MATHEMATICS AND STATISTICS

MINOR IN MATHEMATICS

For several majors, a minor in mathematics is a natural and popular acquisition. The minor in mathematics requires 20 hours of courses:

- MATH 2703 Discrete Mathematics
- MATH 2914 Calculus I
- MATH 2924 Calculus II

and 9 hours selected from any 3000#4000 level mathematics or statistics courses excluding MATH 3033 Methods of Teaching Elementary Mathematics, MATH 3703 Mathematics in the Secondary Schools, MATH 3772 Praxis II Mathematics: Content Knowledge Test Preparation, and MATH 4703 Special Methods in Mathematics.
