
The Rexann Oller International Studies Scholarship will be awarded each year to a student who shows academic achievement in international affairs and/or strong background and interest in international relations. This scholarship is open to all Arkansas Tech undergraduate and graduate students who have a minimum GPA of 3.0. Preference will be given to students with demonstrated financial need. Recipients of other tuition scholarships are not eligible to apply. Application deadline is March 15. Please contact the Office of International and Multicultural Student Services for full application requirements.

Tate C. “Pinney” Page Memorial Athletic Scholarship
An endowed scholarship to assist a graduate assistant who excelled in football and academics has been established in memory of Dr. Page through contributions by the Russellville Kiwanis Club. Applications should be made to the Arkansas Tech Athletic Director.

Lambert Resimont Scholarship
An endowed athletic scholarship has been established and awarded annually to a graduate assistant who excelled in basketball and academics. Students interested in applying should contact the Arkansas Tech Athletic Director.

John Rollow Memorial Fund
Established as a tribute to John Rollow to assist non-traditional students in English and Creative Writing with tuition expenses. This scholarship is open to any non-traditional undergraduate or graduate student with demonstrated financial need and a cumulative grade point average of 2.5 or better. Application should be made to the Department of English.

John E. Tucker Memorial Scholarship
An endowed athletic scholarship awarded to a graduate assistant who excelled in football and academics. Applications should be made to the Arkansas Tech Athletic Director.

Graduate College Recognition Awards

Jim Ed McGee Graduate Honors Award
The Jim Ed McGee Graduate Honors Award was instituted to recognize one Arkansas Tech University graduate each year.
ELIGIBILITY
Individuals who graduated in May or December are eligible to apply by April 1st of the year following their graduation.

CRITERIA FOR SELECTION

- Minimum 3.75 cumulative graduate grade point average
- Résumé
- Advisor nomination letter and two (2) other professional recommendation letters
- Applicant submission of 500 word narrative including the following information:
  - Outline of current position and description of the impact the applicants degree had on current position
  - Description of major accomplishment in degree work and current position; supporting document(s) as evidence of accomplishment may be attached
  - Description of the applicants continued involvement/contribution to Arkansas Tech University

NOMINATION
Student must be nominated by their faculty advisor. A letter of nomination must accompany the packet submitted to the Graduate College.

SELECTION
A panel of reviewers, consisting of the Graduate Director of Support Services, two (2) graduate faculty members, and the last year’s Jim Ed McGee Award recipient will review the candidates for the Jim Ed McGee Graduate Honor Award. The panel will rate the candidate applicants based on the award selection criteria.
* A personal interview may be required.

AWARD PRESENTATION
The Jim Ed McGee Graduate Honors Award recipient will receive a personal plaque presented at a reception hosted by the Graduate Council. Additionally, his/her name will be inscribed on the Jim Ed McGee Graduate Honor Award Plaque for permanent display in the Graduate College.

Angelo and Rosa Denova Graduate History Award
The recipient of this award will be selected by a History Department Paper Prize Award Committee. It is open to any student enrolled in a graduate History course at Arkansas Tech, regardless of major, during the current award cycle. Students should submit scholarly papers written during the current award cycle in a History class at Arkansas Tech. Specific Submission Guidelines are available from Department of History and Political Science.
Services for Students

International and Multicultural Student Services

The International and Multicultural Student Services Office provides support services designed to enrich the college experience for multicultural and international students. The office actively recruits multicultural and international students to increase the diversity of the Tech campus, provide the opportunity for cultural exchange, and aid in helping all Tech students develop an appreciation for cultural differences.

The office offers a wide range of services for international students, including orientation, immigration updates, cross-cultural programming, and other support services necessary to ease the transition of international students into the U.S. culture. American college students play a vital role in this process by volunteering to serve as mentors to new international students through the Global Connect program.

Several established student organizations receive support from the International and Multicultural Student Services Office, including the Black Student Association, the Chinese Student Association, the Hispanic Student Association, the Indian Student Association, the Japanese Student Association, the Saudi Student Association, and the Association for Cultural Interaction. Working together, programs are developed and sponsored throughout the year to educate faculty, staff, and students regarding international and multicultural heritage.

Additional information may be obtained by calling (479) 964-0832, faxing (479) 880-2039, or writing to the Director of International and Multicultural Student Services, Tomlinson Room 29, Arkansas Tech University, Russellville, Arkansas 72801, U.S.A.

English Language Institute

The mission of the ATU English Language Institute (ELI) is to provide classes that assist non-native speakers of English in developing the English language skills necessary to successfully pursue academic work in a United States college or university. The ELI accomplishes the mission by delivering non-credit English as a Second Language (ESL) academic reading, writing, speaking, and note-taking instruction for English language deficient students. As part of the Department of English and World Languages, ELI welcomes students from diverse backgrounds whether international or U.S. resident. Additional information may be obtained by calling (479) 980-5025 faxing (479) 880-4039, or writing to the Coordinator of the English Language Institute, Tomlinson Hall, Arkansas Tech University, Russellville, Arkansas 72801, U.S.A.

Veterans Benefits

Arkansas Tech University is approved by the State Approving Agency for Veterans as a school (college, university, etc.) whereby veterans and dependents of deceased or disabled veterans may obtain subsistence while working toward a degree. Eligible students should contact the Office of Veteran Services to obtain information regarding school attendance under the following program: Title 38, Chapter 30, Montgomery GI Bill for Veterans; Title 38, Chapter 32, Veterans Educational Assistance Program (VEAP); Title 38, Chapter 33, Post-9/11 GI Bill; Title 38, Chapter 35, Survivors and Dependents Education; Title 10, Chapter 1606, Montgomery GI Bill for Selective Reserves; and Title 10, Chapter 1607, Reserve Educational Assistance Program.

All students must be working toward a degree and should follow the curriculum outline for their objectives, since only specific courses may be applied toward VA certification and graduation. Enrollment certification will not be sent to the Department of Veteran’s Affairs until the person applying for veteran’s benefits has been admitted to the University and prior credit evaluated. Students must request certification for each
term to be certified and are responsible for notifying the certifying official of any changes in enrollment status or eligibility. Veterans may be given placement credit for prior military training by providing an official military transcript or DD-214.

All active duty military service persons and veterans eligible under the GI Bill as determined by the VA who are classified as "out-of-state" for tuition purposes shall receive a waiver of out-of-state tuition charges. Arkansas Tech University complies with Section 702 of the Veterans Choice Act. For additional information, please contact the Office of Veteran Services. See also "In-State Tuition for Military Personnel, Veterans and Dependents" in the Fees and Expenses section of this catalog.

Students may stop by the Office of Veteran Services or call (479) 968-0445 if they have questions or need assistance in applying for their benefits.

---

**University Bookstore**

The Arkansas Tech University Bookstore is located in the Young Building. Textbooks, study guides, school supplies, computer software, caps and gowns for graduation, in addition to other items may be purchased.

A full refund will be given on new or used textbooks until the end of the third class day. The following conditions will apply:

1. You need your cash register receipt and Tech ID.
2. Your new textbooks must be returned in brand new condition with no bent corners or water damage.
3. Wrapped or boxed textbooks must be unopened.

**Textbook Refund Policy**

An extended period for refunds is available to students who drop a class or withdraw from school. Specific dates will be posted each semester. Students must have a withdrawal slip and receipt. Returns are not allowed on study guides, workbooks, CliffsNotes, wrapped or boxed merchandise that is opened, etc. The manager reserves the right to make the decision on the condition or salability of the merchandise.

**Buy Back Policy**

Students may sell their textbooks for cash at the bookstore during examination week. Fifty percent of the new price will be paid to the student if the bookstore has received a request from the instructor stating the textbook will be used the following semester, the textbook is in good condition (no water damaged books will be bought back), and the bookstore is not overstocked. Select textbooks not bought at the Campus Bookstore may have less value than 50% of the new price. Textbooks with a new edition pending may be bought back at less than 50% of new price. Current market value will be paid on current editions not used or needed for the following semester on campus. A current Tech ID is required to sell books back. The bookstore does not guarantee the buyback of any textbook at any time.

Additional information concerning the University Bookstore may be obtained by visiting their web site at [http://www.atu.edu/bookstore](http://www.atu.edu/bookstore), by calling (479) 968-0255, or by faxing (479) 964-0861.

---

**Traffic Regulations**

By authority of the Board of Trustees and in accordance with Legislative Act 328, 1967, Arkansas Tech University requires all members of the faculty, staff, student body and classified personnel to register motor vehicles which they own or operate on the Tech campus or on lands controlled by the University. All registrants shall abide by all traffic and parking regulations as outlined by a printed pamphlet available in the Doc Bryan Student Services Building, the Department of Public Safety office located at 1508 North Boulder Avenue, or online at [http://www.atu.edu/psafe/docs/ParkingMap2014.pdf](http://www.atu.edu/psafe/docs/ParkingMap2014.pdf).
Registration of vehicles shall be accomplished at the time of regular registration for the fall, spring or summer semesters. Vehicles can be registered by following these steps:
1) Log in to OneTech (http://onetech.atu.edu).
2) Go to the "Personal Information" channel located on the welcome page.
3) Click on the link "Purchase Parking Permit," and follow the instructions to purchase a permit.

Individuals will need to know the make and model of their vehicle as well as their license plate number in order to complete the process listed above. Students may purchase permits with a credit card, a debit card or post the charge to their student account. Faculty and staff may purchase their permit online with a credit card or a debit card. Those purchasing their hangtags using a credit or debit card will receive an e-mail confirming their purchase. Once the parking permit is purchased, faculty, staff and students will have an opportunity to print a temporary parking permit to be displayed on their vehicle dashboard until the permanent one arrives in 7-to-10 business days.

All vehicles on Tech campus are required to register and display a current parking permit. Parameters for the operation and parking of motor vehicles may be viewed on the campus map available at the Department of Public Safety. Vehicles are defined as any self-propelled vehicle having two or more wheels.

Permits are valid from August 15th one year through August 15th of the next year. Permits must be displayed by hanging on the rear view mirror so the number can be read through the front windshield from the outside; they may not be taped on the vehicle or laid on the dash or seat. These permits can be moved from vehicle to vehicle. Permits are the responsibility of the purchaser and must be removed prior to sale or transfer of the vehicle, upon termination of employment, or withdrawal from the University. Only one permit per individual can be purchased unless the prior permit was lost or stolen. The reported lost or stolen permit will be invalid. There is no refund for permit cost. The registration fee, penalties, and fines are published in the ATU parking map.

Temporary parking permits are available at the Department of Public Safety for faculty, staff, and students who have misplaced their parking permit.

Health and Wellness Center

Recognizing that optimum health is essential to effective learning, the university maintains health services available to all students. The Health and Wellness Center, located in Dean Hall Room 126 (entrance on north side of the building), provides confidential treatment of minor injuries and illnesses through a well-equipped facility and within the scope and practice of the registered nurse and certified nurse practitioners who staff the center full-time. The nurses make appropriate referrals to local health care providers when necessary.

The university assumes no financial responsibility for student care other than that provided by the Health and Wellness Center. Students are urged to carry their own health insurance.

In addition to clinical services, a wide range of health promotion and educational programs are provided in a variety of campus settings.

Patient Hours are Monday - Friday, 8:00 am - 5:00 pm. Students are strongly encouraged to makeappointments; however, available walk-in times are from 3:00 pm - 4:00 pm on Monday, Wednesday, and Friday. The Health and Wellness Center staff can be contacted by phone at 479-968-0329, email at hwc@atu.edu or online at www.atu.edu/hwc.

Counseling Services

Counseling services provides counseling, consultation, and outreach to the Arkansas Tech University community. The counseling staff is committed to promoting the educational mission of the university by working with the campus community to establish and maintain healthy and effective behavior patterns and
lifestyles that enhance learning and personal development. The range of services provided includes personal counseling for students in individual, couples, or group sessions. The staff provides consultations to students, parents, staff, faculty and administration. There is a small library of self-help books and videos, and a variety of informational brochures available. Presentations and outreach programming are scheduled throughout the year and are available upon request.

Services are provided Monday-Friday from 8:00 am-5:00 pm year round. Counseling Services is staffed by licensed counselors trained to provide professional counseling services. For additional information, please visit the Health and Wellness Center in Dean Hall 126 or call 479-968-0389.

Disability Services for Students

The Office of Disability Services (DS) facilitates services and accommodations that enable students with disabilities to access the same opportunities as their peers with the greatest degree of independence possible. Students who require accommodations are encouraged to contact DS in order to assess the student’s needs and prepare a tailored plan of accommodation specifically addressing barriers to academics, activities, or access to facilities.

The Director of DS is responsible for interfacing with students seeking accommodations, obtaining disability related documents, certifying eligibility for services, determining reasonable accommodations, and developing an accommodation plan for students. Offices are located in the Doc Bryan Student Services Building, Suite 171. Students may schedule an appointment by calling (479) 968-0302, (479) 964-3290 (TTY), or by email at utds@atu.edu.

University Testing Center

The University Testing Center provides services which assist in the recruitment, retention, and graduation of students.

Testing services include providing registration information and materials and administering examinations such as the American College Test Assessment (ACT), Graduate Record Exam (GRE), Law School Admission Test (LSAT), Miller Analogies Test (MAT), Professional Assessments for Beginning Teachers (Praxis), and others. Test registration bulletins and preparatory materials are available online for many exams. Tests that will allow an individual to earn college credit by attaining the qualifying score established by Arkansas Tech University are also administered and include Advanced College Placement (AP), College Level Examination Program (CLEP), National League for Nursing (NLN), and Arkansas Tech examinations. Arkansas Tech University placement exams include the Residual ACT and the Computer Adaptive Placement Assessment & Support System (COMPASS). Tests that require payment must be paid in advance at Student Accounts located in the Doc Bryan Student Services Center.

The University Testing Center is located in Doc Bryan, Suite 171 and may be reached by calling 479-968-0302 or fax 479-968-0375. For additional information, students may visit www.atu.edu/testing.

Norman Career Services

The Norman Career Services office is dedicated to educating and professionally preparing students to meet their career goals. The office provides students and alumni a variety of resources on-campus and through the website at www.atu.edu/career. The Norman Career Services office also provides an online career management program, CAREERlink, for students and graduates who are searching for internships, on-campus, part-time, and/or full-time positions. Beginning with the student’s freshmen year, all students are encouraged to take self-assessments through FOCUS 2. The staff is available for private
appointments to assist students and alumni with their career goals, resumes, cover letters, and personal marketing plans. Additionally, outreach programs for students are available including professional development workshops, classroom visits, custom student organization workshops, and employer events.

Employers partner with the Norman Career Services office to post employment opportunities through CAREERlink, as well as to arrange for additional opportunities to grow their on-campus presence. Events such as career fairs, information sessions, corporate mixers, and interviews are all arranged through Norman Career Services. By ensuring that Arkansas Tech University graduates are given every opportunity for success, Norman Career Services strives to inform students and prepare them to be successful in the workforce.

Additional information concerning Norman Career Services may be obtained by visiting the website at www.atu.edu/career, by calling (479) 968-0278, or by emailing career.services@atu.edu.
Admission to Graduate College

Individuals who meet the admission requirements listed below may apply to Arkansas Tech University. The University reserves the right to reject the application of any individual. Every student must file an application for admission. An application for admission to graduate study may be obtained by contacting the Graduate College.

Priority deadline date for fall admission is March 1 and spring admission is October 1. This will ensure consideration for admissions and assistantships. Students who do not meet this deadline, may submit necessary credentials for admission up to two (2) weeks in advance of the initial date of enrollment. Applicants for admission must submit a completed application form and request from the college or university granting their bachelor’s degree an official transcript be sent directly to the Graduate College.

Detailed information regarding graduate student admissions may be obtained by contacting:

Graduate College
1507 North Boulder Avenue
Tomlinson 113
Russellville, AR 72801

Phone (479) 968-0398
Fax (479) 964-0542
Online http://www.atu.edu/gradcollege/

Applicants must meet the admission requirements established for a particular degree program. Approved applicants will be notified in writing of their eligibility for admission to graduate study. Application for admission will be valid for one (1) semester; applicants who do not enroll during the semester in which they applied will be required to reapply for admission. Admission to graduate study does not imply admission to a specific program or to candidacy for a degree.

Tech will provide equal opportunity in admission to all persons. This applies to all phases of the admission process. Any demographic information collected through the Admission Application is on a voluntary basis and is to be used in a nondiscriminatory manner consistent with applicable civil rights laws for reporting and statistical purposes only and cannot affect eligibility for admission.

Any student requiring special accommodations in order to complete a course or program of study should contact the Disabilities Director, Doc Bryan, Room 171, or call (479) 968-0302. The Disabilities Director administers programs and services associated with the Americans with Disabilities Act and serves as a liaison for students with disabilities.

Beginning June 1, 2007, all students at Arkansas Tech University will be assigned a permanent, randomly generated, student identification number. Student's social security numbers will be used only on applications for admission and solely for the purposes of State and Federal reporting requirements and determination of eligibility for Federal financial aid.

Persons born after January 1, 1957 must furnish proof of immunity against measles, mumps, and rubella by sending proof of two (2) MMR immunization shots to the Tech Health and Wellness Center prior to enrollment in classes. For more information contact the Health and Wellness Center at (479) 968-0329.

Unconditional Admission for Entering Graduate Students

Admission applicants must:

1. Applicants must pay a $25.00 nonrefundable application fee directly to the Graduate College.*
2. Applicants must hold a bachelor’s degree from an accredited college verified by an official transcript.

3. Applicants must have a cumulative grade point average of 2.5 or a 3.00 on the last 30 hours of undergraduate work or hold a graduate degree from a regionally accredited institution.

4. Applicants must request a complete undergraduate official transcript from their bachelor's awarding institution sent directly to the Graduate College. Mail all materials to: Graduate College, 1507 North Boulder Avenue Tomlinson 113, Russellville, AR 72801.

5. Applicants must meet additional admission requirements specified by programs in the graduate catalog (GRE, writing samples, etc.).

*The application fee may be applied to defer an application for admission in the same program for up to one (1) calendar year from the original application date. If an applicant does not complete the admission process within one (1) calendar year from the original application date, or if the applicant applies to a new program, the applicant is responsible for submitting a new application fee.

Conditional Admission for Entering Graduate Students

Applicants may be admitted conditionally if they:

1. Do not meet the grade point requirements.
2. Hold a bachelor’s degree from an unaccredited institution.
3. Have not met additional requirements of particular programs.
4. Have not submitted all necessary documentation prior to initial enrollment.

Applicants who fail to meet the grade point requirement specified for admission may be admitted conditionally to enroll for a maximum of twelve (12) semester hours. If a student was admitted conditionally based on grade point average, the condition will be met if upon completion of twelve (12) semester hours, a cumulative grade point average of 3.00 or better is achieved.

An applicant who satisfies the grade point requirement at an unaccredited college may also be granted conditional admission. In some instances, transcripts may be judged to be deficient and the student may be required to complete up to thirty (30) undergraduate hours in addition to graduate credits required for the degree. If a cumulative 3.00 grade point average is achieved at the completion of twelve (12) graduate hours, the student will be granted unconditional admission.

Former Graduate Students

Students who have interrupted their attendance at Arkansas Tech University for at least one semester (summer excluded), but who are academically eligible to continue in a graduate degree program must reapply for admission. Students who are seeking readmission after suspension or dismissal will be formally reviewed by the Graduate Dean, who will determine admission eligibility.

Transfer Graduate Students

Transfer students seeking admission to Arkansas Tech University’s Graduate College must submit official transcripts from all colleges/universities where they have been officially registered in graduate coursework. Transfer students must meet unconditional admission standards, and be in good academic standing at their previous graduate institution(s). Please see the Transfer of Graduate Credit section regarding transferring credit into an Arkansas Tech graduate program.

Non-Degree Admission

Applicants not pursuing a graduate degree may be admitted as non-degree seeking graduate students, upon submitting a completed application for admission to graduate study and an official transcript from an accredited college or university showing a baccalaureate or higher degree has been earned at that institution. Applicants requesting non-degree admission must meet the same grade point admission
criteria as outlined for degree admission. A maximum of twelve (12) graduate hours earned while in non-degree status may apply to a degree program. Students desiring to change from a non-degree admission status to a degree admission status must apply for degree admission.

Non-Academic Rejection
Please note that academic performance is not the sole criterion for admission to the university. The university may evaluate a person’s behavior and background to determine their ability to maintain the standards of academic and professional conduct expected at the university. An evaluation may take into consideration current behavior and performance as well as past experiences and actions. Simply qualifying for admission does not guarantee admission.

Transient Admission
Applicants who are pursuing a graduate degree at another institution may be admitted as transient graduate students upon submission of a completed application for admission to graduate study and an official statement from their institution verifying they have been admitted to its graduate program and are in good standing.

International Graduate Student Admissions
The International and Multicultural Student Services Office (IMSSO) is pleased to assist International students who wish to study at Arkansas Tech University (Tech). Any student who is not a United States citizen or a permanent resident of the United States is considered an international student. International students are subject to out-of-state tuition rates and an international student services fee, as well as, additional admission requirements. International students interested in applying for admission to Tech must submit the following documents:

1. Application - An application for international admission, properly completed.
2. Application Fee - A nonrefundable application fee of $50 USD (separate payment if possible).
3. Graduate College Fee - A nonrefundable application fee of $25 USD (separate payment if possible).
4. Academic Records - All transcripts must be originals or school-certified copies of originals with official English translations. Notarized copies are not accepted. All applicants should submit evidence of the completion of a 4-year bachelor’s degree program. Documents submitted should include detailed grade/mark sheets, as well as, a certificate/diploma providing evidence the degree was awarded. If a consolidated mark sheet is available, please send this documentation as well. Official transcripts should be submitted from all colleges/universities where a student has been officially registered.
5. Entrance Exam - Each individual degree program has varying requirements for admission. Not all programs require GRE or MAT scores. However, if such scores are available, please request original copies of these examinations are sent directly to Arkansas Tech University. The school code for Arkansas Tech University is 6010.
6. English Proficiency - Students who wish to apply for admission to the English Language Institute (ELI) are not required to demonstrate English proficiency. All other applicants should submit official documentation of meeting one of the following standards:
   1. A minimum score of 550 on the written TOEFL (Test of English as a Foreign Language), 213 on the computerized TOEFL or 79 on the Internet-based TOEFL. Scores must be received directly from the Educational Testing Service (ETS). The school code for Arkansas Tech University is 6010.
   2. A minimum score of 6.5 on the International English Language Testing System (IELTS). An official score card must be sent directly to Arkansas Tech University.
   3. An EIKEN score of Grade Pre-1. Scores must be sent directly from STEP, Inc. (Society for Testing English Proficiency).
      NOTE: Test scores are only valid for two years. Please submit only those scores taken within two years from the time of application.
7. Evidence of Sufficient Financial Support - Graduate costs are estimated at $20,018.64 USD for nine (9) months of study including tuition and fees, housing, meals, books, and other living expenses. Applicants must provide certified evidence of the source and amount of funding that will be utilized to support educational expenses. Documents must be official and issued within the six (6) months previous to the time of application. No copies are accepted.

8. Passport - Please provide a photocopy of your current passport as well as any previous visas to the US, I-20's and an I-94 card if available.

9. Program Requirements - Please check the catalog pages for the degree program of interest for the possibility of additional requirements needed to complete the application for admission.

The application for international admission and all supporting documents should be submitted by May 1 for the fall semester, October 1 for the spring semester, and March 1 for both summer sessions for priority consideration. Applications are still accepted after the priority dates. Admission will not be granted until all supporting documentation as listed above has been received and evaluated. Upon acceptance, notification will be sent to the student along with an I-20 (Certificate of Eligibility).

Any deferral of admission requires updated evidence of financial support. The application fee may be applied to defer an application for admission in the same program for up to one (1) calendar year from the original application date. However, the applicant is responsible for paying a $25 USD fee for each deferral within the calendar year. If an applicant does not complete the admission process within one (1) calendar year from the original application date, or if the applicant applies to a new program, the applicant is responsible for submitting new application and Graduate College fees. Please send a written request for deferral to IMSSO along with the fee and updated financial support documentation within 60 days of the start date of your last admission.

Full payment of tuition and fees must be paid at registration each semester. International students are required to purchase a health insurance policy provided by the university. Tech receives no remuneration as a result of international student enrollment in the health insurance plan.

More detailed information regarding international student admissions may be obtained by contacting the International and Multicultural Student Services Office, Tomlinson 29, Arkansas Tech University, Russellville, Arkansas, 72801-2222, USA; telephone (479) 964-0832; fax (479) 880-2039; web http://www.atu.edu/imsso.

Undergraduate Senior Admission

An undergraduate senior, registering the semester prior to graduation in a baccalaureate degree program at Arkansas Tech University, who does not need a full load of undergraduate courses to complete requirements for graduation, may request special permission from the Dean of Graduate College to enroll in no more than six (6) hours of graduate course work. The student's course load is not to exceed a total of fifteen (15) semester hours of graduate and undergraduate work combined during a fall or spring semester. The combined course load for a summer term is six (6) semester hours. The student must have a 3.00 cumulative grade point average to be eligible for admission as an undergraduate senior. Graduate work taken while classified as an undergraduate senior appears on the undergraduate transcript. Failure of a student to complete the bachelor's degree during the semester/term in which the graduate courses are taken will preclude the student from enrolling in additional graduate classes in subsequent semesters until the bachelor's degree is awarded. The form requesting approval to enroll as an undergraduate senior can be obtained at the Graduate College online at Request by Undergraduate Senior to Enroll in Graduate Classes.

Graduate courses do not count toward retention of undergraduate scholarship requirements. Prior to taking a mixed course load, students are encouraged to investigate the effects that graduate courses may make on institutional and/or state funded scholarship awards.

Second Master's Degree

Subject to the approval of the advisor, program director, and Dean of Graduate College a graduate student may be allowed to apply six (6) or nine (9) semester hours toward a second master's degree. If the second master's degree requires 30 hours, a maximum of six (6) hours may be applied to the
second degree. If the second master's degree requires 36 hours or more, a maximum of nine (9) hours may be applied to the second master's degree.

Any courses applied to the second master's degree must meet the requirements for the degree and must not be more than six (6) years old at the time of completion of the second master's degree. All remaining courses applied to meet the requirements for the second master's degree must be taken in residence at Arkansas Tech University. Approval for applying these courses must be received at the beginning of the second master's degree program.

Transfer of Graduate Credit

Graduate Credit Taken Prior to Admission to Arkansas Tech University

A maximum of six (6) semester hours of graduate credit in a 30 hour program and nine (9) semester hours of graduate credit in a 36 hour program with a grade point average of "B" or better may be transferred from an accredited graduate school if deemed appropriate to the graduate program by the head of the student's major department and the Graduate College Dean. Students must send a written request to the head of their major department to petition an acceptance of the transfer credit prior to requesting admission to candidacy to the graduate program. Graduate credit earned six (6) years prior to the completion date of all degree requirements may not be applied toward the degree without the approval of the appropriate program director and the Graduate College Dean. Credits earned by correspondence courses or for remedial purposes will not apply toward the graduate degree. No undergraduate course may be repeated for graduate credit.

Graduate Credit Taken After Admission to Arkansas Tech University

If after admission to graduate study, a student wishes to take a course at another institution to count toward degree requirements at Arkansas Tech University, the student must (in advance of enrollment) obtain written approval from the program director and the Dean of Graduate College.

Catalog Privilege

Candidates for a master's degree may choose to complete requirements under the regulations published in the Tech graduate catalog for the year of initial enrollment in the graduate program at Arkansas Tech University or a subsequent year, provided they were enrolled in the graduate program at the University during the year the catalog was in effect. The catalog chosen must not be over six (6) years old when requirements for the degree are completed.

Academic Advising

Upon entering the graduate program, the student should develop a planned program of studies (including determined prerequisites) under the supervision of their designated faculty advisor. Subsequent modifications must be approved by the advisor and program director.

Graduate Student Load

Graduate students may enroll for a maximum of twelve (12) hours of credit per semester during the academic year and six (6) hours of credit during each of the two summer terms. A one-credit-hour overload may be authorized by the program director of the student's major department. A graduate student will be considered full-time if enrolled for nine (9) or more hours of credit during a regular semester or five (5) hours during a summer term. Graduate Assistants will be considered full-time if carrying six (6) or more hours. Students receiving financial aid should check with the Financial Aid office for requirements necessary to be considered a full time student. Permission to take more than the maximum loads stated above requires the written approval of the student's advisor, program director, and Graduate College Dean.

Adding and Dropping Courses

Changes in the class schedule must be made on official forms available at the Registrar's Office, Room 153, Doc Bryan Student Services Building. Failure to follow the correct procedure for making changes in the class schedule may result in the grade of "F" being recorded for the courses involved. Deadlines for adding courses, dropping courses, or changing sections are listed in the graduate calendar in this catalog.
Grading

The letters A, B, C, D, F are used in grading to indicate the quality of a student's work: A - Excellent, B - Good, C - Fair, D - Unsatisfactory, and F - Failure. The letters AU, W, R, CR, and I are also used: "AU" indicates that the student was enrolled in the course as an "auditor"; "W" is used to indicate that a course was dropped without penalty. The letter "R" indicates that the student registered for the master's thesis. The mark "R" gives neither credit nor grade points toward a graduate degree. The mark "CR" gives credit for hours only.

A final grade of "I" may be recorded for a student who has not completed all the requirements of a course only in situations where the student has an illness or other circumstances beyond the student's control, and has completed seventy-five percent of the course requirements provided work already completed is of passing quality. If a grade of "I" is assigned, the instructor will set a reasonable time limit within the following semester in which the work must be completed. Beginning the first summer term, 1990, and thereafter, a grade of "I" will not be computed in the grade point average for the semester recorded; however, the "I" will be automatically changed to a grade of "F" for grade and grade point purposes at the end of the next regular semester (fall or spring) unless course requirements are completed and the final grade is reported before the end of the semester. A grade of "I" recorded prior to the first summer term, 1990, will be computed as an "F" for grade point purposes. No grade other than "I" may be changed after it is recorded except if an instructor finds that a grade has been erroneously recorded. The instructor may correct the grade by submitting a written request and explanation of the error to the Vice President for Academic Affairs.

If a student needs to repeat a course or a significant portion of a course, a "W" or "F" will be assigned according to regulations governing the assignments of such grades.

Repeating a Course

No graduate student may repeat a course for graduate credit except with the written permission of the advisor. The grade from such a repetition as well as the original grade will be counted in computing the grade point average.

Withdrawing

To withdraw officially, the student must report to the Graduate College and the Office of the Registrar to complete a "Withdrawal Application." Failure to follow this procedure may result in a grade of "F" being recorded.

The deadline for officially withdrawing from the University with grades of "W" is the same as the last day for dropping courses. Withdrawing after this date, which is listed in the graduate calendar in this catalog, will result in grades of "F" being recorded for the semester/term. If circumstances justify special consideration, appeals should be directed to the Graduate College Dean.

Courses for Audit

Enrollment in courses for audit requires admission to graduate study at the University, approval of the Vice President for Academic Affairs and the instructor involved, and payment of the regular fee for the course. Audit will be on a "space-available" basis. Students auditing courses are subject to the same regulations as other students with regard to registration, but they do not take examinations nor receive credit for the course. Students may change from taking a course for credit to audit by following the procedure for adding and dropping courses.

Independent Study Courses

Independent study courses are intended for graduate students who have the interest and the ability to investigate a topic not covered in the graduate courses available in their major field of study. The topic, format, and specific requirements of each independent study project must be approved in writing by the supervising instructor, graduate advisor, program director, and Graduate College Dean prior to enrollment for independent study credit. The original copy of the independent study approval form will be kept in the student's file in the Registrar's Office as part of the student's official graduate record. A student may not enroll in an independent study course before completing twelve (12) hours of graduate credit.
Limit on Workshop and Independent Study Credit

No more than six (6) semester hours of graduate course work completed in workshops and/or independent study may be applied to the master's degree.

Incompletion of Capstone Projects

Students enrolling in capstone projects such as the project in educational research, the liberal arts project, or thesis research maybe given a grade of "R" if requirements are not completed by the end of the semester. The grades of "R" or "CR" do not affect hours or grade point. Students receiving the grade of "R" will be required to enroll in the course the following semester(s) until the requirements are completed. The grade of "CR" gives credit only for the hours enrolled.

Academic Probation and Dismissal

A student admitted unconditionally or a student who has been admitted to candidacy will be placed on probation for the following semester if the cumulative grade point average drops below 3.0. If the semester grade point average for the following semester is 3.0 or greater and results in a cumulative grade point average greater than 3.0, the student will be removed from probation. If the cumulative grade point average remains below 3.0, the student will continue on probation. A student on probation having a semester grade point average below 3.0 for the following semester will be subject to suspension from Graduate College.

A student who is admitted conditionally or on a non-degree basis will be subject to suspension from Graduate College after attempting twelve (12) semester hours with less than a 3.0 grade point average.

All students who receive one letter grade of "C" will be cautioned by the Graduate College. A student who receives a second "C" in their graduate curriculum must meet with the Director of Graduate Support Services prior to registering for the subsequent semester. A student who has a semester grade point average below 3.0 must meet with the Graduate College Dean prior to registering for the following semester. Students who have received their second "C" or have a cumulative grade point average below 3.0 will not be eligible to participate in early registration.

Students with a grade point average below 3.0 may not be admitted into candidacy. A student who has been admitted to candidacy but does not have a 3.0 grade point average at the time of completing the minimum number of hours required by the degree program may submit no more than six (6) additional hours in an attempt to attain a grade point average of 3.0. A maximum of six (6) hours of courses with grades of "C" may be applied to degree requirements. Grades below "C" will not be counted toward meeting degree requirements. A student may not submit more than six (6) hours above the total number of hours required for the program to reach the 3.0 grade point average. All graduate courses taken will be considered in the computation of the grade point average.

Academic suspension means the student may not attend Arkansas Tech for one academic year. A student suspended from Graduate College may reapply for admission after one year. Reinstatement to Graduate College will not necessarily mean reinstatement to a particular graduate program. Readmission does not reestablish financial aid eligibility.

A students' lack of Academic Progress may result in dismissal with no option to be reinstated.

Academic Dishonesty/Academic Misconduct

A university exists for the purpose of educating students and granting degrees to all students who complete graduation requirements. Therefore, Arkansas Tech University requires certain standards of academic integrity and conduct from all students. Arkansas Tech University expects an academic atmosphere to be maintained in all classes regardless of their format and delivery, such as in-person classrooms or online classroom settings. This atmosphere is created by both the professor and the students in order to enable all students enrolled in a class to reach their academic potential. All students, regardless of the format and delivery of their classes, are expected to: attend class (attendance policy is defined by the professor); conduct themselves in a non-disruptive manner; and refrain from cheating,
plagiarism, or other unfair and dishonest practices. Students should also realize the class is under the control of the professor who will give students a statement of his or her class policies in a syllabus at the beginning of the semester.

Academic offenses involving dishonesty and misconduct are defined in the Definitions section below. These definitions are not all inclusive, and conduct not expressly set forth in the definitions may also be considered academic dishonesty or academic misconduct.

A. Definitions

Academic Dishonesty. Academic dishonesty refers to the various categories of cheating and plagiarism in a class, regardless of the class format and delivery.

1. Cheating on an examination, quiz, or homework assignment involves any of several categories of dishonest activity. Examples include but are not limited to: a) copying from an examination, quiz, or any other assignment of another student; b) utilizing notes, messages, or crib sheets in any format which gives the student extra help on an exam or quiz, and which were not approved by the professor of the class; c) obtaining advance copies of exams or quizzes by any means; d) hiring a substitute to take an exam or bribing any other individual to obtain exam or quiz questions; e) buying term papers or other assignments from the Internet or any other source; and f) using the same paper to fulfill requirements in several classes without the consent of the professors teaching those classes.

2. Plagiarism is stealing the ideas or writing of another person and using them as one's own. This includes not only passages, but also sentences and phrases that are incorporated in the student's written work without acknowledgement to the true author. Any paper written by cutting and pasting from the Internet or any other source is plagiarized. Slight modifications in wording do not change the fact the sentence or phrase is plagiarized. Acknowledgment of the source of ideas must be made through a recognized footnoting or citation format. Plagiarism includes recasting the phrase or passage in the student's own words of another's ideas that are not considered common knowledge. Acknowledgement of source must be made in this case as well.

Academic Misconduct. Academic misconduct concerns a student's inappropriate behavior in a class regardless of the class format and delivery. Such behavior includes interacting with the professor and other students in a manner that disrupts the learning environment of a class. Examples include but are not limited to: a) engaging in a discussion with other students that is not beneficial to the class or acceptable to the professor; b) interrupting class unnecessarily; c) attempting to monopolize the professor's time and attention; d) being chronically late to the class; and e) failing to engage in a class in a manner that is required by the professor, such as chronically late submission of assignments. Misconduct also covers verbal or nonverbal harassment and threats in relation to classes. Student behavior must not infringe on the rights of other students or faculty during a class.

B. Composition of Committee

1. The Graduate Academic Appeals Committee is an official committee of Arkansas Tech University and will be formed each academic year as a pool of qualified faculty and students to hear graduate student academic dishonesty and academic misconduct appeals. At the beginning of the fall term, the Graduate Dean will appoint two (2) graduate faculty members from each college; and the Director of Graduate Support Services will appoint one (1) graduate student from each college. The faculty on the committee will elect a Chair.

2. These faculty and students will form a pool of 18, from which a subset can be drawn to serve on a Sub-Committee, hearing a specific case.

3. When a graduate student appeals a decision concerning academic dishonesty or academic misconduct, the appeal is filed with the Chair of the Graduate Academic Appeals Committee. However, if the Chair is involved in the matter of the appeal, the Appeals Committee will elect an alternate member who is not involved in the matter. The Chair or alternate member of the Appeals Committee shall select a three-person Sub-Committee from the pool of 18 composed in the following
C. Procedure for Charges of Academic Dishonesty

Since charges of academic dishonesty may have serious consequences, a professor who suspects a student of any category of academic dishonesty must have facts and/or evidence to support the charge.

1. The professor will meet with the student and present him or her with a written outline of the alleged academic dishonesty, the evidence supporting the charge, and the penalty. In circumstances that require a student to attend a meeting and the student cannot meet in person, such as with online distance courses, the meeting may take place via telephone or a technology-based format. Penalties for various levels of academic dishonesty vary from giving an F on a particular assignment, quiz or exam, to giving an F on a term paper or other written work, or giving the student an F or W for the course. The professor may also have different penalties for particular cases of academic dishonesty.

2. The professor will notify his or her Department Head and graduate program director (or Graduate Dean if the professor is the Department Head or the graduate program director) of the charge, evidence, and penalty.

3. If the student accused of academic dishonesty denies the charge or disagrees with the evidence presented by the professor, the student should make an appointment with the relevant Department Head and graduate program director (or the Graduate Dean if the professor is the Department Head or the graduate program director; in which case, skip step 4). The student may remain in the class during the appeal process.

4. If the student is still dissatisfied after meeting with the Department Head and graduate program director, he or she should make an appointment to meet with the Graduate Dean who will seek resolution of the problem.

5. If a resolution is not found, the Graduate Dean will refer the student to the Graduate Academic Appeals Committee ("Appeals Committee"), whose composition is described in the Appeals Procedures section below.

6. The student should then submit a written appeal to the Chair of the Appeals Committee, or to an alternate member of the Appeals Committee who is not involved in the matter ("alternate member") as described in the Appeals Procedures section below; and the Chair or an alternate member will select a Sub-Committee as described in the Appeals Procedures section below.

7. If the Sub-Committee determines academic dishonesty has occurred, it will confirm the recommendation of the professor concerning the penalty. Such a decision will be given both to the Chair of the Appeals Committee or an alternate member and to the Graduate Dean. The student will be notified of the Sub-Committee's decision by the Chair of the Sub-Committee that sat for the appeal. The Chair of the Sub-Committee shall also notify the Vice President for Academic Affairs of the decision. The Vice President will review the case and forward the outcome to the Registrar after the appeal period described below in this section.

8. The student shall have the right to appeal the decision of the Academic Appeals Sub-Committee by filing a Notice of Appeal. The only basis for appeal shall be: 1) Alleged failure of the Academic Appeals Sub-Committee to follow the procedures set forth in the Academic Dishonesty/Academic Misconduct policy, or 2) Consideration of new evidence that was not available at the time of the hearing before the Academic Appeals Sub-Committee. The appeal should be in writing and submitted to the Office of the Vice President for Academic Affairs within five (5) working/business days of receiving notification of the Sub-Committee's decision. The decision of the Vice President for Academic Affairs will be final.
9. If the Sub-Committee determines academic dishonesty has not occurred or that the evidence is insufficient, the Chair of the Sub-Committee will forward all pertinent information to the Vice President for Academic Affairs. The Vice President will confer with the Graduate Dean, and the relevant Department Head, graduate program director, and professor to facilitate the return of the student to class without penalty. The Department Head or graduate program director will notify the student of the decision.

D. Procedure for Charges of Academic Misconduct

Please note that the procedures listed in this section do not apply to extreme incidents of academic misconduct, such as verbal or physical abuse or threats, which will be dealt with immediately by asking the student to leave the classroom. If the student refuses to leave the classroom, Campus Security personnel will be called to remove the student, and the Dean of Students will also be informed of the behavior. For such extreme incidents of academic misconduct in an online course, the student may be temporarily or permanently removed from the Blackboard course and the Dean of Students will also be informed of the behavior.

1. The professor of a class being disrupted by academic misconduct will speak with the disruptive student. Proper behavior and possible consequences for not modifying the behavior will be discussed with the student.

2. If the student ignores the professor's requests to discuss the behavior, it will be considered that the student received an official warning that his or her classroom conduct is inappropriate. If the student continues the disruptive behavior, the professor will warn the student a second time to cease the behavior.

3. If the student has refused to respond or has ignored the professor's first and second warning, the student will be suspended on an interim basis, and notified of the suspension from the professor of the class in which the warnings were given. Within two (2) working/business days after the date of the interim suspension, a notification will be sent by the professor to the Department Head, the graduate program director, and to the Director of Graduate Support Services, who will notify the Chair of the Appeals Committee or an alternate member who is not involved in the matter.

4. An Appeals Sub-Committee will be appointed and a hearing will be conducted by the Sub-Committee within three (3) working/business days after the date of the notification to the Appeals Committee of the interim suspension.

5. On the same date the notification of the interim suspension is sent to the Chair, or an alternate member of the Appeals Committee, the student will be advised by the Department Head or the graduate program director that he or she has the right to submit a written statement to the Sub-Committee addressing the alleged incident of academic misconduct. The student's written statement as well as the professor's written statement shall be submitted to the Chair of the Sub-Committee at least 24 hours prior to the hearing.

