

EXCELLENCE IN
EDUCATOR PREPARATION
ACCREDITATION

All educator licensure programs within the Arkansas Tech University College of Education (in partnership with other colleges on campus) are part of our CAEP accreditation. In addition, twenty individual programs also received national recognition or national specialty accreditation (All programs eligible to receive this recognition at present received it.). Each of the programs included within the CAEP accreditation process are included below, and programs receiving special recognition are also noted. The level of licensure for each is included. Badges and logos for various specialty accreditation or national recognition learned societies are posted following the table of accredited programs.
