

# AGRICULTURE BUSINESS

## BACHELOR OF SCIENCE IN AGRICULTURE BUSINESS - AGRICULTURE BUSINESS

The Agriculture Business program provides a balanced educational program with relatively broad interdisciplinary training as opposed to narrow specialization, thus preparing the student for success in their chosen field. The program in Agriculture Business integrates the discipline of agriculture, business, accounting, economics and finance. Emphasis is placed on management directed towards the farm business and Agriculture Business firms. Trends in careers related to agriculture are shifting from production to ag-business services such as management, processing, distribution and marketing. This creates a need for recruits with a broad background in these areas of training. Our systems concept is geared to integration of disciplines to better prepare graduates for present day needs.

### Curriculum

The matrix below is a sample plan for all coursework required for this program.

#### Freshman

Fall	Credits
ENGL 1013 Composition I <sup>1</sup>	3
CHEM 1113 A Survey of Chemistry AND CHEM 1111 Survey of Chemistry Laboratory	4
COMS 1003 Introduction to Computer Based Systems	3
AGAS 1014 Principles of Animal Science	4
AGBU 1001 Agriculture Orientation	1
<b>Total Hours</b>	<b>15</b>

Spring	Credits
ENGL 1023 Composition II <sup>1</sup>	3