6. The Sub-Committee will consider the written statements of the professor and the student involved in the alleged incident of academic misconduct. The Department Head or graduate program director will also provide a statement that the warning procedure has been followed and the student has been suspended on an interim basis from attending the particular class, pending the decision of the Sub-Committee. The Sub-Committee has the right to pursue further information from the professor, Department Head, program director, and student.

7. If the Sub-Committee determines academic misconduct has occurred, it will confirm the recommendation of the professor concerning the penalty. Such a decision will be given both to the Chair of the Appeals Committee or an alternate member of the Appeals Committee and to the Graduate Dean. The student will be notified of the Sub-Committee's decision by the Chair of the Sub-Committee that sat for the appeal. The Chair of the Sub-Committee shall also notify the Vice President for Academic Affairs of the decision. The Vice President will review the case and forward the outcome to the Registrar after the appeal period described below in this section.

8. The student shall have the right to appeal the decision of the Academic Appeals Sub-Committee by filing a Notice of Appeal. The only basis for appeal shall be: 1) Alleged failure of the Academic
Appeals Sub-Committee to follow the procedures set forth in the Academic Dishonesty/Academic Misconduct policy, or 2) Consideration of new evidence that was not available at the time of the hearing before the Academic Appeals Sub-Committee. The appeal should be in writing and submitted to the Office of the Vice President for Academic Affairs within three (3) working/business days of receiving notification of the Sub-Committee's decision. The decision of the Vice President for Academic Affairs will be final.

9. If the Sub-Committee determines academic misconduct has not occurred or the evidence is insufficient, the Sub-Committee will forward all pertinent information to the Vice President for Academic Affairs. The Vice President will confer with the Graduate Dean, Department Head, graduate program director, and professor to determine the course of action to be followed and the status of the student in regard to the class in question. The Department Head or graduate program director will notify the student of the decision.

Students' Rights

If a student feels unfairly treated in regard to grades, grading, or treatment by the professor or other students within the classroom, the student should address these concerns in the following manner:

Informal Process

1. Make an appointment to speak with the professor of the class to discuss the problem. Students must begin with the professor of the class, as many problems can be worked out satisfactorily with a simple discussion.

2. If the student is still dissatisfied after discussing his or her problem with the professor of the class, an appointment should be made with the Department Head and the director of the graduate program in which the class is taught (or the Dean of the College in which the class is taught, if the professor is the Department Head or the graduate program director). The Department Head, graduate program director, or College Dean will seek satisfactory resolution of the problem with both the student and professor.

3. If the student is still dissatisfied, an appointment should be made with the Graduate Dean, who will again seek resolution, and failing satisfactory resolution, will point out to the student the appropriate appeals process for the student's complaint.

Formal Process

1. If the student complaint involves an assigned grade or a program dismissal, the student will follow the Student Academic Grievance Procedure as outlined in the Student Handbook.

2. If the student wishes to pursue an appeal based on a grade associated with a charge of academic dishonesty, the student will follow the Procedure for Charges of Academic Dishonesty outlined in the Graduate Catalog Academic Information Section.

3. Final appeals, whether informal or formal, will be passed by the Graduate Dean to the Vice President for Academic Affairs for final decision, if necessary.

Assessment Program

Assessment is conducted university-wide to measure student progress toward educational goals, to improve teaching and learning, and to evaluate institutional effectiveness. A number of instruments and techniques are used in the assessment process. In addition to the normal procedures for grading, graduate students may be asked to complete surveys, participate in focus groups, or participate in other assessment activities designed to ensure the continued improvement of the quality of learning. Additional details concerning the University's assessment efforts can be obtained by contacting the Director of Institutional Research and Assessment.

The Family Educational Rights and Privacy Act
The Family Educational Rights and Privacy Act (FERPA) afford eligible students certain rights with respect to their education records. (An "eligible student" under FERPA is a student who is 18 years of age or older or who attends a postsecondary institution.) These rights include:

1. The right to inspect and review the student's education records within 45 days after the day Arkansas Tech University receives a request for access. A student should submit to the registrar, dean, head of the academic department, or other appropriate official, a written request that identifies the record(s) the student wishes to inspect. The school official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the school official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student's education records that the student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. A student who wishes to ask the school to amend a record should write the school official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed. If the school decides not to amend the record as requested, the school will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to provide written consent before the university discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent. The school discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by Arkansas Tech University in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee. A school official also may include a volunteer or contractor outside of Arkansas Tech University who performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, or collection agent or a student volunteering to assist another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for Arkansas Tech University. Upon request, the school also discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Arkansas Tech University to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

   Family Policy Compliance Office
   U.S. Department of Education
   400 Maryland Avenue, SW Washington, DC 20202

See the list below of the disclosures that Arkansas Tech University may make, without consent, under this federal law.

FERPA permits the disclosure of PII from student's education records, without consent of the student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, §99.32 of FERPA regulations requires the institution to record the disclosure. Eligible students have a right to inspect and review the record of disclosures. A postsecondary institution may disclose PII from the education records without obtaining prior written consent of the student-

- To other school officials, including teachers, within Arkansas Tech University whom the school has determined to have legitimate educational interests. This includes contractors, consultants,
volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in §99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(2) are met. (§99.31(a)(1))

- To officials of another school where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of §99.34. (§99.31(a)(2))

- To authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as a State postsecondary authority that is responsible for supervising the university's State-supported education programs. Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§99.31(a)(3) and 99.35)

- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(a)(4))

- To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§99.31(a)(6))

- To accrediting organizations to carry out their accrediting functions. (§99.31(a)(7))

- To parents of an eligible student if the student is a dependent for IRS tax purposes. (§99.31(a)(8))

- To comply with a judicial order or lawfully issued subpoena. (§99.31(a)(9))

- To appropriate officials in connection with a health or safety emergency, subject to §99.36. (§99.31(a)(10))

- Information the school has designated as "directory information" under §99.37. (§99.31(a)(11)).
  - "Directory information" at Arkansas Tech University consists of the student's name, electronic mail address, dates of attendance, major field of study, enrollment status (e.g. undergraduate or graduate), participation in officially recognized activities and sports, weight and height of members of athletic teams, degrees, honors and awards received, and the most recent educational agency or institution attended.
  - "Dates of attendance" as used above means the period of time during which a student attends or attended an educational agency or institution. Examples of dates of attendance include an academic year, a spring semester or a first quarter. The term does not include specific daily records of a student's attendance at an educational agency or institution.
  - This information may be made available upon request to members of the general public.
    - If a student on the Russellville campus wishes for this information to be regarded as confidential, according to the provisions of the Family Educational Rights and Privacy Act of 1974, she/he should notify the Chief Student Officer at (479) 508-3310.
    - If a student on the Ozark campus wishes for this information to be regarded as confidential, according to the provisions of the Family Educational Rights and Privacy Act of 1974, she/he should notify the Chief Student Officer at 479-667-3433.

- To a victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense, subject to the requirements of §99.39. The disclosure may only include the final results of the disciplinary proceeding with respect to that alleged crime or offense, regardless of the finding. (§99.31(a)(13))

- To the general public, the final results of a disciplinary proceeding, subject to the requirements of §99.39, if the school determines the student is an alleged perpetrator of a crime of violence or non-forcible sex offense and the student has committed a violation of the school's rules or policies with respect to the allegation made against him or her. (§99.31(a)(14))

- To parents of a student regarding the student's violation of any Federal, State, or local law, or of any rule or policy of the school, governing the use or possession of alcohol or a controlled substance if the school determines the student committed a disciplinary violation and the student is under the age of 21. (§99.31(a)(15))

**University Policy**

While every effort will be made to conform to catalog announcements, the University reserves the right to adapt its program as may be necessary.

**Graduation**
Please refer to the section entitled Graduation Requirements for information pertaining to candidacy, application for graduation, payment of graduation fees, and other graduation requirements.
Graduation Requirements

Candidacy

Graduate students admitted unconditionally must apply for candidacy to the selected degree program upon completion of twelve (12) graduate credit hours. Students admitted conditionally cannot apply for candidacy until all conditions assigned at the time of admission to graduate study have been removed.

Upon the completion of twelve (12) graduate hours, a hold will be placed on the students’ record until a candidacy form has been approved by the Graduate Dean. Failure to apply for candidacy will result in the hold remaining on the students’ record, and an inability to register for subsequent coursework.

Students who have filed a candidacy form but do not enroll or receive graduate credit for one (1) academic year must submit a new candidacy form upon being readmitted into the same graduate program. If admitted into a different academic program, students are not required to submit a new candidacy form until twelve (12) graduate credits have been accumulated within the new program.

Application for Graduation

In addition to satisfying all degree requirements, a candidate for a degree must file an Application for Graduation online or at the Registrar’s Office. Students must apply for graduation upon completion of twelve (12) graduate credit hours.

Financial Obligation

Before any transcript or diploma is issued, the student must have paid any debt owed the University.

Commencement

Students must complete all degree requirements prior to participating in the December, May, or August commencement ceremonies. Students completing all degree requirements in the fall semester will participate in the December commencement ceremony; spring semester will participate in the May commencement ceremony; and summer terms will participate in the commencement ceremony held in August. Students will not participate in the commencement ceremony if all degree requirements are not completed prior to the ceremony. Students not completing all requirements will participate in the next scheduled commencement ceremony providing all degree requirements are met. Students taking courses at other institutions must have official transcripts submitted to the Registrar’s Office and have completed all degree requirements prior to the commencement ceremony to be allowed to participate.

The candidate is expected to be present at commencement for the conferral of the degree unless written authorization in absentia is granted by the Vice President of Academic Affairs.

Academic regalia shall be worn by the student during the graduation ceremony. No decorations, writings, necklaces, braids, pins, cords, medallions, or other items shall be worn or placed on the gown. Decoration on caps is permitted.

Diplomas may be available at the time of commencement or will be mailed to graduates following commencement.
Absentia Graduation

Requests to graduate in absentia must be in writing and should be forwarded to the Vice President for Academic Affairs at least two (2) weeks prior to the scheduled graduation date. Graduate students who have been approved to graduate in absentia will receive their diplomas by mail after the actual conferral of the degrees.

Master's Thesis

Candidates who prepare a thesis in partial fulfillment of the requirement for a master's degree must exhibit the capabilities of gathering, organizing, evaluating, and reporting data which are pertinent to the topic of investigation.

All thesis must be written in accordance with the guidelines set forth in the thesis writing guide "Thesis Preparation Guide." This guide may be obtained at the Graduate College website under Student Resources.

The candidate's thesis committee will be appointed by the program director in consultation with the student's department head. Once the general area of research is determined through conference with the advisor(s), the student begins the process necessary for preparation of the thesis. Under the direction of the committee, the student prepares and submits a Topic Approval Request for approval by the Dean of Graduate College via the program director. The Topic Approval Request form is found under Student Resources at Thesis Topic Approval Form.

The thesis may be completed at any time after the student has been admitted to candidacy for the degree. However, the thesis committee must receive the thesis by October 1, if graduating in the fall term, and by March 1 if graduating in the spring term. The final copies of the thesis and abstract, in acceptable form, along with a report of the oral examination, must be filed with the Dean of Graduate College no later than two (2) weeks prior to the date of graduation; if revisions are required graduation may be deferred to the following semester.

Student's working on thesis and other master's projects beyond the term in which coursework for the degree has been completed, will be required to enroll in at least one (1) hour of coursework each ensuing semester until all requirements for the degree have been met. Students who fail to continuously enroll will be dropped from the master's program.

The grade for the course will generally be CR (Credit) or NC (No Credit), with the understanding the person(s) supervising the thesis or project can assign a letter grade to explicitly indicate a student is making good (A or B) or unsatisfactory (C or lower) progress toward graduation.

A student who has been dropped for failure to continuously enroll as stipulated by this policy (excluding summer, unless the student is planning to graduate in the summer) may be readmitted to a master's program by reapplying to Graduate College with written approval of the person(s) supervising the thesis or project and the Program Director. Readmitted students will be required to reapply for graduation and enroll in a number of hours of coursework equal to the number of semesters that have lapsed since the last time they were enrolled, up to a maximum of three (3) hours.

Two (2) copies of the thesis are required. The first copy is for the library and the second copy is for the major department. Additional copies may be submitted for personal retention by the student. The cost of thesis binding will be borne by the student. Authentic signatures (not photocopies) by each member of the student's advisory committee are required on each approval sheet submitted with the thesis.

An oral defense of the thesis is required. It will be conducted by the thesis committee. The Dean of Graduate College will be notified by the committee, in writing, when the student has passed the oral defense. The oral defense of the thesis must be passed at least three (3) weeks before the degree is conferred.
Portfolios

Candidates for the Master of Education in Educational Leadership, School Counseling and Leadership, and Teaching, Learning and Leadership, and candidates for the Educational Specialist in Educational Leadership are required to submit a portfolio for completion of requirements of the degree demonstrating evidence of the candidate’s competencies required by the specific program standards. A satisfactory portfolio is a requirement for completion of the program.

The candidate must enroll in two (2) hours of portfolio study after completion of 28 hours of course work. The portfolio is to be completed at the end of course work during the last semester of enrollment.

Three (3) copies of the portfolio are required. One copy is for the Center for Leadership and Learning, and the other copies are for the portfolio committee members. An oral review of the portfolio is required. The oral review will be in compliance with Arkansas licensure requirements.

Degree Completion Requirements

1. Obtain from the University an official statement of admittance to graduate study.
2. Develop a planned program of studies (including determined prerequisites) under supervision of designated faculty advisor, with any subsequent modifications approved by advisor and program director.
3. Apply for admission to candidacy after completion of twelve (12) hours.
4. Complete course work for the degree.
5. Successfully complete a thesis, portfolio, comprehensive exam, internship, or research project as set forth in this catalog.
6. Submit an Application for Graduation form. This must be done during the first week of the semester or term in which the degree work is to be completed.
7. Complete the degree within six (6) years from the time unconditional or conditional admission to the program was granted.
8. See specific degree programs for special requirements.

Doctor of Education Degree

School Leadership

The Ed.D. in School Leadership degree is designed to develop scholar/practitioners who will utilize inquiry-based approaches to solving problems in the school districts of Arkansas and beyond. The degree requires 63 credit hours above the Master’s degree.

Cohort-Based Program

The Ed.D. in School Leadership program is a cohort-based program. Admission to the program occurs once per year and begins during the summer semester. The course rollout is designed to facilitate an efficient use of time, with students in the 33 hour track taking six credit hours per semester and completing the program in a minimum of six semesters. Those students in the 63 hour track will take nine hours per semester and may finish the program in a minimum of nine semesters. Students may complete the Ed.S. degree first and then enter the Ed.D. program. For students who hold an approved Ed.S. degree, reflective of current school leadership standards, consideration for transfer of earned hours will be given through a transcript audit.

Admission Requirements

Students are eligible for admission to the Ed.D. in School Leadership degree program based on completion of all application requirements listed:

1. Applicants must complete the online application to the Graduate College.
2. Applicants must pay a $50.00 nonrefundable application fee directly to the Graduate College.
3. Applicants must hold a master's degree from an accredited college verified by an official transcript.
4. Applicants must hold a building level administrative license and provide a copy to the Graduate College (principalship or instructional leader).
5. Applicants must have a cumulative grade point average of 3.0 on the master's degree from a regionally accredited institution.
6. Applicants must request a complete undergraduate and graduate official transcript from their bachelor's and master's awarding institution sent directly to the Graduate College via mail or e-script. Mail to: Graduate College, 1507 North Boulder Avenue Tomlinson 113, Russellville, AR 72801. E-script to: Graduate College.
7. Applicants must provide a writing sample from previous graduate work. This can be in the form of a thesis, research paper, term paper, article, or product from your professional role.
8. Applicants must submit a 500 word essay on your background, professional and academic career goals, and the reason for pursuing a doctoral degree.
9. Applicants must submit three (3) letters of recommendation addressing their professional and/or academic background along with an assessment of their potential for scholarly work.

After all materials are received, applicants will be interviewed by the Faculty Admissions Committee (FAC). These interviews will be held in person or by Skype.

Once the interviews are completed, the FAC will meet to make final selections for the cohort and all applicants will be notified regarding the committee’s decision.

Academic Advisors

The Director of the Ed.D. program will assist the student in the program of study that leads to the fulfillment of degree requirements. Subsequently, the Director, the department faculty, and the Graduate College monitor the student's progress as they progress through the program. It remains, however, the student's responsibility to understand and to satisfy all degree requirements.
Degree Requirements

Students who are taking the 63-hour track will take all 7000 and 8000 level courses listed.

1. A minimum of 30 semester hours (all at the 7000 level), include the completion of the following courses:

EDLD 7003 Seminar in Systems Issues
EDLD 7013 The Superintendency and Central Office
EDLD 7022 Building a Leadership Community
EDLD 7023 School Board Relations
EDLD 7033 School Personnel and Business Management
EDLD 7101 Administrative Internship in Educational Facilities
EDLD 7112 Advanced Legal Issues
EDLD 7113 Seminar in Current Issues
EDLD 7122 Educational Facilities
EDLD 7132 School Finance for District Level Administration
EDLD 7143 School Accountability Systems
EDLD 7201 Administrative Internship in District Level Finance
EDLD 7202 Administrative Internship in School Accountability Systems

2. A minimum of 33 semester hours (all at the 8000 level), include the completion of the following courses:

EDLD 8003 Applied Research
EDLD 8013 Scholarly Writing
EDLD 8023 Quantitative Research Methods
EDLD 8033 Qualitative Research Methods
EDLD 8043 Cultural Influences
EDLD 8053 Ethics and Values
EDLD 8063 Dissertation I - Proposed Writing
EDLD 8073 Synthesis Seminar
EDLD 8083 Dissertation II
EDLD 8093 Dissertation III
EDLD 8103 Dissertation IV

3. A dissertation must be completed and approved by the student's Dissertation Chair and Committee before the degree is awarded. Guidelines and procedures for the dissertation process will be communicated to the student through the ATU Dissertation Style Guide.

4. A cumulative grade point average of a 3.00 or better must be achieved in all graduate work attempted at Arkansas Tech University, with a maximum of six (6) hours of "C" grades. A student receiving more than six (6) hours of "C" or grades lower than "C" should refer to the section of the catalog on Academic Probation and Dismissal.

5. Completion of all degree requirements within eight (8) years of admission to the degree program.

Candidacy

Graduate students admitted unconditionally must apply for candidacy to the selected degree program upon completion of EDLD 8073 Synthesis Seminar. Students admitted conditionally cannot apply for candidacy until all conditions assigned at the time of admission to graduate study have been removed.

Upon the completion of EDLD 8073 Synthesis Seminar, a hold will be placed on the students' record until a candidacy form has been approved by the Graduate Dean. Failure to apply for candidacy will result in the hold remaining on the students' record, and an inability to register for subsequent coursework.
Students who have filed a candidacy form but do not enroll or receive doctoral credit for one (1) academic year must submit a new candidacy form upon being readmitted into the same doctorate program. If admitted into a different academic program, students are not required to submit a new candidacy form until twelve (12) graduate credits have been accumulated within the new program.

**Application for Graduation**

In addition to satisfying all degree requirements, a candidate for a degree must file an Application for Graduation online or at the Registrar's Office. Students must apply for graduation upon completion of eighteen (18) doctoral credit hours.

**Special Conditions of Doctoral Credit**

**Doctoral Credit Taken Prior to Admission to Arkansas Tech University**

A maximum of eighteen (18) semester hours of doctoral credit with a grade point average of "B" or better may be transferred from an accredited doctoral school if the student is enrolled in the 63 hour track and deemed appropriate to the doctoral program by the head of the student's major department and the Graduate College Dean. Students must send a written request to the head of their major department to petition an acceptance of the transfer credit prior to requesting admission to candidacy to the graduate program. Doctoral credit earned eight (8) years prior to the completion date of all degree requirements may not be applied toward the degree without the approval of the appropriate program director and the Graduate College Dean. Credits earned by correspondence courses or for remedial purposes will not apply toward the doctoral degree. No graduate course may be repeated for doctoral credit.

**Doctoral Credit Taken After Admission to Arkansas Tech University**

If after admission to doctorate study, a student wishes to take a course at another institution to count toward degree requirements at Arkansas Tech University, the student must (in advance of enrollment) obtain written approval from the program director and the Graduate College Dean.
Educational Specialist Degree

Educational Leadership

The Educational Specialist Degree program is based on the "value-added" concept of preparation of school leaders for district level leadership positions such as superintendent and assistant superintendent.

*This program may be completed online.*

Unconditional Admission

Students are eligible to apply for unconditional admission to the Educational Specialist degree program if they meet the requirements listed:

1. Applicants must hold a Master's degree or equivalent in Educational Leadership.
2. Applicants must hold a Standard Teaching License.
3. Applicants must hold an Administrative License.

Conditional Admission

Applicants who fail to meet the grade point requirement specified for unconditional admission may be admitted conditionally to enroll for a maximum of twelve (12) semester hours. If a student was admitted conditionally based on grade point average, the condition will be met if upon completion of twelve (12) semester hours a cumulative grade point average of 3.00 or better is achieved.

Academic Advisors

The academic advisor will assist the student in the program of study that leads to the fulfillment of degree requirements. Subsequently, the academic advisor, the Department Graduate Committee, and the Graduate College monitor the student's progress as they progress through the program. It remains, however, the student's responsibility to understand and to satisfy all degree requirements.

Degree Requirements

1. A minimum of 30 semester hours (all at the 7000 level), include the completion of the following courses:

   EDLD 7003 Seminar in Systems Issues
   EDLD 7013 The Superintendency and Central Office
   EDLD 7022 Building a Leadership Community
   EDLD 7023 School Board Relations
   EDLD 7033 School Personnel and Business Management
   EDLD 7101 Administrative Internship in Educational Facilities
   EDLD 7112 Advanced Legal Issues
   EDLD 7113 Seminar in Current Issues
   EDLD 7122 Educational Facilities
   EDLD 7132 School Finance for District Level Administration
   EDLD 7143 School Accountability Systems
   EDLD 7201 Administrative Internship in District Level Finance
   EDLD 7202 Administrative Internship in School Accountability Systems

2. A portfolio must be successfully completed and approved by a portfolio review committee.

3. A cumulative grade point average of a 3.00 or better must be achieved in all graduate work attempted at Arkansas Tech University, with a maximum of six (6) hours of "C" grades. A student receiving more than six (6) hours of "C" or grades lower than "C" should refer to the section of the catalog on Academic Probation and Dismissal.

4. Satisfactory completion of the professional project.
5. Completion of all degree requirements within six (6) years of admission to the degree program.

6. A minimum of 24 semester hours of graduate coursework completed in residence at Arkansas Tech University.

**Portfolio**

A candidate for an Educational Specialist in Educational Leadership must complete a portfolio as part of the program of study for the degree of Educational Specialist. This portfolio is an edited, integrated collection of an Educational Leadership candidate's evidence that competencies have been acquired that are reflective of the current School Leaders Licensure Standards adopted by the state of Arkansas. It is NOT merely a file of course projects, nor is it a scrapbook of professional memorabilia. It is a collection of a student's best work developed during his program of study. It should showcase the student's best work as an educational leadership candidate and demonstrate the student's expertise relative to the principles and standards for a district administrator. The portfolio is a collection of documents providing tangible evidence of the wide range of knowledge, dispositions, and skills possessed as a professional. The candidate's portfolio is a work in progress and should be updated regularly throughout one's program of study. It should provide evidence of the value-added concept from a Master Degree Portfolio.

**Candidacy**

Graduate students admitted unconditionally must apply for candidacy to the selected degree program upon completion of twelve (12) graduate credit hours. Students admitted conditionally cannot apply for candidacy until all conditions assigned at the time of admission to graduate study have been removed.

Upon the completion of twelve (12) graduate hours, a hold will be placed on the students' record until a candidacy form has been approved by the Graduate Dean. Failure to apply for candidacy will result in the hold remaining on the students' record, and an inability to register for subsequent coursework.

Students who have filed a candidacy form but do not enroll or receive graduate credit for one (1) academic year must submit a new candidacy form upon being readmitted into the same graduate program. If admitted into a different academic program, students are not required to submit a new candidacy form until twelve (12) graduate credits have been accumulated within the new program.

**Application for Graduation**

In addition to satisfying all degree requirements, a candidate for a degree must file an "Application for Graduation" online or at the Registrar's Office. Students must apply for graduation upon completion of twelve (12) graduate credit hours.

**Special Conditions of Graduate Credit**

**Graduate Credit Taken Prior to Admission to Arkansas Tech University**

A maximum of six (6) semester hours of graduate credit with a grade point average of "B" or better may be transferred from an accredited graduate school if deemed appropriate to the graduate program by the head of the student's major department and the Graduate College Dean. Students must send a written request to the head of their major department to petition an acceptance of the transfer credit prior to requesting admission to candidacy to the graduate program. Graduate credit earned six (6) years prior to the completion date of all degree requirements may not be applied toward the degree without the approval of the appropriate program director and the Graduate College Dean. Credits earned by correspondence courses or for remedial purposes will not apply toward the graduate degree. No undergraduate course may be repeated for graduate credit.

**Graduate Credit Taken After Admission to Arkansas Tech University**

If after admission to graduate study, a student wishes to take a course at another institution to count toward degree requirements at Arkansas Tech University, the student must (in advance of enrollment) obtain written approval from the program director and the Graduate College Dean.
Master of Education

The University has an interest in meeting the professional growth and advancement needs of certified teachers and professionals in the service region. The Master of Education includes majors in Educational Leadership; Instructional Technology-Library Media K-12; Instructional Technology-Instructional Design and Technology; School Counseling and Leadership; Special Education K-12; Teaching, Learning and Leadership; Secondary Education; and the MS in Strength and Conditioning Studies.

The Master of Education degrees in Educational Leadership, School Counseling and Leadership and Teaching, Learning and Leadership are housed in the Center for Leadership and Learning under the direction of the Graduate Dean.

Unconditional Admission

Students are eligible to apply for unconditional admission to the Master of Education degree programs if they meet the admission requirements for Graduate College, and meet any additional degree requirements listed for individual programs.

Conditional Admission

Applicants who fail to meet all of the departmental requirements may be accepted conditionally provided the deficiencies are completed prior to the completion of twelve (12) semester hours of graduate work.

Applicants who fail to meet the grade point requirement specified for unconditional admission may be admitted conditionally to enroll for a maximum of twelve (12) semester hours. If a student was admitted conditionally based on grade point average, the condition will be met if upon completion of twelve (12) semester hours a cumulative grade point average of 3.00 or better is achieved.

Academic Advisors

The academic advising process for degree students begins at the time student is admitted to Graduate College. When the student is admitted, the student's program director invites him/her to come in for an advising and orientation session at the student's earliest convenience. When the student meets with the program director, he/she is given an orientation, a master's degree program check-off list (outlines all major steps in completing the degree), and a degree plan outline (list of courses to be completed). This initial advising session ensures the student is informed of all degree requirements, policies, and procedures; is familiar with the department and the program director; and is assigned to an advisor (usually the program director). Subsequently, the academic advisor and the Graduate College monitor the students' as they progress through the program. It remains, however, the student's responsibility to understand and satisfy all degree requirements.

The graduate academic advisor is responsible for:

1. Helping the student plan a balanced program of graduate work adapted to the student's particular interests, needs, and abilities.
2. Advising and assisting the student during the completion of the requirements for the degree.
3. Assisting the student in preparing a thesis or project in educational research.
4. Ensuring the student is aware of assistance and services provided for graduate students by the various university offices.

General Requirements

1. Thirty-six semester hours must be completed, 18 of which must be at the 6000 level.
2. Degrees in Educational Leadership require 34 hours, School Counseling requires 45 hours, and Teaching, Learning and Leadership require 38 hours at the 6000 level or above.
3. A core requirement in professional education (at least 18 semester hours) must be completed.
4. An approved thesis, portfolio, or project in educational research must be successfully completed.

5. A cumulative grade point average of a 3.00 or better must be achieved in all graduate work attempted at Arkansas Tech University, with a maximum of six (6) hours of "C" grades. A student receiving more than six (6) hours of "C" grades or grades lower than "C" should refer to the section of the catalog on "Academic Probation and Suspension."

6. Twenty-seven hours of graduate work must be taken while in residence at Arkansas Tech University. Full-time residence is not required.

7. The master's degree program must be completed within six (6) years from the time of admission to the graduate program.

Candidacy
Graduate students admitted unconditionally must apply for candidacy to the selected degree program upon completion of twelve (12) graduate credit hours. Students admitted conditionally cannot apply for candidacy until all conditions assigned at the time of admission to graduate study have been removed.

Upon the completion of twelve (12) graduate hours, a hold will be placed on the students' record until a candidacy form has been approved by the Graduate Dean. Failure to apply for candidacy will result in the hold remaining on the students' record, and an inability to register for subsequent coursework.

Students who have filed a candidacy form but do not enroll or receive graduate credit for one (1) academic year must submit a new candidacy form upon being readmitted into the same graduate program. If admitted into a different academic program, students are not required to submit a new candidacy form until twelve (12) graduate credits have been accumulated within the new program.

Application for Graduation
In addition to satisfying all degree requirements, a candidate for a degree must file an Application for Graduation online or at the Registrar's Office. Students must apply for graduation upon completion of twelve (12) graduate credit hours.

Special Conditions of Graduate Credit

Graduate Credit Taken Prior to Admission to Arkansas Tech University
Students must petition for acceptance of any transfer credit on the graduate program candidacy form. Graduate credit earned six (6) years prior to the completion date of all degree requirements may not be applied toward the degree without the approval of the appropriate program director and the Dean of Graduate College. Credits earned by correspondence courses or for remedial purposes will not apply toward the graduate degree. No undergraduate course may be repeated for graduate credit.

Graduate Credit Taken After Admission to Arkansas Tech University
If after admission to graduate study, a student wishes to take a course at another institution to count toward degree requirements at Arkansas Tech University, the student must (in advance of enrollment) obtain written approval from the program director and the Graduate College Dean.

Project in Educational Research
All candidates for a M.Ed. degree must complete either a project in educational research related to their major/specialization or a portfolio. Under unusual circumstances, a written comprehensive exam may be used to replace the action research project. Any request for this substitution should be made to the program director.
Master of Education

Special Education

The Master of Education in Special Education is designed to provide post baccalaureate preparation for public school teachers who wish to broaden their knowledge of teaching children with exceptional learning needs.

This program may be completed online.

Unconditional Admission

Students are eligible to apply for unconditional admission to the Master of Education degree program in Special Education if they meet the admission requirements for Graduate College.

Conditional Admission

Applicants who fail to meet the minimum requirements for admission have the opportunity for conditional admission if applicant meets the minimum graduate admission standards and upon a successful appeal to the program director. Students admitted under a conditional status must earn a cumulative 3.0 GPA on the first twelve (12) graduate hours in the program.

Program Requirements

Degree Requirements

1. Candidates for the Master of Education degree with a major in special education must complete the 36 semester hour degree program. Candidates for the Master of Education degree with a major in special education must complete the 36 semester hour degree program.

Special Education Degree Core Requirements (15 hours)
EDFD 6003 Educational Research
EDFD 6313 Principles of Curriculum Development
EDFD 6503 Classroom Behavioral Management
EDFD 6993 Project in Educational Research
ELED 6343 Literacy Assessment and Intervention

Special Education K-12 Licensure Option (21 hours)
EDFD 6053 The At-Risk Child in the School Environment
SPED 5003 Characteristics Children with Exceptional Learning Needs
SPED 5013 Assessment of Children with Exceptional Learning Needs
SPED 5023 Planning Instruction for Children with Exceptional Learning Needs, Grades K-6
SPED 5033 Working with Families of Children with Exceptional Learning Needs
SPED 5053 Planning Instruction for Children with Exceptional Learning Needs, Grades 7-12
SPED 5063 Supervised Practicum, Grades K-12

Dyslexia Therapist, K-12 Licensure Endorsement Courses* (15 hours)
DYS 5003 Dyslexia and Other Learning Disorders
DYS 5013 Foundation of Language and Literacy Development
DYS 5023 Interpreting and Administration of Assessment for Planning Instructions
DYS 5033 Professional Learning and Leadership
DYS 5043 Structured Language Teaching

*These courses are required to meet the Dyslexia Therapist, Grades K-12 Licensure Endorsement in Arkansas.
2. A cumulative grade point average of a 3.00 or better must be achieved in all graduate work attempted at Arkansas Tech University, with a maximum of six (6) hours of "C" grades. A student receiving more than six (6) hours of "C" or grades lower than "C" should refer to the section of the catalog on Academic Probation and Dismissal.

3. A minimum of 27 semester hours of graduate course work completed at Arkansas Tech University.

4. Completion of all degree requirements within six (6) years from the time of unconditional or conditional admission into the program.

Candidacy

Graduate students admitted unconditionally must apply for candidacy to the selected degree program upon completion of twelve (12) graduate credit hours. Students admitted conditionally cannot apply for candidacy until all conditions assigned at the time of admission to graduate study have been removed.

Upon the completion of twelve (12) graduate hours, a hold will be placed on the students' record until a candidacy form has been approved by the Graduate Dean. Failure to apply for candidacy will result in the hold remaining on the students' record, and an inability to register for subsequent coursework.

Students who have filed a candidacy form but do not enroll or receive graduate credit for one (1) academic year must submit a new candidacy form upon being readmitted into the same graduate program. If admitted into a different academic program, students are not required to submit a new candidacy form until twelve (12) graduate credits have been accumulated within the new program.

Application for Graduation

In addition to satisfying all degree requirements, a candidate for a degree must file an Application for Graduation online or at the Registrar's Office. Students must apply for graduation upon completion of twelve (12) graduate credit hours.

Special Conditions of Graduate Credit

Graduate Credit Taken Prior to Admission to Arkansas Tech University
A maximum of nine (9) semester hours of graduate credit with a grade point average of "B" or better may be transferred from an accredited graduate school if deemed appropriate to the graduate program by the head of the student's major department and the Graduate College Dean. Students must send a written request to the head of their major department to petition an acceptance of the transfer credit prior to requesting admission to candidacy to the graduate program. Graduate credit earned six (6) years prior to the completion date of all degree requirements may not be applied toward the degree without the approval of the appropriate program director and the Graduate College Dean. Credits earned by correspondence courses or for remedial purposes will not apply toward the graduate degree. No undergraduate course may be repeated for graduate credit.

Graduate Credit Taken After Admission to Arkansas Tech University
If after admission to graduate study, a student wishes to take a course at another institution to count toward degree requirements at Arkansas Tech University, the student must (in advance of enrollment) obtain written approval from the program director and the Graduate College Dean.
Master of Education

Instructional Technology

Library Media Specialist, K-12

Instructional Design and Technology

The Master of Education degree with a specialization in Instructional Technology contains two program options. Each option is detailed below in the Degree Requirements section.

This program may be completed online.

Unconditional Admission

Students are eligible to apply for unconditional admission to the Master of Education degree program in Instructional Technology if they meet the admission requirements for Graduate College.

Conditional Admission

Applicants who fail to meet the minimum requirements for admission have the opportunity for conditional admission if applicant meets the minimum graduate admission standards and upon a successful appeal to the program director. Students admitted under a conditional status must earn a cumulative 3.0 GPA on the first twelve (12) graduate hours in the program.

Program Requirements

Degree Requirements

1. Candidates for the Master of Education degree with a specialization in instructional technology must complete 36 semester hours of graduate-level course work that includes educational media, library media, or information technology courses noted below in the degree requirements for each option. In addition, the candidate must complete professional education coursework noted below in the degree requirements for each option. Please note the differences in licensure requirements of the two options.

Degree requirements for the Library Media Specialist K-12 option (36 hours)

This program may be completed online and requires a valid Arkansas teacher license*

EDFD 6003 Educational Research
EDFD 6993 Project in Educational Research
EDMD 6133 Production of Instructional Materials
EDMD 6163 Internet Resources
EDMD 6233 Administration of Media Programs
EDMD 6303 Survey of Instructional Technology
EDMD 6433-6 Practicum in Educational Media
LBMD 6003 Collection Development and Management
LBMD 6023 Classification and Cataloging
LBMD 6033 Instructional Role of the School Library
LBMD 6403 Literature for Children and Young Adults
LBMD 6503 School Librarian: Leadership and Collaboration

*In addition to holding a valid Arkansas teaching license, after completing the master’s degree, candidates must attain the minimum score as established by the Arkansas Department of Education on the Media Specialist-Library specialty area section of the Praxis Assessment Series to be considered for Arkansas Library Media Specialist, K-12 licensure.
2. Degree requirements for Instructional Design and Technology option (36 hours)

*This program does not require an Arkansas teaching license.*

EDFD 6003 Educational Research  
EDFD 6993 Project in Educational Research  
EDFD 6043 Current Issues in Human Learning  
EDFD 6313 Principles of Curriculum Development  
EDMD 5033 Introduction to Instructional Technology  
EDMD 6113 Microcomputers for Education and Training  
EDMD 6133 Production of Instructional Materials  
EDMD 6163 Internet Resources  
EDMD 6303 Survey of Instructional Technology  
EDMD 6313 Instructional Design and Product Development

Electives: Six (6) hours of additional instructional technology approved graduate-level electives to meet the 36 semester hour degree requirement.

3. A cumulative grade point average of a 3.00 or better must be achieved in all graduate work attempted at Arkansas Tech University, with a maximum of six (6) hours of "C" grades. A student receiving more than six (6) hours of "C" grades or grades lower than "C" should refer to the section of the catalog on Academic Probation and Dismissal.

4. Satisfactory completion of the research project in EDFD 6993.

5. Completion of all degree requirements within six (6) years of admission to the degree program.

6. A minimum of 27 semester hours of graduate coursework completed in residence at Arkansas Tech University.

**Candidacy**

Graduate students admitted unconditionally must apply for candidacy to the selected degree program upon completion of twelve (12) graduate credit hours. Students admitted conditionally cannot apply for candidacy until all conditions assigned at the time of admission to graduate study have been removed.

Upon the completion of twelve (12) graduate hours, a hold will be placed on the students' record until a candidacy form has been approved by the Graduate Dean. Failure to apply for candidacy will result in the hold remaining on the students' record, and an inability to register for subsequent coursework.

Students who have filed a candidacy form but do not enroll or receive graduate credit for one (1) academic year must submit a new candidacy form upon being readmitted into the same graduate program. If admitted into a different academic program, students are not required to submit a new candidacy form until twelve (12) graduate credits have been accumulated within the new program.

**Application for Graduation**

In addition to satisfying all degree requirements, a candidate for a degree must file an Application for Graduation online or at the Registrar's Office. Students must apply for graduation upon completion of twelve (12) graduate credit hours.

**Special Conditions of Graduate Credit**

**Graduate Credit Taken Prior to Admission to Arkansas Tech University**

A maximum of nine (9) semester hours of graduate credit with a grade point average of "B" or better may be transferred from an accredited graduate school if deemed appropriate to the graduate program by the head of the student's major department and the Graduate College Dean. Students must send a written request to the head of their major department to petition an acceptance of the transfer credit prior to requesting admission to candidacy to the graduate program. Graduate credit earned six (6) years prior to the completion date of all degree requirements may not be applied toward the degree.
without the approval of the appropriate program director and the Graduate College Dean. Credits earned by correspondence courses or for remedial purposes will not apply toward the graduate degree. No undergraduate course may be repeated for graduate credit.

**Graduate Credit Taken After Admission to Arkansas Tech University**

If after admission to graduate study, a student wishes to take a course at another institution to count toward degree requirements at Arkansas Tech University, the student must (in advance of enrollment) obtain written approval from the program director and the Graduate College Dean.
Master of Education

Educational Leadership

The Master of Education (M.Ed.) in Educational Leadership is designed to prepare candidates for licensure as a principal or assistant principal at the building level. The program of study is reflective of the current School Leader Licensure Standards adopted by the state of Arkansas.

*This program may be completed online.*

Unconditional Admission

Students are eligible to apply for unconditional admission to the Master of Education degree program in Educational Leadership if they meet the following requirements:

1. Applicants must meet the admission requirements for Graduate College.
2. A valid Arkansas teacher's license.
3. Two years of teaching experience.
4. Approval from the Program Director.

Degree Requirements

1. A minimum of 34 semester hours (all at the 6000 level) must be completed, including completion of the following courses:

   EDLD 6002 Administrative Law
   EDLD 6013 School Organization and Leadership
   EDLD 6023 Organizational Change
   EDLD 6102 School Finance
   EDLD 6113 Action Research and Data Analysis
   EDLD 6153 Communication with School and Community
   EDLD 6203 Education and Society: Continuities and Discontinuities
   EDLD 6253 Instructional Leadership
   EDLD 6313 Principles of Curriculum for School Leadership
   EDLD 6352 Physical Environment of Schools
   EDLD 6402 Working with the Marginal Performer
   EDLD 6551-4 Administrative Internship (A total of four (4) hours must be taken to complete the requirements)
   EDLD 6991 Professional Portfolio

2. A portfolio must be successfully completed and approved by a portfolio review committee. This portfolio is an edited, integrated collection of an Educational Leadership candidate's evidence that competencies reflective of the Arkansas Standards and the Interstate School Leaders Standards have been acquired. It is NOT merely a file of course projects, nor is it a scrapbook of professional memorabilia. It is a collection of a student's best work developed during his/her program of study. It should showcase the student's best work as an educational leadership candidate and demonstrate the student's expertise relative to the principles and standards for a building-level administrator. The portfolio is a collection of documents providing tangible evidence of the wide range of knowledge, dispositions, and skills possessed as a professional. The candidate's portfolio is a work in progress and should be updated regularly throughout one's program of study. It should provide evidence of the value-added concept from a Master Degree Portfolio.
3. A cumulative grade point average of a 3.00 or better must be achieved in all graduate work attempted at Arkansas Tech University, with a maximum of six (6) hours of "C" grades. A student receiving more than six (6) hours of "C" or grades lower than "C" should refer to the section of the catalog on Academic Probation and Dismissal.

4. Coursework from other institutions of higher education will only be transferred from institutions that have received program approval for a program of study reflective of the current School Leader Licensure Standards adopted by the state of Arkansas.

5. Coursework will be offered on-line, and will be supplemented through on-campus experiences.

**Candidacy**

Graduate students admitted unconditionally must apply for candidacy to the selected degree program upon completion of twelve (12) graduate credit hours. Students admitted conditionally cannot apply for candidacy until all conditions assigned at the time of admission to graduate study have been removed.

Upon the completion of twelve (12) graduate hours, a hold will be placed on the students’ record until a candidacy form has been approved by the Graduate Dean. Failure to apply for candidacy will result in the hold remaining on the students' record, and an inability to register for subsequent coursework.

Students who have filed a candidacy form but do not enroll or receive graduate credit for one (1) academic year must submit a new candidacy form upon being readmitted into the same graduate program. If admitted into a different academic program, students are not required to submit a new candidacy form until twelve (12) graduate credits have been accumulated within the new program.

**Application for Graduation**

In addition to satisfying all degree requirements, a candidate for a degree must file an Application for Graduation online or at the Registrar's Office. Students must apply for graduation upon completion of twelve (12) graduate credit hours.

**Special Conditions of Graduate Credit**

**Graduate Credit Taken Prior to Admission to Arkansas Tech University**

A maximum of nine (9) semester hours of graduate credit with a grade point average of "B" or better may be transferred from an accredited graduate school if deemed appropriate to the graduate program by the head of the student's major department and the Graduate College Dean. Students must send a written request to the head of their major department to petition an acceptance of the transfer credit prior to requesting admission to candidacy to the graduate program. Graduate credit earned six (6) years prior to the completion date of all degree requirements may not be applied toward the degree without the approval of the appropriate program director and the Graduate College Dean. Credits earned by correspondence courses or for remedial purposes will not apply toward the graduate degree. No undergraduate course may be repeated for graduate credit.

**Graduate Credit Taken After Admission to Arkansas Tech University**

If after admission to graduate study, a student wishes to take a course at another institution to count toward degree requirements at Arkansas Tech University, the student must, in advance of enrollment, obtain written approval from the program director and the Graduate College Dean.
Master of Education

School Counseling and Leadership

The Master of Education (M.Ed.) in School Counseling and Leadership is designed to prepare candidates for licensure as school counselors. The program consists of 17 hours of leadership core courses and 28 hours of school counseling specialty courses. Practical activities representative of situations school personnel face on a daily basis have been integrated into the coursework. The program will provide opportunities for outstanding individuals to earn Arkansas school counselor licensure. Students will enter into the program as cohorts.

Unconditional Admission

Students are eligible to apply for unconditional admission to the Master of Education degree program in School Counseling and Leadership if they meet the following requirements:

1. Applicants must hold a standard teaching license or a bachelor’s degree from an accredited college in psychology, rehabilitation science, or sociology. Related fields will be examined on an individual basis.

2. For those applicants not holding a standard teaching license (non-traditional applicants), they must take and pass the Praxis 1: PPST (if taken and passed before 9/1/13) OR the new CORE exams (5712, 5722, 5372) that replaced Praxis I as of September 1, 2013. Non-traditional applicants may substitute the GRE for the Praxis Core if they already hold a master’s degree (or higher) and meet the listed Arkansas cut score(s) upon making application to the program. Cutoff scores can be found at Praxis 2014.

3. Applicants must meet the admission requirements for Graduate College.

4. Approval from the Program Director.

Program Requirements

Degree Requirements

1. A minimum of 45 semester hours must be completed; all courses must be at the 6000 level, including the following courses:

   **Level One Coursework - Core Courses (17 hours)**
   - COUN 6003 School Organization and Leadership for the Counselor
   - COUN 6011 Instructional Leadership/Counseling
   - COUN 6113 Action Research and Data Analysis for High Performing School
   - COUN 6133 Principles of Curriculum Development
   - COUN 6143 Organizational Change/Role of School Counseling
   - COUN 6152 Professional Portfolio
   - COUN 6202 Ethical and Legal Issues

   **Level Two Coursework - School Counseling and Leadership (21 hours)**
   - COUN 6012 Assessment and Appraisal
   - COUN 6213 Developmental Counseling: Theory and Application
   - COUN 6224 Counseling Skill Development I
   - COUN 6233 School Counseling Programs
   - COUN 6243 Group Counseling Strategies in the Schools
   - COUN 6253 Career Development/Academic Advising
   - COUN 6263 Teaming, Collaboration, and Advocacy
Level Three Coursework - Supervised Field Experiences (7 hours)
COUN 6303 Counseling Skill Development II
COUN 6302/4 Internship

2. A portfolio must be successfully completed and approved by a portfolio review committee.

3. A cumulative grade point average of a 3.00 or better must be achieved in all graduate work attempted at Arkansas Tech University, with a maximum of six (6) hours of "C" grades. A student receiving more than six (6) hours of "C" or grades lower than "C" should refer to the section of the catalog on Academic Probation and Dismissal.

4. Thirty-six hours of graduate work must be taken while in residence at Arkansas Tech University.

5. The master's degree program must be completed within six (6) years from the time of admission to the graduate program.

Candidacy
Graduate students admitted unconditionally must apply for candidacy to the selected degree program upon completion of twelve (12) graduate credit hours. Students admitted conditionally cannot apply for candidacy until all conditions assigned at the time of admission to graduate study have been removed.

Upon the completion of twelve (12) graduate hours, a hold will be placed on the students' record until a candidacy form has been approved by the Graduate Dean. Failure to apply for candidacy will result in the hold remaining on the students' record, and an inability to register for subsequent coursework.

Students who have filed a candidacy form but do not enroll or receive graduate credit for one (1) academic year must submit a new candidacy form upon being readmitted into the same graduate program. If admitted into a different academic program, students are not required to submit a new candidacy form until twelve (12) graduate credits have been accumulated within the new program.

Application for Graduation
In addition to satisfying all degree requirements, a candidate for a degree must file an Application for Graduation online or at the Registrar's Office. Students must apply for graduation upon completion of twelve (12) graduate credit hours.

Special Conditions of Graduate Credit

Graduate Credit Taken Prior to Admission to Arkansas Tech University
A maximum of nine (9) semester hours of graduate credit with a grade point average of "B" or better may be transferred from an accredited graduate school if deemed appropriate to the graduate program by the head of the student's major department and the Graduate College Dean. Students must send a written request to the head of their major department to petition an acceptance of the transfer credit prior to requesting admission to candidacy to the graduate program. Graduate credit earned six (6) years prior to the completion date of all degree requirements may not be applied toward the degree without the approval of the appropriate program director and the Graduate College Dean. Credits earned by correspondence courses or for remedial purposes will not apply toward the graduate degree. No undergraduate course may be repeated for graduate credit.

Graduate Credit Taken After Admission to Arkansas Tech University
If after admission to graduate study, a student wishes to take a course at another institution to count toward degree requirements at Arkansas Tech University, the student must, in advance of enrollment, obtain written approval from the program director and the Graduate College Dean.
Master of Education

Teaching, Learning, and Leadership

The Master of Education, Teaching, Learning and Leadership (MTLL) will facilitate individuals in engaging, ongoing dialogue and study based on the integration of research, theory, and best practices. In addition to promoting the professionalization of teaching and improved professional practice, the completion of this degree will prepare teachers to be teacher leaders in the classroom, as an instructional facilitator or a curriculum administrator. Additionally, a unique NTLL Non-Traditional Licensure (NTL) option is available for individuals seeking an initial teacher license.

A graduate student enrolled in the MTLL degree program of study may select a program emphasis from two options:

1. **Curriculum Administrator / Master Teacher Leader** - an individual who is a career teacher and wants to improve classroom teaching and learning or desires to become a curriculum leader.

2. **Non-Traditional Teacher (NTL)** - individual with a baccalaureate degree who seeks an alternative route to secure a standard teachers license.

A licensure endorsement may be added to an existing standard license by fulfilling the program of study requirements (18 hours) for the Instructional Facilitator.

**Curriculum Administrator / Master Teacher Leader Option:**

Graduate students who select the Curriculum Administrator / Master Teacher Leader option will study the knowledge, skills and dispositions necessary to be effective curriculum leaders and mentors for new teacher inductees, colleagues, as well as marginal teachers. Additionally, these degree options will fulfill the program of study requirements for Arkansas Curriculum / Program Administrator Licensure and Instructional Facilitator endorsement upon completion of the required state assessments.

**Non-Traditional Teacher (NTL) Option:**

The Non-Traditional Teacher (NTL) option is intended for the individual who holds a baccalaureate degree and desires to teach in Arkansas public schools (this option is not available for P-4 teaching levels). This program of study option is designed to immerse the MTLL-NTL graduate student in an in-depth study of basic and advanced pedagogical skills for quality teaching, learning and classroom practice.

**Unconditional Admission**

Students are eligible to apply for unconditional admission to the Master of Education degree program in Teaching, Learning, and Leadership if they meet the following requirements:

**Curriculum Administrator / Master Teacher Leader Option**

For unconditional admission applicant must:

1. Applicants must meet the admission requirements for Graduate College.

2. Applicants must have at least two (2) years teaching experience.

3. Approval from the Program Director.

*Or with approval of the CLL Director.

**Non-Traditional Teacher (NTL) Option**

For unconditional admission applicant must:

1. Applicants must meet the admission requirements for Graduate College.
2. Applicants must submit passing scores for Arkansas on the Praxis Core Academic Skills for Educators (CORE) tests (Reading, Writing, Mathematics [5751]) and the required Praxis tests for content specialty field.

3. Approval from the Program Director.

*Or with approval of the CLL Director.

Program Requirements

Degree Requirements
1. A minimum of 38 semester hours (all at the 6000 level) must be completed, including the completion of the following courses:

   **Common Core Courses (27 hours)**
   - MTL 6202 Professionalization of Teaching for the Master Teacher
   - MTL 6003 School Organization and Leadership for Teacher Leaders
   - MTL 6113 Action Research and Data Analysis for School and Classroom Use
   - MTL 6223 Teaching and Learning for the Master Teacher
   - MTL 6262 Action Research Practicum for the Master Teacher
   - MTL 6271 Resource Acquisition for the Master Teacher
   - MTL 6242 Cognitive Coaching and Mentoring for the Master Teacher
   - MTL 6123 Instructional Leadership for the Master Teacher
   - MTL 6133 Basic Elements of Curriculum
   - MTL 6143 Organizational Change and the Role of the Master Teacher
   - MTL 6152 Professional Portfolio for the Master Teacher

Select one option for program of study emphasis from the following:

   **Curriculum Administrator / Master Teacher Leader (MTLL) Option**
   - MTL 6253 Advanced Curriculum Design Practicum for the Master Teacher
   - EDLD 6402 Working with the Marginal Performer
   - EDLD 6002 Administrative Law
   - EDLD 6551-4 Administrative Internship (4 hours total)

   **Non-Traditional Teacher Leader (MTLL-NTL) Option**
   - MTL 6233 Advanced Teaching and Learning for the Master Teacher
   - MTL 6252 Communication, Advocacy & Policy Development
   - MTL 6292 Evaluation of Classroom Learning for the Master Teacher
   - MTL 6551-4 Internship Practicum (4 hours total)

2. Prior to degree completion, a culminating portfolio must be successfully completed and approved by a portfolio review committee for both program of study options.

3. A cumulative grade point average of a 3.00 or better must be achieved in all graduate work attempted at Arkansas Tech University, with a maximum of six (6) hours of "C" grades. A student receiving more than six (6) hours of "C" or grades lower than "C" should refer to the section of the catalog on Academic Probation and Dismissal.

4. Twenty-Seven hours of graduate work must be taken while in residence at Arkansas Tech University.

The master's degree program must be completed within six (6) years from the time of admission to the graduate program.

*For the Non-Traditional Leader (NTL) option the MTLL-NTL graduate student must complete the appropriate state assessments for teacher licensure prior to graduation.
**Instructional Facilitator Endorsement and Curriculum Program Administrator Licensure**

An 18 semester hour MTLL program of study satisfies course requirements for the Instructional Facilitator Endorsement to be added to an individual's Standard Teaching License. This program of study prepares teachers to be teacher leaders who have the knowledge, skills, and dispositions to work with new teacher inductees and colleagues to improve teaching and learning.

**Courses Required for Instructional Facilitator Endorsement (18 hours)**
- MTLL 6202 Professionalization of Teaching for the Master Teacher
- MTLL 6242 Cognitive Coaching and Mentoring for the Master Teacher
- MTLL 6223 Teaching and Learning for the Master Teacher
- MTLL 6253 Advanced Curriculum Design
- MTLL 6143 Organizational Change and the Role of the Master Teacher
- MTLL 6123 Instructional Leadership for the Master Teacher
- EDLD 6551-4 Administrative Internship (2 hours total)

Additionally, the teacher may choose to complete the remaining MTLL identified course hours to complete the Teaching, Learning and Leadership Master of Education degree, which fulfills the program of study requirements for Arkansas Curriculum/Program Administrator Licensure.

**Candidacy**

Graduate students admitted unconditionally must apply for candidacy to the selected degree program upon completion of twelve (12) graduate credit hours. Students admitted conditionally cannot apply for candidacy until all conditions assigned at the time of admission to graduate study have been removed.

Upon the completion of twelve (12) graduate hours, a hold will be placed on the students' record until a candidature form has been approved by the Graduate Dean. Failure to apply for candidacy will result in the hold remaining on the students' record, and an inability to register for subsequent coursework.

Students who have filed a candidature form but do not enroll or receive graduate credit for one (1) academic year must submit a new candidature form upon being readmitted into the same graduate program. If admitted into a different academic program, students are not required to submit a new candidature form until twelve (12) graduate credits have been accumulated within the new program.

**Application for Graduation**

In addition to satisfying all degree requirements, a candidate for a degree must file an Application for Graduation online or at the Registrar's Office. Students must apply for graduation upon completion of twelve (12) graduate credit hours.

**Special Conditions of Graduate Credit**

**Graduate Credit Taken Prior to Admission to Arkansas Tech University**

A maximum of nine (9) semester hours of graduate credit with a grade point average of "B" or better may be transferred from an accredited graduate school if deemed appropriate to the graduate program by the head of the student's major department and the Graduate College Dean. Students must send a written request to the head of their major department to petition acceptance of the transfer credit prior to requesting admission to candidacy to the graduate program. Graduate credit earned six (6) years prior to the completion date of all degree requirements may not be applied toward the degree without the approval of the appropriate program director and the Graduate College Dean. Credits earned by correspondence courses or for remedial purposes will not apply toward the graduate degree. No undergraduate course may be repeated for graduate credit.

**Graduate Credit Taken After Admission to Arkansas Tech University**

If after admission to graduate study, a student wishes to take a course at another institution to count toward degree requirements at Arkansas Tech University, the student must, in advance of enrollment, obtain written approval from the program director and the Graduate College Dean.
The Master of Science in College Student Personnel is a two-year, practitioner-oriented program, philosophically based in college student development and university administration. It is designed to prepare thoughtful, compassionate, first-line student and university service administrators armed with the knowledge, skills and dispositions needed to begin or enhance a career in the variety of settings in which such services are needed.

The goals of the College Student Personnel (CSP) program include:

1. Demonstrating mastery and application of foundational and professional studies in College Student Personnel.
2. Demonstrating professional behavior in carrying out student services work.

*This program may be completed online.*

### Unconditional Admission

Students are eligible to apply for unconditional admission to the Master of Science degree program in College Student Personnel if they meet the following requirements:

1. Applicants must meet the admission requirements for the Graduate College.
2. Applicants must submit a current resume/vitae highlighting any co-curricular experiences and/or student affairs experience.
3. Applicants must submit two (2) letters of reference from previous/current faculty or supervisors who can attest to the candidate’s ability to succeed in an academic setting.
4. Applicants must meet a minimum undergraduate cumulative GPA of 2.70 or a 3.0 GPA in the last 30 hours.
5. Applicants must submit a reflective writing sample, consisting of 3 short-answer reflection items, which include:
   A. Define student affairs and how you see yourself contributing to the field;
   B. Explain how your undergraduate grade point average reflects or does not reflect your ability to succeed at the graduate level; and
   C. What can faculty and classmates expect from you in the classroom and/or virtual classroom? Please share the delivery method (online; face-to-face; or both) you plan to use to complete the degree and if you will be a distance student.
6. Approval from the Program Director.

In addition, applicants must submit admission materials no later than two weeks prior to the start of the semester as a priority admission date. Applicants submitting after the priority deadline will be considered if space is still available in CSP graduate classes.

### Conditional Admission

Applicants who fail to meet the minimum requirements for admission have the opportunity for conditional admission if applicant meets the minimum graduate admission standards and upon a successful appeal to the program director. Students admitted under a conditional status must earn a cumulative 3.0 GPA on the first twelve (12) graduate hours in the program.

### Academic Advisors
The director of the program will assign a faculty advisor to each student admitted to the degree program. The advisor will assist the student in the design of a curriculum of study that leads to the fulfillment of degree requirements. Subsequently, the academic advisor, the Department Graduate Committee, and the Graduate College will monitor the student's progress as they progress through the program. It remains, however, the student's responsibility to understand and to satisfy all degree requirements.

Degree Requirements

1. The completion of a minimum of 36 semester hours of graduate work including the following courses:

   Required Core Courses (30 Hours)

   Foundation Course (3 hours)
   CSP 6023 Introduction to College Student Personnel Work

   Professional Studies (21 hours)
   CSP 6033 Student Development Theory
   CSP 6043 American College Student
   CSP 6053 Legal Issues for Professionals in College Student Personnel
   CSP 6073 Counseling Theories and Helping Skills
   CSP 6113 Research Design and Analysis
   CSP 6123 Assessment and Evaluation in Higher Education
   CSP 6143 Administration in College Student Personnel

   Supervised Practice (6 hours)
   CSP 6083 Practicum 1 in College Student Personnel
   CSP 6063 College Student Personnel Capstone Seminar

   Elective Courses (6 Hours Required)
   CSP 6093 Practicum 2 in College Student Personnel (Required for students without student affairs related work experience)
   CSP 6133 Ethical Leadership in Higher Education
   CSP 6153 Advising Student Groups
   CSP 6163 Academic Advising
   CSP 6173 Career Counseling
   CSP 6203 American Higher Education in Transition
   CSP 6881-3 Special Problem (Workshop) in College Student Personnel

2. A cumulative grade point average of a 3.00 or better must be achieved in all graduate work attempted at Arkansas Tech University, with a maximum of six (6) hours of "C" grades. A student receiving more than six (6) hours of "C" or grades lower than "C" should refer to the section of the catalog on Academic Probation and Dismissal.

3. A minimum of 27 semester hours of graduate course work completed at Arkansas Tech University.

4. Successful completion of the comprehensive examination. Comprehensive examination policies are available from the program director.

5. Completion of all degree requirements within six (6) years from the time of unconditional or conditional admission into the program.

Candidacy

Graduate students admitted unconditionally must apply for candidacy to the selected degree program upon completion of twelve (12) graduate credit hours. Students admitted conditionally cannot apply for candidacy until all conditions assigned at the time of admission to graduate study have been removed.
Upon the completion of twelve (12) graduate hours, a hold will be placed on the students' record until a candidacy form has been approved by the Graduate Dean. Failure to apply for candidacy will result in the hold remaining on the students' record, and an inability to register for subsequent coursework.

Students who have filed a candidacy form but do not enroll or receive graduate credit for one (1) academic year must submit a new candidacy form upon being readmitted into the same graduate program. If admitted into a different academic program, students are not required to submit a new candidacy form until twelve (12) graduate credits have been accumulated within the new program.

Application for Graduation

In addition to satisfying all degree requirements, a candidate for a degree must file an Application for Graduation online or at the Registrar's Office. Students must apply for graduation upon completion of twelve (12) graduate credit hours.

Special Conditions of Graduate Credit

Graduate Credit Taken Prior to Admission to Arkansas Tech University
A maximum of nine (9) semester hours of graduate credit with a grade point average of "B" or better may be transferred from an accredited graduate school if deemed appropriate to the graduate program by the head of the student's major department and the Graduate College Dean. Students must send a written request to the head of their major department to petition an acceptance of the transfer credit prior to requesting admission to candidacy to the graduate program. Graduate credit earned six (6) years prior to the completion date of all degree requirements may not be applied toward the degree without the approval of the appropriate program director and the Graduate College Dean. Credits earned by correspondence courses or for remedial purposes will not apply toward the graduate degree. No undergraduate course may be repeated for graduate credit.

Graduate Credit Taken After Admission to Arkansas Tech University
If after admission to graduate study, a student wishes to take a course at another institution to count toward degree requirements at Arkansas Tech University, the student must (in advance of enrollment) obtain written approval from the program director and the Graduate College Dean.
Master of Science

Emergency Management and Homeland Security

The Department of Emergency Management (EM) at Arkansas Tech University offers a solid background in emergency management and homeland security skills such as preparedness, mitigation, response, recovery, prevention, protection, and strategic collaboration. There is a growing demand for professionals educated in emergency management for the private business sector, education, and various government agencies and organizations at all levels-local, state, regional, national, and international.

This program may be completed online.

This degree offers a specialized program both for existing career professionals in the discipline and for those seeking the diverse employment opportunities available in this evolving career field. The curriculum applies a multidisciplinary approach targeting the principles of emergency management along with state-of-the-art technologies. The EMHS Program Director acts as faculty advisor to each student admitted to the EMHS degree program.

Unconditional Admission

Students are eligible to apply for unconditional admission to the Master of Science degree program in Emergency Management and Homeland Security (EMHS) if they meet all of the following requirements. Additionally, all application credentials are examined by the Graduate Program Director in determining admission status.

1. Applicants must meet the admission requirements for the Graduate College.
2. Applicants must have a minimum undergraduate cumulative grade point average of 3.00.
3. Applicants must provide statement of intent which addresses career goals, interests in Graduate College and emergency management, and research interests. (500 word minimum)
4. Applicants must provide a resume or vitae.
5. Approval from the Program Director.

Conditional Admission

Conditional admission may be possible when the grade point average is between 2.5 and 3.0. In addition, all application credentials are examined by a faculty committee from the EM Department to determine admission status. If a student was admitted conditionally based on grade point average, the condition will be met if upon completion of twelve (12) semester hours a cumulative grade point average of 3.00 or better is achieved.

After completion of the Research Design and Methods course, the Program Director will assist the student in picking a thesis advisor and thesis committee. The Program Director will assist the student in designing a curriculum of study leading to the fulfillment of degree requirements. Additionally, the academic advisor and the Graduate College will monitor the student's progress. Ultimately, it remains the student's responsibility to understand and to satisfy all degree requirements.

Late Admission

Priority deadline date for fall admission is March 1 and spring admission is October 1. Any student requesting admission for any academic term must have their documentation material processed for admission to the program as required by the Department of Emergency Management by the first day of the term requested. Documentation includes undergraduate transcript(s), a Statement of Intent and either a Resume or a Vitae. If processing cannot be completed, and approval given by the Program Director, the student will be rejected for admission for that term and must wait to enter the next academic term.

Degree Requirements
1. The completion of 36 semester hours of graduate work is required, of which 18 semester hours must be at the 6000 level. The 36 hours are taken with four component areas: Professional Component, Methods Component, Applied Research Component, and Interdisciplinary Component.

**Professional Component (18-21 hours)**
Most courses have the prerequisite or acceptable equivalencies of EMHS 6043, EMHS 6063, and EMHS 6103, or the consent of the instructor.

**Methods Component (3-6 hours)**
EMHS 6103 Research Design and Methods
EMHS 6123 Applied Data Analysis

**Applied Research Component (6 Hours which must include EMHS 6413 or EMHS 6943)**
EMHS 6403 Action Research Practicum I
EMHS 6413 Action Research Practicum II
EMHS 6423 Internship for Professional Practice
EMHS 6933 Research I
EMHS 6943 Research II

**Interdisciplinary Component (6 hours)**
Elective EMHS or non-EMHS graduate courses tailored to each student's interests and career objectives.

2. A cumulative grade point average of a 3.00 or better must be achieved in all graduate work attempted at Arkansas Tech University, with a maximum of six (6) hours of "C" grades. A student receiving more than six (6) hours of "C" or grades lower than "C" should refer to the section of the catalog on Academic Probation and Dismissal.

3. The master's degree program must be completed within six (6) years from the time of admission to the graduate program.

4. A minimum of 27 semester hours of graduate coursework completed in residence at Arkansas Tech University.

**Candidacy**
Graduate students admitted unconditionally must apply for candidacy to the selected degree program upon completion of twelve (12) graduate credit hours. Students admitted conditionally cannot apply for candidacy until all conditions assigned at the time of admission to graduate study have been removed.

Upon the completion of twelve (12) graduate hours, a hold will be placed on the students' record until a candidacy form has been approved by the Graduate Dean. Failure to apply for candidacy will result in the hold remaining on the students' record, and an inability to register for subsequent coursework.

Students who have filed a candidacy form but do not enroll or receive graduate credit for one (1) academic year must submit a new candidacy form upon being readmitted into the same graduate program. If admitted into a different academic program, students are not required to submit a new candidacy form until twelve (12) graduate credits have been accumulated within the new program.

**Application for Graduation**
In addition to satisfying all degree requirements, a candidate for a degree must file an Application for Graduation online or at the Registrar's Office. Students must apply for graduation upon completion of twelve (12) graduate credit hours.

**Special Conditions of Graduate Credit**
**Graduate Credit Taken Prior to Admission to Arkansas Tech University**
A maximum of nine (9) semester hours of graduate credit with a grade point average of "B" or better may be transferred from an accredited graduate school if deemed appropriate to the graduate program by the head of the student's major department and the Graduate College Dean. Students must send a written request to the head of their major department to petition an acceptance of the transfer credit prior to requesting admission to candidacy to the graduate program. Graduate credit earned six (6) years prior to the completion date of all degree requirements may not be applied toward the degree without the approval of the appropriate program director and the Graduate College Dean. Credits earned by correspondence courses or for remedial purposes will not apply toward the graduate degree. No undergraduate course may be repeated for graduate credit.

**Graduate Credit Taken After Admission to Arkansas Tech University**

If after admission to graduate study, a student wishes to take a course at another institution to count toward degree requirements at Arkansas Tech University, the student must, in advance of enrollment, obtain written approval from the program director and the Graduate College Dean.
Master of Science

Fisheries and Wildlife Science

The Master of Science in Fisheries and Wildlife Science is offered for those who wish to pursue careers in various areas of fisheries or wildlife science, and for those who wish to obtain a graduate degree before continuing their education at the doctoral level. The Department of Biological Sciences offers the M.S. degree with a thesis or non-thesis option selecting a concentration of study in either fisheries or wildlife science.

Unconditional Admission

Students are eligible to apply for unconditional admission to the Master of Science degree program in Fisheries and Wildlife Science if they meet the following criteria:

1. Applicants must meet the admission requirements for Graduate College.
2. Applicants must have completed a bachelor's degree in a biological science from an accredited university.
3. Applicants must have completed courses in fisheries management or wildlife management, ecology, and statistics with a minimum grade of "C".
4. Applicants must file scores for the Graduate Record Examination (GRE) in the Graduate College.
5. Applicants must provide a letter of intent that addresses the applicant's interests, goals, and reasons for applying to the degree program.
6. Applicants must provide two (2) letters of recommendation, using the form provided by our Fisheries and Wildlife Science Program, from professors familiar with the applicant's academic ability.
7. Approval from the Program Director.

Conditional Admission

Qualified students without the courses listed above may be accepted provided the deficiencies are made up without graduate credit. Applicants who fail to meet the grade point requirement specified for unconditional admission may be admitted conditionally to enroll for a maximum of twelve (12) semester hours. If a student was admitted conditionally based on grade point average, the condition will be met upon completion of twelve (12) semester hours with a cumulative grade point average of 3.00 or better is achieved.

Academic Advisors

Students following the non-thesis option will have an advisor assigned by the program director following admission into the program. Students pursuing the thesis option must gain acceptance of a program advisor before he/she can be accepted to the program. Submission of a letter to the program director by a faculty member that acknowledges willingness to serve as a student's major advisor, constitutes formal acceptance into the thesis-option. The advisor of a thesis-option student will select two (2) or more qualified personnel (at least one from the Fisheries and Wildlife Program) to serve as members of the student's advisory committee.

The advisor should assist the student to develop a course plan (submitted on a candidacy form to the Graduate College). In the case of a thesis-option candidate, this course plan along with a fully proposed thesis topic is approved by the student's advisory committee in addition to the program director generally within the first semester and no later than immediately following the second semester. The advisory committee will determine acceptability of the thesis and oral defense. While the advisory committee helps identify critical deficiencies in undergraduate preparation and adds courses to the program of study to compensate for these deficiencies, it remains the student's responsibility to understand and to satisfy all degree requirements.

Degree Requirements
Option 1: Thesis Option

1. A minimum of 30 semester hours at the graduate level must be completed for the thesis option, including completion of:

   **Thesis only option (30 hours)**
   - FW 6001 Graduate Seminar in Fisheries and Wildlife Biology
   - FW 6002 Research Methods I
   - FW 6012 Research Methods II
   - FW 6013 Population Dynamics
   - FW 6991-6 Thesis Research - 6 hours
   - MATH 5173 Advanced Statistics
   - Approved 5000 or 6000 level elective courses - 13 hours

   **Non-Thesis only option (36 hours)**
   - FW 5163 Biodiversity and Conservation Biology
   - FW 6001 Graduate Seminar in Fisheries and Wildlife Biology
   - FW 6002 Research Methods I
   - FW 6012 Research Methods II
   - FW 6013 Population Dynamics
   - FW 6033 Conservation Management Practicum
   - FW 6043 Conservation Research Practicum
   - FW 6101 Comprehensive Exam
   - MATH 5173 Advanced Statistics
   - Approved 5000 or 6000 level elective courses - 15 hours

   **Electives**
   - EMHS 6033 Foundation of Leadership
   - FW 5003 Principles of Wildlife Management
   - FW 5014 Forest Ecology and Management
   - FW 5024 Limnology
   - FW 5034 Geographic Information Systems in Natural Resources
   - FW 5103 Human Dimensions of Fisheries and Wildlife Management
   - FW 5881-4 Advanced Topics
   - FW 6023 Quantitative Fisheries Science

2. A minimum cumulative grade point average of 3.00 must be achieved in all graduate work attempted at Arkansas Tech University. A maximum of six (6) hours of "C" can be counted toward degree requirements, and a student receiving more than six (6) hours of "C" is subject to dismissal from the program. Refer to the section of the catalog on Academic Probation and Dismissal.

3. A written thesis and an oral defense of the research thesis must be approved by the advisory committee, the program director, and the Graduate College Dean. The topic of this thesis work is guided by a graduate advisor and the topic is approved by submitting a Graduate College form at or about the time of candidacy approval. Students will be required to enroll in an additional one credit hour of graduate coursework prior to their thesis defense if the thesis is not defended within one semester of completion of the coursework for the degree. For the purposes of this policy, summer is considered to be one semester.

4. Completion of all requirements for the degree must be accomplished within six (6) years from the time of admission to the program.

**Candidacy**

Graduate students admitted unconditionally must apply for candidacy to the selected degree program upon completion of twelve (12) graduate credit hours. Students admitted conditionally cannot apply for candidacy until all conditions assigned at the time of admission to graduate study have been removed.
Upon the completion of twelve (12) graduate hours, a hold will be placed on the students' record until a candidacy form has been approved by the Graduate Dean. Failure to apply for candidacy will result in the hold remaining on the students' record, and an inability to register for subsequent coursework.

Students who have filed a candidacy form but do not enroll or receive graduate credit for one (1) academic year must submit a new candidacy form upon being readmitted into the same graduate program. If admitted into a different academic program, students are not required to submit a new candidacy form until twelve (12) graduate credits have been accumulated within the new program.

**Application for Graduation**

In addition to satisfying all degree requirements, a candidate for a degree must file an Application for Graduation online or at the Registrar's Office. Students must apply for graduation upon completion of twelve (12) graduate credit hours.

**Special Conditions of Graduate Credit**

**Graduate Credit Taken Prior to Admission to Arkansas Tech University**

A maximum of six (6) semester hours of graduate credit with a grade point average of "B" or better may be transferred from an accredited graduate school if deemed appropriate to the graduate program by the program director and the Graduate College Dean. Students must send a written request to the program director to petition an acceptance of the transfer credit prior to requesting admission to candidacy to the graduate program. Graduate credit earned six (6) years prior to the completion date of all degree requirements may not be applied toward the degree without the approval of the program director and the Graduate College Dean. Credits earned by correspondence courses or for remedial purposes will not apply toward the graduate degree. No undergraduate course may be repeated for graduate credit.

**Graduate Credit Taken After Admission to Arkansas Tech University**

If after admission to graduate study, a student wishes to take a course at another institution to count toward degree requirements at Arkansas Tech University, the student must (in advance of enrollment) obtain written approval from the program director and the Graduate College Dean.
Master of Science

Health Informatics

The Master of Science in Health Informatics (MSHI) is a specialized program of study to serve the increasing workforce needs in the area of health information technology. The curriculum utilizes a multidisciplinary approach to include health care delivery concepts coupled with information technology in a changing environment. Courses are designed to prepare graduates in the area of privacy and security of health care information, leadership and policy within the health care environment, as well as emerging concepts in information technology as related to the health care setting. Graduates will be able to choose electives to aid in accomplishing their career goals within the area of health information technology.

This program may be completed online.

Unconditional Admission

Students are eligible to apply for unconditional admission to the Master of Science degree program in Health Informatics if they meet the following requirements:

1. Applicants must meet the admission requirements for Graduate College.
2. Applicants must have successfully completed HIM 302 Introduction to HIM or demonstrate comparable background. The background may be demonstrated by previous coursework or by relative work experience, as determined by the MSHI Graduate Committee.
3. Applicants must have successfully completed a three (3) semester hour course in computer programming, such as COMS 2203 or demonstrate comparable background. The background may be demonstrated by previous coursework or by relative work experience, as determined by the MSHI Graduate Committee.
4. Applicants must provide a letter of intent that addresses their interests, goals, and reasons for applying to the degree program.
5. Approval from the Program Director.

Conditional Admission

Applicants who fail to satisfy the grade point requirements for unconditional admission or who do not satisfy requirements 2-3 above may be admitted conditionally by the MSHI Graduate Committee to earn a maximum of twelve (12) hours of graduate credit. Conditional admission may require taking one or more undergraduate and/or graduate courses to remove those conditions. Any such courses must be completed with a grade of “B” or better. In addition, if the student was admitted conditionally due to grade point average, the student must earn a 3.0 or better cumulative grade point average in all graduate courses taken for the program by the end of the semester in which the twelfth (12) graduate hour is completed.

Academic Advisors

The MSHI Graduate Committee will assign a faculty advisor to each student admitted to the MSHI degree program. The advisor will assist the student in the design of a curriculum of study that leads to the fulfillment of degree requirements. Additionally the academic advisor and the Graduate College will monitor the student's progress. It remains, however, the student's responsibility to understand and to satisfy all degree requirements.

Degree Requirements

1. A minimum of 35 semester hours of coursework at the graduate level must be completed. These hours include 29 semester hours of core requirements and six (6) hours of INFT, HI 5000-level or 6000-level electives, or electives that are deemed acceptable by MSHI Program Director.
2. A cumulative grade point average of at least 3.00 in all graduate courses completed at Arkansas Tech University with a maximum of six (6) hours of "C" grades. A student receiving more than six (6) hours of "C" or grades lower than "C" should refer to the section of the catalog on Academic Probation and Dismissal.

3. A minimum of 27 hours of graduate course work completed at Arkansas Tech University.

4. Completion of all degree requirements within four (4) years of admission into the program.

Core Courses (23 hours)
HI 5092 Research in HIM
HI 6053 Emerging Trends in Health Information
HI 6063 Leadership in Health Informatics
HI 6073 Security and Privacy in Health Informatics
HI 6083 Health Care Policy
INFT 5403 Introduction to Information Technology and Systems
INFT 5203 Database Systems
MATH 5173 Advanced Biostatistics

HI 6991-6 Thesis Research - 6 hours
OR
HI 6983 Research Project AND Additional 3 hour elective

Elective Courses - Choose two courses (6 hours)
INFT 6013 Decision Support Systems
INFT 6903 Emerging Trends in IT
INFT 5053 Information Systems Resource Management
INFT 5303 Developing and Administering Web Sites

Candidacy
Graduate students admitted unconditionally must apply for candidacy to the selected degree program upon completion of twelve (12) graduate credit hours. Students admitted conditionally cannot apply for candidacy until all conditions assigned at the time of admission to graduate study have been removed.

Upon the completion of twelve (12) graduate hours, a hold will be placed on the students' record until a candidacy form has been approved by the Graduate Dean. Failure to apply for candidacy will result in the hold remaining on the students' record, and an inability to register for subsequent coursework.

Students who have filed a candidacy form but do not enroll or receive graduate credit for one (1) academic year must submit a new candidacy form upon being readmitted into the same graduate program. If admitted into a different academic program, students are not required to submit a new candidacy form until twelve (12) graduate credits have been accumulated within the new program.

Application for Graduation
In addition to satisfying all degree requirements, a candidate for a degree must file an Application for Graduation online or at the Registrar's Office. Students must apply for graduation upon completion of twelve (12) graduate credit hours.

Special Conditions of Graduate Credit
Graduate Credit Taken Prior to Admission to Arkansas Tech University
A maximum of nine (9) semester hours of graduate credit with a grade point average of "B" or better may be transferred from an accredited graduate school if deemed appropriate to the MSHI Graduate Committee, the Director of the MSHI program, and the Graduate College Dean. Students must send a written request through the MSHI Graduate Committee and program director to petition an acceptance of the transfer credit prior to requesting admission to candidacy to the graduate program. Graduate credit earned six (6) years prior to the completion date of all degree requirements may not be applied
toward the degree without the approval of the MSHI program director and the Graduate College Dean. Credits earned by correspondence courses or for remedial purposes will not apply toward the graduate degree. No undergraduate course may be repeated for graduate credit.

**Graduate Credit Taken After Admission to Arkansas Tech University**

If after admission to graduate study, a student wishes to take a course at another institution to count toward degree requirements at Arkansas Tech University, the student must (in advance of enrollment) obtain written approval from the program director and the Graduate College Dean.
Master of Science

Information Technology

The Master of Science in Information Technology (MS-IT) is a study of the hardware and software mechanisms used to implement modern information systems. It includes coverage of local-area networks, databases, operating systems, the Internet, the web, and IT management. The student is offered two specialty programs: one in Computer-Based Instructional Technology (CBIT), and one in Information Technology (IT). Each program is built around a common core of three important technologies: networking, web development, database design and implementation.

The Computer-Based Instructional Technology (CBIT) specialty program enables a student to complete the degree through course-work directed to showing the application of computing technology to instruction.

The Information Technology (IT) specialty program is intended for students pursuing a career in technical support for information systems. The focus is on an integrated study of networking, databases, and the web.

Unconditional Admission

Students are eligible to apply for unconditional admission to the Master of Science degree program in Information Technology if they meet all of the following requirements:

1. Applicants must meet the admission requirements for Graduate College.

2. Applicants must have a background comparable to COMS 1003 and COMS 1403 (see undergraduate catalog for course descriptions), which includes familiarity with terminology and concepts related to word processing, spreadsheets, and databases. This background may be demonstrated by previous coursework, work experience, or by taking a test administered by the MS-IT Graduate Committee.

3. Applicants must have successfully completed one math course beyond college algebra.

4. Applicants for the CBIT program must have successfully completed one semester of computer programming comparable to COMS 2104. Applicants for the IT program must have successfully completed two semesters of computer programming courses comparable to COMS 2104 and COMS 2203.

5. Applicants must submit recent (within the last 5 years), acceptable scores (to be determined by the faculty) of the Graduate Record Examination (GRE) to the Graduate College.

6. Approval from the Program Director.

Conditional Admission

Applicants who fail to satisfy the grade point requirements for unconditional admission or who do not satisfy requirements 2-6 above may be admitted conditionally by the MS-IT Graduate Committee to earn a maximum of twelve (12) hours of graduate credit. Applicants without GRE are not eligible for conditional admission. Conditional admission may require taking one or more undergraduate and/or graduate courses to remove those conditions. Any such courses must be completed with a grade of "B" or better. In addition, if the student was admitted conditionally due to grade point average, the student must earn a 3.0 or better cumulative grade point average in all graduate courses taken for the program by the end of the semester in which the twelfth (12) graduate hours is completed.

Academic Advisors

The MS-IT Graduate Committee will assign a faculty advisor to each student admitted to the MS-IT degree program. The advisor will assist the student in the design of a curriculum of study that leads to the fulfillment of degree requirements. Additionally, the academic advisor and the Graduate College will monitor the student's progress. It remains, however, the student's responsibility to understand and to satisfy all degree requirements.
Degree Requirements

1. The completion of 36 hours of graduate work of which include 18 semester hours in MSIT core requirements plus requirements for the Computer-Based Instructional Technology (CBIT) or the Informational Technology (IT) specialty program. A minimum of 18 of the total hours must be at the 6000 level.

MSIT Core Requirements (18 hours)
INFT 5203 Database Systems
INFT 5303 Developing and Administering Web Sites
INFT 5703 Computer Networks
INFT 5700 Computer Networks Lab

Plus completion of nine (9) semester hours from the following courses:
INFT 5103 Software Development
INFT 5503 The UNIX Operating System
INFT 5403 Introduction to Information Technology and Systems
INFT 5413 Computer Systems and Architecture

Computer-Based Instructional Technology (CBIT) Requirements (18 hours)
EDFD 6003 Educational Research
EDMD 6133 Production of Instructional Materials
EDMD 6313 Instructional Design and Product Development
EDFD 6313 Principles of Curriculum Development
EDMD 6513 Computer Based Instruction
INFT 3 hours elective (6000 level)
Plus successful completion of written comprehensive examinations.

Information Technology (IT) Requirements (18 hours)
Completion of 9 semester hours of the following courses and one of the three options
INFT 6203 Database Development and Administration
INFT 6303 Design of Web-based Information Systems
INFT 6403 Information Systems Analysis and Design
INFT 6703 Heterogeneous Networks
INFT 6700 Heterogeneous Networks Lab

Option I (Internship):
3-8 hours of INFT 6000 level elective courses (depending on the internship)
1-6 hours internship (INFT 6991-3)

Option II (Thesis):
3 hours of INFT 6000-level elective courses
6 hours Thesis Research (INFT 6973 and INFT 6983)

Option III (Comprehensive Examinations):
9 hours of INFT 6000-level elective courses
The successful completion of written comprehensive examinations.

2. A cumulative grade point average of at least 3.00 in all graduate courses completed at Arkansas Tech University with a maximum of six (6) hours of "C" grades. A student receiving more than six (6) hours of "C" or grades lower than "C" should refer to the section of the catalog on Academic Probation and Dismissal.

3. A minimum of 27 hours of graduate course work completed at Arkansas Tech University.

4. Completion of all degree requirements within four (4) years of admission into the program.

Candidacy
Graduate students admitted unconditionally must apply for candidacy to the selected degree program upon completion of twelve (12) graduate credit hours. Students admitted conditionally cannot apply for candidacy until all conditions assigned at the time of admission to graduate study have been removed.

Upon the completion of twelve (12) graduate hours, a hold will be placed on the students’ record until a candidacy form has been approved by the Graduate Dean. Failure to apply for candidacy will result in the hold remaining on the students’ record, and an inability to register for subsequent coursework.

Students who have filed a candidacy form but do not enroll or receive graduate credit for one (1) academic year must submit a new candidacy form upon being readmitted into the same graduate program. If admitted into a different academic program, students are not required to submit a new candidacy form until twelve (12) graduate credits have been accumulated within the new program.

**Application for Graduation**

In addition to satisfying all degree requirements, a candidate for a degree must file an Application for Graduation online or at the Registrar's Office. Students must apply for graduation upon completion of twelve (12) graduate credit hours.

**Special Conditions of Graduate Credit**

**Graduate Credit Taken Prior to Admission to Arkansas Tech University**

A maximum of nine (9) semester hours of graduate credit with a grade point average of "B" or better may be transferred from an accredited graduate school if deemed appropriate to the MS-IT Graduate Committee, the Director of the MSIT program, and the Graduate College Dean. Students must send a written request through the MSIT Graduate Committee and program director to petition an acceptance of the transfer credit prior to requesting admission to candidacy to the graduate program. Graduate credit earned six (6) years prior to the completion date of all degree requirements may not be applied toward the degree without the approval of the MS-IT program director and the Graduate College Dean. Credits earned by correspondence courses or for remedial purposes will not apply toward the graduate degree. No undergraduate course may be repeated for graduate credit.

**Graduate Credit Taken After Admission to Arkansas Tech University**

If after admission to graduate study, a student wishes to take a course at another institution to count toward degree requirements at Arkansas Tech University, the student must (in advance of enrollment) obtain written approval from the MS-IT program director and the Graduate College Dean.
Master of Science
Post-Master's Certificate in Nursing Administration

Nurses with the masters or masters of science in nursing that have moved into management or administrative professional roles which require further graduate education in administration will apply to this program. This post-master's certificate program would allow those nurses to complete the necessary requirements for his/her administrative role and be prepared to sit for the certification exams that are available for nurse administrators.

Admission Requirements
1. Applicants must meet the admission requirements for Graduate College.
2. Applicants must have a minimum cumulative graduate grade point average of 3.0.
3. Applicants must have graduated from a BSN program that was NLNAC or CCNE accredited at the time of graduation.
4. Applicants must have a Master of Science or Master of Science in Nursing degree.
5. Approval from the MSN Admissions Committee.

Degree Requirements
The fifteen (15) hours of courses for students in this track include the following:

NUR 6313 Role of the Nurse Administrator
NUR 6503 Organizational Behavior and Human Resource Management
NUR 6513 Fiscal Management
NUR 6526 Nursing Administration Practicum

Academic Advisors
The Nursing Graduate Studies Committee will assign a faculty advisor to each student admitted to the Nursing Administration certificate. The advisor will assist the student in the design of a curriculum of study that leads to the fulfillment of certificate requirements. Additionally, the academic advisor and the Graduate College will monitor the student's progress. It remains, however, the student's responsibility to understand and to satisfy all certificate requirements.

Special Conditions of Graduate Credit

Graduate Credit Taken After Admission to Arkansas Tech University
If after admission to graduate study, a student wishes to take a course at another institution to count toward degree requirements at Arkansas Tech University, the student must (in advance of enrollment) obtain written approval from the program director and the Graduate College Dean.
Master of Science

Psychology

The Master of Science in Psychology program at Arkansas Tech University is designed to provide advanced students with sufficient breadth and depth to function in a variety of professional environments. While emphasis is placed on research and Psychological Principles, a concentrated effort is also made to establish the foundation necessary for teaching, practice, post-graduate work, research, or any combination of these areas.

Unconditional Admission

Students are eligible to apply for unconditional admission to the Master of Science degree program in Psychology if they meet the following requirements and are approved by the Psychology graduate faculty:

1. Applicants must meet the admission requirements for the Graduate College.
2. Applicants must have a minimum of 18 semester hours in Psychology at the undergraduate level (including a course in statistics, and research methods, with a grade of "B" or better).
3. Applicants must have an overall undergraduate grade point of 3.0 on a 4.0 scale.
4. Applicants must submit recent (within the last 5 years), acceptable scores (to be determined by the psychology graduate faculty) of the Graduate Record Examination (GRE).
5. Approval from the Program Director.

Conditional Admission

Applicants who fail to meet the criteria for unconditional admission may be admitted conditionally to enroll in twelve (12) semester hours. Students admitted conditionally must achieve a cumulative grade point average of 3.00 at the completion of twelve (12) semester hours with no grade lower than "C".

An applicant who satisfies the grade point requirement from an unaccredited institution may also be eligible for conditional admission. In such cases, transcripts may be judged to be deficient. The nature of the deficiency and subsequent deficiency requirements will be determined by the Psychology Graduate Committee and the Director of the Graduate Program in Psychology or the Head of the Department.

Academic Advisors

The Director of the Graduate Program in Psychology or the Head of the Department will assign a temporary faculty advisor to each student admitted to the degree program. The faculty advisor will assist the student in designing a curriculum of study that leads to the fulfillment of the degree requirements and the preparation of the thesis. The faculty advisor, the Psychology Graduate Committee, and the Graduate College monitor the student's progress in the program. However, it remains the student's responsibility to understand and to satisfy all degree requirements.

Degree Requirements

The student seeking the Master of Science degree in Psychology must complete the following:

1. A minimum of 30 semester hours in Psychology at the graduate level (5000-6000) with no more than 12 hours of 5000 level courses considered toward completion of the degree.

   Required Courses (12 hours)
   - PSY 6003 Advanced Principles of Psychology I
   - PSY 6013 / SOC 6013 Advanced Statistics
   - PSY 6023 Research Design
   - PSY 6103 Advanced Principles of Psychology II

   Electives (18 hours, minimum 6 hours at the 6000 level)
At the end of each fall semester, the student will meet with the Psychology Graduate Committee for program review and evaluation.

Candidacy

Graduate students admitted unconditionally must apply for candidacy to the selected degree program upon completion of twelve (12) graduate credit hours. Students admitted conditionally cannot apply for candidacy until all conditions assigned at the time of admission to graduate study have been removed.

Upon the completion of twelve (12) graduate hours, a hold will be placed on the students' record until a candidacy form has been approved by the Graduate Dean. Failure to apply for candidacy will result in the hold remaining on the students' record, and an inability to register for subsequent coursework.

Students who have filed a candidacy form but do not enroll or receive graduate credit for one (1) academic year must submit a new candidacy form upon being readmitted into the same graduate program. If admitted into a different academic program, students are not required to submit a new candidacy form until twelve (12) graduate credits have been accumulated within the new program.

Application for Graduation

In addition to satisfying all degree requirements, a candidate for a degree must file an Application for Graduation online or at the Registrar's Office. Students must apply for graduation upon completion of twelve (12) graduate credit hours.

Special Conditions of Graduate Credit
Graduate Credit Taken Prior to Admission to Arkansas Tech University
A maximum of six (6) semester hours of graduate credit with a grade of "B" or better may be transferred from an accredited school if deemed appropriate to the Psychology Graduate Committee, the Director of the Graduate Program in Psychology, and the Graduate College Dean. Students must send a written request through the Psychology Graduate Committee to petition the acceptance of the transfer credit prior to request candidacy to the graduate program. Graduate credit earned six (6) years prior to the completion date of all degree requirements may not be applied toward the degree without the approval of the Director of the Graduate Program in Psychology or the Head of the Department and the Graduate College Dean. Credits earned by correspondence courses or taken for remedial purposes will not apply toward the graduate degree.

Graduate Credit Taken After Admission to Arkansas Tech University
If after admission to graduate study, a student wishes to take a course at another institution to count toward degree requirements at Arkansas Tech University, the student must (in advance of enrollment) obtain written approval from the faculty advisor, the Psychology Graduate Committee, the Director of the Graduate Program in Psychology, and the Graduate College Dean.
Master of Science
Strength and Conditioning Studies

The Master of Science in Strength and Conditioning Studies is designed to provide graduate level instruction in the theory and science of strength and conditioning. The 33 hour program is designed to meet the needs of coaches, physical educators, physical therapists, athletic trainers, and others interested in the fitness profession. Upon completion of this degree, students may pursue certifications such as the Personal Trainer or Strength and Conditioning Specialist (CSCS) by the National Strength and Conditioning Association (NSCA). This degree is recognized by the NSCA, which recognizes fewer than 32 Graduate Studies Programs.

Unconditional Admission
Students are eligible to apply for unconditional admission to the Master of Science in Strength and Conditioning Studies if they meet the following requirements:

1. Applicants must meet the admission requirements for Graduate College.
2. Applicants must meet a minimum undergraduate cumulative grade point average of 2.85.
3. Applicants must have completed either undergraduate courses in PE 4033 Exercise Physiology and PE 3663 Kinesiology/Biomechanics with grades of “B” or higher or the leveling courses PE 5013 Structural and Mechanical Kinesiology Concepts and PE 5023 Applied Physiology Concepts with grades of “B” or higher.
4. Approval from the Program Director.

*Admission will be awarded on a competitive basis due to limited availability.*

Conditional Admission
Applicants who fail to meet the above requirement will be considered for conditional admission on a case-by-case basis. Students admitted conditionally must achieve a cumulative grade point average of 3.00 at the completion of twelve (12) semester hours toward the degree with no grade lower than “C”.

Degree Requirements
1. Thirty-three credit hours are required for completion of the Master of Science in Strength and Conditioning Studies degree.

**Required Core Courses (21 hours)**
SCS 6013 Measurement and Evaluation in Strength and Conditioning
PE 6083 Research Design and Statistics in Physical Education
SCS 6023 Scientific Foundations of Strength & Conditioning
SCS 6033 Strength & Conditioning Program Design & Development
SCS 6043 Techniques for Development of Hypertrophy, Strength & Power
SCS 6053 Techniques for Development of Speed, Agility, Reaction Time & Endurance
PE 6043 Psychology of Motor Learning

**Electives (9 hours)**
SCS 6063 Trends in Sports Nutrition & Metabolism
PE 6033 Exercise Physiology
PE 6053 Biomechanics
PE 6073 Exercise & Sport Behavior
PE 6063 Current Issues in Coaching & Athletics
SCS 6083 Instructional Strategies for Strength Coaches
SCS 6093 Readings in Strength & Conditioning

**Culminating Experience (3 hours)**
2. A minimum of 27 semester hours of graduate course work completed in residence at Arkansas Tech University.

3. A cumulative grade point average of a 3.00 or better must be achieved in all graduate work attempted at Arkansas Tech University, with a maximum of six (6) hours of "C" grades. A student receiving more than six (6) hours of "C" or grades lower than "C" should refer to the section of the catalog on Academic Probation and Dismissal.

4. Completion of all degree requirements within six (6) years from the time of unconditional or conditional admission into the program.

Candidacy

Graduate students admitted unconditionally must apply for candidacy to the selected degree program upon completion of twelve (12) graduate credit hours. Students admitted conditionally cannot apply for candidacy until all conditions assigned at the time of admission to graduate study have been removed.

Upon the completion of twelve (12) graduate hours, a hold will be placed on the students' record until a candidacy form has been approved by the Graduate Dean. Failure to apply for candidacy will result in the hold remaining on the students' record, and an inability to register for subsequent coursework.

Students who have filed a candidacy form but do not enroll or receive graduate credit for one (1) academic year must submit a new candidacy form upon being readmitted into the same graduate program. If admitted into a different academic program, students are not required to submit a new candidacy form until twelve (12) graduate credits have been accumulated within the new program.

Application for Graduation

In addition to satisfying all degree requirements, a candidate for a degree must file an Application for Graduation online or at the Registrar's Office. Students must apply for graduation upon completion of twelve (12) graduate credit hours.

Special Conditions of Graduate Credit

Graduate Credit Taken Prior to Admission to Arkansas Tech University

A maximum of nine (9) semester hours of graduate credit with a grade point average of "B" or better may be transferred from an accredited graduate school if deemed appropriate to the graduate program by the head of the student's major department and the Graduate College Dean. Students must send a written request to the head of their major department to petition an acceptance of the transfer credit prior to requesting admission to candidacy to the graduate program. Graduate credit earned six (6) years prior to the completion date of all degree requirements may not be applied toward the degree without the approval of the appropriate program director and the Graduate College Dean. Credits earned by correspondence courses or for remedial purposes will not apply toward the graduate degree. No undergraduate course may be repeated for graduate credit.

Graduate Credit Taken After Admission to Arkansas Tech University

If after admission to graduate study, a student wishes to take a course at another institution to count toward degree requirements at Arkansas Tech University, the student must, in advance of enrollment, obtain written approval from the program director and the Graduate College Dean.
Master of Science

Applied Sociology

The Master of Science in Applied Sociology program at Arkansas Tech University is designed to provide advanced students with sufficient breadth and depth to function in a variety of professional environments. While emphasis is placed on research and Sociological Principles, a concentrated effort is also made to establish the foundation necessary for application.

Unconditional Admission

Students are eligible to apply for unconditional admission to the Master of Science degree program in Applied Sociology if they meet the following requirements and are approved by the Sociology Graduate Faculty:

1. Applicants must meet the admission requirements for the Graduate College.
2. Applicants must have a minimum of 18 semester hours in sociology at the undergraduate level (including a course in statistics, and research methods, with a grade of "B" or better).
3. Applicants must have an overall undergraduate grade point of 3.0 on a 4.0 scale.
4. Applicants must submit recent (within the last 5 years), acceptable scores (to be determined by the Sociology Graduate Faculty) of the Graduate Record Examination (GRE).
5. Approval from the Program Director.

Conditional Admission

Applicants who fail to meet the criteria for unconditional admission may be admitted conditionally to enroll in twelve (12) semester hours. Students admitted conditionally must achieve a cumulative grade point average of 3.00 at the completion of twelve (12) semester hours with no grade lower than "C".

An applicant who satisfies the grade point requirement from an unaccredited institution may also be eligible for conditional admission. In such cases, transcripts may be judged to be deficient. The nature of the deficiency and subsequent deficiency requirements will be determined by the Sociology Graduate Committee and the Director of the Graduate Program in Sociology or the Head of the Department.

Academic Advisors

The Director of the Graduate Program in Sociology or the Head of the Department will assign a temporary faculty advisor to each student admitted to the degree program. The faculty advisor will assist the student in designing a curriculum of study that leads to the fulfillment of the degree requirements and the preparation of the thesis or comprehensive exam completion. The faculty advisor, the Sociology Graduate Committee, and the Graduate College monitor the student's progress in the program. However, it remains the student's responsibility to understand and to satisfy all degree requirements.

Degree Requirements

The student seeking the Master of Science degree in Applied Sociology must complete the following:

1. A minimum of 30 semester hours in sociology at the graduate level (5000-6000) with no more than 12 hours of 5000 level courses considered toward completion of the degree.

Required Courses (12 hours)
SOC 6013 / PSY 6013 Advanced Statistics
SOC 6023 Advanced Social Theory
SOC 6033 Advanced Methodology
SOC 6043 Evaluation and Assessment

Electives (18 hours, minimum 6 hours at the 6000 level)
2. The satisfactory completion of six (6) hours of SOC 6991-3 Thesis Research.

3. Thesis hours must earn a grade no lower than "B".

4. The successful completion of an oral defense of the completed thesis or comprehensive examination. Candidates will receive additional information on the oral defense from the Academic Advisor and the Director of the Graduate Program in Sociology upon admission to candidacy.

5. No more than six (6) hours of SOC 6891-4 Independent Study will be counted toward the degree.

6. No more than six (6) hours of SOC 6991-3 Thesis Research will be counted toward the degree.

7. A cumulative grade point average of a 3.00 or better must be achieved in all graduate work attempted at Arkansas Tech University, with a maximum of six (6) hours of "C" grades. A student receiving more than six (6) hours of "C" or grades lower than "C" should refer to the section of the catalog on Academic Probation and Dismissal.

8. All course work must be completed within six (6) years of admission to the degree program.

9. A minimum of 24 semester hours of graduate course work completed in residence at Arkansas Tech University.

10. At the end of each fall semester, the student will meet with the Sociology Graduate Committee for program review and evaluation.

Candidacy

Graduate students admitted unconditionally must apply for candidacy to the selected degree program upon completion of twelve (12) graduate credit hours. Students admitted conditionally cannot apply for candidacy until all conditions assigned at the time of admission to graduate study have been removed.

Upon the completion of twelve (12) graduate hours, a hold will be placed on the students' record until a candidacy form has been approved by the Graduate Dean. Failure to apply for candidacy will result in the hold remaining on the students' record, and an inability to register for subsequent coursework.

Students who have filed a candidacy form but do not enroll or receive graduate credit for one (1) academic year must submit a new candidacy form upon being readmitted into the same graduate program. If admitted into a different academic program, students are not required to submit a new candidacy form until twelve (12) graduate credits have been accumulated within the new program.

Application for Graduation

In addition to satisfying all degree requirements, a candidate for a degree must file an Application for Graduation online or at the Registrar's Office. Students must apply for graduation upon completion of twelve (12) graduate credit hours.

Special Conditions of Graduate Credit

Graduate Credit Taken Prior to Admission to Arkansas Tech University

A maximum of six (6) semester hours of graduate credit with a grade of "B" or better may be transferred from an accredited school if deemed appropriate to the Sociology Graduate Committee, the Director of the Graduate Program in Applied Sociology, and the Graduate College Dean. Students must send a

2. The satisfactory completion of six (6) hours of SOC 6991-3 Thesis Research.

3. Thesis hours must earn a grade no lower than "B".

4. The successful completion of an oral defense of the completed thesis or comprehensive examination. Candidates will receive additional information on the oral defense from the Academic Advisor and the Director of the Graduate Program in Sociology upon admission to candidacy.

5. No more than six (6) hours of SOC 6891-4 Independent Study will be counted toward the degree.

6. No more than six (6) hours of SOC 6991-3 Thesis Research will be counted toward the degree.

7. A cumulative grade point average of a 3.00 or better must be achieved in all graduate work attempted at Arkansas Tech University, with a maximum of six (6) hours of "C" grades. A student receiving more than six (6) hours of "C" or grades lower than "C" should refer to the section of the catalog on Academic Probation and Dismissal.

8. All course work must be completed within six (6) years of admission to the degree program.

9. A minimum of 24 semester hours of graduate course work completed in residence at Arkansas Tech University.

10. At the end of each fall semester, the student will meet with the Sociology Graduate Committee for program review and evaluation.

Candidacy

Graduate students admitted unconditionally must apply for candidacy to the selected degree program upon completion of twelve (12) graduate credit hours. Students admitted conditionally cannot apply for candidacy until all conditions assigned at the time of admission to graduate study have been removed.

Upon the completion of twelve (12) graduate hours, a hold will be placed on the students' record until a candidacy form has been approved by the Graduate Dean. Failure to apply for candidacy will result in the hold remaining on the students' record, and an inability to register for subsequent coursework.

Students who have filed a candidacy form but do not enroll or receive graduate credit for one (1) academic year must submit a new candidacy form upon being readmitted into the same graduate program. If admitted into a different academic program, students are not required to submit a new candidacy form until twelve (12) graduate credits have been accumulated within the new program.

Application for Graduation

In addition to satisfying all degree requirements, a candidate for a degree must file an Application for Graduation online or at the Registrar's Office. Students must apply for graduation upon completion of twelve (12) graduate credit hours.

Special Conditions of Graduate Credit

Graduate Credit Taken Prior to Admission to Arkansas Tech University

A maximum of six (6) semester hours of graduate credit with a grade of "B" or better may be transferred from an accredited school if deemed appropriate to the Sociology Graduate Committee, the Director of the Graduate Program in Applied Sociology, and the Graduate College Dean. Students must send a...
written request through the Sociology Graduate Committee to petition the acceptance of the transfer credit prior to request candidacy to the graduate program. Graduate credit earned six (6) years prior to the completion date of all degree requirements may not be applied toward the degree without the approval of the Director of the Graduate Program in Applied Sociology or the Head of the Department and the Graduate College Dean. Credits earned by correspondence courses or taken for remedial purposes will not apply toward the graduate degree.

**Graduate Credit Taken After Admission to Arkansas Tech University**
If after admission to graduate study, a student wishes to take a course at another institution to count toward degree requirements at Arkansas Tech University, the student must (in advance of enrollment) obtain written approval from the faculty advisor, the Sociology Graduate Committee, the Director of the Graduate Program in Applied Sociology, and the Graduate College Dean.
Master of Science in Nursing

Nursing Administration and Emergency Management

The Master of Science in Nursing is designed to offer students a program of study to serve the educational needs of professional nurses actively engaged in or planning to enter professions related to emergency management administration in a variety of health care settings. The curriculum will utilize a multidisciplinary approach to integrate principles of nursing administration, including planning, organizing, directing, and evaluating, with principles of emergency management, including preparedness, response, mitigation, and recovery.

The core curriculum includes thirty (30) semester hours of coursework in epidemiology, research design and methods, theoretical perspectives, legal and ethical issues, current trends in health care, nurse administrator role, principles of hazards and emergency management, design and management of preparedness in mitigation systems, fiscal management, and research thesis/project. An additional nine (9) semester credit hours will be completed in either the nursing administration or emergency management specialty concentration areas.

The objectives of the graduate program in Nursing Administration and Emergency Management (NAEM) include:

1. Preparing graduates to assume administrative roles in a variety of health care systems, including hospitals, and community, military, and government agencies.
2. Providing a program of study that addresses the technical competencies and interpersonal skills needed to assume leadership roles in planning and coordinating emergency response strategies.
3. Providing opportunities for students to formulate solutions to important problems of interest to nursing through analysis, synthesis, and application of current research.
4. Preparing graduates to be innovative leaders.

Unconditional Admission

Students are eligible to apply for unconditional admission to the Master of Science in Nursing degree program if they meet all the following requirements:

1. Applicants must meet the admission requirements for Graduate College.
2. Applicants must have graduated from a Commission on Collegiate Education (CCNE) or Accreditation Commission for Education in Nursing (ACEN) accredited nursing program.
3. Applicants must have a cumulative undergraduate grade point average of 3.00.
4. Applicants must have an unencumbered license to practice as a registered nurse without a history of disciplinary action of any kind.
5. Applicants must submit recent scores for either the Graduate Record Examination (GRE) or the Miller Analogy Test (MAT) to the Graduate College.
6. Applicants must have completed a three (3) credit general statistics course with a grade of 'C' or better.
7. Approval from the MSN Admissions Committee.

RNAs with a bachelor's degree in a field other than nursing will be required to complete NURN 4003, NURN 4024, and NURN 4034.

Conditional Admission

Applicants who fail to meet the above requirements may be admitted conditionally by the Graduate Admissions Committee to earn a maximum of twelve (12) graduate credit hours. If a student was admitted conditionally based on grade point average, the condition will be met if upon completion of
twelve (12) semester hours a cumulative grade point average of 3.00 or better is achieved.

**Academic Advisors**

The Nursing Graduate Studies Committee will assign a faculty advisor to each student admitted to the Nursing degree program. The advisor will assist the student in the design of a curriculum of study that leads to the fulfillment of degree requirements. Additionally, the academic advisor and the Graduate College will monitor the student's progress. It remains, however, the student's responsibility to understand and to satisfy all degree requirements. RNs with a bachelor's degree in a field other than nursing will be required to complete NURN 4003, NURN 4024, and NURN 4034.

**Degree Requirements**

1. Thirty-nine credit hours are required for completion of the MSN Degree. Thirty hours shall be completed in a professional core component, including six (6) hours of research methods and 3-6 hours of research thesis/project (application). Nine (9) hours shall be completed in one of two specialty concentration areas: Nursing Administration (including six (6) hours of practicum) or Emergency Management.

**Core Curriculum (30 hours)**

NUR 6103 Theoretical Perspectives  
NUR 6203 Research Design and Methods  
NUR 6213 Epidemiology  
NUR 6303 Law, Ethics, and Policy in Healthcare  
NUR 6313 The Role of the Nurse Administrator  
NUR 6513 Fiscal Management  
EMHS 6063 Principles of Hazards and Emergency Management  
EMHS 5993 Special Problems  
-Or-  
EMHS 6003 Design and Management of Preparedness and Mitigation Systems  
NUR 6403 Non-thesis project - AND Elective - 3 hours  
-Or-  
NUR 6996 Research Thesis

**Nursing Administration Concentration Area**

NUR 6503 Organizational Behavior and Human Resource Management  
NUR 6526 Nursing Administration Practicum

**Emergency Management Concentration Area**

EMHS 6023 Risk and Vulnerability Assessment for Business & Industry  
NUR 6603 Crisis Intervention in Disasters  
EMHS 5000-6000 Elective - 3 hours

**MSN Track for registered nurses who have a bachelor's degree in a field other than nursing**

The additional nine (9) hours of prerequisite courses for students in this track include the following:

- NURN 4003 Scope of Professional Practice  
- NURN 4024 Community Health  
- NURN 4034 Leadership & Management

2. A cumulative grade point average of a 3.00 or better must be achieved in all graduate work attempted at Arkansas Tech University, with a maximum of six (6) hours of "C" grades. A student receiving more than six (6) hours of "C" or grades lower than "C" should refer to the section of the catalog on Academic Probation and Dismissal.

3. Twenty-Seven hours of graduate work must be taken while in residence at Arkansas Tech University.

4. The master's degree program must be completed within six (6) years from the time of admission to the graduate program.
Candidacy

Graduate students admitted unconditionally must apply for candidacy to the selected degree program upon completion of twelve (12) graduate credit hours. Students admitted conditionally cannot apply for candidacy until all conditions assigned at the time of admission to graduate study have been removed.

Upon the completion of twelve (12) graduate hours, a hold will be placed on the students' record until a candidacy form has been approved by the Graduate Dean. Failure to apply for candidacy will result in the hold remaining on the students' record, and an inability to register for subsequent coursework.

Students who have filed a candidacy form but do not enroll or receive graduate credit for one (1) academic year must submit a new candidacy form upon being readmitted into the same graduate program. If admitted into a different academic program, students are not required to submit a new candidacy form until twelve (12) graduate credits have been accumulated within the new program.

Application for Graduation

In addition to satisfying all degree requirements, a candidate for a degree must file an Application for Graduation online or at the Registrar's Office. Students must apply for graduation upon completion of twelve (12) graduate credit hours.

Special Conditions of Graduate Credit

Graduate Credit Taken Prior to Admission to Arkansas Tech University
A maximum of nine (9) semester hours of graduate credit with a grade point average of "B" or better may be transferred from an accredited graduate school if deemed appropriate to the graduate program by the head of the student's major department and the Graduate College Dean. Students must send a written request to the head of their major department to petition an acceptance of the transfer credit prior to requesting admission to candidacy to the graduate program. Graduate credit earned six (6) years prior to the completion date of all degree requirements may not be applied toward the degree without the approval of the appropriate program director and the Graduate College Dean. Credits earned by correspondence courses or for remedial purposes will not apply toward the graduate degree. No undergraduate course may be repeated for graduate credit.

Graduate Credit Taken After Admission to Arkansas Tech University
If after admission to graduate study, a student wishes to take a course at another institution to count toward degree requirements at Arkansas Tech University, the student must (in advance of enrollment) obtain written approval from the program director and the Graduate College Dean.
Master of Engineering

Engineering

The Master of Engineering program provides advanced study in a focused area of engineering to enhance career advancement. The program contains a common core of classes including project management, organizational communications, and advanced mathematics. Required graduate courses in engineering, focusing in one of the three available specializations, prepare the student for advanced engineering assignments.

Unconditional Admission

Students are eligible to apply for unconditional admission to the Master of Engineering degree program if they have:

1. Applicants must meet the admission requirements for the Graduate College.
2. Applicants must have completed a bachelor’s degree in engineering from an ABET accredited program with a cumulative grade point average of 2.75 or greater on a scale of 4.0. If their undergraduate engineering degree was obtained from a non-ABET accredited program, then they must submit an official copy of their recent (within the last five (5) years) Graduate Record Exam (GRE) Quantitative Reasoning Score equal to or greater than 146 (550 prior scale).
3. Applicants must submit a letter of intent that addresses the applicant's intended focus and reasons for applying to the degree program. Based upon an applicant's intended program focus, deficiency courses may be identified to be completed before enrollment in some engineering graduate courses.
4. Applicants must provide two letters of recommendation, using the form provided by the department, from professors familiar with the applicants academic ability.
5. Approval from the Program Director.

Conditional Admission

Applicants not meeting the unconditional admission requirements will be considered on a case-by-case basis for conditional admission into the program. Any deficiencies identified for conditional admits should be satisfied within the first calendar year of enrollment, and until all deficiencies are resolved applicants may take a maximum or twelve (12) hours for graduate credit. Conditionally admitted students may be required to take one or more undergraduate courses which they must complete with a 3.0 average or better.

Each student is required to have a graduate advisor who is a member of the electrical or mechanical engineering departments and the graduate faculty. A formal letter from the advisor to the head of the student's major department acknowledging the advisor's willingness to serve as the student's graduate advisor is required during the students first semester of course work in the program. The advisor and two additional qualified personnel, selected by the student and advisor, will serve as the student's Graduate Advisory Committee. At least two committee members must be faculty in engineering. The student and advisor will work to develop a program of study which must be submitted for approval with the application for candidacy as discussed below.

Degree Requirements

1. A minimum of 36 semester hours of coursework at the graduate level must be completed which includes twelve (12) semester hours in the common core, and an additional 24 semester hours which meet the requirements of one of the concentration areas listed below. A minimum of 18 semester hours must be at the 6000 level.

Common Core (12 hours)
MGMT 5203 Project Management
SPH 5063 Organizational Communication
Six (6) hours from:
MATH 5103 Linear Algebra II
MATH 5153 Applied Statistics II
MATH 5273 Complex Variables
MATH 5243 Differential Equations II
MATH 5343 Introduction to Partial Differential Equations

Concentration Area (24 hours)

Electrical Engineering
In addition to the common core, 24 semester hours in graduate Electrical Engineering courses are required with a minimum of 18 semester hours at the 6000 level.

Mechanical Engineering
In addition to the common core, 24 semester credit hours are required with a minimum of 18 hours of graduate engineering coursework and 12 hours of MCEG graduate courses.

Nuclear Engineering
Prerequisites: PHYS 3213, MCEG 3503, MCEG 3512 or equivalent experience/training

MCEG 6503 Reactor Physics
MCEG 6523 Nuclear Materials
MCEG 6533 Radiation Interactions and Shielding
MCEG 6513 Advanced Radiation Detection Lab
MCEG 6893 Independent Study
Electives - 9 hours

2. A cumulative grade point average of a 3.00 or better must be achieved in all graduate work attempted at Arkansas Tech University, with a maximum of six (6) hours of "C" grades. A student receiving more than six (6) hours of "C" or grades lower than "C" should refer to the section of the catalog on Academic Probation and Dismissal.

3. Successful completion of a comprehensive final examination, consisting of both a written and oral portion and administered by the student's Graduate Advisory Committee, is required in addition to the coursework requirements above. This exam will be administered during the student's final semester and may be attempted a maximum of three times.

4. Completion of all requirements of the degree must be accomplished within six (6) years from the time of admission to the program.

5. A minimum of 27 semester hours of graduate course work completed at Arkansas Tech University.

Candidacy
Graduate students admitted unconditionally must apply for candidacy to the selected degree program upon completion of twelve (12) graduate credit hours. Students admitted conditionally cannot apply for candidacy until all conditions assigned at the time of admission to graduate study have been removed.

Upon the completion of twelve (12) graduate hours, a hold will be placed on the students' record until a candidacy form has been approved by the Graduate Dean. Failure to apply for candidacy will result in the hold remaining on the students' record, and an inability to register for subsequent coursework.

Students who have filed a candidacy form but do not enroll or receive graduate credit for one (1) academic year must submit a new candidacy form upon being readmitted into the same graduate program. If admitted into a different academic program, students are not required to submit a new candidacy form until twelve (12) graduate credits have been accumulated within the new program.

Application for Graduation
In addition to satisfying all degree requirements, a candidate for a degree must file an Application for Graduation online or at the Registrar's Office. Students must apply for graduation upon completion of twelve (12) graduate credit hours.

**Special Conditions of Graduate Credit**

**Graduate Credit Taken Prior to Admission to Arkansas Tech University**
A maximum of nine (9) semester hours of graduate credit with a grade point average of "B" or better may be transferred from an accredited graduate school if deemed appropriate to the graduate program by the head of the student's major department and the Graduate College Dean. Students must send a written request to the head of their major department to petition an acceptance of the transfer credit prior to requesting admission to candidacy to the graduate program. Graduate credit earned six (6) years prior to the completion date of all degree requirements may not be applied toward the degree without the approval of the appropriate program director and the Graduate College Dean. Credits earned by correspondence courses or for remedial purposes will not apply toward the graduate degree. No undergraduate course may be repeated for graduate credit.

**Graduate Credit Taken After Admission to Arkansas Tech University**
If after admission to graduate study, a student wishes to take a course at another institution to count toward degree requirements at Arkansas Tech University, the student must (in advance of enrollment) obtain written approval from the program director and the Graduate College Dean.
**Master of Arts**  

**English and English with TESL option**

The Master of Arts in English is a flexible program designed to prepare students for doctoral-level study or for careers in post-secondary teaching, and to provide secondary teachers with a content-specific program to enhance their credentials.

Tech's MA in English with Teaching English as a Second Language (TESL) option offers graduate students an opportunity to include the four courses prescribed by the Arkansas Department of Education for ESL endorsement within a structured degree program. The English with TESL option can prepare students for doctoral-level study or for careers in post-secondary teaching and the degree can also be used to enhance the credentials of secondary teachers.

**Students completing the English with the TESL option program should be able to:**
1. Demonstrate knowledge of the theory and practice of teaching English as a second language.  
2. Generate writing that demonstrates an advanced ability to analyze and synthesize.  
3. Conduct original research.

**Students who complete the English program should be able to:**
1. Demonstrate mastery of significant American and British literary works.  
2. Generate writing that demonstrates an advanced ability to analyze and synthesize.  
3. Conduct original research.  
4. Demonstrate familiarity with a variety of interdisciplinary critical approaches.

**Unconditional Admission**

Students are eligible to apply for unconditional admission to the MA degree program in English if they meet the admission requirements for the Graduate College.

**Conditional Admission**

Applicants who fail to meet the grade point requirement specified for unconditional admission may be admitted conditionally to enroll for a maximum of twelve (12) semester hours. If a student was admitted conditionally based on grade point average, the condition will be met if upon completion of twelve (12) semester hours a cumulative grade point average of 3.00 or better is achieved.

**Academic Advisors**

The Head of the English Department will assign a faculty advisor to each student admitted to the MA degree program. The advisor will assist the student in the design of a curriculum of study that leads to the fulfillment of degree requirements. Subsequently, the academic advisor and the Graduate College monitor the student’s progress. It remains, however, the student's responsibility to understand and to satisfy all degree requirements.

**Degree Requirements for English**

1. The completion of at least 30 semester hours of graduate course work, at least 15 semester hours at the 6000 level.  
2. Satisfactory completion of ENGL 6003 Introduction to English Graduate Study.  
3. The satisfactory completion of 27 semester hours of graduate English electives (non-thesis option), or 21 semester hours and six (6) hours of ENGL 6991-6 Thesis Research or ENGL 6996 Thesis Research (thesis option).  
4. The satisfactory completion of a comprehensive examination based on the MA in English Examination Reading List.
5. A cumulative grade point average of a 3.00 or better must be achieved in all graduate work attempted at Arkansas Tech University, with a maximum of six (6) hours of "C" grades. A student receiving more than six (6) hours of "C" or grades lower than "C" should refer to the section of the catalog on Academic Probation and Dismissal.

6. The completion of a minimum of 24 semester hours of graduate course work in residence at Arkansas Tech University. Full-time residence is not required.

7. The completion of all degree requirements within six (6) years of admission.

Degree Requirements for English with TESL Option

1. The MA with TESL option requires 30 semester hours with at least 15 semester hours at the 6000 level.

2. The satisfactory completion of the following graduate English courses

   - ENGL 5023 Second Language Acquisition
   - ENGL 5703 Teaching English as a Second Language
   - ENGL 5713 ESL Assessment
   - ENGL 5723 Teaching People of Other Cultures
   - ENGL 6003 Introduction to Graduate English Study
   - ENGL 6013 Structure of the English Language
   - ENGL 6023 Composition Theory and Practice

3. The satisfactory completion of nine (9) semester hours of graduate English or TESL electives.

4. The satisfactory completion of a comprehensive examination based on material covered in the seven prescribed courses.

5. A cumulative grade point average of a 3.00 or better must be achieved in all graduate work attempted at Arkansas Tech University, with a maximum of six (6) hours of "C" grades. A student receiving more than six (6) hours of "C" or grades lower than "C" should refer to the section of the catalog on Academic Probation and Dismissal.

6. The completion of a minimum of 24 semester hours of graduate course work in residence at Arkansas Tech University. Full-time residence is not required.

7. The completion of all degree requirements within six (6) years of admission to the program.

Master's Thesis Option

Students who elect the thesis option will work with a faculty advisor to prepare a thesis plan. After this thesis plan is approved by the Head of the Department of English and the Graduate College Dean, the student may enroll for thesis credit. Students may complete their theses over two semesters by enrolling twice in ENGL 6993 Thesis Research or complete their theses in a single semester while enrolled in ENGL 6996.

Candidacy

Graduate students admitted unconditionally must apply for candidacy to the selected degree program upon completion of twelve (12) graduate credit hours. Students admitted conditionally cannot apply for candidacy until all conditions assigned at the time of admission to graduate study have been removed.

Upon the completion of twelve (12) graduate hours, a hold will be placed on the students’ record until a candidacy form has been approved by the Graduate Dean. Failure to apply for candidacy will result in the hold remaining on the students’ record, and an inability to register for subsequent coursework.

Students who have filed a candidacy form but do not enroll or receive graduate credit for one (1) academic year must submit a new candidacy form upon being readmitted into the same graduate program. If admitted into a different academic program, students are not required to submit a new candidacy form until twelve (12) graduate credits have been accumulated within the new program.
Application for Graduation

In addition to satisfying all degree requirements, a candidate for a degree must file an Application for Graduation online or at the Registrar's Office. Students must apply for graduation upon completion of twelve (12) graduate credit hours.

Special Conditions of Graduate Credit

Graduate Credit Taken Prior to Admission to Arkansas Tech University

A maximum of six (6) semester hours of graduate credit with a grade point average of "B" or better may be transferred from an accredited graduate school if deemed appropriate to the graduate program by the head of the student's major department and the Graduate College Dean. Students must send a written request to the head of their major department to petition an acceptance of the transfer credit prior to requesting admission to candidacy to the graduate program. Graduate credit earned six (6) years prior to the completion date of all degree requirements may not be applied toward the degree without the approval of the appropriate program director and the Graduate College Dean. Credits earned by correspondence courses or for remedial purposes will not apply toward the graduate degree. No undergraduate course may be repeated for graduate credit.

Graduate Credit Taken After Admission to Arkansas Tech University

If after admission to graduate study, a student wishes to take a course at another institution to count toward degree requirements at Arkansas Tech University, the student must, in advance of enrollment, obtain written approval from the program director and the Graduate College Dean.
Master of Arts

History

The Master of Arts in History program at Arkansas Tech University is designed to provide advanced study for current and future educators (secondary and post-secondary) as well as those who plan to pursue the doctoral degree in history. The degree is also ideal for those seeking careers in museum or heritage studies, publishing, business, law, public service, or the private sector. Graduate faculty hold advanced degrees from noted universities and exhibit strong credentials in teaching, research, and scholarship. The graduate faculty also maintain a supportive academic environment that enables them to interact closely with graduate students.

Unconditional Admission

Students are eligible to apply for unconditional admission to the Master of Arts degree program in History if they meet the following requirements:

1. Applicants must meet the admission requirements for Graduate College.
2. Applicants must have a minimum of 24 semester hours in history at the undergraduate level.
3. Applicants must have an overall undergraduate grade point average of 3.00 on a 4.00 scale.
4. Approval from the Program Director.

Conditional Admission

An applicant who does not satisfy the grade point requirement or who has not completed 24 hours of undergraduate work in history is also eligible for admission under these conditions. In some instances, transcripts may be judged to be deficient and the student may be required to complete up to twenty-four (24) undergraduate hours in addition to graduate credits required for the degree. If a cumulative 3.00 grade point average is achieved at the completion of twelve (12) graduate hours, the student will be granted unconditional admission. The nature of the deficiency requirements will be determined by the History Graduate Program Director.

Academic Advisors

The Graduate Program Director serves as the initial advisor for each entering student and will assist the student in coordinating a Degree Plan. The Graduate Program Director will appoint an additional faculty advisor who specializes in the general field of the student's interest to guide the student through the curriculum and help prepare for the thesis or comprehensive exams. The faculty advisor, the Graduate Program Director, the History Graduate Committee, and the Graduate College monitor students' progress as they work through the program. It remains, however, the student's responsibility to understand and satisfy all degree requirements.

Areas of Concentration

The Master of Arts in History program at Arkansas Tech has been designed to offer primary areas of concentration in Modern European History, United States History, and World History.

Degree Requirements

Option I: Thesis Option

The student seeking the Master of Arts degree in History under the Thesis Option must complete the following:

1. A minimum of 30 hours in history at the graduate level (5000-6000).
2. The satisfactory completion of HIST 6003 Historical Methods and HIST 6053 Historiography.
3. The satisfactory completion of twelve (12) hours in the primary area of concentration, including at least three (3) hours each in Readings and Seminar courses.
4. The satisfactory completion of an additional six (6) hours in areas of concentration other than the primary area of concentration.

5. The satisfactory completion of six (6) hours of HIST 6991-6 Thesis Research.

6. All course work must be completed within six (6) years of admission to the degree program.

7. A minimum of 24 semester hours of graduate coursework completed in residence at Arkansas Tech University.

8. The successful completion of an oral defense of the completed thesis. Candidates will receive additional information on the oral defense from the Program Director upon admission to candidacy.

9. No more than nine (9) hours combined of 5000 level courses, HIST 6891-4 Independent Study, and HIST 6881-3 Workshop may be counted toward the degree.

10. A cumulative grade point average of a 3.00 or better must be achieved in all graduate work attempted at Arkansas Tech University, with a maximum of six (6) hours of "C" grades. A student receiving more than six (6) hours of "C" or grades lower than "C" should refer to the section of the catalog on Academic Probation and Dismissal.

11. Thesis hours must earn a grade no lower than "B".

**Option II: Non-Thesis Option**

The student seeking the Master of Arts degree in History under the Non-Thesis Option must successfully complete the following:

1. A minimum of 30 hours in history at the graduate level (5000-6000).

2. The satisfactory completion of HIST 6003 Historical Methods and HIST 6053 Historiography.

3. The satisfactory completion of twelve (12) hours in the primary area of concentration, including at least three (3) hours in Readings courses and three (3) hours in Seminar courses.

4. The satisfactory completion of an additional six (6) hours in areas of concentration other than the primary area of concentration.

5. The satisfactory completion of an additional six (6) hours in any area of concentration, three (3) hours of which must be a Seminar course.

6. All course work must be completed within six (6) years of admission to the degree program.

7. A minimum of 24 semester hours of graduate coursework completed in residence at Arkansas Tech University.

8. Successful completion of written comprehensive examinations on the completed course work. Comprehensive examinations will comprise two (2) written exams in the primary area of concentration and one in either of the other two (2) areas of concentration. Candidates will receive additional information from the Program Director upon admission to candidacy.

9. No more than nine (9) hours combined of 5000 level courses, HIST 6891-4 Independent Study, and HIST 6881-3 Workshop may be counted towards the degree.

10. A cumulative grade point average of a 3.00 or better must be achieved in all graduate work attempted at Arkansas Tech University, with a maximum of six (6) hours of "C" grades. A student receiving more than six (6) hours of "C" or grades lower than "C" should refer to the section of the catalog on Academic Probation and Dismissal.

**Candidacy**

Graduate students admitted unconditionally must apply for candidacy to the selected degree program upon completion of twelve (12) graduate credit hours. Students admitted conditionally cannot apply for candidacy until all conditions assigned at the time of admission to graduate study have been removed.
Upon the completion of twelve (12) graduate hours, a hold will be placed on the students' record until a candidacy form has been approved by the Graduate Dean. Failure to apply for candidacy will result in the hold remaining on the students' record, and an inability to register for subsequent coursework.

Students who have filed a candidacy form but do not enroll or receive graduate credit for one (1) academic year must submit a new candidacy form upon being readmitted into the same graduate program. If admitted into a different academic program, students are not required to submit a new candidacy form until twelve (12) graduate credits have been accumulated within the new program.

**Application for Graduation**

In addition to satisfying all degree requirements, a candidate for a degree must file an Application for Graduation online or at the Registrar's Office. Students must apply for graduation upon completion of twelve (12) graduate credit hours.

**Special Conditions of Graduate Credit**

**Graduate Credit Taken Prior to Admission to Arkansas Tech University**

A maximum of six (6) semester hours of graduate credit with a grade point average of "B" or better may be transferred from an accredited graduate school if deemed appropriate to the graduate program by the head of the student's major department and the Graduate College Dean. Students must send a written request to the head of their major department to petition an acceptance of the transfer credit prior to requesting admission to candidacy to the graduate program. Graduate credit earned six (6) years prior to the completion date of all degree requirements may not be applied toward the degree without the approval of the appropriate program director and the Graduate College Dean. Credits earned by correspondence courses or for remedial purposes will not apply toward the graduate degree. No undergraduate course may be repeated for graduate credit.

**Graduate Credit Taken After Admission to Arkansas Tech University**

If after admission to graduate study, a student wishes to take a course at another institution to count toward degree requirements at Arkansas Tech University, the student must, in advance of enrollment, obtain written approval from the program director and the Graduate College Dean.
Master of Arts

Multi-Media Journalism

The Master of Arts in Multi-Media Journalism is a program designed to prepare students for careers in media that are being transformed by developing new technologies. The program provides students with traditional journalistic writing skills adapted to the digital age. It also teaches the requisite theory and research methods to enable graduates to be ethical, informed users of online databases for news gathering as well as video graphics and other technologies for electronic media delivery.

Unconditional Admission

Students are eligible to apply for unconditional admission to the Master of Arts degree program in Multi-Media Journalism if they meet the following requirements:

1. Applicants must meet admission requirements for Graduate College.
2. Applicants must submit Graduate Record Examination (GRE) or the Miller Analogies Test (MAT) test scores.
3. Applicants must present a 500 word writing sample to the Director of the Multi-Media Journalism Program.
4. Applicants must successfully complete a writing and technology performance review by the Journalism Graduate Committee following the applicant's first semester in the program required.
5. Approval from the Program Director.

Conditional Admission

Applicants who fail to meet all of the departmental requirements may be accepted conditionally provided the deficiencies are completed prior to the completion of twelve (12) semester hours of graduate work.

Applicants who fail to meet the grade point requirement specified for unconditional admission may be admitted conditionally to enroll for a maximum of twelve (12) semester hours.

If a student was admitted conditionally based on grade point average, the condition will be met if upon completion of twelve (12) semester hours a cumulative grade point average of 3.00 or better has been achieved.

Academic Advisors

The director of the program will assign a faculty advisor to each student admitted to the degree program. The advisor will assist the student in the design of a curriculum of study that leads to the fulfillment of degree requirements. Subsequently the academic advisor, the Journalism Graduate Committee, and the Graduate College monitor the student's progress as he/she progresses through the program. It remains, however, the student's responsibility to understand and to satisfy all degree requirements.

Degree Requirements

1. The completion of a minimum of 30 semester hours of graduate work including the following courses:

   JOUR 5023 Social Media
   JOUR 5043 Journalism Ethics
   JOUR 6013 Visual Storytelling
   JOUR 6023 Video Production for New Media
   JOUR 6053 Media and Society
   JOUR 6133 Multi-Media Publishing
   JOUR 6193 Journalistic Writing for Multi-Media
   JOUR 6331-3 Professional Portfolio
Electives 6 Hours*

*Electives may be chosen from the following Journalism courses.
JOUR 5033 Community Journalism
JOUR 5073 Graphic Communication
JOUR 5083 Computer Mediated Communication
JOUR 5113 History of American Journalism
JOUR 5123 Laws of Communication
JOUR 5163 Advanced Photography and Video
JOUR 5243 Journalism Writing Seminar

2. A cumulative grade point average of a 3.00 or better must be achieved in all graduate work attempted at Arkansas Tech University, with a maximum of six (6) hours of "C" grades. A student receiving more than six (6) hours of "C" or grades lower than "C" should refer to the section of the catalog on Academic Probation and Dismissal.

3. Satisfactory completion of the professional project.

4. Completion of all degree requirements within six (6) years of admission to the degree program.

5. A minimum of 24 semester hours of graduate coursework completed in residence at Arkansas Tech University.

Candidacy
Graduate students admitted unconditionally must apply for candidacy to the selected degree program upon completion of twelve (12) graduate credit hours. Students admitted conditionally cannot apply for candidacy until all conditions assigned at the time of admission to graduate study have been removed.

Upon the completion of twelve (12) graduate hours, a hold will be placed on the students' record until a candidacy form has been approved by the Graduate Dean. Failure to apply for candidacy will result in the hold remaining on the students' record, and an inability to register for subsequent coursework.

Students who have filed a candidacy form but do not enroll or receive graduate credit for one (1) academic year must submit a new candidacy form upon being readmitted into the same graduate program. If admitted into a different academic program, students are not required to submit a new candidacy form until twelve (12) graduate credits have been accumulated within the new program.

Application for Graduation
In addition to satisfying all degree requirements, a candidate for a degree must file an Application for Graduation online or at the Registrar's Office. Students must apply for graduation upon completion of twelve (12) graduate credit hours.

Special Conditions of Graduate Credit

Graduate Credit Taken Prior to Admission to Arkansas Tech University
A maximum of six (6) semester hours of graduate credit with a grade point average of "B" or better may be transferred from an accredited graduate school if deemed appropriate to the graduate program by the head of the student's major department and the Graduate College Dean. Students must send a written request to the head of their major department to petition an acceptance of the transfer credit prior to requesting admission to candidacy to the graduate program. Graduate credit earned six (6) years prior to the completion date of all degree requirements may not be applied toward the degree without the approval of the appropriate program director and the Graduate College Dean. Credits earned by correspondence courses or for remedial purposes will not apply toward the graduate degree. No undergraduate course may be repeated for graduate credit.

Graduate Credit Taken After Admission to Arkansas Tech University
If after admission to graduate study, a student wishes to take a course at another institution to count toward degree requirements at Arkansas Tech University, the student must, in advance of enrollment, obtain written approval from the program director and the Graduate College Dean.
Master of Arts

Teaching

The University has an interest for providing additional opportunities for individuals to become highly qualified teachers in Arkansas. The Master of Arts in Teaching is a program of study to prepare candidates for teacher licensure in Arkansas.

Candidates who complete the program of study may be recommended to Arkansas Department of Education for licensure as teachers in the grade ranges and content areas listed below:

Middle Childhood, grades 4 - 8
Secondary Education, grades 7 - 12

Business, Life/Earth Science
English, Physical/Earth Science
Mathematics, Physical Education, Wellness and Leisure
Social Studies, Music (Instrumental & Vocal)

Unconditional Admission

Students are eligible to apply for unconditional admission to the Master of Arts degree program in Teaching if they meet the following requirements:

1. Applicants must meet the admission requirements for the Graduate College.
2. Applicants must meet a minimum undergraduate cumulative GPA of 2.75 or a 3.0 GPA in the last 30 hours.
3. Praxis I Scores.
4. Approval from the Program Director.

Conditional Admission

Applicants who fail to meet all of the departmental requirements may be accepted conditionally provided certain deficiencies are met prior to the completion of twelve (12) semester hours of graduate work.

Academic Advisors

The academic advising process for degree students begins at the time that the student is admitted to the Graduate College. When the student is admitted, they need to meet with the Program Director for an advising and orientation session at the student's earliest convenience.

When the student meets with the program director, he/she is given an orientation, a master's degree program check-off list which outlines all major steps in completing the degree and a degree plan outline, a list of courses to be completed. This initial advising session ensures that the student is informed of all degree requirements, policies, and procedures; is familiar with the department and program director; and is assigned to an advisor (usually the program director). Subsequently, the academic advisor and the Graduate College monitor the student's progress as they progress through the program. It remains, however, the student's responsibility to understand and satisfy all degree requirements.

The graduate academic advisor is responsible for:
1. Helping the student plan a balanced program of graduate work adapted to the student's particular interests, needs and abilities.
2. Advising and assisting the student during the completion of the requirements for the degree.
3. Assisting the student in preparing for the internship.
4. Ensuring that the student is aware of assistance and services provided for graduate students by various university offices.
Degree Requirements

1. Thirty-six semester hours must be completed.

Core Courses (18 hours)
MAT 5703 Technology for Teaching and Learning
MAT 6503 Classroom and Behavioral Management
MAT 6043 Principles and Theories of Learning
MAT 6003 Educational Research
MAT 6053 The At-Risk Child in the School Environment
MAT 6403 Social, Historical, and Legal Factors in Education

Middle/Secondary (18 hours)
MAMS 5333 Teaching Literacy in the Content Areas
MAMS 6303 Models of Teaching
MAMS 6063 Educational Assessment
MAMS 5303 Middle School Philosophy and Organization
MAMS 6806 Internship - all coursework in program must be completed to enroll in MAMS 6806

Extra courses required by Arkansas State Department for licensure purposes:
Arkansas History (Middle Level and Secondary social studies majors)
Two courses in Language and Literacy; ECED 3183 and ECED 3283 (Middle Level)
A Human Development Course based on the major (Middle Level or Secondary Level)
An internship in the public school must be successfully completed.

2. A cumulative grade point average of a 3.00 or better must be achieved in all graduate work attempted at Arkansas Tech University, with a maximum of six (6) hours of "C" grades. A student receiving more than six (6) hours of "C" or grades lower than "C" should refer to the section of the catalog on Academic Probation and Dismissal.

3. Twenty-Seven hours of graduate work must be taken while in residence at Arkansas Tech University*. Full-time residence is not required.

4. The master's degree program must be completed within six (6) years from the time of admission to the graduate program.

5. A maximum of nine (9) semester hours of graduate credit with a grade point average of "B" or better may be transferred from an accredited graduate school if deemed appropriate to the graduate program by the program director or department head.

Candidacy

Graduate students admitted unconditionally must apply for candidacy to the selected degree program upon completion of twelve (12) graduate credit hours. Students admitted conditionally cannot apply for candidacy until all conditions assigned at the time of admission to graduate study have been removed.

Upon the completion of twelve (12) graduate hours, a hold will be placed on the students' record until a candidacy form has been approved by the Graduate Dean. Failure to apply for candidacy will result in the hold remaining on the students' record, and an inability to register for subsequent coursework.

Students who have filed a candidacy form but do not enroll or receive graduate credit for one (1) academic year must submit a new candidacy form upon being readmitted into the same graduate program. If admitted into a different academic program, students are not required to submit a new candidacy form until twelve (12) graduate credits have been accumulated within the new program.

Application for Graduation

In addition to satisfying all degree requirements, a candidate for a degree must file an Application for Graduation online or at the Registrar's Office. Students must apply for graduation upon completion of twelve (12) graduate credit hours.
Special Conditions of Graduate Credit

Graduate Credit Taken Prior to Admission to Arkansas Tech University
A maximum of nine (9) semester hours of graduate credit with a grade point average of "B" or better may be transferred from an accredited graduate school if deemed appropriate to the graduate program by the head of the student’s major department and the Graduate College Dean. Students must send a written request to the head of their major department to petition an acceptance of the transfer credit prior to requesting admission to candidacy to the graduate program. Graduate credit earned six (6) years prior to the completion date of all degree requirements may not be applied toward the degree without the approval of the appropriate program director and the Graduate College Dean. Credits earned by correspondence courses or for remedial purposes will not apply toward the graduate degree. No undergraduate course may be repeated for graduate credit.

Graduate Credit Taken After Admission to Arkansas Tech University
If after admission to graduate study, a student wishes to take a course at another institution to count toward degree requirements at Arkansas Tech University, the student must, in advance of enrollment, obtain written approval from the program director and the Graduate College Dean.
Master of Arts
Teaching English to Speakers of Other Languages

The Master of Arts degree in Teaching English to Speakers of Other Languages (TESOL) includes the four courses prescribed by the Arkansas Department of Education for ESL endorsement within a flexible degree program. The MA in TESOL can enhance the credentials of K-12 teachers, prepare students for careers in post-secondary teaching in the United States or overseas, and serve as a foundation for doctoral-level studies.

This program may be completed online.

Students who complete the MA in TESOL should be able to:

1. Demonstrate knowledge of the theory and practice of teaching English to speakers of a second language.
2. Generate writing that demonstrates as advanced ability to analyze and synthesize.
3. Conduct original research.

Unconditional Admission
Students are eligible to apply for unconditional admission to the Master of Arts degree program in TESOL if they meet the admission requirements for the Graduate College.

Conditional Admission
Applicants who fail to meet all of the departmental requirements may be accepted conditionally provided the deficiencies are completed prior to the completion of twelve (12) semester hours of graduate work.

Applicants who fail to meet the grade point requirement specified for unconditional admission may be admitted conditionally to enroll for a maximum of twelve (12) semester hours. If a student was admitted conditionally based on grade point average, the condition will be met if upon completion of twelve (12) semester hours a cumulative grade point average of 3.00 or better is achieved.

Academic Advisors
The director of the program will assign a faculty advisor to each student admitted to the degree program. The advisor will assist the student in the design of a curriculum of study that leads to the fulfillment of degree requirements. Subsequently, the academic advisor, the Department Graduate Committee, and the Graduate College monitor the student's progress through the program. It remains, however, the student's responsibility to understand and to satisfy all degree requirements.

Degree Requirements
1. The satisfactory completion of the following 30 semester hours of graduate work.

   TESL 5023 or ENGL 5023 Second Language Acquisition*
   TESL 5703 or ENGL 5703 Teaching English as a Second Language*
   TESL 5713 or ENGL 5713 ESL Assessment*
   TESL 5723 or ENGL 5723 Teaching People of Other Cultures*

   TESL or ENGL 5000-6000 level Electives selected from the following (18 semester hours):
   TESL 6003 Linguistics for ESL Teachers
   TESL 6013 Modern English Grammar and Usage or ENGL 6013 Structure of the English Language
   TESL 6023 Language and Society
   TESL 6033 Oral and Written Communication or ENGL 6023 Composition for Teachers
   TESL 6053 Tesol Assessment Strategies
   TESL 6063 Instructional Strategies in Content Areas and
   TESL 6143 Reading for English Language Learners
TESL 6863 TESOL Practicum or ENGL 6863 TESL Practicum
ENGL 5083 Seminar in English Language
ENGL 6033 Rhetoric
ENGL 6083 Seminar in Linguistics
ENGL 6283 Literature and Society

*Note: These four courses compose the course work required by the Arkansas Department of Education for an ESL endorsement to an Arkansas Teaching License.

2. The satisfactory completion of an examination based on three MA TESOL courses selected by the student. Licensed teachers who complete TESL 6863 TESOL Practicum are exempt from the examination requirement.

3. A cumulative grade point average of a 3.00 or better must be achieved in all graduate work attempted at Arkansas Tech University, with a maximum of six (6) hours of "C" grades. A student receiving more than six (6) hours of "C" or grades lower than "C" should refer to the section of the catalog on Academic Probation and Dismissal.

4. The completion of a minimum of 24 semester hours of graduate work at Arkansas Tech University. Full-time residence is not required.

5. The completion of all degree requirements within six (6) years of admission to the degree program.

Candidacy

Graduate students admitted unconditionally must apply for candidacy to the selected degree program upon completion of twelve (12) graduate credit hours. Students admitted conditionally cannot apply for candidacy until all conditions assigned at the time of admission to graduate study have been removed.

Upon the completion of twelve (12) graduate hours, a hold will be placed on the students' record until a candidacy form has been approved by the Graduate Dean. Failure to apply for candidacy will result in the hold remaining on the students' record, and an inability to register for subsequent coursework.

Students who have filed a candidacy form but do not enroll or receive graduate credit for one (1) academic year must submit a new candidacy form upon being readmitted into the same graduate program. If admitted into a different academic program, students are not required to submit a new candidacy form until twelve (12) graduate credits have been accumulated within the new program.

Application for Graduation

In addition to satisfying all degree requirements, a candidate for a degree must file an Application for Graduation online or at the Registrar's Office. Students must apply for graduation upon completion of twelve (12) graduate credit hours.

Special Conditions of Graduate Credit

Graduate Credit Taken Prior to Admission to Arkansas Tech University

A maximum of six (6) semester hours of graduate credit with a grade point average of "B" or better may be transferred from an accredited graduate school if deemed appropriate to the graduate program by the head of the student's major department and the Graduate College Dean. Students must send a written request to the head of their major department to petition an acceptance of the transfer credit prior to requesting admission to candidacy to the graduate program. Graduate credit earned six (6) years prior to the completion date of all degree requirements may not be applied toward the degree without the approval of the appropriate program director and the Graduate College Dean. Credits earned by correspondence courses or for remedial purposes will not apply toward the graduate degree. No undergraduate course may be repeated for graduate credit.

Graduate Credit Taken After Admission to Arkansas Tech University

If after admission to graduate study, a student wishes to take a course at another institution to count toward degree requirements at Arkansas Tech University, the student must, in advance of enrollment, obtain written approval from the program director and the Graduate College Dean.
Accounting Course Descriptions

ACCT 6003: Principles of Business Accounting
Prerequisite: Admission to the MSBA program

A survey of basic accounting techniques for graduate students. The course addresses the fundamental mechanics of accounting, including the preparation and analysis of corporate financial statements. It also addresses operational accounting issues such as product costing, cost-volume-profit analysis, operational and capital budgeting, and performance evaluations.

ACCT 6093: Special Topics in Accounting
Prerequisite: ACCT 6003

Course offers an in-depth exploration of selected accounting issues affecting business. The primary focus of the course will vary from offering to offering; thus the course may be taken more than once. There is a required research project.

Note: Students are limited to a maximum of three (3) hours of special topics credit.
Anthropology Course Descriptions

**ANTH 5403: Interpretation/Education through Museum Methods**

Cross-listed: HIST 5403, MUSM 5403

Prerequisite: Permission of the instructor or Department Head.

Museum perspectives and approaches to care and interpretation of cultural resources, including, interpretive techniques of exhibit and education outreach materials, and integrating museum interpretation/education into public school and general public programming. Class projects focus on special problems for managing interpretive materials in a museum setting. Graduate level projects or papers involve carrying out research relevant to the Museum's mission and relating to current Museum goals.

Note: May not be taken for credit after completion of ANTH 4403, HIST 4403, or MUSM 4403.

**ANTH 5853: Music of the World's Peoples**

Cross-listed: MUS 5853

A survey of predominantly non-Western world music cultures with attention to sonic structures, musicians, musical instruments, and socio-cultural contexts of music making. Listening emphasized.

Note: Open to students in all majors.
Art Course Descriptions

ART 5723: Art History Seminar
Prerequisite: Graduate standing, permission of instructor.
This course will provide an advanced forum for in depth examination and focus of a particular artist, movement, theme or period in art history.

ART 6163: Survey of 20th Century Photography
An investigation of the development of photography as a fine art or commercial art form or as a medium for social documentary. Fine art photography is emphasized with the work of significant advertising, commercial, and documentary photographers also included.
BIOL 5064: Evolutionary Biology

Prerequisite: Graduate standing

This course focuses upon the principles and major concepts in evolutionary biology from a historical and contemporary viewpoint. Morphological and molecular evolution, population genetics, systematics, the fossil record, a history of life on earth, macroevolution, adaptation, and applications to species conservation are among the topics examined in the course. Laboratory exercises include analysis of populations and species with molecular techniques, computer investigations, and internet resources.

$40 laboratory fee.
Business Law Course Descriptions

BLAW 6003: Survey of Business Law and Ethics

Prerequisite: Admission to the MSBA program.

This course is designed to introduce students to the American legal system, increase their understanding of legal issues and potential liabilities in business contexts, and equip them to meet their legal obligations with ethical integrity in a competitive marketplace. Topics will include the structure and function of the American legal system, contracts, torts, white-collar crime, business organizations, and employment law, with emphasis on legal reasoning and policy implications. There is a required research project.

BLAW 6093: Special Topics in Law

Prerequisite: BLAW 6003

Course offers an in-depth exploration of selected legal issues affecting business. The primary focus of the course will vary from offering to offering; thus the course may be taken more than once. There is a required research project.
Business Administration Course Descriptions

BUAD 6003: Independent Study

Prerequisites: 21 hours must be completed toward the program requirements.

Students will complete an administrative project approved in advance by their advisor. The project must include elements of administration with a subject relevant to the student’s program of study. Successful completion of the project will include a professional report and full presentation of the project findings/results. The work may take the form of an internship, a research project or a consulting project.

BUAD 6093: Special Topics in Business

Prerequisite: Twelve (12) hours must be completed toward the degree requirements.

Course offers an in-depth exploration of selected issues affecting business. The primary focus of the course will vary from offering to offering; thus the course may be taken more than once. There is a required research project.

Note: Students are limited to a maximum of six (6) hours of special topics credit.
Chemistry Course Descriptions

CHEM 6881, 6882, 6883: Workshop

The workshop will require the equivalency of fifteen clock hours of instruction per credit hour.
Criminal Justice Course Descriptions

CJ 5013: Drugs in Society

Cross-listed: SOC 5013

Prerequisite: BA or BS in Sociology or related field.

This course presents a comprehensive study of the history and prohibition of drugs use in the United States, as well as the effects of drugs on society in the form of crime, prison, and treatment. The main focus of this class is on the history of drug use, how certain drugs become illegal, and the intended and unintended consequences of drug prohibition for communities and society.
Communications Course Descriptions

**COMM 5003: Human Communication Theory**

This communication theory class integrates learning about speech communication in various contexts. It is an in-depth study of contemporary and traditional perspectives of human communication, and synthesizes major concepts in human communication theory development.

Note: May not be taken for credit after the completion of COMM 4003.

**COMM 5053: Speech Communication Seminar**

A course for both majors and non-majors who want to investigate the relationships between human communication and contemporary social, political, and economic issues.

Note: May not be taken for credit after the completion of COMM 4053 unless the topics differ.

**COMM 5063: Organizational Communication**

Theories and practices of organizational communication are examined from a critical and historical perspective. Issues related to the personal, relational, cultural, group, business, global, and ethical dimensions of everyday communication practices are analyzed. Includes lecture, discussion, research, and group projects.

Note: May not be taken for credit after the completion of COMM 4063.

**COMM 5073: Directing Forensics**

Prerequisites: Oral Interpretation, Argumentation, Public Speaking and/or consent of the instructor. Practical study and training to lead to the planning of activities, directing competitive events, and administration of a forensic program on the high school level.

Note: May not be taken for credit after completion of SPH 4073 or equivalent.

**COMM 5123: Rhetorical Criticism**

This course will provide the principles of rhetorical theories as they have developed throughout history and apply them to the critical analysis of various communication events.

Note: May not be taken for credit after the completion of COMM 4123.

**COMM 5153: Persuasive Theory & Audience Analysis**

Survey of classical and social science theories of persuasion. Particular emphasis is given to analysis of persuasive strategies, preparation of persuasive appeals, ethics of persuasion, and audience analysis. A consideration of social movements and persuasive campaigns is also included.

**COMM 6891, 6892, 6893, 6894: Independent Study**

Open to graduate students who wish to pursue individual study or investigation of some facet of knowledge which complements the purpose of the University's graduate program. Students will be required to plan their studies and prepare formal written reports of their findings.

Note: The selected topic may not constitute any duplication of study leading to the accomplishment of a thesis.
Counseling Course Descriptions

COUN 6003: School Organization and Leadership for the Counselor
The course will examine how schools are organized and supported from the federal level to the local school. The concepts of leadership and its role at all levels will be a focal part of this study. Students will begin to examine their leadership style and dispositions.

COUN 6011: Instructional Leadership/Counseling
This course will focus on the "hard and soft" skills of instructional leadership, counseling, and micro-counseling. The teaching and learning process will be the focus of student work. Students will learn how to observe and coach for excellence in teaching and learning. The reflective practice model will serve as a basis for theory and skill development.

COUN 6012: Assessment and Appraisal
This course will focus on an in-depth study of norm reference and criterion reference assessments. Group, standardized assessment and individual assessment will be addressed. Student will study assessment techniques, instruments selection, analysis and interpreting assessment data, as well as appropriate ways to report data.

COUN 6113: Action Research and Data Analysis for High Performing Schools
This course will center on the analysis of data with emphasis on student achievement and whole school accountability. Data-driven decision making will be examined. Students will look at research methodologies with a focus on action research and the role of the leader in facilitating action research in the field.

COUN 6133: Principles of Curriculum Development
This course will focus on national, state, and local curriculum standards. Students will gain an understanding of the alignment issues of curriculum, instruction, and assessment as they prepare a curriculum artifact based on the principles of curriculum.

COUN 6143: Organizational Change/Role of School Counselor
This course will examine theories of change looking at research and case studies of first and second order change. Students will gain strategies as leaders of change as schools work to move closer to higher performance. Students will study a current change taking place in a school.

COUN 6152: Professional Portfolio
Students will develop a portfolio organized to provide evidences demonstrating proficiency supporting the standards for Arkansas licensure requirements for counselors. This professional portfolio will be a comprehensive collection of artifacts reflective of the program of study designed to meet the standards for school counselors.

COUN 6202: Ethics and Legal Issues for the School Counselor
This course will prepare school counselors to address the challenge of legal and ethical decisions, while keeping the students’ welfare in mind, by abiding by the Code of Ethics set forth by the American School Counseling Association (ASCA) Ethical Standards, as well as the American Counseling Association (ACA) Ethical Standards. The students will gain knowledge of and an understanding for Arkansas school law in dealing with legal issues.

COUN 6213: Developmental Counseling: Theory and Application
This course provides an overview of the basic tenets of life span development and how they relate to school counseling. Developmental Counseling contains a balance of research, theoretical clarity, and practical application as students move through the stages of lifesaving development.
COUN 6224: Counseling Skill Development I
Students will examine basic skills and characteristics involved in becoming effective school counselors; will articulate, practice, and demonstrate basic mastery of these skills and characteristics; will develop a systematic approach to the counseling process; and will assess personal strengths and limitations related to becoming professional school counselors.

COUN 6233: School Counseling Programs
This course will review the basic concepts and principles of elementary, middle, and secondary school counseling programs. Specific focus will be on program accountability, development, and leadership of school-based counseling programs.

COUN 6243: Group Counseling Strategies in the Schools
Students will be expected to draw relationships among the concepts and principles of individual, family, and group counseling and apply that knowledge to a school setting.

COUN 6253: Career Development/Academic Advising
This course prepares school counselors to facilitate the public school's role in career development, through awareness to planning, and decision making within the educational context. A focus is placed on student academic development and advising, as well.

COUN 6263: Teaming, Collaboration, and Advocacy
This course emphasizes the values, knowledge, and skills required for effective advocacy and brokering of services through consultation and collaboration. Use of data to identify needs, remove barriers and mobilize resources from the school and the community in order to increase options for students are primary themes through the course. Special attention is placed on equal access of all students to rigorous educational experiences.

COUN 6302: School Counseling Internship
This course provides graduate students an opportunity to engage in supervised, on-the-job experiences in a school setting. The internship includes scheduled on-campus group supervision designed to provide guidance, analysis, and evaluation of this capstone field experience.

$100 internship fee.

COUN 6303: Counseling Skill Development II
Students will examine intermediate skills and characteristics involved in becoming effective school counselors. Students will articulate, practice, and demonstrate mastery of these skills and characteristics; will develop a systematic approach to the counseling process; and will further assess personal strengths and limitations related to becoming professional school counselors.

COUN 6304: Internship
This course provides graduate students an opportunity to engage in supervised, on-the-job experiences in a school setting. The internship includes scheduled on-campus group supervision designed to provide guidance, analysis, and evaluation of this capstone field experience.

$200 internship fee

COUN 6891,6892,6893: Independent Study
Open to graduate students who wish to pursue individual study or investigation of some facet of knowledge which complements the purpose of the University's graduate program. Students will be required to plan their studies and prepare formal written reports of their findings.
Note: The selected topic may not constitute any duplication of study leading to the accomplishment of a thesis. May be repeated for a maximum of four (4) hours.
CSP 6023: Introduction to College Student Personnel Work
This course will provide the student with an understanding of the breadth of college student personnel work and introduce the student to the theory and practice of student personnel work as a profession.

CSP 6033: Student Development Theory
This is an introductory course in college student development theory. Students will be provided with a foundation to understand student development theory and how to apply it in a practical way in their work with college students.

CSP 6043: American College Student
An overview of the literature and research on American college students. After reviewing the literature on student transition to college, student collegiate experiences, student development in college, and college impact on students, the focus will be on effective institutional policies and practices in enhancing positive student college experiences, learning, and other desirable outcomes.

CSP 6053: Legal Issues for Professionals in College Student Personnel
This course is designed to teach a process of legal analysis. Benchmark cases will be used to illuminate basic issues. The student will be exposed to a range of administrative problems at the postsecondary level that entail legal implications. The course experiences should ultimately help current and prospective administrators to envision the legal dimensions of collegiate-level decision processes.

CSP 6063: CSP Capstone Seminar
Prerequisite: A minimum of 24 hours must be earned toward program requirements.

This capstone seminar is designed to provide graduating college student personnel students with the opportunity to discuss current issues in student affairs practice with the goal of preparing them as new professionals in the field.

CSP 6073: Counseling Theories and Helping Skills
Emphasizes major counseling theories, techniques, and basic helping skills that are commonly referenced in student affairs work.

CSP 6083: Practicum I in College Student Personnel
Prerequisite: A minimum of 18 hours must be earned toward program requirements.

This course provides students the opportunity to participate in a supervised professional experience. The student will process, discuss, and share experiences gained during the practical internship to integrate the experiences with the student development theory.

CSP 6093: Practicum II in College Student Personnel
Prerequisite: Successful completion of CSP 6081-3.

A practical, applied course where students will participate actively in a supervised professional experience. The student is expected to process, discuss, and share experiences gained during the professional experience and to integrate those experiences with the student development theory.

CSP 6113: Research Design and Analysis
The student will learn to interpret, analyze, and evaluate research reports in professional journals and will understand the principles which underlie effective scientific investigation.
CSP 6123: Assessment and Evaluation in Higher Education
An in-depth survey of the outcomes assessment and institutional effectiveness movement and including assessment techniques, instruments selection, analysis of assessment data, and reporting of assessment findings.

CSP 6133: Ethical Leadership in Higher Education
A study of how educational policy is developed through micro and macro political elements, an examination of ethical and value issues confronting educational leaders, and a demonstration of how individual values drive ethical behavior and ethical decisions.

CSP 6143: Administration in College Student Personnel
Administration in College Student Personnel is a required course for the Masters of Science in CSP degree. The course provides an overview of the relevant theories in the management, organization, and leadership of institutions of higher education, particularly in areas of student affairs administration. Emphasis will be placed on the application of theory and knowledge to administrative practices of human resource management, financial and budgeting, and facilities management. Students will also examine student affairs units in their functional contexts, including, but not limited to, such areas as admissions, financial aid, orientation, counseling, academic advising, support services, residence life, judicial services, campus activities, greek life, multicultural and international student affairs, disability services, service learning, religious programs, and commuter and non-traditional student services.

CSP 6153: Advising Student Groups
This course is designed for Student Affairs professionals to gain an understanding of advising student groups and organizations on a college campus. The course will highlight student development theories that introduce group dynamics and student leadership. The course will review the role of the advisor, risk management, leadership development of student, practical skills and techniques that will assist in the formation of new student groups, and will provide valuable resources to help future college administrators with their role as a leader of a student group/organization.

CSP 6163: Academic Advising
This course will provide an overview of the foundations of academic advising as an essential component of student success and retention programs at higher education institutions. The course will focus on advising models, application, and best practices in delivery of advising models.

CSP 6173: Career Advising
Offered: At least once/academic year.
This elective CSP course will provide an overview of the foundations of career advising. Students will learn career development theories, career advising interventions and practices, career assessment and planning tools, and sources of career information and technology designed to assist individuals and groups in lifelong career and lifestyle planning.

CSP 6203: American Higher Education in Transition
An overview of the history, philosophy, purposes, and functions of higher education in the United States. The purpose of the course is to familiarize students with the events, issues, and ongoing debates that have shaped and continue to shape higher education in the United States.

CSP 6881,6882,6883: Special Problems (Workshop) for College Student Personnel
Special Problems (Workshop) in CSP is an elective course that will provide a study of contemporary issues or problems associated with the field of student affairs and higher education in general. Students will explore these issues, the impact they have on the field of student affairs, and to be introduced to best practices that can be applied to address the issues from a developmental point of view.
Note: Since the topic for the workshop will vary each time offered, a student can repeat this course, earning a maximum number of six (6) graduate hours of credit.

**CSP 6893: Independent Study**

Open to graduate students who wish to pursue individual study or investigation of some facet of knowledge which complements the purpose of the University's graduate program. Students will be required to plan their studies and prepare formal written reports of their findings.

Note: The selected topic may not constitute any duplication of study leading to the accomplishment of a thesis.
Driver Education Course Descriptions

DE 5543: Driver and Traffic Education II
Prerequisites: Arkansas Teaching Certificate, valid driver's license, good driving record, or approval of department head.

This course is designed to prepare teachers to organize and teach driver education and traffic safety programs in secondary schools. It includes administration, supervision of personnel, design of facilities, and a research project.

Note: May not be taken for credit after completion of DE 4543 or equivalent.

DE 5613: Driver and Traffic Education I
Prerequisites: Arkansas Teaching Certificate, valid driver's license, good driving record, or approval of department head.

This course is designed to prepare teachers to organize and teach driver education and traffic safety programs in secondary schools. This course provides a survey of materials and methods of instruction plus evaluation of textbooks and in-car training of a student driver.

Note: May not be taken for credit after completion of DE 4613 or equivalent.

Two (2) hours lecture, two (2) hours laboratory.
**Dyslexia Course Descriptions**

**DYS 5003: Dyslexia and Other Learning Disorders**
This course is designed to provide the dyslexia specialist candidates an introduction to the field of dyslexia and related learning disorders.

**DYS 5013: Foundation of Language and Literacy Development**
This course is designed to provide the dyslexia therapist candidates with a deep understanding of the stages of language processing as well as the structure of language, and define and identify factors that contribute to literacy.

**DYS 5023: Interpreting and Administration of Assessments for Planning Instruction**
This course is designed to provide the dyslexia specialist candidates with a comprehensive view of academic assessments. The course will familiarize the student with an overview of statistical concepts, the basic theories of assessment, interpreting data for instruction, and practicum experience administering academic assessments for planning instruction.

**DYS 5033: Professional Learning and Leadership**
Professional Learning and Leadership is a course designed to prepare students to serve within a Dyslexia Specialist position with all the incumbent responsibilities. To be able to ethically design, facilitate, lead and evaluate differentiated professional development programs for working with students with Dyslexia based on the most up to date research and policy from the local, state and national levels.

**DYS 5043: Structured Language Teaching**
Structured language teaching is a course designed to prepare students to design, teach, evaluate, and adjust a variety of multisensory and multimodal approaches that effectively support students diagnosed with dyslexia (reading difficulties).
Early Childhood Education (BS) Course Descriptions

Bachelor Degree Program

**ECED 6323: Designing Quality Early Literacy Experiences (birth - age 9)**

A study of the theory, materials, methods, and instructional techniques applicable to language development and emergent literacy experiences during the early childhood education years - birth through age nine. This course examines developmentally appropriate integrated and interdisciplinary approaches to literacy development encompassing writing, reading, and oral language development of young children in the home and school environment.

**ECED 6523: Survey of Research in Early Childhood Education**

Prerequisite: EDFD 6003.

Seminar will be based on current interest of students and will serve as means of synthesizing their experiences. An interdisciplinary approach will be taken to exploring current issues and problems in early childhood education, current happenings as they relate to the issues and major research efforts to support programs. A critical review examination and evaluation of investigations, studies, and other research finding which have special significance for early childhood education will be explored. The implications of this research for educational practice will also be considered.

**ECED 6603: Psychosocial Development: Infancy, Childhood, Family**

Prerequisites: Recent undergraduate/graduate class in child development or permission of instructor.

Social/emotional development in infancy and early childhood and the development of parent-child relationships; developmental sequences in infancy and early childhood in relation to lifespan development issues; impact of various disabilities upon attachment and interaction and upon general family adjustment; methods of promoting optimal psychosocial and family development within the context of cultural variations.
**Economics Course Descriptions**

**ECON 6003: Survey of Economics**

Prerequisite: Admission to the MSBA program.

This course explores the principles of macroeconomic and microeconomic analysis of economies. It includes theories of output, income, employment, price level, and business fluctuations, including the monetary system, fiscal and monetary policy, production and cost and the analysis of various market structures, distribution of income, and international and welfare economics. There is a required research project.

**ECON 6093: Special Topics in Economics**

Prerequisites: ECON 6003

Course offers an in-depth exploration of selected economics issues affecting business. The primary focus of the course will vary from offering to offering; thus the course may be taken more than once. There is a required research project.

Note: Students are limited to a maximum of six (6) hours of special topics credit.
EDFD 6003: Educational Research
Cross-listed: MAT 6003
An introduction to educational research procedures, including formulation of research problems, research designs, data collection, and analysis of data.

EDFD 6043: Principles and Theories of Learning
Cross-listed: MAT 6043
This course introduces teacher candidates to educational psychology as a research oriented discipline and a science of practical application.

EDFD 6053: The At-Risk Child in the School Environment
Cross-listed: MAT 6053
A seminar designed to investigate the characteristics of the at-risk student and to investigate the teaching strategies utilized to meet the needs of the at-risk student in the regular classroom.

EDFD 6063: Educational Assessment
Provides the knowledge base for construction, selection, administration, and interpretation of formal, informal, and alternative forms of student assessment.

EDFD 6313: Principles of Curriculum Development
A study of the elements and principles of curriculum design and construction for teachers at the elementary and secondary school levels. The course considers the theoretical concerns of curriculum planning as well as the activities involved in carrying theory into practice.

EDFD 6403: Social, Historical, and Legal Factors in Education
Cross-listed: MAT 6403
This course examines the study of education and various social groups, including the effects of various societies and educational systems. It also examines the legal factors that must be considered in the educational process.

EDFD 6503: Classroom Behavioral Management
Cross-listed: MAT 6503
A seminar to examine research for sources and types of models available for managing the classroom. Development of classroom management skills and systems by applying human development, learning, teaching, and communication principles. This class will review the research and professional literature on classroom management. It includes a practicum involving field experiences in the public school.

EDFD 6703: Guidance in Education
Designed to provide the classroom teacher with the background knowledge and skills to provide classroom assistance in areas related to the school's guidance program.

EDFD 6881, 6882, 6883: Workshop
Prerequisite: Permission of instructor.
The workshop will require the equivalency of fifteen clock hours of instruction per credit hour.
EDFD 6991: Project or Thesis Research Continuation

This course allows students additional time to research and compose their capstone project/portfolio.

EDFD 6993: Project in Educational Research

Study and directed research on a topic selected by the student in consultation with a supervising professor.
Educational Leadership Course Descriptions

EDLD 6002: Administrative Law
An introduction to the legal environment of the school. The course will cover legal concepts, regulations, and codes for school operation. Special emphasis will be given to administrators' knowledge of the proper implementation of policies, regulations, rules, and procedures in public schools.

EDLD 6013: School Organization and Leadership
Principles and concepts of school organization and the role of the educational leader.

EDLD 6023: Organizational Change
A study of change theory as it affects educational organizations with specific attention given to the public school system. The use of programs such as ACSIP in directing change within the school.

EDLD 6102: School Finance
A study of school budgeting, accounting techniques, and funding formulas.

EDLD 6113: Action Research and Data Analysis
This course will address the theories and practice of research with emphasis on action research for school improvement. The course will focus on gathering, accessing, and interpreting information needed for effective decision-making for high performing schools.

EDLD 6153: Communication with School and Community
Identification, study, and analysis of concepts and procedures to develop and implement effective communication and public relations strategies between the school and the community. Also includes community analysis, school issues, public responses, and policy development.

EDLD 6203: Education and Society: Continuities and Discontinuities
The relationship between society and educational systems including factors which have either positive or negative effects upon the stability of the system.

EDLD 6253: Instructional Leadership
Principles of effective instructional leadership including the role of the principal as an instructional leader focusing on the critical friend and clinical supervision models, curriculum and data analysis.

Note: This course is a prerequisite for EDLD 6402.

EDLD 6303: Technology as an Administrative Tool
The role of technology in improving the education system is the focus of this course. The use of technology by the administrator to improve the quality of education managerially and instructionally is the emphasis of the course.

EDLD 6313: Principles of Curriculum for School Leadership
A study of the elements and principles of curriculum design and construction for principals at the elementary, middle and secondary school levels. The course considers the school leader's role in curriculum development, implementation and evaluation.

EDLD 6352: Physical Environment of Schools
A study of the effects of the physical environment of the school upon instruction and learning. The course will include the development of physical plants conducive to and effective for learning.
EDLD 6402: Working with the Marginal Performer

Prerequisite: EDLD 6253

The application of supervision in working with teachers with marginal success is the focus. The course will include a study of mentoring and teacher evaluations systems.

EDLD 6551: Administrative Internship

Directed on-the-job activities. Designed to give instructional leaders experience in the various subsystems composing the education system.

$50 internship fee.

EDLD 6552: Administrative Internship

Directed on-the-job activities. Designed to give instructional leaders experience in the various subsystems composing the education system.

$100 internship fee.

EDLD 6554: Administrative Internship

Directed on-the-job activities. Designed to give instructional leaders experience in the various subsystems composing the education system.

$200 internship fee.

EDLD 6891,6892,6893: Independent Study

Open to graduate students who wish to pursue individual study or investigation of some facet of knowledge which complements the purpose of the University's graduate program. Students will be required to plan their studies and prepare formal written reports of their findings.

Note: The selected topic may not constitute any duplication of study leading to the accomplishment of a thesis.

EDLD 6991: Professional Portfolio

Students will develop a portfolio organized to provide evidences demonstrating proficiency supporting the standards for Arkansas licensure requirements for building level administrators. This professional portfolio will be a comprehensive collection of artifacts reflective of the program of study designed to meet the standards for school leaders.

Note: After completing this course, students who do not successfully present their portfolio the semester they are scheduled for review will be required to reenroll the semester they request to reschedule for review.

EDLD 7003: Seminar in Systems Issues

This course focuses on system issues and the resulting development of coherent educational policy for public elementary and secondary schools that unifies purpose. This focus is primarily at the state level, where formal responsibility lies, but it concerns federal and district policy as well as school practice.

EDLD 7013: The Superintendency and Central Office

The scope and function of the central office will be the focus of this course. Theory and practice from the central office/superintendent's perspective of such areas as superintendent-board relations, public relations, strategic planning, professional negotiation, special programs administration, leadership style, and school climate.
EDLD 7022: Building a Leadership Community

School leaders must have the knowledge, competence, and belief system to positively shape a school's culture. This requires a thorough understanding of purposeful, systematic change and skills in positive interpersonal relationships, collaboration, verbal and non-verbal communication, conflict resolution, leadership teams and organizational management.

EDLD 7023: School Board Relations

The study of school board-administrator relationships and procedures with emphases on community relations, the politics of education and functioning cohesively as an educational, policy-making group.

EDLD 7033: School Personnel and Business Management

Principles, processes and procedures of school personnel management and business management are probed. Issues and topics investigated include supervision, evaluation, recruitment, staff development, salary and contractual obligations, attendance accounting, APSCN procedures, financial accounting, and property accounting.

EDLD 7101: Administrative Internship in Educational Facilities

This is a field study experience providing the student with an opportunity to synthesize and apply knowledge, and develop and practice administrative skills as they relate to educational facilities and transportation services. It applies reflective practice under the direction of a practitioner mentor and a university advisor and utilizes existing sites, new sites, and planning sessions.

$50 internship fee.

EDLD 7112: Advanced Legal Issues

This course focuses on the United States Constitution and its effects on due process requirements for public schools. Issues include the relationship of constitutional, statutory and case law to public school districts particularly in these areas of current concern - students' rights and responsibilities, teachers' rights and responsibilities, procedural and substantive due process, and liability.

EDLD 7113: Seminar in Current Issues

The course will investigate contemporary issues and trends related to educational leadership and examine problems and solutions that are of current concern for school organizations. These issues include school finance alternatives, serving a diverse constituency, meeting individual and group needs, accountability issues, instructional issues including the integration of technology, evaluation of instructional issues, evaluation of programs and personnel, and changing policies at the state and national level.

EDLD 7122: Educational Facilities

This is a study of school facilities and transportation planning and concepts, management and practices. Topics include how to use and maintain present school plants, keeping the board and community informed as to building needs, selecting architects, financing construction, safety and security issues, and developing educational specifications.

EDLD 7132: School Finance for District Level Administration

Economics and school finance: Basic concepts include local, state and federal support of education, the Arkansas State Financial System (APSCN), budgeting and projecting, financing capital items, centralization vs. site-based concepts, fiscal management, auditing, and communicating finance to the board and community.

EDLD 7143: School Accountability Systems
This course probes the essential elements of a monitoring system designed to help schools and districts acquire the information they need to better realize their intentions for improvement, accountability, and school restructuring.

**EDLD 7201: Administrative Internship in District Level Finance**

A field study experience providing the student with an opportunity to synthesize and apply knowledge, and to develop and practice administrative skills as they relate to the principles of district level school finance. It applies reflective practice under the direction of a practitioner mentor and a university advisor and focuses on existing state and district level financial practices, resources, and responsibilities.

$50 internship fee.

**EDLD 7202: Administrative Internship in School Accountability Systems**

A field study experience providing the student with an opportunity to synthesize and apply knowledge, and develop and practice administrative skills as they relate to school accountability systems. It applies reflective practice under the direction of a practitioner mentor and a university advisor and focuses on a monitoring system model.

$100 internship fee.

**EDLD 7891,7892,7893: Independent Study**

Prerequisite: Ed.S. Program Director Approval.

This Independent Study is open to students pursuing the Ed.S. degree who wish to pursue individual study, investigation or project based research of some facet of knowledge which complements the Ed.S. program of study. Students will be required to plan their program submitting a formal program of study request, prepare written reports throughout the study and present their findings in a formal paper.

Note: A student may take no more than six (6) hours of Independent Study work.

**EDLD 8003: Applied Research**

Prerequisites: Admission to Ed.D. program

This course of study facilitates excellence in teaching by exploring contemporary paradigms of educational research with an emphasis on informing thinking and decision-making to address problems in schooling. Skills to be emphasized include conceptualizing real-world problems in an inquiry manner so that information derived from the research literature can be applied to the problem, synthesizing the line of investigation. Seeing the historical perspective of the research and critically judging the worth or quality of the study (internal validity, sampling adequacy). Students will review the literature, develop an inquiry problem, gather and analyze data, and make recommendations to solve the problem.

**EDLD 8013: Scholarly Writing**

Prerequisites: Admission to Ed.D. program

This course is designed to provide an overview of the literature review as it pertains to the research process and assist students in beginning to create a knowledge base about scholarly writing. Peer and instructor support systems are used in this course to enable student groups to complete a 22-page literature review in preparation for future course requirements. Special attention will be focused about the American Psychological Association (APA) Publication Manual (6th Ed).

**EDLD 8023: Quantitative Research**

Prerequisites: Admission to Ed.D. program

The focus of this course is the application of quantitative research methodology in the study of educational...
practiced. Emphasis will be placed on study design, data collection, and data analysis using quantitative research methods. The fundamentals of quantitative research will be emphasized. Statistical analyses will be conducted using the SPSS software.

**EDLD 8033: Qualitative Research**

Prerequisites: Admission to Ed.D. program

This course is intended to build in students' understandings of qualitative research, its theory and methods. As a doctoral-level research course, the material covered will be intended to prepare the student for successful competing of a qualitative doctoral dissertation.

**EDLD 8043: Cultural Influences**

Prerequisites: Admission to ED.D. program

This course facilitates excellence in leadership by exploring current knowledge and research related to communication that builds positive relationships and community in a global society. Issues discussed include, but are not limited to, socioeconomic, ethnicity, gender, age, and other issues that require courageous communication. An emphasis on the educational leader as will guide the examination of socioeconomic and diversity issues pervasive in communicating and building relationships in a global society. These issues will be examined through an exploration of philosophy, leadership, multicultural, and critical pedagogy. Existing, as well as emergent cultural and societal patterns will be contextualized in terms of leadership in Arkansas, the US, and globally.

**EDLD 8053: Ethics and Values**

Prerequisites: Admission to Ed.D. program

This course focuses on the ethical administrator, the ethical practice of educational leadership and the ethics of equity and social justice. Specific philosophical approaches and ethical theories will be discussed. Particular attention will focus on ethical leadership practices within a learning community and include field-based exploration.

**EDLD 8063: Dissertation I-Proposal Writing**

Prerequisites: Admission to the Ed.D. program. Completion of all core doctoral classes.

Students will prepare Chapter 1 - 3 for a dissertation proposal to be presented to the doctoral chair and committee members.

**EDLD 8073: Synthesis Seminar**

Prerequisites: Admission to Ed.D. program

Integrating, synthesizing, and evaluating major concepts encountered in previous doctoral coursework. This course involves the completion of a student proficiency assessment comprised of a portfolio, synthesis paper and oral presentation. Successful completion is required to apply for candidacy.

**EDLD 8083: Dissertation II**

Prerequisites: Synthesis presentation and portfolio, and admission to candidacy.

Students will prepare Chapter 1-3 for a dissertation proposal. The proposal will be defended with the doctoral committee. Successful completion is required for advancement to candidacy.

**EDLD 8093: Dissertation III**

Prerequisites: Synthesis presentation and portfolio, and admission to candidacy. Successful defense of dissertation proposal.
Students will prepare Chapter 1-5 for a dissertation proposal. The candidate will conduct research and complete the dissertation and refine chapters 1-3.

**EDLD 8103: Dissertation IV**

Prerequisites: Synthesis presentation and portfolio, and admission to candidacy. Successful defense of dissertation proposal.

Dissertation will be completed and defended. Students must maintain continuous enrollment from the time of advancement to candidacy and register for at least three credit hours each semester until successful dissertation defense, not to exceed three years of advancement to candidacy. Max number of dissertation credit hours is twelve.
### Educational Media Course Descriptions

#### EDMD 5033: Introduction to Instructional Technology

An introductory media and media methods course providing an introduction to: instructional computer utilization; applications of principles of graphic design in the production of audiovisual materials; the application of visual literacy, communications, and learning theory to the selection, evaluation, and use of instructional materials; and the development of mediated units of instruction.

#### EDMD 6113: Microcomputers for Education and Training

A study of the use of the microcomputer for administrative, instructional, and classroom management uses in educational and training settings. School-wide classroom and training facility uses and applications in the following areas will be emphasized: word processing, spreadsheet and database management, test bank, grade book, test scoring, CAI, skill development, and desktop publishing.

#### EDMD 6123: Audio in Media

Prerequisite: EDMD 5033 or similar introductory course in instructional technology or by permission of instructor.

A study of the technology of sound and the process of producing sound for media programs. The course covers the principles and equipment of sound, pre-production planning, production processes and post-production editing, and the technology of sound. In addition to the study of the principles of sound production, students will apply theories and principles in the production of media programs through a series of production assignments.

#### EDMD 6133: Production of Digital Instructional Materials

Prerequisite: EDMD 5033 or approval of instructor

Advanced applications, techniques, and processes involved in the production of instructional materials. Emphasis is placed on the production of completed education and training units using digital images, electronic presentations, and web-based materials.

#### EDMD 6163: Internet Resources

An introduction to resources available on the Internet as well as the tools needed to navigate within a worldwide network of computers, made up of thousands of autonomous networks which are separately administered.

#### EDMD 6233: Administration of Media Programs

Prerequisite: Nine (9) hours of graduate study or approval of instructor.

A study of the administrative responsibility involved in the organization, implementation, and operation of comprehensive media programs. Specific areas of study include: planning, budgeting, selection of equipment and materials, computerizing administrative functions, proposal development, and program evaluation. Will include site visits to area media centers and training facilities.

#### EDMD 6303: Survey of Instructional Technology

A survey of current media research, educational media formats, and utilization of mediated materials in education and training, and the development of instructional programs.

#### EDMD 6313: Instructional Design and Product Development

Prerequisites: Nine hours of instructional technology courses, including a media production course.

A study of the systematic approach to the design, production, evaluation, and utilization of instructional materials. Using design models and general theoretical knowledge specifications, students will write goals
and objectives, identify learner characteristics, conduct task analyses, define learning conditions and instructional events, produce instructional products to meet identified needs, and field test finished products.

**EDMD 6333: Instructional Multimedia**

A study of the human, persuasive, and communicative elements of the medium of television; the effective use of television in education and training; and the writing, producing, directing, and editing of one-camera and studio television productions.

**EDMD 6433: Practicum in Educational Media**

An overall view of the field of educational media and instructional technology. Current journals, trends, and authorities in the field will be studied. Students will participate in 120 hours (3 hrs. credit) OR 240 hours (6hrs. credit) of practical work in media centers or training facilities, will visit selected media centers, and will submit a research paper or project on current trends in educational media or instructional technology.

Note: Required of all library media specialist students.

$50 course fee.

**EDMD 6436: Practicum in Educational Media**

An overall view of the field of educational media and instructional technology. Current journals, trends, and authorities in the field will be studied. Students will participate in 120 hours (3 hrs. credit) OR 240 hours (6hrs. credit) of practical work in media centers or training facilities, will visit selected media centers, and will submit a research paper or project on current trends in educational media or instructional technology.

Note: Required of all library media specialist students.

$100 course fee.

**EDMD 6513: Computer - Based Instruction**

An introduction to the use of the computer as a classroom tool to aid in individual instruction. A survey of existing programs available to support courseware development and use on microcomputers, minicomputers, and mainframes. Hands-on experience in developing an interactive instruction lesson.

Note: May not be taken for credit after completion of COMS 4513/5513 or equivalent.

**EDMD 6881,6882,6883: Workshop**

Prerequisite: Permission of instructor.

The workshop will require the equivalency of fifteen clock hours of instruction per credit hour.

**EDMD 6891,6892,6893: Instructional Technology Curriculum**

Open to graduate students who wish to pursue individual study or investigation of some facet of knowledge which complements the purpose of the University’s graduate program. Students will be required to plan their studies and prepare formal written reports of their findings.

Note: The selected topic may not constitute any duplication of study leading to the accomplishment of a thesis.
Elementary Education Course Descriptions

ELED 5333: Teaching Reading and Study Strategies in the Content Area
This course is designed to provide pre-service and in-service teachers and administrators with a knowledge of reading factors as they relate to various disciplines. Content of the course includes estimating students' reading ability, techniques for vocabulary, questioning strategies, and developing reading-related study skills.

ELED 6323: Survey of Teaching Reading
A broad overview of the major viewpoints about reading and current approaches to literacy instruction, with emphasis on its socio-psycholinguistic aspects.

ELED 6343: Literacy Assessment and Intervention
Prerequisite: ELED 6323.
A study of current practices in assessing literacy development and providing intervention in identified problems. Emphasis will be placed on interactive procedures to determine and facilitate the use of reading and writing processes.

ELED 6403: Literature for Children and Adolescents
An in-depth study of printed and other types of materials available for use in the elementary grades and middle school. Emphasizes the selection and use of materials to stimulate and improve learning.

ELED 6823: Introduction to Learning Disabilities
A study designed to teach a recognition of behavioral characteristics of children who have perceptual problems. This course also includes information about prescribed referral procedures and gives an overview of diagnostic, and prescriptive instruction.

ELED 6881,6882,6883: Workshop
Prerequisite: Permission of instructor.
The workshop will require the equivalency of fifteen clock hours of instruction per credit hour.

ELED 6891,6892,6893,6894: Independent Study
Open to graduate students who wish to pursue individual study or investigation of some facet of knowledge which complements the purpose of the University's graduate program. Students will be required to plan their studies and prepare formal written reports of their findings.

Note: The selected topic may not constitute any duplication of study leading to the accomplishment of a thesis.

ELED 6991: Thesis Research
Directed research on a thesis topic. If the six-hour thesis (ELED 6996) has not been completed during the semester(s) of enrollment, the student must register for ELED 6991 during subsequent semesters in which he/she is receiving faculty assistance with the thesis and/or using University library facilities.

ELED 6996: Thesis Research
Directed research on a thesis topic selected by the student in consultation with a supervising professor.
Electrical Engineering Course Descriptions

ELEG 5113: Digital Signal Processing

Prerequisites: ELEG 3123 and 3133.

The study of discrete-time signals and systems, convolution, z-transform, discrete-time Fourier transform, analysis and design of digital filters. Students write software for real-time implementation of selected signal processing algorithms using DSP microcomputer hardware.

Note: May not be taken for credit after completion of ELEG 4113.

ELEG 5133: Advanced Digital Design

Prerequisites: ELEG 2130 and 2134.

A project oriented course in which students develop and test custom digital integrated circuits (IC's). An overview of IC design systems and manufacturing processes is presented. Economics of IC production are discussed. Hardware Description Languages (HDL's) are studied. Students design and implement custom IC's using schematic based entry and HDL's.

Note: May not be taken for credit after completion of ELEG 4133.

ELEG 5153: Communication Systems II

Prerequisite: ELEG 4143.

Continuation of ELEG 4143. Design and analysis of analog and digital communication systems, taking into account the effects of noise. Random variables, random processes, analog and digital communication systems in the presence of noise.

Note: May not be taken for credit after completion of ELEG 4153.

ELEG 5313: Modern Control Systems

Prerequisite: ELEG 4303.

A continuation of ELEG 4303 Control Systems. Topic include: frequency response design, state space analysis, controllability, observability, state space design, robustness and introduction to digital control.

Note: May not be taken for graduate credit after completion of ELEG 4313.

ELEG 6103: Power Electronics

Prerequisite: ELEG 4103 or permission of instructor.

The course will cover the following topics: Characteristics of thyristors, sequential switching, triggering and synchronizing circuitry. Conversion and control of electric power, design of electric power controller; rectifiers, converters, inverters, and cycloconverters, controlling techniques for DC and AC machines will be presented.

ELEG 6123: Advanced Semiconductors

Prerequisites: ELEG 3003 and ELEG 4103 or permission of the instructor

An in depth overview of coverage of semiconductor devices and materials. The course presents and examines semiconductor fundamentals required in the operational analysis of microelectronic devices.

ELEG 6133: Introduction to Nanoelectronics
This course is designed to give the graduate student an introduction to the engineering problems and concepts that are involved in electrical and electromechanical devices at the nanoscale. The course will cover the wave properties of matter, quantum mechanics, optical properties of materials, nanolithography, and various nanostructure devices such as field-effect transistors, light-emitting diodes and lasers and nanoelectromechanical devices.

**ELEG 6143: Digital Image Processing**

Prerequisites: ELEG 3133, ELEG 4113, ELEG 3003 and COMS 2104 or permission of the instructor

The course will cover the following topics: components of digital image processing systems, histograms, point processing, neighborhood processing, image restoration, image segmentation, 2-D discrete Fourier transform, image data compression, color image processing.

**ELEG 6153: Statistical Signal Processing**

Prerequisites: ELEG 4113, ELEG 3003, COMS 2104 or permission of the instructor

The course will cover the following topics: minimum variance unbiased estimators, Cramer-Rao lower bound, maximum likelihood estimators, Least Squares, Kalman filter.

**ELEG 6163: Biomedical Signal Processing**

Prerequisites: ELEG 4113 or permission of the instructor

The study, analysis, and implementation of advanced method in signal processing applied to biomedical signals and systems. Engineers working in the biomedical field routinely design and build signal processing algorithms and devices to analysis biomedical signals for diagnostic analysis and prosthetic control. In order to appropriately design systems for biomedical signal processing it is necessary to have a basic understanding of the origin and characteristic of these signals. The course will focus on single dimensional deterministic and random signal processing.

**ELEG 6303: Robotics**

Prerequisites: ELEG 3133, ELEG 4303, ELEG 3003, COMS 2104 or permission of the instructor

The course will cover the following topics: robotics paradigms, path planning, motion planning, configuration space, potential functions, localization and mapping, sensors and actuators.

**ELEG 6881,6882,6883,6884: Special Topics in Engineering**

Special topics in engineering relating to current engineering topics not covered in other courses.

Note: May be repeated for credit if course content varies.

**ELEG 6891,6892,6893,6894,6895,6896: Independent Study**

Prerequisites: Completion of 18 hours toward program requirements and approval of advisor

Students will complete an electrical engineering project approved by their Advisory Committee. The project must include elements of engineering design and project management with a subject relevant to electrical engineering. Successful completion of the project will include a professional report and full presentation of the project findings/results.
EMHS 5003: Principles and Practice of Disaster Relief and Recovery

Prerequisites or Co-requisites: EMHS 6063 or consent of instructor.

Recovery issues are studied in regard to relationships with ethical, medical, economic and environmental considerations. Initial, short-term, and long-term recovery efforts are examined along with group exercises utilizing best practices.

Note: Students who have taken EAM 4003 cannot take EMHS 5003 for credit.

EMHS 5043: Disaster and Emergency Management Ethics

Prerequisite: consent of department head.

Involves a study of a variety of types of ethical theory (teleological, deontological, distributive theories of justice, natural law), review of specific ethical dilemmas related to disasters, professional ethics, overcoming biases, avoiding discrimination, and developing sensitivity. Detailed ethical case studies will be conducted.

Note: Students who have taken EAM 4043 cannot take EMHS 5043 for credit.

EMHS 5053: Community Management of Hazardous Materials

Prerequisites or Co-requisites: EMHS 6063 or consent of instructor.

Addresses chemical properties of hazardous materials and wastes; legal requirements for their handling, storage, transportation, and disposal; and methods for protecting employees, facilities, and the community.

Note: Students who have taken EAM 4053 cannot take EMHS 5053 for credit.

EMHS 5991,5992,5993: Special Problems and Topics

Prerequisites or acceptable equivalencies: EMHS 6063 or consent of instructor.

The topics will vary to reflect the dynamic changes in the emergency management discipline.

Note: Students who have taken EAM 4993 must have approval from the Department Head regarding the topic for credit in EMHS 5993.

EMHS 6003: Design and Management of Preparedness and Mitigation Systems

Prerequisites or Co-requisites: EMHS 6063 or consent of instructor.

Reviews the needs and concepts for well-structured design and management processes for preparedness and mitigation systems in both the public and private sectors utilizing best methods for implementation.

EMHS 6023: Risk and Vulnerability Assessment for Business and Industry

Prerequisites or Co-requisites: EMHS 6063 or consent of instructor.

Covers the hazards and threats that businesses and industry face regarding security, safety, and business continuity. The scope of threats and businesses studied range from local to international. Risk analysis, vulnerability, recovery, and business continuity plans will be examined.

EMHS 6033: Foundation of Leadership

Prerequisites or Co-requisites: EMHS 6063 or consent of instructor.

Examines the past and present models of leadership. Topics include current context for leadership and
personal leadership styles. Case studies are utilized in both the public and private sectors in relation to emergency management.

<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Prerequisites or Co-requisites</th>
</tr>
</thead>
<tbody>
<tr>
<td>EMHS 6043</td>
<td>Contemporary Issues in Emergency Management</td>
<td>EMHS 6063 or consent of instructor.</td>
</tr>
<tr>
<td></td>
<td>Emphasizes and analyzes the practical aspects of problems facing the emergency manager. Topics could include compliance issues with regard to Homeland Security, the National Incident Management System, the National Response Plan and other national initiatives.</td>
<td></td>
</tr>
<tr>
<td>EMHS 6053</td>
<td>Legal Issues in Emergency Management</td>
<td>EMHS 6063 or consent of instructor.</td>
</tr>
<tr>
<td></td>
<td>Involves research, analysis, and discussion of laws that affect emergency management. Emphasis will be placed on the legal obligations of the emergency management professional utilizing case studies and contemporary examples.</td>
<td></td>
</tr>
<tr>
<td>EMHS 6063</td>
<td>Principles of Hazard and Emergency Management</td>
<td>EMHS 6063 or consent of instructor.</td>
</tr>
<tr>
<td></td>
<td>Provides an overview of hazards theory, emergency management fundamentals, and the science of various hazards. Both natural and technological hazards are studied with the perspective of emergency management. Some of the topics include earthquakes, tsunami, volcanoes, floods, wildfires, terrorism, tornadoes, winter storms, and hurricanes.</td>
<td></td>
</tr>
<tr>
<td>EMHS 6073</td>
<td>Introduction to Terrorism</td>
<td>EMHS 6063 consent of instructor.</td>
</tr>
<tr>
<td></td>
<td>This course is an overview of terrorism in which students will explore various aspects of terrorism in a Post 9/11 world leading to a basic understanding of a global phenomenon. Subject matter will include the history of terrorism, its strategies, and why those strategies, and why those strategies are effective. The student will examine the psychology of fundamentalist religious movements and extreme political organizations. While studying the effects of terrorism, the student will examine governmental concerns, preparedness and response operations and the politics of dealing with terrorism.</td>
<td></td>
</tr>
<tr>
<td>EMHS 6083</td>
<td>Business Continuity Project Management</td>
<td>EMHS 6043 and EMHS 6063 or consent of instructor</td>
</tr>
<tr>
<td></td>
<td>EMHS 6083 is open to Emergency Management graduate students only. The topics will vary to reflect the continual changes in the emergency management field. This course may also serve as an independent study course upon recommendation of the advisor and approval by the dean. Graduate students will be assigned additional readings and projects of concentration to demonstrate a broad understanding of the special problem or topic being investigated or studied.</td>
<td></td>
</tr>
<tr>
<td>EMHS 6093</td>
<td>Fundamentals of Homeland Security</td>
<td></td>
</tr>
<tr>
<td></td>
<td>This course examines fundamental concepts of homeland security. Topics to be covered include: terrorism; extremism; homeland security agencies; interrelated duties, relationships, roles, and methods used by governmental agencies; individuals responding to agency issues; historical events; and state and national laws that impact the most critical threats.</td>
<td></td>
</tr>
<tr>
<td>EMHS 6103</td>
<td>Research Design and Methods</td>
<td>EMHS 6063 or consent of instructor.</td>
</tr>
<tr>
<td></td>
<td>Demonstrates the comprehension of research, design, and methods. Qualitative and quantitative methods are discussed along with the utilization of the scientific method. Professionalism and models for research are also covered.</td>
<td></td>

</table>
EMHS 6123: Applied Data Analysis

Prerequisites: EMHS 6043, EMHS 6063, and EMHS 6103

This course is designed to develop and extend basic data-analytic skills that students will need for their individual research project. As indicated by the course title it as an applied (and not a technical) course in which you will learn by observing and engaging in the authentic activities of data-analysis. The use of new statistical techniques will be "modeled" in class, and then applied to real problems in a lab setting.

EMHS 6193: Introduction to International Emergency Management

Prerequisites: EMHS 6043 and EMHS 6063 or consent of instructor

This course provides students with the study of disaster trends and diverse emergency and disaster management systems and structures that exist throughout the world. Universal principles of global emergency management practice and advances worldwide will be considered. Lessons from disasters will be addressed and political challenges and cooperation between governments and non-governmental organizations (NGOs).

EMHS 6203: Crisis Communications

Prerequisites: EMHS 6043 or EMHS 6063 or consent of instructor

This course will cover both the theoretical and practical perspectives of crisis communications. Students will learn the importance of an organized approach to dealing with unexpected, crisis situations and the need for clear, concise information communicated effectively.

EMHS 6243: Intelligence in Emergency Management and Homeland Security

Prerequisites: EMHS 6043 and EMHS 6063 or consent of instructor

This course is an overview of the field of intelligence with an emphasis on understanding the basics of the field and how it is used in actual practice. In an ever-changing world it is critical to understand the basics of information gathering and how it is analyzed to produce actionable results. Students will explore governmental concerns, intelligence operations and the politics of dealing with information for defensive purposes.

EMHS 6253: Information Security for Public Managers

Prerequisites: EMHS 6043 and EMHS 6063 or consent of instructor

This course is an overview of information security management for a public department and agency. Students will explore governance, determine current state of security, and learn the concepts of IT-risk assessments, IT-risk mitigation, and incident responses in the realm of the public sector.

EMHS 6311,6312: Thesis Seminar

Prerequisite: EAM 6303.

This is a variable credit class that can be repeated for a total of three (3) credits. It is required to complete three (3) hours for graduation. Students will be required to develop and defend a formal thesis as approved by the supervising professor and committee. The thesis will be presented in a seminar to faculty, staff, and other graduate students.

EMHS 6403: Action Research Practicum I

Prerequisites: EMHS 6103, EMHS 6043 and EMHS 6063 or consent of instructor.

Creates a research proposal resulting in the design and completion of the research project. The topic and design is developed with the approval of a supervising professor.
EMHS 6413: Capstone Research Practicum II
Prerequisite: Completion of EMHS 6403 or consent of the instructor.

This professional seminar is designed to promote the integration of the core curriculum and practitioner experiences in the Master of Science degree program in Emergency Management and Homeland Security and to help prepare students for transition to a professional position following completion of the degree.

EMHS 6423: Internship for Professional Practice
Prerequisites: EMHS 6043, EMHS 6063, and EMHS 6103

This is an applied course where the student will participate actively in a supervised professional experience. A minimum of 100 hours of relevant work experience must be completed at an approved internship site. The student will work with an advisor to have a site approved at least one semester in advance. The student is required to create blog entries, a portfolio, and a final presentation. The purpose of the course requirements is to share, analyze, and evaluate the experiences during the practical internship and to integrate these experiences with the Department of Emergency Management Core Competencies.

EMHS 6513: Technology for Comprehensive Emergency Management
Prerequisites: EMHS 6043 and EMHS 6063

Covers the technologies that are applied during each of the phases of emergency management. This can include information management, message handling, Geographic Information Systems (GIS), the Global Positioning System (GPS), material release modeling, situational analysis, and hazard analysis tools.

EMHS 6543: Advanced Digital Technology Applications in EM
Prerequisites: EAM 4023 or EMHS 6513 and EMHS 6043 and EMHS 6063 or consent of instructor

The course emphasizes the utilization of computer Emergency Management applications literacy, information requirements, acquisition, analysis, modeling and data base management; decision support systems and the integration of multiple software platforms into situational awareness fusion products.

EMHS 6563: Situational Awareness of Environmental Threats
Prerequisites: EMHS 6043 and EMHS 6063 or consent of instructor

This course provides an overview of basic threats levels as they relates to the emergency management profession. Students will examine; hazardous weather forecast verification and meanings, decisions making processes based on alert status, development of environmental threat teams, utilization of technology to assess risk, and National Weather Service products. Student teams will participate in labs, table top scenarios, and exercises. Each graduate student will conduct a special (research) project for presentation to the class at the end of the semester.

EMHS 6891,6892,6893: Independent Study
Prerequisite: Permission of advisor who will direct the independent study.

Open to graduate students who wish to pursue individual study or investigation of some facet of knowledge which complements the purpose of the University's graduate program. Students will be required to plan their studies and prepare formal written reports of their findings. The selected topic may not constitute any duplication of study leading to the accomplishment of a thesis.

EMHS 6933: Research I
Prerequisite: EMHS 6103

Create a research proposal resulting in the design of the research project. Defend the research proposal.
before the research committee, as determined by the EM Department Head and Graduate Program Director. The topic and research design is developed with approval by the Committee Chair, Graduate Program Director, and Dean of Graduate College.

**EMHS 6943: Research II**

Prerequisites: EMHS 6123 and EMHS 6933 or consent of instructor

Students will submit their completed formal research document (Thesis or Article suitable for publication). Students will successfully complete their Oral Defense of their research project.
ENGL 5023: Second Language Acquisition

An investigation and analysis of the theoretical foundation of learning a second language as a guide to the effective teaching of English to limited English proficiency (LEP) students.

Note: May not be taken for credit after completion of ENGL 4023.

Note: ENGL 5023 may be used toward fulfilling the ESL endorsement in Arkansas.

ENGL 5083: Seminar: English Language

Course content will vary.

Note: May be taken for credit after completion of ENGL 4083 or ENGL 5083 if course content differs.

ENGL 5093: Seminar in Creative Writing

Opportunity for students to refine style and technique in a genre of creative writing.

Note: May be repeated for credit after completion of ENGL 4093 or ENGL 5093 if course content varies.

ENGL 5173: Seminar in Film Studies

This course will examine debates within feminist film theory from structuralism and psychoanalysis in the 1970s to the post-colonial theory, queer theory and post-modernism in the 1990s. Analyses of specific films will focus on the cinematic representation of femininity and masculinity, gendered subjectivities within history and culture, and issues surrounding the cinematic apparatus and spectatorship.

ENGL 5213: American Folklore

A study of the forms and subjects of American folklore; folklore scholarship and bibliography; field work in collecting folklore.

Note: May not be taken for credit after completion of ENGL 4213.

ENGL 5283: Seminar: World Literature

Course content will vary.

Note: May be taken for credit after completion of ENGL 4283 or ENGL 5283 if course content differs.

ENGL 5383: Seminar: American Literature

Course content will vary.

Note: May be taken for credit after completion of ENGL 4383 or ENGL 5383 if course content differs.

ENGL 5483: Seminar: British Literature

Course content will vary.

Note: May be taken for credit after completion of ENGL 4483 or ENGL 5483 if course content differs.

ENGL 5683: Seminar in Gender Studies

Course content will vary.

Note: May be taken for credit after completion of ENGL 4683 or ENGL 5683 if course content differs.
ENGL 5703: Teaching English as a Second Language
An investigation and practice in teaching different levels of English grammar, oral communication, comprehension skills, reading, and composition to foreign students.

Note: May not be taken for credit after completion of ENGL 4703.

Note: ENGL 5703 may be used toward fulfilling the ESL endorsement in Arkansas.

ENGL 5713: ESL Assessment
An introduction to the tools, techniques, and procedures for evaluating the English proficiency and language development of ESL students.

Note: May not be taken for credit after completion of ENGL 4713.

Note: ENGL 5713 may be used toward fulfilling the ESL endorsement in Arkansas.

ENGL 5723: Teaching People of Other Cultures
An examination of cultural diversity in Arkansas and the United States, designed for prospective ESL teachers.

Note: May not be taken for credit after completion of ENGL 4723.

Note: ENGL 5723 may be used toward fulfilling the ESL endorsement in Arkansas.

ENGL 6003: Introduction to English Graduate Study
An exploration of the ideas, methods and resources appropriate to the study of English language and literature.

Note: May not be taken for credit after completion of LA 6013.

ENGL 6013: Structure of the English Language
A study of the grammatical system of English through three different approaches: traditional, structural, and transformational-generative.

ENGL 6023: Composition Theory and Practice.
A study of composition theory, practice, and pedagogy.

ENGL 6033: Rhetoric
A study of the history, theory, and application of rhetoric.

ENGL 6083: Seminar in Linguistics
Course content will vary.

Note: May be taken for credit after ENGL 6083 if course content varies.

ENGL 6213: Topics in Literature
Examination of various topics through the intensive study of selected literature.

Note: May be repeated for credit if course content varies.

ENGL 6283: Literature and Society
A contextual study of selected works designed to explore the ways in which literature reflects and shapes society.

Note: May be repeated if course contents varies.

**ENGL 6813: Directed Readings**
A study of literary works selected from the M.A. in English Examination Reading List.

**ENGL 6863: TESL Practicum**
Prerequisites: ENGL 5703 or TESL 5703 and at least nine hours toward the MA TESOL degree or permission of the instructor.

ENGL 6893 is a structured, advanced methods course, in which students will prepare and implement a series of English lessons, guided by the 12 national ENL (English as a New Language) standards.

**ENGL 6881,6882,6883,6884,6885,6886: Workshop**
Prerequisite: Permission of instructor.

The workshop will require the equivalency of fifteen clock hours of instruction per credit hour.

**ENGL 6891,6892,6893,6894: Independent Study**
Open to graduate students who wish to pursue individual study or investigation of some facet of knowledge which complements the purpose of the University's graduate program. Students will be required to plan their studies and prepare formal written reports of their findings.

Note: The selected topic may not constitute any duplication of study leading to the accomplishment of a thesis.

**ENGL 6991,6992,6993,6994,6995,6996: Thesis Research**
Prerequisite: Approval of a thesis plan by the Head of the Department of English and the Dean of Graduate College.

Directed Research on a thesis topic selected by the student in consultation with a supervising professor.
Finance Course Descriptions

FIN 6003: Financial Decision Making

Prerequisites: ACCT 6003 and ECON 6003.

This course explores: the role and functions of a corporate financial manager; financial forecasting, planning, and budgeting; security valuation, cost of capital, and capital budgeting; net working capital management; international finance; ethics in finance; long-term debt and leasing; dividend policy; mergers and acquisitions; stakeholders' considerations; EVA (Economic Value Added) and MVA (Market Value Added), CAPM (Capital Asset Pricing Model). There is a required research project.

FIN 6093: Special Topics in Finance

Prerequisite: FIN 6003

Course offers an in-depth exploration of selected financial issues affecting business. The primary focus of the course will vary from offering to offering; thus the course may be taken more than once. There is a required research project.

Note: Students are limited to a maximum of six (6) hours of special topics credit.
French Course Descriptions

FR 6801: Cultural Immersion and Research

Prerequisite: Enrollment in French Immersion Weekend and permission of instructor.

Intensive study of French cultural topics followed by individual research projects.

Note: May be repeated for credit if content varies.
Fisheries Wildlife Biology Course Descriptions

FW 5003: Principles of Wildlife Management
Prerequisite: A course in ecology or permission of instructor.

Principles of managing wildlife resources with emphasis on population ecology, habitat evaluation and manipulation, wildlife values, and the administration of wildlife resources and resources agencies.

FW 5014: Forest Ecology and Management
Prerequisite: FW (BIOL) 3114.

An in-depth coverage of ecological interactions in forested ecosystems. Lectures cover biotic and abiotic factors that influence development and species compositions of forest stands. Wildlife habitat relationships in forested ecosystems will also be discussed. Laboratories will familiarize students with field techniques and management activities important in the major forest types of Arkansas.

Lecture two hours, laboratory four hours. $40 laboratory fee.

FW 5024: Limnology
Offered: Spring

Prerequisite: A course in ecology.

A study of physical and chemical processes in fresh water and their effects on organisms in lakes and streams. Laboratory sessions and field trips demonstrate limnological instrumentation and methodology.

Lecture two hours, laboratory four hours. $40 laboratory fee.

FW 5034: Geographic Information Systems in Natural Resources
Offered: Spring

Prerequisites: A course in GIS or permission of instructor.

Use of GIS technology in wildlife and fisheries management and research. Emphasis placed on creation, maintenance, and analysis of spatially explicit data.

Lecture three hours, laboratory two hours. $40 laboratory fee.

FW 5054: Waterfowl Ecology and Management

Laboratory exercises will focus on identification, life histories, sex and age determination, and abundance survey methods. Lectures and discussions will cover behavioral ecology, reproductive ecology, winter ecology, harvest management, and habitat management and conservation.

$40 laboratory fee.

FW 5064: Wetland Ecology and Management
Offered: Fall of even years

Prerequisites: A course in ecology or permission of instructor.

An in-depth coverage of wetlands including occurrence, morphology, hydrology, soils, ecology, and regulation. The types of wetlands and their functions are discussed, as are local, state and federal
regulations pertaining to their use, management and protection. Laboratory focuses on identification of common wetland vegetation, delineation of wetland boundaries, as well as field techniques and management activities commonly used in Arkansas wetlands.

Lecture two hours, laboratory four hours. $40 laboratory fee.

**FW 5103: Human Dimensions of Fisheries and Wildlife Management**

Prerequisites: BIOL/FW 3114 or permission of instructor.

Exploration of the complex interactions of social, political, institutional, economic and ecological processes that contribute to natural resource use and management. The primary focus is on interactions and conflict resolution among various stakeholders, resource management agencies, and wildlife and fisheries resources. Topics covered include public attitudes and expectations; agency structure and policy; values of fishes, wildlife; and public relations.

**FW 5163: Biodiversity and Conservation Biology**

Offered: Fall of even years

Prerequisites: A course in ecology or permission of instructor.

The concepts of, processes that produce, and factors that threaten biological diversity are introduced and examined. Further emphasis is placed on unique problems associated with small population size, management of endangered species and practical applications of conservation biology.

**FW 5881,5882,5883,5884: Advanced Topics**

Offered: On demand

Prerequisite: Consent of instructor.

This course offers special instruction on fisheries and wildlife topics that are not otherwise covered in the curriculum.

Note: The primary focus of the course will vary from offering to offering, thus the course may be taken more than once. This course may be repeated if content is different.

**FW 6001: Graduate Seminar in Fisheries and Wildlife Biology**

Analysis of current and classical concepts in fisheries and wildlife biology.

Note: The primary focus of this course will vary from offering to offering, thus the course may be taken for credit more than once.

**FW 6002: Research Methods I**

Prerequisites: A course in statistics.

Methods for literature review, experimental design, and thesis proposal development.

**FW 6012: Research Methods II**

Prerequisites: A course in statistics.

**FW 6013: Population Dynamics**
Prerequisites: Courses in ecology, statistics, and calculus, or permission of instructor.

An in-depth analysis of major historical development in the theory, techniques of manipulating, and mathematical modeling of fish and wildlife populations.

FW 6023: Quantitative Fisheries Science

Prerequisites: A course in fisheries management or permission of instructor.

Quantitative principles of fisheries science used in the analysis and interpretation of fisheries data.

FW 6033: Conservation Management Practicum

Offered: Each summer term

Individual student experience in the field of conservation management. The course will include a 2-day on-campus introduction, weekly conferences via distance delivery during the 4-week off-campus experience, and 3 days of on-campus presentations. The practicum cannot be initiated until the student has completed at least 8 graduate-level hours.

FW 6043: Conservation Research Practicum

Offered: Each summer term

Prerequisites: Completion of 8 graduate-level hours

Individual student experience in the field of conservation research. The course will include a 2-day on-campus introduction, weekly conferences via distance delivery during the 4-week off-campus experience, and 3 days of on-campus presentations. The practicum cannot be initiated until the student has completed at least 8 graduate-level hours.

FW 6101: Comprehensive Examination

Offered: Annually

Prerequisites: Completion of 24 graduate-level hours

Written and oral comprehensive exam that evaluates student knowledge of fisheries and wildlife science and conservation management. The exam is administered after completion of 24 graduate-level hours.

FW 6891,6892,6893,6894: Independent Study

Open to graduate students who wish to pursue individual study or investigation of some facet of knowledge that complements the purpose of the University's graduate program. Students will be required to plan their studies and prepare formal written reports of their findings.

Note: The selected topic may not constitute any duplication of study leading to the accomplishment of a thesis.

FW 6991,6992,6993,6994,6995,6996: Thesis Research

Research on a topic culminating in a written thesis.
GEOG 6893: Independent Study

Prerequisite: Permission of the instructor or Department Head.

Open to graduate students who wish to pursue individual study or investigation of some facet of knowledge which complements the purpose of the University's graduate program. Students will be required to plan their studies and prepare formal written reports of their findings.

Note: The selected topic may not constitute any duplication of study leading to the accomplishment of a thesis.
The workshop will require the equivalency of fifteen clock hours of instruction per credit hour.
GSCI 6003: Higher Order Thinking In Science

A course designed to assist teachers expand their scientific knowledge, of life, earth, and physical systems; create successful learning environments for students by teaching to use manipulatives, calculators, laboratory equipment, and various learning strategies; and to provide access to appropriate materials and equipment. This laboratory-based course stresses the learning of science as active, integrated, constructive processes involving experimentation, investigation, communication, reasoning, and problem solving. Lecture 2 hours, laboratory 2 hours.
### GTED 5003: Understanding the Gifted in Home, School and Community

**Prerequisite:** Consent of instructor.

A survey in gifted education providing basic knowledge and concepts of interest to parents, prospective teachers and the community at large.

**Note:** May not be taken for credit after completion of GTED 4003.

### GTED 6833: Current Issues and Trends in Gifted Education

**Prerequisite:** Consent of instructor.

Critically examines timely and controversial issues in the field of gifted education to assist educators in developing more defensible programs for gifted/talented children. Systematic analysis of the trends and issues should result in an understanding of Gifted/ Creative Education as it is presently viewed by scholars and practiced in the field. One should also gain new insights as to the direction in which we are moving as a "discipline" and as a school function.

### GTED 6843: Curriculum Development for Instruction of the Gifted/Talented

Provides a background for the development of curriculum material designed to serve the educational needs of gifted/talented, particularly in regard to critical thinking, problem solving, and creativity.

### GTED 6853: Methods and Materials in Gifted Education

This course is designed to provide instruction in methods and techniques of appropriate teaching for gifted/talented students. Also included are guidelines for materials selection and curriculum modification.

### GTED 6863: Practicum in Gifted Education

**Prerequisite:** Consent of instructor.

Clinical experiences in teaching the gifted/talented. Designed to assist teachers in providing individualized instruction necessary for developing the potential of the gifted/ talented.

$12.50 course fee.

### GTED 6873: Developing Creative Talent

**Prerequisite:** Consent of instructor.

Includes a review of research on creativity and provides instruction in the use of methods and techniques appropriate for the development of creative talent at elementary and secondary levels. Also included are guidelines for materials selection and curriculum modification.

### GTED 6903: Guidance and Counseling of the Gifted/Talented

Defines the distinctive emotional needs of the gifted and presents strategies that counselors, teachers, and parents can use to help the gifted meet those needs at school and at home.

### GTED 6993: Action Research

**Prerequisite:** EDFD 6003 Educational Research.

Directed action study selected by the student in consultation with supervising faculty in the School of Education.
Health Informatics Course Descriptions

HI 5092: Research in HIM
This course teaches the skills needed to systematically investigate subjects to expand knowledge and generate new ideas. A study of the specific research methodology used in a health information management setting will be explored. Emphasis will be given to hands-on performance of research in conjunction with area health care facilities and agencies. Formal presentation of research will also be a component of the course.

HI 6053: Emerging Trends in Health Information Technology
Trends in the health information technology will be identified and discussed. Industry-changing trends will be emphasized as well as regulatory initiatives associated with the changes. The purpose of this course is to provide the student with an awareness of current changes within the field of health information technology, as well as how to keep up with changes as they occur.

HI 6063: Leadership in Health Informatics
A study of the leadership skills as applied to an electronic health (e-health) environment. Topics such as the development of strategy, change management, and project management in the context of health informatics will be explored.

HI 6073: Security and Privacy in Health Informatics
An exploration of legal issues as they relate to the collection, storage, retention and sharing of health data and information. Privacy and security will be discussed, from the standpoint of health care entities as well as from the consumer point of view.

HI 6083: Health Care Policy
This course investigates the current state of health care, encompassing issues related to health care reform and payment systems. Issues explored include access to care, as well as cost and quality of care rendered. Specific issues in health care policy will be explored.

HI 6983: Research Project
The purpose of this course is to have the student apply knowledge of research methods to an area of the student's interest. This research-based course will allow the student to work with the instructor to identify an appropriate project to be completed at the end of the MSHI coursework. The project should incorporate principles learned in courses leading to this course.

HI 6991, 6992, 6993, 6994, 6995, 6996: Thesis Research
The purpose of this course is to have the student apply knowledge of research methods to an area of the student's interest. This course is designed for the student to coordinate with the course instructor to identify a thesis topic or high level project to be completed as a capstone experience. This course should be completed after all other MSHI coursework is completed and will provide the student with an opportunity to utilize the concepts learned in courses leading to this capstone course.
History Course Descriptions

HIST 5023: Vietnam War
Prerequisite: Permission of the instructor or Department Head.
Note: May not be taken for credit after completion of HIST 4023 or equivalent.

HIST 5153: History of Arkansas
Prerequisite: Permission of the instructor or Department Head.
A study of the history of the state from Indian times to the present, noting political, social, economic, and cultural trends.
Note: May not be taken for credit after completion of HIST 2153 or HIST 4153 or equivalent.

HIST 5183: American Legal History
This course concerns the history and development of law, legal institutions, and legal culture in the United States from its colonial origins to the present day, with emphasis on the interaction of law with the overall development of American society. Course requires the production of substantial written work based upon disciplined inquiry and the exploration and analysis of primary and secondary sources.
Note: May not be taken for credit after completion of HIST 4183 or equivalent.

HIST 5203: Women in American History
Prerequisite: Permission of the instructor or Department Head.
A treatment of women in Western and American social history in their lifestyles and economic and family roles.
Note: May not be taken for credit after completion of HIST 3203 or HIST 4203 or equivalent.

HIST 5223: American Philosophy
Cross-listed: PHIL 5093
Prerequisite: Permission of the instructor or Department Head.
An examination of the main currents of American philosophical and religious thought from the earliest times to the present.

HIST 5403: Interpretation/Education through Museum Methods
Cross-listed: ANTH 5403, MUSM 5403
Prerequisite: Permission of the instructor or Department Head.
Museum perspectives and approaches to care and interpretation of cultural resources, including, interpretive techniques of exhibit and education outreach materials, and integrating museum interpretation/education into public school and general public programming. Class projects focus on special problems for managing interpretive materials in a museum setting. Graduate level projects or papers involve carrying out research relevant to the Museum’s mission and relating to current Museum goals.
Note: May not be taken for credit after completion of HIST 4403, ANTH 4403, or MUSM 4403.
**HIST 5503: History of Christianity**

A study of Christianity, from its beginnings to the present day, focusing especially on ancient Mediterranean, medieval European, and modern American Christian traditions. Emphasis will be on the interaction between individual beliefs, group identity, and institutional forces, how each have been shaped by broader social, political and cultural contexts, and finally how these interactions have resulted in profound changes for the Christian religion. Course requires the production of substantial written work based upon disciplined inquiry and the exploration and analysis of primary and secondary sources.

Note: May not be taken for credit after completion of HIST 4503 or equivalent.

**HIST 5983: Social Science Seminar**

Prerequisite: Permission of the instructor or Department Head.

A directed seminar in an area of social sciences. The specific focus will depend upon research under way, community of student need, and the unique educational opportunity available. Course requires the production of substantial written work based upon disciplined inquiry and the exploration and analysis of primary and secondary sources.

Note: Students are limited to a maximum of three (3) hours credit at the graduate level. Subtitle will appear on students' transcripts.

**HIST 6003: Historical Methods**

Prerequisite: Permission of the instructor or Department Head.

General methods of, and approaches to, historical research and writing, including theories, current approaches, problems, and debates. Students will become familiar with basic tools of historical research and professional discipline. Course requires the individual production of a substantial research paper based upon disciplined inquiry and the exploration and analysis of primary and secondary sources.

**HIST 6013: Research Seminar in United States History**

Prerequisite: Permission of the instructor or Department Head.

An investigation of selected topics in American history. Course requires the individual production of a substantial research paper based upon disciplined inquiry and the exploration and analysis of primary and secondary sources. Content varies by semester.

Note: Course may be repeated for a maximum of six (6) hours of credit. Alternate subtitiles will appear on students' transcripts.

**HIST 6033: Readings in United States History**

Prerequisite: Permission of the instructor or Department Head.

A readings course in selected topics in American history. Course acquaints students with primary and/or secondary interpretations of the historical period addressed during the semester. Course requires the completion of extensive and wide-ranging reading assignments and the production of substantial written work on the course topic. Content varies by semester.

Note: Course may be repeated for a maximum of six (6) hours of credit. Alternate subtitiles will appear on students' transcripts.

**HIST 6053: Historiography**

Prerequisite: Permission of the instructor or Department Head.

Seminar in the analysis of works of important historians from ancient time to the present, with
consideration of schools, theories, philosophies, and functions of history. Course requires the completion of extensive and wide-ranging reading assignments and the production of substantial written work.

HIST 6403: Applied Public History

Prerequisite: HIST/ANTH/RP/MUSM 5403 or permission of the department head.

Directed utilization of archives and museums, historical editing and publishing, documentary editing, family and community history, material culture, and historic site interpretation, preservation, and management. Areas of emphasis varies by semester.

Note: The course may be repeated for a maximum of six (6) hours of credit. Alternate subtitles will appear on students’ transcripts.

HIST 6413: Research Seminar in Modern European History

Prerequisite: Permission of the instructor or Department Head.

An investigation of selected topics in modern European history. Course requires the individual production of a substantial research paper based upon disciplined inquiry and the exploration and analysis of primary and secondary sources. Content varies by semester.

Note: The course may be repeated for a maximum of six (6) hours of credit. Alternate subtitles will appear on students’ transcripts.

HIST 6433: Readings in Modern European History

Prerequisite: Permission of the instructor or Department Head.

A readings course in selected topics in modern European history. Course requires the completion of extensive and wide-ranging reading assignments and the production of substantial written work on the course topic. Content varies by semester.

Note: The course may be repeated for a maximum of six (6) hours of credit. Alternate subtitles will appear on students’ transcripts.

HIST 6533: Research Seminar in World History

Prerequisite: Permission of the instructor or Department Head.

An investigation of selected topics in world history. Course requires the individual production of a substantial research paper based upon disciplined inquiry and the exploration and analysis of primary and secondary sources. Content varies by semester.

Note: The course may be repeated for a maximum of six (6) hours of credit. Alternate subtitles will appear on students’ transcripts.

HIST 6543: Readings in World History

Prerequisite: Permission of the instructor or Department Head.

A readings course in selected topics in world history. Course acquaints students with primary and/or secondary interpretations of the historical period addressed during the semester. Course requires the completion of extensive and wide-ranging reading assignments and the production of substantial written work on the course topic. Content varies by semester.

Note: The course may be repeated for a maximum of six (6) hours of credit. Alternate subtitles will appear on students’ transcripts.

HIST 6883: Workshop
Prerequisite: Permission of the instructor or Department Head.

Course which allows flexibility of topic, structure, and credit hours to enable faculty to design content according to program needs. Open to graduate students who wish to pursue in-depth advanced projects. Course requires the completion of extensive and wide-ranging reading assignments and the production of substantial written work on the course topic. The workshop will require the equivalency of fifteen clock hours per credit hour.

Note: Students are limited to a maximum of three (3) hours of workshop credit.

**HIST 6891,6892,6893,6894: Independent Study**

Prerequisite: Permission of the instructor or Department Head.

Open to graduate students who wish to pursue individual study or investigation of some facet of knowledge which complements the purpose of the graduate History program. Course requires the completion of extensive and wide-ranging reading assignments and the production of substantial written work on the course topic.

Note: The selected topic may not constitute any duplication of study leading to the accomplishment of a thesis. Students are limited to a maximum of six (6) hours of independent study credit.

**HIST 6991,6992,6993,6994,6995,6996: Thesis Research**

Prerequisite: Permission of the instructor or Department Head.

Directed research on a thesis topic selected by the student in consultation with a supervising professor.
HUM 5433: Seminar in Humanities

Prerequisite: Permission of the instructor or Department Head

A directed seminar in the Humanities. The specific content will depend on research under way, community or student need, and the unique educational opportunity available.

Note: May be repeated for credit if course content changes.
Information Technology Course Descriptions

INFT 5053: Information Systems Resource Management
A study of the principles and concepts involved in the management of information resources including hardware, software and personnel. Includes coverage of departmental functions within computer/information services as well as legal, ethical, and professional issues, quality management, and strategic impact of information system.

INFT 5103: Software Development
Prerequisite: One year of programming in a high-level language, or a two semester sequence of programming courses.
Techniques for specifying, designing, developing and testing medium-scale software.

INFT 5203: Database Systems
Prerequisite: INFT 5403.
An in-depth study of creating databases in a personal productivity package, including relational database design, generation of customized interfaces, and importing/exporting data to other packages. Survey of applications of personal databases in education and industry.

INFT 5303: Developing and Administering Web Sites
Prerequisite: INFT 5403.

INFT 5403: Introduction to Information Technology and Systems
Introduction to the infrastructure of information technology and systems. Topics include computer hardware and software, communication and networks, databases, e-commerce technology, design and development of information systems, information security, privacy, ethics, and social impact.

INFT 5413: Computer Systems and Architecture
A study of the fundamentals of system software and computer architecture. The course includes an introduction to the basic foundation of processor operation, memory hierarchy, bus and I/O systems along with their interactions. RISC and CISC instructions sets, fundamental networking terminology and implementation strategies, and an introduction to basic digital logic design.

INFT 5503: The UNIX Operating System
An introduction to the UNIX operating system. Topics to be covered will include the history and philosophy of UNIX systems, an introduction to basic elements of UNIX, the "shell" command interface, utilities for managing files, and an introduction to the functions that administrators perform to maintain or re-establish the reliability of UNIX systems and the tools that UNIX provides to support that activity.

INFT 5700: Computer Networks Lab
Co-requisite: INFT 5703.
Students will complete network lab exercises in support of INFT 5703.

INFT 5703: Computer Networks
Prerequisites: INFT 5403 and INFT 5413.

Study of the concepts involved in interconnecting computers. Introduction to network topologies, routing, protocols, and security. Survey of network operating systems.

**INFT 5981, 5982, 5983: Special Topics**
A treatment of subjects not routinely covered in other courses. Subjects will vary.

Note: May be repeated for a maximum of six (6) hours.

**INFT 6013: Decision Support Systems**
This course enables students to acquire a broad understanding of management information systems and their components and the use of data and analysis models to aid the process of making decisions.

**INFT 6203: Database Development and Administration**
Prerequisites: INFT 5103 and INFT 5203.

A thorough introduction to accessing and maintaining a database via programming interface. Database administration features of SQL. Installation and tuning of a database.

**INFT 6303: Design of Web-Based Information Systems**
Prerequisites: INFT 5203 and INFT 5303.

A survey of methods for providing web-based access to data across a network. Common Gateway interface. Use of generation tools for developing web-based forms. Storing form data into a database. Retrieving information from a database and formatting it for presentation through the web and through e-mail. Client-based processing of data. Audio and video mechanisms support.

**INFT 6403: Information Systems Analysis and Design**
Co-requisite: INFT 5203.

A study of the various concepts, tools, principles, procedures, techniques, and stages of information systems development. Emphasis is placed on the systems approach to problem-solving, user involvement, the management of quality, project control, and teamwork. Other subjects will include feasibility study, requirements definition, documentation, system development life cycle, prototyping, and data modeling.

**INFT 6700: Heterogeneous Networks Lab**
Co-requisite: INFT 6703.

Students will complete network lab exercises in support of INFT 6703.

**INFT 6703: Heterogeneous Networks**
Prerequisites: INFT 5503 and INFT 5703.

Networking in a heterogeneous environment.

**INFT 6903: Emerging Trends in Information Technology**
Prerequisite: Permission of the coordinator.

Study of emerging trends in information technology. Analyzing and reporting on these trends.

**INFT 6973: Thesis Research in Information Technology I**
Prerequisite: Approval of a thesis plan by the thesis committee or the head of the department.

Formal presentation of directed research on a thesis topic selected by the student in consultation with a supervising professor. Prior to the final defense of a written thesis, students will be required to present their research study in a seminar to faculty, staff, and other students.

Note: This course must be continued by taking INFT 6983 in a later semester to complete the entire six (6) hour thesis research.

**INFT 6983: Thesis Research in Information Technology II**

Prerequisite: INFT 6973.

A continuation of the six-hour thesis research. Students may not enroll in this course with INFT 6991-3 in the same semester. In this course the degree candidate must submit his/her thesis to the thesis committee by the date established by the thesis committee. A final oral defense conducted by the thesis committee must be passed at least three weeks before the degree is conferred.

**INFT 6991,6992,6993: Internship**

Prerequisite: Approval of a project proposal by the MSIT Graduate Committee or the Instructor.

Students will develop and/or maintain a sponsored computer laboratory or an information system. Duties will include determining user needs, writing and presenting a laboratory or system development/maintenance plan, and supporting the laboratory or system for a semester. The internship will require the equivalence of four clock hours per week of direct client interaction per credit hour earned.

Note: This course can be repeated up to six (6) total credit hours in different semesters.
Journalism Course Descriptions

**JOUR 5023: Social Media**
This course offers students a solid understanding of social media, its roots, and how to effectively utilize this culture from personal and corporate perspectives.

**JOUR 5033: Community Journalism**
A course to acquaint the student with the characteristics of journalism as practiced in small towns and cities and study the relationship of the news media to the other institutions of the town or city.

**JOUR 5043: Journalism Ethics**
A study of ethical theory and basic principles needed in solving ethical challenges facing media professionals.

**JOUR 5053: Mass Communication Seminar**
Prerequisite: Permission of instructor.

Studies of the relationship of mass communication to social, political, technical, and economic issues. Course content will vary.

Note: May be repeated for credit as JOUR 5053 when course content changes.

**JOUR 5073: Graphic Communication**

Presents the elements of effective print design as well as the other decision making processes involved with creating an effective visual communication (type, art and illustration, basic design principles, paper and ink, printing processes, etc.). Students will create visually appealing projects using the industry standard design and photo manipulation software programs.

**JOUR 5083: Computer Mediated Communication**
A study of communication processes in the Digital Age. Discussions and content will include contemporary emerging communication technologies and exploration into the impact those technologies have and will likely have on an individual and diverse social communities.

**JOUR 5113: History of American Journalism**
Prerequisite: Permission of instructor.

A survey of the history of American journalism and mass media and their relationships to technical, economic, political, and other aspects of American society.

Note: May not be taken for credit after completion of JOUR 4113 or equivalent.

**JOUR 5123: Laws of Communication**
This course will familiarize the student with legal knowledge necessary for a communication specialist or working journalist. The course will attempt to identify case and statute law. It will also include in-depth research in particular legal matters.

Note: May not be taken for credit after completion of JOUR 4123, or equivalent.

**JOUR 5163: Advanced Photography**
Prerequisite: JOUR (ART) 1163 or consent of instructor.

An introduction to advanced photographic techniques including digital photography. Various historic and
current theories of visual communication provide a substantive base for the application of techniques.

**JOUR 5193: Communication Research Methods**

Introduction to the methodologies of behavioral science applied to communication research including design measurement, data collection, and analysis. Explores the use of surveys, content analysis, focus groups, and experiments in studies of communication processes and effects. Students will complete a research project.

**JOUR 5243: Journalism Writing Seminar**

This course is designed to teach the fundamentals of news writing and fact-gathering for the mass media in a concentrated format. Emphasis will be on newspaper writing style, but the fundamentals will apply to broadcasting, news media, public relations, advertising, and other fields.

**JOUR 6013: Visual Storytelling**

Visual Storytelling covers the fundamentals of enhanced story development using mobile media platforms for journalistic publication.

**JOUR 6023: Video Production for New Media**

Prerequisites: JOUR 6013.

This course focuses on the art and science of documentary film making, specifically geared toward publication to new media audiences.

**JOUR 6053: Media and Society**

Incorporates mass communication theory as well as the global nature of media operations while focusing on the relationship between mass media and society. Students will examine contemporary issues that confront media professionals together with the social responsibilities and ethical questions that attend such issues. The political, social, and governmental influences on media policies and practices will also be emphasized in addition to the effects of media on society and culture.

**JOUR 6133: Multi-Media Publishing**

Advanced Photography and Video. Focuses on designing communication messages on the computer that combine several media and are interactive. Using the same software tools that are used in the multi-media industry, students learn to conceptualize, design, prepare, and program works for publication on CD-ROM and/or the WEB. Projects incorporate photographs, music, sound, video, and extensive user interactivity. Work in the course attempts to parallel product development in the real world multi-media industry.

**JOUR 6193: Journalistic Writing for Multi-Media**

Introduction to writing for multi-media. Course explores the advantages, audiences, and various technologies before studying the formats and language appropriate for each medium. Students develop their writing skills through analysis and practice.

**JOUR 6331,6332,6333: Professional Portfolio**

Students will create a portfolio of acquired work as well as develop a journalistic story told through multiple media platforms. The portfolio must meet industry standards and demonstrate a mastery of technical skill based in theoretical conventions of new media.

**JOUR 6891,6892,6893,6894: Independent Study**

Open to graduate students who wish to pursue individual study or investigation of some facet of knowledge which complements the purpose of the University's graduate program. Students will be required to plan their studies and prepare formal written reports of their findings.
Note: The selected topic may not constitute any duplication of study leading to the accomplishment of a thesis.

**JOUR 6991: Project or Thesis Research Continuation**

This course allows students additional time to research and compose their capstone project/portfolio.

**JOUR 6996: Professional Project**

Projects should be original work that is a manifestation of the student's multi-media expertise and reflect both a mastery of content with respect to a given topic as well as the technological skill to present the same in a multi-media format. All completed projects must include a written review of the literature and other materials relevant to the project. It is anticipated the review will be substantive and comprehensive, and clearly indicate how the project builds on intellectual and journalistic traditions.
**Liberal Arts Course Descriptions**

**LA 6013: Introduction to the Liberal Arts**
A study of the ideas, methods, and resources appropriate to the disciplines in the liberal arts.

**LA 6711, 6712, 6713: Liberal Arts Project**
Completion of creative or research project. Grade received for successful completion of project is credit (CR).
Library Media Course Descriptions

LBMD 6003: Collection Development and Management
A study of the selection, evaluation, organization, and purchasing of instructional materials for the school library media center. The course includes a review of selection tools for identifying materials, determining suitability for specific grade levels, and establishing purchasing and teacher review procedures.

LBMD 6013: Reference Materials in the School Library Media Center
Study of the techniques of reference work, reference interviews, types of reference questions, selection of reference materials (print and non-print), and practice in their use with special emphasis on school library media centers. Networking for the purpose of sharing resources will receive emphasis in the course. Students will be required to do hands-on machine reference searches in addition to a research project.

LBMD 6023: Classification and Cataloging
Prerequisite: Nine (9) hours of graduate study or permission of instructor.

A study of the principles and competencies of cataloging and classification. Attention centered on the actual classification and cataloging of school library media center materials. Students will be required to do hands-on machine cataloging.

LBMD 6033: The Instructional Role of the Library Media Specialist
A course for the prospective school library media specialist focusing on the instructional role of the school library media specialist. Students will develop curriculum based upon the national and state standards for library media specialist.

LBMD 6043: Preservation of Instructional Materials
The tools and skills for preservation of materials used in education today will be emphasized. Preservation of printed, audio, video, and digital materials are just some of the techniques of study.

LBMD 6403: Literature for Children and Young Adults
An in-depth study of printed and other types of materials available for use in the elementary grades and middle school. Emphasizes the selection and use of materials to stimulate and improve learning.

LBMD 6503: School Librarian: Leadership and Collaboration
This course focuses on the role of the school librarian as an educational leader and instructional partner. Students will explore professional dispositions, promotional efforts, collaborative partnerships, and advocacy aspects of the school librarian's critical leadership role in the learning community.
Master Arts Early Childhood Course Descriptions

MAEC 6033: Principles of Child Development and Classroom Management
This course is a study of the developmental stages, cognitive perceptions, and information processing of young children and classroom management techniques based on these characteristics for use in early childhood environments.

MAEC 6163: Instruction and Assessment for Diverse Learners
This course examines the aligning of instruction and assessment in academic subjects by planning, implementing, and using evaluation strategies designed to facilitate cognitive content for diverse learners. It also addresses professional and ethical issues regarding instruction, assessment, and evaluation of learners with emphasis upon the early childhood learner.

MAEC 6213: Early Childhood Curriculum for Young Children
This course examines curriculum development and analysis of early childhood educational settings. The course also requires that students apply the theories and principles to instructional planning, teaching, managing, and assessing students in the public school classroom.

MAEC 6323: Diagnostic Literacy Instruction and Interventions
A course designed to study current practices in assessing young children's reading and writing development for the purpose of diagnosing and planning instruction and interventions.

MAEC 6806: Internship
The internship will provide a direct, substantial, and full-day, experience for a minimum of 12 weeks with an early childhood emphasis. Types of embedded professional development include action research, peer coaching, networking, portfolio development, teaming, live case studies, curriculum design, needs assessment, data collection, and data analysis. The placement of candidates in the field is a thoughtful process, considerate of a complexity of standards, policies, procedures, agreements, and partnerships with the public schools, rules, regulations, and budgetary constraints as well as the special needs, hardships in housing and transportation, and employment futures of teacher candidates.
Master Arts Middle School Course Descriptions

MAMS 5303: Middle School Philosophy and Organization
This course is a study of developmentally appropriate curriculum, instruction and pedagogy for teaching the middle level student that includes an understanding of the historical perspective of middle schools and their program. The course also addresses the unique developmental needs of the young adolescent.

MAMS 5333: Teaching Literacy in the Content Areas
This course is designed to examine the connections between literacy and learning across the curriculum, issues related to content literacy within the context of standards-based instruction, needs of struggling readers and writers, and development of culturally responsive instruction and assessments. Course includes creating literate environments, using research-based instructional practices, strategies, and technology to extend and enrich content knowledge.

MAMS 6063: Educational Assessment
This course is designed to provide the knowledge base for construction, selection, administration, and interpretation of formal, informal, and alternative forms of student assessment.

MAMS 6303: Models of Teaching
This course overviews a variety of research-based models of teaching and provides teachers with the knowledge and skills to apply these models in their classrooms. The course also requires that students apply the theories and principles to instructional planning, teaching, managing, and assessing students in the public school classroom. The course consists of classroom instruction.

MAMS 6806: Internship
The internship will provide a direct, substantial, and full-day, experience for a minimum of 12 weeks with a respective middle level or secondary emphasis (dependent upon program preparation). Types of embedded professional development include action research, peer coaching, networking, portfolio development, teaming, live case studies, curriculum design, needs assessment, data collection, and data analysis. The placement of candidates in the field is a thoughtful process, considerate of a complexity of standards, policies, procedures, agreements, and partnerships with the public schools, rules, regulations, and budgetary constraints as well as the special needs, hardships in housing and transportation, and employment futures of teacher candidates.
Master of Liberal Arts

Liberal Arts

The MLA degree is suited to the student who is interested in graduate study in the liberal arts, but is less interested in a research degree in a specific arts discipline or in a graduate degree in a technical area. The MLA is useful for middle school and high school English, speech, theatre, journalism, and social studies teachers who want to deepen their knowledge of the areas they teach. Other professionals who have specialized educational backgrounds, but who have an interest in the liberal arts, will also find the MLA attractive.

The MLA degree has three areas of concentration: Communications for those interested in English, journalism, language, linguistics, literature, and speech; The Fine Arts for those interested in music, theatre, and art appreciation; Social Sciences for those interested in American studies, geography, history, philosophy, political science, psychology, and sociology. The goals of the Liberal Arts program include the ability to:

1. Generate writing that demonstrates an advanced ability to analyze and synthesize.
2. Conduct original research.
3. Demonstrate familiarity with interdisciplinary study.

Unconditional Admission

Students are eligible to apply for unconditional admission to the Master of Liberal Arts degree program if they meet the admission requirements for Graduate College.

Conditional Admission

Applicants who fail to meet the grade point requirement specified for unconditional admission may be admitted conditionally to enroll for a maximum of twelve (12) semester hours. If a student was admitted conditionally based on grade point average, the condition will be met if upon completion of twelve (12) semester hours a cumulative grade point average of 3.00 or better is achieved.

Academic Advisors

The MLA Director will serve as faculty advisor to each student admitted conditionally or unconditionally to the MLA degree program. The advisor will assist the student in the design of a curriculum of study that leads to the fulfillment of degree requirements. Subsequently, the academic advisor and the Graduate College monitor the student's progress through the program. It remains, however, the student's responsibility to understand and to satisfy all degree requirements.

Degree Requirements for MLA with Project Option

1. The completion of at least 30 semester hours of graduate course work, at least 15 of which must be at the 6000 level.

2. The satisfactory completion of LA 6013, Introduction to the Liberal Arts¹, and LA 6711-3, Liberal Arts Project², as part of the 30- semester-hour requirement.

3. The completion of a 12 to 18 semester hour major concentration of course work in one of three areas:
   - Communications
   - The Fine Arts
   - Social Sciences
   - The Completion of 6 to 12 hours in a related area of study.

4. A cumulative grade point average of a 3.00 or better must be achieved in all graduate work attempted at Arkansas Tech University, with a maximum of six (6) hours of "C" grades. A student...
receiving more than six (6) hours of "C" or grades lower than "C" should refer to the section of the catalog on Academic Probation and Dismissal.

5. A minimum of 24 semester hours of graduate course work completed in residence at Arkansas Tech University. (Full time residence is not required.)

6. Completion of all degree requirements within six (6) years of admission to the program.

1LA 6013 must be taken before the completion of twelve semester hours of graduate course work.

2The requirements for this course include a scholarly research paper. With the approval of the Graduate College Dean and the MLA Director, a significant creative project may be substituted for a scholarly research paper.

Degree Requirements for MLA with Exam Option

1. The completion of at least 30 semester hours of graduate course work, at least 15 of which must be at the 6000 level.

2. The satisfactory completion of LA 6013, Introduction to the Liberal Arts1 as part of the 30 semester hour requirement.

3. The completion of a 15 to 21 semester hour major concentration of course work in one of three areas:
   ◦ Communications
   ◦ The Fine Arts
   ◦ Social Sciences

   The completion of 6 to 12 hours in a related area of study.

4. The satisfactory completion of a comprehensive exam based on course work.

5. A cumulative grade point average of a 3.00 or better must be achieved in all graduate work attempted at Arkansas Tech University, with a maximum of six (6) hours of "C" grades. A student receiving more than six (6) hours of "C" or grades lower than "C" should refer to the section of the catalog on Academic Probation and Dismissal. (Full-time residence is not required.)

6. Completion of all degree requirements within six (6) years of admission to the program.

1LA 6013 must be taken before the completion of twelve semester hours of graduate course work.

Candidacy

Graduate students admitted unconditionally must apply for candidacy to the selected degree program upon completion of twelve (12) graduate credit hours. Students admitted conditionally cannot apply for candidacy until all conditions assigned at the time of admission to graduate study have been removed.

Upon the completion of twelve (12) graduate hours, a hold will be placed on the students’ record until a candidacy form has been approved by the Graduate Dean. Failure to apply for candidacy will result in the hold remaining on the students’ record, and an inability to register for subsequent coursework.

Students who have filed a candidacy form but do not enroll or receive graduate credit for one (1) academic year must submit a new candidacy form upon being readmitted into the same graduate program. If admitted into a different academic program, students are not required to submit a new candidacy form until twelve (12) graduate credits have been accumulated within the new program.

Application for Graduation

In addition to satisfying all degree requirements, a candidate for a degree must file an Application for Graduation online or at the Registrar’s Office. Students must apply for graduation upon completion of twelve (12) graduate credit hours.

Special Conditions of Graduate Credit
Graduate Credit Taken Prior to Admission to Arkansas Tech University

A maximum of six (6) semester hours of graduate credit with a grade point average of "B" or better may be transferred from an accredited graduate school if deemed appropriate to the graduate program by the director of the MLA program and the Graduate College Dean. Students must send a written request to the director of the MLA program to petition an acceptance of the transfer credit prior to requesting admission to candidacy to the graduate program. Graduate credit earned six (6) years prior to the completion date of all degree requirements may not be applied toward the degree without the approval of the director of the MLA program and the Graduate College Dean. Credits earned by correspondence courses or for remedial purposes will not apply toward the graduate degree. No undergraduate course may be repeated for graduate credit.

Graduate Credit Taken After Admission to Arkansas Tech University

If after admission to graduate study, a student wishes to take a course at another institution to count toward degree requirements at Arkansas Tech University, the student must (in advance of enrollment) obtain written approval from the director of the MLA program and the Graduate College Dean.

Liberal Arts Project

Students choosing the MLA with Project Option must complete LA 6711-3, Liberal Arts Project. The requirements for this course include a scholarly research paper. With the approval of the Graduate College Dean and the MLA Director, a significant creative project may be substituted for a scholarly research paper.
**MAT 5703: Technology for Teaching and Learning**

This is a research-based course involving applications of media techniques to facilitate learning. Media presentations are planned and implemented using practical and theoretical considerations about learning characteristics, exceptionalities, and cultural differences. Various projection techniques as well as microcomputer application are utilized.

**MAT 6003: Educational Research**

Cross-listed: EDFD 6003

An introduction to educational research procedures, including formulation of research problems, research designs, data collections, and analysis of data.

**MAT 6043: Principles and Theories of Learning**

Cross-listed: EDFD 6043

This course introduces teacher candidates to educational psychology as a research oriented discipline and a science of practical application.

**MAT 6053: The At-Risk Child in the School Environment**

Cross-listed: EDFD 6053

A seminar designed to investigate the characteristics of the at-risk student, the teaching strategies utilized to meet the needs of the at-risk student in the classroom, and the national and state laws concerning students with exceptionalities.

**MAT 6403: Social, Historical, and Legal Factors in Education**

Cross-listed: EDFD 6403

This course examines the study of education and various social groups, including the effects of various societies and educational systems. It also examines the legal factors that must be considered in the educational process.

**MAT 6503: Classroom Behavioral Management**

Cross-listed: EDFD 6503

A seminar to examine research for sources and types of models available for managing the classroom. Development of classroom management skills and systems by applying human development, learning, teaching, and communication principles. This class will review the research and professional literature on classroom management. It includes a practicum involving field experiences in the public school.
Mathematics Course Descriptions

(A grade of "C" or better must be earned in the course used to satisfy the general education mathematics requirement.)

MATH 5103: Linear Algebra II

Prerequisite: MATH 4003 or consent of the department of mathematics.

A continuation of MATH 4003 with emphasis on abstract vector spaces, inner product spaces, linear transformations, kernel and range, and applications of linear algebra.

Note: MATH 5103 may not be taken for credit after completion of MATH 4103 or equivalent.

MATH 5153: Applied Statistics II

Prerequisite: MATH 3153.

This course is a continuation of Math 3153 with emphasis on experimental design, analysis of variance, and multiple regression analysis. Students will be required to design and carry out an experiment, use a current statistical software package to analyze the data, and make inferences based upon the analysis.

Note: Math 5153 may not be taken for credit after completion of Math 4153 or equivalent.

MATH 5173: Advanced Biostatistics

Prerequisite: An introductory statistics course or permission of instructor.

This course will include analysis of variance, one factor experiments, experimental design with two or more factors, linear and multiple regression analysis, and categorical data analysis.

MATH 5243: Differential Equations II

Prerequisites: MATH 3243 and MATH 4003 or consent of the instructor.

A continuation of MATH 3243 with emphasis on higher order and systems of differential equations.

MATH 5273: Complex Variables

Prerequisite: MATH 2943.

An introduction to complex variables. This course will emphasize the subject matter and skills needed for applications of complex variables in science, engineering, and mathematics. Topics will include complex numbers, analytic functions, elementary functions of a complex variable, mapping by elementary functions, integrals, series, residues and poles, and conformal mapping.

Note: May not be taken for credit after the completion of MATH 4273 or equivalent.

MATH 5343: Introduction to Partial Differential Equations

Prerequisites: MATH 2934 and MATH 3243.

This course is an introduction to partial differential equations with emphasis on applications to physical science and engineering. Analysis covers the equations of heat, wave, diffusion, Laplace, Dirichlet and Neumann equations. Course is suitable for senior level or first year graduate students in Mathematics, Physics, and Engineering.

MATH 6213: Methods in Teaching Middle School Mathematics
**Prerequisite:** Permission of instructor.

The course is an exploration of inductive teaching models, techniques, strategies, and research for teaching mathematics in the middle school. Emphasis will be placed on constructivist learning.

**MATH 6323: Methods in Teaching Secondary Mathematics**

Prerequisite: Permission of the instructor.

The course is a study of materials, methods, and strategies for teaching mathematics in the secondary school. Emphasis will be placed on activity-based learning.

**MATH 6881,6882,6883: Workshop**

Prerequisite: Permission of instructor.

The workshop will require the equivalency of fifteen clock hours of instruction per credit hour.

**MATH 6891,6892,6893,6894: Independent Study**

Open to graduate students who wish to pursue individual study or investigation of some facet of knowledge which complements the purpose of the University's graduate program. Students will be required to plan their studies and prepare formal written reports of their findings.

Note: The selected topic may not constitute any duplication of study leading to the accomplishment of a thesis.

**MATH 6991: Project or Thesis Research Continuation**

This course allows students additional time to research and compose their capstone project/portfolio.
Mechanical Engineering Course Descriptions

MCEG 5043: Physical Metallurgy
Prerequisites: MCEG 2023, MCEG 3013, and MCEG 3313.

This course provides the student with an in-depth background to the mechanisms and applications of dislocation motion, crystal plasticity, phase transformations and solidification processes. Common industrial and experimental processes are studied for both ferrous and non-ferrous materials.

Note: May not be taken for credit after completion of MCEG 4043.

MCEG 5053: Corrosion Principles
Prerequisites: MCEG 2023, MCEG 3313, CHEM 2124.

This course provides the student with an introductory study on the principles, mechanisms and chemistry of material corrosion. The study will extend to material failures linked to corrosion processes and effects of environment on corrosion potential and kinetics.

Note: May not be taken for credit after completion of MCEG 4053.

MCEG 5323: Power Plant Systems
Prerequisites: MCEG 3313, MCEG 4403.

A study of the design and operation of steam-electric power plant components and systems. Fossil and renewable energy plants are emphasized.

Note: May not be taken for credit after completion of MCEG 4323.

MCEG 5343: Internal Combustion Engines
Prerequisites: MCEG 3313, MCEG 4403.

A study of the operating and design principles of internal combustion engines. The course will cover combustion cycles, emissions and performance analysis and testing.

Note: May not be taken for credit after completion of MCEG 4343.

Lecture three (3) hours with lab exercises.

MCEG 5413: Finite Element Analysis
Prerequisites: ELEG 2103, MCEG (ELEG) 3003, and MCEG 3013.

Introduction to approximate methods using finite elements. Development of the finite element method using variational formulations. Applications include machine design, mechanical vibrations, heat transfer, fluid flow, and electromagnetics.

MCEG 5453: Energy Management
Prerequisites: MCEG 3313, MCEG 4403, MCEG 4443, or consent of instructor.

MCEG 5463: Heating, Ventilating, and Air-Conditioning Design
Prerequisite: MCEG 3313.

A study of the principles of human thermal comfort including applied psychrometrics and air-conditioning processes. Fundamentals of analysis of heating and cooling loads and design of HVAC systems.

Note: May not be taken for graduate credit after completion of MCEG 4463.

**MCEG 5473: Mechanical Vibrations**

Offered: approximately, every other year

Prerequisites: MCEG 2033, MATH 3243.

The study of free and forced vibration of single degree-of-freedom systems, response to harmonic, periodic and non-periodic excitations. Multi degree-of-freedom systems and matrix methods are explored. Computational techniques for predicting system response of continuous systems are introduced.

Note: May not be taken for credit after completion of MCEG 4473.

**MCEG 5503: Nuclear Power Plants I**

Prerequisites: MCEG 3503, MCEG 4403.

A study of the various types of nuclear reactor plants including the methods used for energy conversion. Relative advantages/disadvantages of various plant types investigated.

Note: May not be taken for credit after completion of MCEG 4503.

**MCEG 5993: Special Problems in Engineering I**

Prerequisite: Permission of instructor

A individual or group study in an advanced area of engineering under the direction of a faculty advisor. May be taught in conjunction with an associated MCEG 4993 section.

Note: May not be taken for credit after gaining credit for a 4993 section with the same topic.

**MCEG 6013: Continuum Mechanics**

Offered: Once every two years

Prerequisites: Graduate admission and MCEG 3013 or equivalent

Development of field equations and generalized constitutive expressions for fluid and solid continua. Topics include: tensor analysis, kinematics, conservation of mass and momentum, and invariance and symmetry principles.

**MCEG 6023: Elasticity**

Offered: Once every two years

Prerequisites: MCEG 6013.

Analysis of stress and strain in two and three dimensions, equilibrium and compatibility equations, torsion of non-circular members, and variational methods.

**MCEG 6323: Energy Systems**

Prerequisites: MCEG 4433, MCEG 4403 or permission of instructor.

A study of various energy sources and the production of usable energy from them. Conventional and
alternative energy sources are covered as well as economic environmental concerns.

**MCEG 6443: Advanced Heat Transfer**

Prerequisites or Co-requisites: MCEG 3313, 4403, 4443, or permission of instructor.

A study of the advanced principles of heat transfer: numerical methods in heat transfer, advanced boundary layer theory, advanced thermal radiation topics, and heat exchangers.

**MCEG 6503: Reactor Physics**

Prerequisites: PHYS 3213, MCEG 3503, MATH 5243.

A study of the fundamental physical principles in the operation and design of nuclear reactors. Includes neutron-nucleus interactions, neutron energy spectra and energy dependent cross sections, neutron transport and diffusion theory, multi-group approximations, criticality calculations, and reactor analysis and design methods.

**MCEG 6513: Radiation Measurement**

Prerequisites: MCEG 3503, MCEG 3512.

The study of radiation techniques and equipment used by scientists and engineers. Topics of interest will include techniques and equipment for detecting ionizing radiation below about 20 MeV, coincidence counting methods, and reactor laboratory experiments (as available).

Lecture two (2) hours, lab three (3) hours.

**MCEG 6523: Nuclear Materials**

Prerequisites: MCEG 2023 and MCEG 3503.

A study of the properties of materials utilized in nuclear reactors, shielding systems, and other systems exposed to radiation. Emphasis will be placed on understanding and mitigation the damage of such materials by neutron and gamma radiation.

**MCEG 6533: Radiation Interactions and Shielding**

Prerequisites: MCEG 3503, MCEG 3523.

Radiation Interactions and Shielding. Basic principles of radiation interactions, transport and shielding. Radiation sources, nuclear reactions, radiation transport, photon interactions, dosimetry, and shielding design will be covered.

**MCEG 6881,6882,6883: Special Topics in Engineering**

Prerequisite: Permission of instructor.

Special topics in engineering relating to current engineering topics not covered in other courses.

Note: May be repeated for credit if course content varies.

**MCEG 6891,6892,6893,6894,6895,6896: Independent Study**

Prerequisites: Completion of 18 hours toward program requirements, approval of advisor.

Students will complete an engineering project approved by their Advisory Committee. The project must include elements of engineering design and project management with a subject relevant to the student's program of study. Successful completion of the project will include a professional report and full presentation of the project findings/results.
Management Course Descriptions

**MGMT 5023: Personnel/Human Resource Management**

Cross-listed: MGMT 4023

Prerequisite: MGMT 6003

A study of that function performed in organizations which facilitates the most effective use of people (employees) to achieve organizational and individual goals. Topics covered include the law and personnel/human resource management, personnel analysis, planning, and staffing; performance evaluation and compensation, training and developing of human resources; labor relations, employee safety and health; work scheduling; evaluation of personnel/human resources management. There is a required research project.

Note: May not be taken for credit after completion of MGMT 4023.

**MGMT 5053: Small Business Management**

Prerequisite: MGMT 6003

Application of business management principles to the creation and operation of small scale enterprises. Emphasis on the preparation and implementation of business plans for such enterprises. There is a required research project.

**MGMT 5203: Project Management**

Prerequisites: Graduate standing, BUAD 2053 or higher-level math course, BUAD 2003 or COMS 2003 or higher level microcomputer applications course, or permission of the instructor.

This course explores the techniques of organizing the main elements of project management: people, cost, schedule, and scope. The course emphasis is aimed toward a practical understanding of Project Management for future business leaders and engineers. Students will learn to utilize information technology that aids in the visualization and documentation of the project planning and management process.

Note: May not be taken for credit after MGMT 4203.

**MGMT 5213: Business Leadership**

Cross-listed: MGMT 4213

Prerequisite: MGMT 6003

The course is an overview of the concepts and issues associated with contemporary leadership. It outlines the challenges, methods, and responsibilities of leading in our society. It covers what every informed citizen should know about leading in a variety of settings: the processes, styles, and pitfalls. We will address leader development, and discuss ethical issues related to leading. Guest speakers and student presentations will provide real world contemporary experiences for comparison to the text materials. Students are expected to be active participants in class. The final paper will serve as a roadmap for leadership development for each student for the next ten years. There is a required research project.

Note: May not be taken for credit after completion of MGMT 4213 or equivalent.

**MGMT 5223: Leadership: Ideas and Images in Art, Film, History, and Literature**

Prerequisites: MGMT 6003

This course probes the definition, meaning, practice, and paradox of leadership by exploring ideas and
images found in diverse domains such as film, art, literature, and history. These ideas and images are used as a platform for examining leadership challenges and for developing personal insights into leadership practice, issues and values. There is a required research project.

**MGMT 6003: Survey of Management and Organizational Behavior**

Prerequisite: Admission to the MSBA program.

This course examines the principles and theories of corporate management including planning, organizing, leading, controlling, staffing, decision making, ethics, organizational influence, behavior, change and development. There is a required research project.

**MGMT 6083: Business Policy**

Prerequisites: 21 hours must be completed toward the program requirements.

As the capstone course in the MSBA, this course examines the application of strategic management processes, including top management's role in situational analysis, strategy selection, strategy implementation, and strategic control, under conditions of uncertainty. There is a required research project.

**MGMT 6093: Special Topics in Management**

Prerequisite: MGMT 6003

Course offers an in-depth exploration of selected management issues affecting business. The primary focus of the course will vary from offering to offering; thus the course may be taken more than once. There is a required research project.

Note: Students are limited to a maximum of six (6) hours of special topics credit.
Marketing Course Descriptions

**MKT 5053: Sport and Event Marketing**

Prerequisite: MKT 6003

To apply marketing concepts to sporting, cultural, historical, and charitable activities and events. To examine the performance, production, and promotional segments of the sport and event markets. There is a required research project.

**MKT 5063: Advertising**

Cross-listed: MKT 4063

Prerequisite: MKT 6003

The "how" and "why" of advertising: principal problems faced by advertisers and advertising agencies, approaches, policies, and procedures as related to successful marketing techniques.

Note: May not be taken for credit after completion of MKT 4063 or equivalent.

**MKT 5093: International Marketing**

Prerequisite: MKT 6003

Analysis of opportunities, distinctive characteristics and emerging trends in foreign markets, including exploration of alternative methods and strategies for entering foreign markets; organizational planning and control; impact of social, cultural, economic and political differences; and problems of adapting American marketing concepts and methods. There is a required research project.

**MKT 5143: Marketing Management**

Prerequisite: MKT 6003

Advanced study of decisions facing a marketing executive. Topics covered include product planning, consumer behavior, promotion, sales management, and pricing. There is a required research project.

**MKT 6003: Marketing Strategy and Research**

Prerequisite: Admission to the MSBA program.

Marketing principles and framework from a managerial perspective; role of basic marketing functions (price, product, distribution, promotion) and use of statistical analysis in determination and implementation of strategy and other marketing decision making activities; significance of legal and ethical precepts; increasing role of global marketing activities. There is a required research project.

**MKT 6093: Special Topics in Marketing**

Prerequisite: MKT 6003

Course offers an in-depth exploration of selected marketing issues affecting business. The primary focus of the course will vary from offering to offering; thus the course may be taken more than once. There is a required research project.

Note: Students are limited to a maximum of six (6) hours of special topics credit.
Middle Level Education Course Descriptions

MLED 5013: Teaching the Young Adolescent

A study of developmentally appropriate curriculum, instruction, and pedagogy for teaching the young adolescent with an understanding of the historical perspective of middle schools and programs.

MLED 5033: Young Adolescent Growth and Development

Prospective middle level teachers will study the educational implications of the developmental period of young adolescence. An emphasis is placed on developmental characteristics of the young adolescent highlighting the role of the middle level teacher in promoting the healthy development of the young adolescent.

MLED 5043: Diversity in the Middle Level Classroom

Prospective middle level teachers will study the educational implications of the economic, cultural, racial, and intellectually diverse middle level classroom.
Teaching and Learning and Leadership Course Descriptions

MTLL 6003: School Organization and Leadership for Teacher Leaders
This course will examine how schools are organized and supported from the federal level to the local school. The concepts of leadership and its role at all levels will be a focal part of this study. Students will begin to examine their leadership style and dispositions.

MTLL 6113: Action Research and Data Analysis for School and Classroom Use
This course will focus on the analysis of data with emphasis on student achievement and whole school accountability. Data driven decision-making will be examined. Students will look at research methodologies with a focus on action research and the role of the leader in facilitating action research in the field.

MTLL 6123: Instructional Leadership for the Master Teacher
This course will focus on the "hard and soft" skills of instructional leadership. The teaching and learning process will be the focus of student work. Students will learn how to observe and coach for excellence in teaching and learning. The reflective practice model will serve as a basis for theory and skill development.

MTLL 6133: Basic Elements of Curriculum
This course will focus on national, state, and local curriculum standards. Students will gain an understanding of the alignment issues of curriculum, instruction, and assessment as they prepare a curriculum artifact based on the principles of curriculum.

MTLL 6143: Organizational Change and the Role of the Master Teacher
This course will examine theories of change looking at research and case studies of first and second order change. Students will gain strategies as leaders of change as schools work to move closer to higher performance. Students will study a current change taking place in a school.

MTLL 6152: Professional Portfolio for the Master Teacher
This course will examine the role of the student portfolio and the teaching portfolio. The main focus will be the professional portfolio for the candidate's completion of their degree program.

MTLL 6202: Professionalization of Teaching for the Master Teacher
This course will examine the philosophies and historical perspectives of education for the purpose of reflection on individual teaching and learning practices. Students will purposefully explore and define who they are as a master teacher and what core beliefs impact teaching and learning in their classroom.

MTLL 6223: Teaching and Learning for the Master Teacher
This course will explore theories and best practices that can lead to improved student performance.

MTLL 6233: Advanced Teaching and Learning
Prerequisite: MTLL 6223.
In this course the graduate student pursuing the NTL option will continue the exploration of teaching and learning theories and research-based classroom practices to promote improved student learning.

MTLL 6242: Cognitive Coaching and Mentoring for the Master Teacher
Students will develop the necessary skills that will enable the master teacher to be a peer learning coach and mentor for the inductee, peer, and/or marginal teacher.
MTLL 6252: Communication Advocacy & Policy Development for the Master Teacher
Effective means of communicating classroom related issues, in order to be an advocate for teaching and learning practices that make a difference in teaching and learning, will be examined in this course as well as ways for the teacher to impact policy development at the district, state, and national levels.

MTLL 6253: Advanced Curriculum Design Practicum for the Master Teacher
This course will focus on advanced methods of curriculum design. The role of the teacher leader in the curriculum development process will be explored and acquisition of the skills necessary to facilitate, implement, assess, and sustain the process will be learned.

MTLL 6262: Action Research Practicum for the Master Teacher
This course will focus on the implementation of the student action research design, developed in the initial research course, Action Research and Data Analysis for School and Classroom Use. Analysis of field data from this research will be aggregated with emphasis on student achievement. Effective communication of the research results to various audiences will also be explored.

MTLL 6271: Resource Acquisition for the Master Teacher
This course will provide the opportunity for students to discuss, explore, and acquire skills that will supplement means to augment classroom resources in addition to the allocated budget.

MTLL 6292: Evaluation of Classroom Learning for the Master Teacher
Assessment, to evaluate student performance, will be explored with the emphasis being on authentic assessments.

MTLL 6551: Internship Practicum
The purpose of the Intern Practicum is to provide the Non-Traditional (NTL) graduate student with an opportunity to apply theory and practice into experiences in the classroom.

$50 per credit hour internship practicum fee.

MTLL 6552: Internship Practicum
The purpose of the Intern Practicum is to provide the Non-Traditional (NTL) graduate student with an opportunity to apply theory and practice into experiences in the classroom.

$100 per credit hour internship practicum fee.

MTLL 6553: Internship Practicum
The purpose of the Intern Practicum is to provide the Non-Traditional (NTL) graduate student with an opportunity to apply theory and practice into experiences in the classroom.

$150 per credit hour internship practicum fee.

MTLL 6554: Internship Practicum
The purpose of the Intern Practicum is to provide the Non-Traditional (NTL) graduate student with an opportunity to apply theory and practice into experiences in the classroom.

$200 per credit hour internship practicum fee.
Music Course Descriptions

Musical performance includes private study, class piano, class voice, and ensembles. In numbering applied music courses, the first digit, numeral 1, is used for freshman and sophomore level courses; the numeral 3 for junior and senior-level courses. The second and third digits indicate applied concentration area (e.g. 20 = piano) and the final digit indicates hours of semester credit.

Applied Music (private instruction) requires permission of the department head and is required of all music majors. Applied music students may be assigned participation in designated ensembles in addition to required ensembles. Ensembles are given in the curricula in Music and Music Education.

To qualify for three hours per semester, a student must have a minimum 3.50 cumulative GPA in applied music, a 3.00 cumulative GPA in total hours, junior standing and recommendation of the instructor.
Music Course Descriptions

In numbering ensemble courses, the first digit, numeral 1, is used for freshman and sophomore level courses, the numeral 3 for junior and senior-level courses.
Museum Course Descriptions

MUSM 5403: Interpretation/Education through Museum Methods

Cross-listed: ANTH 5403, HIST 5403

Prerequisite: Permission of the instructor or Department Head.

Museum perspectives and approaches to care and interpretation of cultural resources, including, interpretive techniques of exhibit and education outreach materials, and integrating museum interpretation/education into public school and general public programming. Class projects focus on special problems for managing interpretive materials in a museum setting. Graduate level projects or papers involve carrying out research relevant to the Museum's mission and relating to current Museum goals.

Note: May not be taken for credit after completion of MUSM 4403, ANTH 4403, or HIST 4403.
**Nursing Course Descriptions**

**NUR 6103: Theoretical Perspectives**

This course is designed to provide the student with the skills necessary to critique, evaluate, and apply theories from nursing and related healthcare disciplines. Philosophical and theoretical underpinnings of the nursing discipline will be explored with in depth discussion of knowledge development and theory analysis. Students will study a selected phenomenon in depth and learn the strategies for concept analysis and development.

$15 course fee.

**NUR 6203: Research Design and Methods**

This course focuses on quantitative and qualitative research design with an emphasis on strategies for incorporating current research findings into the provision of healthcare to improve quality of care and care delivery. Students will identify common problems in nursing and healthcare systems, and determine the most appropriate research methodology for finding or creating solutions. Students are expected to critically appraise published research and develop appropriate and creative methods for utilizing current research findings in a variety of healthcare settings.

$15 course fee.

**NUR 6213: Epidemiology**

This course will prepare the nurse administrator to study the health-related states of client populations and apply epidemiological, social, and environmental data to the health status of individuals, families, groups, and communities. Students will examine environmental and occupational hazards leading to disease and evaluate preventative and therapeutic measures that are available within healthcare delivery systems. Current epidemic and pandemic issues will be discussed in addition to biological, chemical, and radiological threats.

$15 course fee.

**NUR 6303: Law, Ethics, and Policy in Health Care**

This course is an overview of current trends in healthcare today and the legal/ethical issues with which the nurse manager in healthcare systems may confront. Students will examine contemporary social, economic, ethical, and legislative issues influencing healthcare policy. Such issues as legal liability of professionals, legal compliance, ethical standards and personnel law will also be examined.

$15 course fee.

**NUR 6313: The Role of the Nurse Administrator**

This course will prepare the graduate to analyze theories and research relevant to the role of nurse administrator as leader and manager. Emphasis will be placed on the internal and external forces influencing the nurse administrator role. Seminars will focus on healthcare policy, organization, healthcare delivery systems, and fiscal management. The graduate will be able to assume a leadership role in the managing of human, fiscal, and physical healthcare resources in a variety of healthcare settings.

$15 course fee.

**NUR 6403: Non-Thesis Project**

Directed research study of a topic selected by the student, incorporating literature review of current research findings and a written project proposal. This course is designed to provide an opportunity for the student to identify a topic of interest and propose a strategy for implementation of a new program of system change.

$15 course fee.
NUR 6503: Organizational Behavior and Human Resource Management

Prerequisite: NUR 6313

This course deals both with human resource issues in the healthcare organizations and with the theoretical foundations of organizational development as an applied behavioral science. Attention will be directed to the dynamics of contemporary human relations in healthcare organizations.

$15 course fee.

NUR 6513: Fiscal Management in Health Care System

Prerequisite: NUR 6313

Financial management and systems development in a changing health care environment are the focus of this course. This course begins with a basic review of accounting systems in health care facilities. Key concepts such as cost behavior and analysis, budgeting, and internal controls are all explored. Strategic planning and implementation will also be examined.

$15 course fee.

NUR 6526: Nursing Administration Practicum

Prerequisites: 24 hours of core courses and NUR 6503 and NUR 6513.

This course is designed to promote student application of theory to practice. Students, with faculty approval, will select the healthcare setting and nurse administrator for the practicum. Students will be required to plan their studies, set specific learning objectives, and provide formal written reports on their findings. The nurse administrator should work closely with his/her preceptor to assess job requirements, analyze budgets and budgetary needs, and develop a plan to provide quality, cost-effective nursing care to patients.

$30 course fee.

NUR 6603: Crisis Intervention in Disasters

This course is designed to prepare the nurse administrator to develop a crisis intervention program and to understand a wide range of crisis intervention strategies including pre and post incident crisis education, crisis intervention for individuals, significant other support services, demobilizations after large scale traumas/disaster, small group defusing, and group intervention. The nurse administrator should have the knowledge necessary to assess, plan, organize, implement, and evaluate a crisis intervention program.

$15 course fee.

NUR 6991,6992,6994,6995: Research Thesis/Project

This course is directed research on a thesis topic selected by the student in consultation with a supervising professor. The student will be required to present the thesis in a seminar to faculty and other graduate students.

$5 course fee per credit hour.

NUR 6996: Research Thesis/Project

This course is directed research on a thesis topic selected by the student in consultation with a supervising professor. The student will be required to present the thesis in a seminar to faculty and other graduate students.

$30 course fee.
Physical Education Course Descriptions

PE 5013: Structural and Mechanical Kinesiology Concepts
Prerequisite: Undergraduate degree from an accredited university
An investigation of the structural and mechanical bases of human movement, sport, and exercise programming. Completion of this "leveling" course with a grade of "B" or higher is a prerequisite for admission into the SCS degree program for those students who have not already completed an undergraduate course in Kinesiology/Biomechanics with a grade of "B" or higher.

Note: This course does not count towards the Strength and Conditioning Studies degree requirements.

PE 5023: Applied Physiology Concepts
Prerequisite: Undergraduate degree from an accredited university
An investigation into the acute responses and chronic adaptations made by the human body in adjusting to various types of physical activity. Completion of this "leveling" course with a grade of "B" or higher is a prerequisite for admission into the SCS degree program for those students who have not already completed an undergraduate course in Exercise Physiology with a grade of "B" or higher.

Note: This course does not count towards the Strength and Conditioning Studies degree requirements.

PE 6033: Exercise Physiology
Prerequisites: PE 4033, PE 2653, and PE 3663 or approval of department head.
A study of the physiological changes in the human organism which accompany physical exercise and the implication of the changes for physical education.

PE 6043: Psychology of Motor Learning
Prerequisites: PE 2653 and PE 3663, or approval by department head.
Provides an understanding of psychological principles involved in motor performance.

PE 6053: Biomechanics
Prerequisites: PE 2653, PE 3663, algebra or general mathematics, and physical science or physics, or approval by department head.
The application of physics as it relates to human movement. Specific emphasis will be made on the mechanics and common injuries involved with selected sport or work related movements.

PE 6063: Current Issues in Coaching and Athletics
This course will afford the student the opportunity to analyze historical and contemporary coaching and athletics issues and to develop cogent written and oral arguments regarding them.

PE 6073: Exercise and Sport Behavior
Prerequisite: PE 4513 or approval by department head.
The course provides an in-depth view of the psychological aspects of human behavior in sport and exercise settings.

PE 6083: Research Design and Statistics in Physical Education
Prerequisite: PE 4523 or approval by department head.

Designed to familiarize the student with research literature, techniques, and statistical procedures used in physical education today.

**PE 6881, 6882, 6883: Workshop**

Prerequisite: Permission of instructor.

The workshop will require the equivalency of fifteen clock hours of instruction per credit hour.

**PE 6891, 6892, 6893, 6894: Independent Study**

Open to graduate students who wish to pursue individual study or investigation of some facet of knowledge which complements the purpose of the University's graduate program. Students will be required to plan their studies and prepare formal written reports of their findings.

Note: The selected topic may not constitute any duplication of study leading to the accomplishment of a thesis.

**PE 6993: Thesis Research**

Directed research on a thesis topic selected by the student in consultation with a supervising professor.
PHIL 5093: American Philosophy

Cross-listed: HIST 5223

Prerequisite: Permission of the instructor or Department Head.

An examination of the main currents of American philosophical and religious thought from the earliest times to the present.
Physical Science Course Descriptions

PHSC 6883: Workshop

Prerequisite: EDFD 6003 or permission of instructor.

The workshop will require the equivalency of fifteen clock hours of instruction per credit hour.
The workshop will require the equivalency of fifteen clock hours of instruction per credit hour.
Political Science Course Descriptions

POLS 6893: Independent Study

Prerequisite: Permission of the instructor or department head.

Open to graduate students who wish to pursue individual study or investigation of some facet of knowledge which complements the purpose of the University's graduate program. Students will be required to plan their studies and prepare formal written reports of their findings.

Note: The selected topic may not constitute any duplication of study leading to the accomplishment of a thesis.
Psychology Course Descriptions

**PSY 5013: History of Psychology**
Prerequisite: Graduate standing in psychology or instructor and program director permission.

A survey of the developments in psychology from the ancient Greeks to the emergence of psychology as a modern experimental science.

**PSY 5033: Psychological Tests and Measurements**
Prerequisite: Graduate standing in psychology or instructor and program director permission.

Theory of psychological testing, statistical procedures and training in administration, scoring, and profiling of various tests of ability, achievement, interests, and personality.

$20 testing fee.

**PSY 5043: Social Psychology**
Cross-listed: SOC 5043
Prerequisite: BA or BS in Sociology or related field.

A study of the factors that influence the attitudes, behaviors, and cognition of the individual with a special emphasis on interactions among people.

**PSY 5053: Psychology of Perception**
Prerequisite: Graduate standing in psychology or instructor and program director permission.

The study of general perceptual processes. While the main senses will be covered, emphasis will be placed on visual functioning. The role of perception in organismic adaptation will be explored.

**PSY 5073: Cognitive Psychology**
Prerequisite: Graduate standing in psychology or instructor and program director permission.

A study of the basic principles of mental processes and their influences on behavior. Specifically, the course focuses on the conscious and unconscious processes involved in the acquisition, storage, transformation, and use of knowledge.

**PSY 6003: Advanced Principles of Psychology I**
Offered: Once a year
Prerequisites: Admission to graduate school or permission of psychology graduate coordinator.

This is the first course in a two course sequence covering the basic principles of psychology from an advanced standpoint. The course will emphasize the research the theories of psychology are based on, the logical and empirical adequacies of modern theories of psychology, and the application of psychology in the workplace and human service settings. Research, application, and other considerations for graduate psychology students will be emphasized. The core concepts covered in this course include history of psychology, research methods and statistics, biopsychology, learning, memory, cognition, language, consciousness, and cognitive abilities.

**PSY 6013: Advanced Statistics**
Cross-listed: SOC 6013
Prerequisites: PSY/SOC 2053 or equivalent and graduate standing in sociology or psychology or instructor
and program director permission.

An advanced study of the concepts and techniques in descriptive and inferential statistics. Emphasis placed on the application of statistics and psychological research.

<table>
<thead>

<th>Course Code: PSY 6023</th>
<th>Research Design</th>
</tr>
</thead>
<tbody>
<tr>
<td>Prerequisite: PSY 6013 or equivalent and graduate standing in psychology or instructor and program director permission.</td>
<td></td>
</tr>
</tbody>
</table>

An advanced treatment of the design and analysis of psychological research. Emphasis on the logical foundations of experimental design.

<table>
<thead>
<tr>
<th>Course Code: PSY 6033</th>
<th>Personality Testing</th>
</tr>
</thead>
<tbody>
<tr>
<td>Prerequisite: PSY 6013 or equivalent and graduate standing in psychology or instructor and program director permission.</td>
<td></td>
</tr>
</tbody>
</table>

Application of selected assessment devices. Emphasis on various objective tests including theoretical assumptions, scaling techniques, profile interpretation, and critical research topics.

<table>
<thead>
<tr>
<th>Course Code: PSY 6043</th>
<th>Psychopathology</th>
</tr>
</thead>
<tbody>
<tr>
<td>Prerequisite: Graduate standing in psychology or instructor and program director permission.</td>
<td></td>
</tr>
</tbody>
</table>

Surveys classical and contemporary trends and theories of psychopathology; including methods, validity, and utility of classificatory schemes, properties of various disorders, as well as related assessment and treatment procedures.

<table>
<thead>
<tr>
<th>Course Code: PSY 6053</th>
<th>Advanced Development Psychology</th>
</tr>
</thead>
<tbody>
<tr>
<td>Prerequisite: Graduate standing in psychology or instructor and program director permission.</td>
<td></td>
</tr>
</tbody>
</table>

Evaluation and assessment of the logical and empirical adequacies of modern theories of psychological development in relation to the maturation process of individuals.

<table>
<thead>
<tr>
<th>Course Code: PSY 6063</th>
<th>Advanced Physiological Psychology</th>
</tr>
</thead>
<tbody>
<tr>
<td>Prerequisite: Graduate standing in psychology or instructor and program director permission.</td>
<td></td>
</tr>
</tbody>
</table>

An in-depth analysis of topics in physiological psychology. Emphasis is placed upon functional neuroanatomy of mammals to provide for understanding of systems for neural control of perception, orientation, motivation, learning, and complex processes.

<table>
<thead>
<tr>
<th>Course Code: PSY 6073</th>
<th>Personality Dynamics and Theories</th>
</tr>
</thead>
<tbody>
<tr>
<td>Prerequisite: Graduate standing in psychology or instructor and program director permission.</td>
<td></td>
</tr>
</tbody>
</table>

An examination of selected writings and research of major personality theories.

<td>Page 225</td>
</tr>
</tbody>
</table>
Prerequisites: Successful completion of 30 graduate hours in psychology, six hours of thesis, and mutual consent of the faculty advisor, department, and industry supervisor.

The course is a jointly supervised field placement in an area diagnostic or treatment facility. Emphasis is on an integration of theory, methods, and graduate training, with on-the-job experience. The placement is designed for students who are considering work in facilities which provide psychological and/or social services.

Note: The purchase of Professional Liability Insurance is required.

**PSY 6103: Advanced Principles of Psychology II**

Offered: Once a year

Prerequisites: Admission to graduate school or permission of psychology graduate coordinator.

This course is the second course in a two course sequence covering the basic principles of psychology from an advanced standpoint. The course will emphasize the research the theories of psychology are based on, the logical and empirical adequacies of modern theories of psychology, and the application of psychology in the workplace and human service settings. Research, application, and other considerations for graduate psychology students will be emphasized. The core concepts covered in this course include a review of research methods and statistics, motivation, emotion, human development, personality, health and stress, psychology disorders and treatments, social cognition and social psychology, I/O psychology, and neuropsychology.

**PSY 6891,6892,6893,6894: Independent Study**

Open to graduate students who wish to pursue individual study or investigation of some facet of knowledge which complements the purpose of the University's graduate program. Students will be required to plan their studies and prepare formal written reports of their findings.

Note: The selected topic may not constitute any duplication of study leading to the accomplishment of a thesis.

**PSY 6991: Project or Thesis Research Continuation**

This course allows students additional time to research and compose their capstone project/portfolio.

**PSY 6993,6994,6995,6996: Thesis Research**

Prerequisites: Graduate standing in psychology and permission of thesis advisor.

Directed research on a thesis topic selected by the student in consultation with a supervising professor.
Strength Conditioning Studies Course Descriptions

SCS 6013: Measurement and Evaluation in Strength and Conditioning
An advanced investigation of measurement and assessment theory along with the study of various test and measurement protocols used in strength and conditioning, exercise, and sport. Testing in the cognitive, psychomotor, health-fitness, and affective domains will be reviewed. Criteria for selection of tests including validity, reliability, objectivity, and utility. Basic statistical methods as applied to strength and conditioning with particular emphasis on interpretation and evaluation of results will be emphasized.

SCS 6023: Scientific Foundations of Strength and Conditioning
An intensive advanced course integrating the principles of Exercise Physiology, Biomechanics, and Exercise Psychology as they relate to strength and conditioning programs.

SCS 6033: Strength and Conditioning Program Design and Development
An advanced course that integrates scientific principles and practical applications related to designing a safe and effective strength and conditioning training program. Tenets from Exercise Physiology, Biomechanics, and Exercise Psychology will be reviewed as design principles are covered.

SCS 6043: Techniques for Development of Hypertrophy, Strength, and Power
An intensive course designed to assist trainers and coaches in developing the ability to teach proper resistance training techniques. Scientific research dealing with the development of hypertrophy, strength, and power will be explored.

Note: This is a 5 week summer course with 3 weeks spent on-campus.

SCS 6053: Techniques for Development of Speed, Agility, Reaction Time and Endurance
An intensive course designed to assist trainers and coaches in teaching various techniques designed to enhance flexibility, speed, agility, reaction time, and glycolytic and aerobic endurance.

Note: This is a 5 week summer course with 3 weeks spent on-campus.

SCS 6063: Trends in Sports Nutrition and Metabolism
An advanced study of nutrition as a means to enhance performance in exercise and sport.

Note: This is a 5 week summer course with 3 weeks spent on-campus.

SCS 6083: Instructional Strategies for Strength Coaches
This course focuses on effective sport pedagogy. Students will gain experience in a range of pedagogical skills including designing learning experiences, task presentation, content analysis, strategies for developing the learning environment, assessment of athlete/client performance, and systematic observation techniques for analyzing and improving teaching.

SCS 6093: Readings in Strength and Conditioning
This course is designed to enhance the student's ability to critically analyze and evaluate contemporary strength and conditioning literature.

SCS 6103: Professional Project
Prerequisite: Requires the prior completion of 27 hours towards the SCS degree. The professional project should be developed and must be approved by the Graduate Program Director prior to enrolling in this course.
The Professional Project is the capstone course for the Master of Strength and Conditioning Studies degree, serving as the integrative culmination of the program. The student is responsible for producing a substantial piece of independent research, a significant professional creative project, or a meaningful internship.
Secondary Education Course Descriptions

SEED 5333: Teaching Reading and Study Strategies in the Content Area

This course is designed to provide pre-service and in-service teachers and administrators with a knowledge of reading factors as they relate to various disciplines. Content of the course includes estimating students' reading ability, techniques for vocabulary, questioning strategies, and developing reading-related study skills.

SEED 6881,6882,6883: Workshop

Prerequisite: Permission of instructor.

The workshop will require the equivalency of fifteen clock hours of instruction per credit hour.

SEED 6891,6892,6893,6894: Independent Study

Open to graduate students who wish to pursue individual study or investigation of some facet of knowledge which complements the purpose of the University's graduate program. Students will be required to plan their studies and prepare formal written reports of their findings.

Note: The selected topic may not constitute any duplication of study leading to the accomplishment of a thesis.

SEED 6991: Thesis Research

Directed research on a thesis topic. If the six (6) hour thesis (SEED 6993 and 6993 in the student's area of specialization) has not been completed during the semester(s) of enrollment, the student must register for SEED 6991 during subsequent semesters in which he/she is receiving faculty assistance with the thesis and/or using University library facilities.

SEED 6993: Thesis Research

Directed research on a thesis topic selected by the student in consultation with a supervising professor.
Sociology Course Descriptions

**SOC 5003: Minority Relations**
Prerequisite: BA or BS in Sociology or related field.

A study of minority groups with emphasis upon discrimination, socio-historical characteristics, and processes of social change. Minorities considered include racial, ethnic, and gender.

**SOC 5013: Drugs in Society**
Cross-listed: CJ 5013
Prerequisite: BA or BS in Sociology or related field.

This course presents a comprehensive study of the history and prohibition of drugs use in the United States, as well as the effects of drugs on society in the form of crime, prison, and treatment. The main focus of this class is on the history of drug use, how certain drugs become illegal, and the intended and unintended consequences of drug prohibition for communities and society.

**SOC 5043: Social Psychology**
Cross-listed: PSY 5043
Prerequisite: BA or BS in Sociology or related field.

A study of the factors that influence the attitudes, behaviors, and cognition of the individual with a special emphasis on interactions among people.

**SOC 5053: Sociology of Health and Illness**
Prerequisite: BA or BS in Sociology or related field.

An in-depth look at the sociology of health and illness including an examination of the social structures related to the medical system, the social psychology of health and illness, a comparative analysis of sick role behavior, as well as the study of social causes and consequences of health and illness.

**SOC 5063: Social Stratification**
Prerequisite: BA or BS in Sociology or related field.

A study of social class and consequences for society and individuals.

**SOC 5183: Social Gerontology**
Prerequisite: BA or BS in Sociology or a related field

An introduction to the sociology of aging: content provides general and specific knowledge regarding the aging process. Implications for economic, political, and family institutions are emphasized.

**SOC 6013: Advanced Statistics**
Cross-listed: PSY 6013
Prerequisite: PSY/SOC 2053 or equivalent and graduate standing in sociology or psychology or instructor and program director permission.

An advanced study of the concepts and techniques in descriptive and inferential statistics. Emphasis placed on the application of statistics and psychological research.

**SOC 6023: Advanced Sociological Theory**
Offered: Fall

Prerequisite: BA or BS in Sociology or related field

This course provides an in-depth survey of the classical social theorists and theoretical traditions in the 19th and 20th centuries. Attention will be directed to major thinkers and schools of thought which are responsible for the emergence of social theory (and the field of sociology). Contemporary theorists who have had a major impact on the discipline will also be examined.

**SOC 6033: Advanced Methodology**

Prerequisite: BA or BS in Sociology or related field.

An introduction to research methodology, with emphasis upon conceptualization, design, and processes.

**SOC 6043: Evaluation and Assessment**

Prerequisite: BA or BS in Sociology or related field.

An Introduction to the logic and methods of modern social program evaluation and assessment. Emphasizing the benefits of applied sociological methods, the course reviews nonprofit program measurement with a focus on costs and effects.

**SOC 6053: Advanced Topics in Criminal Justice**

Prerequisite: BA or BS in Sociology or related field.

This course offers specialized instruction in an area of criminal justice not otherwise covered in the curriculum.

Note: The focus of the course will vary from offering to offering, thus students may take the course more than once.

**SOC 6063: Advanced Topics in Gerontology**

Prerequisite: BA or BS in Sociology or related field.

This course offers specialized instruction in an area of gerontology no otherwise covered in the curriculum.

Note: The focus of this course will vary from offering to offering, thus students may take the course more than once.

**SOC 6891,6892,6893,6894: Independent Study**

Prerequisite: Graduate student status with successful completion of all 12 hours of required coursework in the program.

Open to graduate students who wish to pursue individual study or investigation of some facet of knowledge which complements the purpose of the University's graduate program. Students will be required to plan their studies and prepare formal written reports of their findings.

Note: The selected topic may not constitute any duplication of study leading to the accomplishment of a thesis.

**SOC 6991,6992,6993: Thesis Research**

Prerequisite: Graduate student status with successful completion of all 12 hours of required coursework in the program.

This course is designed to allow the student specific time to research, write, and complete the thesis.
Spanish Course Descriptions

**SPAN 5023: Introduction to Spanish Linguistics**
The purpose of this course is to provide graduate students with the fundamental knowledge of Spanish linguistics as the basis for future application of linguistic principles. This course explores Spanish phonetics, phonology, morphology, syntax and semantics.

**SPAN 5203: Short Story**
An analysis of Spanish-language short stories.
Note: May be repeated for credit after completion of SPAN 4203 if course content differs.

**SPAN 5213: Spanish Literature**
A survey of the literature of Spain with readings from representative works.
Note: May not be taken for credit after completion of SPAN 4213.

**SPAN 5223: Spanish-American Literature**
A survey of Spanish-American literature with readings from representative works.
Note: May not be taken for credit after completion of SPAN 4223.

**SPAN 5283: Seminar in Spanish**
Selected topics on language, literature, or culture in the Americas and Spain.
Note: May be taken for credit after SPAN 4283 or SPAN 5283 if content differs.

**SPAN 5803: Spanish-Language Film**
An introduction to Spanish-language film theory and major films.
Note: May be taken for credit after SPAN 4803 if content differs.

**SPAN 6003: Introduction to the M.A. in Spanish**
The emphasis of this course is on analytical reading and academic writing. The course provides the student with research and analytical tools used in the humanities in order to develop the ability to handle larger expository and argumentative units and to deal more effectively with the writing process. Topics vary from year-to-year.

**SPAN 6023: Literary Theory**
Examination of the fundamental concepts of literary theory and criticism and their applications to Spanish texts, poetry, narrative, and drama.

**SPAN 6063: Spanish American Literature and Culture**
The course will examine Latin American literature from the turn of the century modernism to present time. This will include the multiple aspects of modernism, realism and regionalism, post-modernist poetry, contemporary prose, and theatre. Specific themes will be studied such as man versus nature, man versus society, gender issues, and the representation of women. The use of art and film will also be studied.

**SPAN 6133: Seminar in Spanish Literature**
Seminar in Spanish Literature will be a seminar-style course that examines major writers in Spanish literature. The course will examine each work within its structure. Particular attention will be paid to social, intellectual, and existential aspects.

Note: Course may be repeated if content differs.

**SPAN 6163: Spanish Literature and Culture**
A study of Peninsular literature, emphasizing works that give representative expression to the thought and cultural patterns of their times.

**SPAN 6283: Seminar in Spanish**
Selected topics on language, literature, or culture in the Americas and Spain.

Note: Course may be repeated if content differs.

**SPAN 6403: Advanced Spanish Grammar**
This course is designed to provide more advanced grammatical and syntactical features, increased ability with idiomatic expressions, and vocabulary enlargement.

**SPAN 6503: History of the Spanish Language**
An examination of different aspects involved in the development of the Spanish language. Topics to be considered may include, among others, the evolution of different linguistic systems of Spanish and the socio-cultural factors and context that influenced its development. The course will entail analysis of texts that reflect changes in language. Usage and attitudes toward language.

**SPAN 6701: Teaching College Spanish**
Teaching college Spanish is a graduate-level introduction to second language learning/teaching theory, methodology, and practice. Supervised teaching, preparation of instructional and testing materials, and practice in evaluation. Readings and bibliographic work in second language learning/teaching theory, practice, and research.

Note: Required of all graduate assistants.

**SPAN 6883: Workshop**
Prerequisite: Permission of instructor
The workshop will require the equivalency of fifteen clock hours of instruction per credit hour.

**SPAN 6891,6892,6893,6894: Independent Theory**
Prerequisite: Permission of the instructor and department head
Open to graduate students who wish to pursue individual study or investigation of some facet of knowledge which complements the purpose of the University's graduate program. Students will be required to plan their studies and prepare formal written reports of their findings.

**SPAN 6991: Project or Thesis Research Continuation**
This course allows students additional time to research and compose their capstone project/portfolio.

**SPAN 6993: Thesis Research**
Prerequisite: Permission of the instructor or department head.
Directed research on a thesis topic selected by the student in consultation with a supervising professor.
Special Education Course Descriptions

SPED 5003: Characteristics of Children with Exceptionalities
Chronically disabling conditions that occur frequently in children with educational handicaps are reviewed. Emphasis is on early identification and detection of at-risk or failure-to-thrive children.

SPED 5013: Assessment of Children with Exceptional Learning Needs
A study of assessment as it pertains to individuals with exceptional learning needs. An overview of the legal and ethical issues involved in assessment. The course provides an examination of the uses of formal and informal assessment to identify the supports and adaptations needed by individuals with exceptional learning needs in order to participate in the general curriculum.

SPED 5023: Planning Instruction for Children with Exceptional Learning Needs, Grades K-6
This course is a hands-on course in planning for the instruction of children, particularly children in grades K-6, with disabilities. Actual policies and paperwork mandated by the Arkansas Department of Education will be used in teaching how to develop an individualized plan for a special needs child. The focus is on disciplines, strategies, and materials involved with special needs collaboration, planning, and implementation.

SPED 5033: Working with Families of Children with Exceptional Learning Needs
This course is a brief examination of the impact of children and adolescents with special needs on the roles within the family. Study will also briefly examine the impact of specialized educational programs and their role in aiding and assisting families.

SPED 5043: Supervised Practicum
This class is a supervised participation in an appropriate school, or institution dealing with early childhood exceptionalities, and providing a practical, hands-on application of teaching methods and ideas.

SPED 5053: Planning Instruction for Children with Exceptionalities, 7th - 12th Grades
Offered: Once per calendar year
This course is a hands-on course in planning for the instruction of children with exceptionalities in the Middle and Secondary schools. Actual policies and paperwork mandated by the Arkansas Department of Education will be used in teaching how to develop an individualized plan for a special needs child. The focus is on disciplines, strategies, and materials involved with special needs collaboration, planning, and implementation.

SPED 5063: Supervised Practicum, Grades K - 12
Offered: Once per calendar year
Prerequisites: SPED 5003, SPED 5013, SPED 5053, SPED 5033, EDFD 6053, or advisor approval.
This class is a supervised participation in an appropriate school, or institution working with children with exceptional learning needs in an Elementary, Middle Level, and Secondary setting. This course will provide a practical-hands-on application of teaching methods and ideas.
Teach English Second Language Course Descriptions

**TESL 5023: Second Language Acquisition**

This course provides an introduction to the major theories of language acquisition and their applications to the instruction of ESL students.

Note: TESL 5023 may be used toward fulfilling the ESL endorsement in Arkansas.

**TESL 5703: Teaching English as a Second Language**

This course is an introduction to the methodology in teaching listening, speaking, reading and writing English, as well as core content, to ESL students.

Note: TESL 5703 may be used toward fulfilling the ESL endorsement in Arkansas.

**TESL 5713: ESL Assessment**

This course is an introduction to ESL assessment strategies and tools, the design and evaluation of classroom tests, and the design and use of alternative assessment strategies and tools.

Note: TESL 5713 may be used toward fulfilling the ESL endorsement in Arkansas.

**TESL 5723: Teaching People of Other Cultures**

This course provides an introduction to issues in language and culture, including sociolinguistic variations due to age, sex, social class, and ethnicity.

Note: TESL 5723 may be used toward fulfilling the ESL endorsement in Arkansas.

**TESL 6003: Linguistics for ESL Teachers**

Examination of phonology, syntax, and semantics in a variety of languages, including the study of language changes, as well as regional and social variations. This course will provide students with linguistic insights into language usage, writing, reading, spelling, and vocabulary.

**TESL 6013: Modern English Grammar and Usage**

**TESL 6023: Language and Society**

Examination of the interrelationship of language, culture, and non-verbal communication and the role each of these plays in shaping thoughts and attitudes. Students will also investigate the interactions among language, social institutions, cultural beliefs, and individual behavior and the language variations associated with geography, socio-economic class, age, and gender.

**TESL 6033: Oral and Written Communication**

Examination of content and methodology in teaching listening, speaking, and pronunciation to diverse groups of ESL students.

**TESL 6053: TESOL Assessment Strategies**

Examination of theory and practice in the design and evaluation of classroom tests and other assessment tools. Examination of the role of testing; survey of types of tests; criteria of tests; analysis of the tasks that require either listening, speaking, reading, writing, and the levels of communicative competence necessary.
to complete such tasks successfully; and evaluation of the appropriateness of various tests for ESL
students.

**TESL 6063: Instructional Strategies in Content Areas**

Participants will learn strategies to help English language learners acquire the English language and
content area objectives specified by the Arkansas core curriculum standards and the English language
proficiency standards.

**TESL 6143: Reading for English Language Learners**

This course will examine major differences between first and second language learners of English who are
developing reading skills as well as appropriate and effective activities to promote vocabulary development
and reading skills for learners whose second language is English.

**TESL 6863: TESOL Practicum**

Prerequisite: Completion of 27 hours required for the MA degree or permission of the program director.

TESL 6863 is an applied capstone course, designed for teachers to document their instruction of ESOL
students, based on the 12 national ENL (English as a New Language) standards.

**TESL 6891,6892,6893,6894: Independent Study**

Open to graduate students who wish to pursue individual study or investigation of some facet of knowledge
which complements the University's graduate program.

**TESL 6991: Project or Thesis Research Continuation**

This course allows students additional time to research and compose their capstone project/portfolio.
Theatre Course Descriptions

TH 5283: Children's Theatre: Techniques and Practicum
Offered: Summer

Prerequisite: Consent of instructor.

The philosophy of teaching acting to children, in theory and practice. The course is designed for drama majors, teachers, and others interested in child development. The semester equivalent of two hours of class lecture is combined with the semester equivalent of two hours of supervised laboratory experience in a children’s theatre setting.

Note: May not be taken for credit after completion of COMM 4283 or equivalent.

TH 5313: Theatre History I: Antiquity to Romanticism

A historical survey of the development of drama and theatre from classical Greece to the age of romanticism.

Note: May not be taken for credit after completion of TH 4313 or equivalent.

TH 5323: Theatre History II: Late 18th Century to the Present

The development of theatre from the late 1700s through the twenty-first century, including melodrama, realism, experimental theatre, feminism, political theatre, multiculturalism, and collective creation.

Note: May not be taken for credit after completion of TH 4323 or equivalent.

TH 5983: Theatre Seminar

Prerequisite: Twelve (12) hours in theatre or consent of instructor.

A directed seminar dealing with a selected topic in theatre studies.

Note: May be repeated for credit for different topics.

TH 6893: Independent Study

Open to graduate students who wish to pursue individual study or investigation of some facet of knowledge which complements the purpose of the University’s graduate program. Students will be required to plan their studies and prepare formal written reports of their findings.

Note: The selected topic may not constitute any duplication of study leading to the accomplishment of a thesis.
