

CAEP Measure 2 (Initial Licensure Programs)
Satisfaction of Employers and Stakeholder Involvement
Components R4.2 and R5.3

The Arkansas Tech University (ATU) College of Education and Health receives follow-up employer survey data concerning program graduates from the Arkansas Department of Education (ADE) Division of Elementary and Secondary Education (DESE) and from the Arch Ford Education Service Cooperative. The College also receives information and feedback through various meetings with our stakeholders (We refer to these as “shareholders” since they share the process of developing educators.).

The College uses and receives data and information from a number of data collection tools and processes to determine how employers feel our education program graduates were prepared, and the College provides opportunities for shareholders to work with us in improving our programs of study through multiple informal and formal contexts. The following are ways in which we collect and or receive information from shareholders, including employers, in order to improve our education programs.

1. **ADE DESE Novice Teacher Supervisor Survey** – collected by the ADE DESE each spring semester. This information includes employer ratings of novice teachers’ attainment of the Arkansas Teacher Excellence and Support System (TESS) domains and criteria (based upon Dr. Charlotte Danielson’s Framework for Teaching).
2. **Arch Ford Novice Teacher Employer Survey** – collected by the Arch Ford Education Service Cooperative. This information includes employer ratings of novice teachers’ attainment of the Arkansas TESS domains.
3. **Internal and External Shareholder Involvement** – the ATU College of Education and Health involves shareholders internally and externally primarily through the following approaches.
 - a. **Annual Shareholders Meetings** – occur during the fall and spring semesters for undergraduate initial educator licensure programs (in spring) and graduate initial educator licensure programs (in fall). Shareholders (public school administrators and faculty, education service cooperative representatives, and university faculty and administrators) analyze program data and provide recommendations concerning data, assessment approaches, clinical/field experiences, and revisions to the courses and curriculum.
 - b. **Teacher Education Council** – meetings typically occur during the summer/fall semesters to examine changes to the education programs, curriculum, and courses. The Council consists of university and public-school faculty and administrators.
 - c. **Cohort/Mentor Teacher Training and Feedback** – occurs during the summer semester. Cohort/Mentor teachers participate in training and provide feedback concerning clinical/field experiences and recommendations for evaluation forms and clinical experience processes.
 - d. **College of Education and Health Leadership Team** – meets once per month and organizes additional meetings with school personnel to examine programs and explore potential revisions.

**CAEP Measure 2 (Initial Licensure Programs)
Satisfaction of Employers and Stakeholder Involvement
Components R4.2 and R5.3**

2022 Data Results

ADE DESE Novice Teacher Supervisor Survey

ADE DESE 2021-2022 Novice Teacher Supervisor Survey Statewide N = 549 3 – Very Well 2 – Moderately Well 1 – Minimally Well 0 – Not Well at All	Domain 1 Planning and Preparation: Component A - Demonstrating Knowledge of Content and Pedagogy: Content knowledge, Prerequisite relationships, Content pedagogy	Domain 1 Planning and Preparation: Component B - Demonstrating Knowledge of Students: Child development; Learning process; Special needs; Student skills, knowledge, and Proficiency; Interests and cultural heritage	Domain 1 Planning and Preparation: Component C - Setting Instructional Outcomes: Value, sequence, and alignment; Clarity; Balance; and Suitability for diverse learners	Domain 1 Planning and Preparation: Component D - Demonstrating Knowledge of Resources: For classroom, To extend content knowledge, For students	Domain 1 Planning and Preparation: Component E - Designing Coherent Instruction: Learning activities, Instructional materials and resources, Instructional groups, Lesson and unit structure	Domain 1 Planning and Preparation: Component F - Designing Student Assessments: Congruence with outcomes, Criteria and standards, Formative assessments, Use for planning

Overall, how would you categorize this novice's performance in Professional Responsibilities? (Domain 4)	M = 3.5	M = 3.3	M = 3.4
How prepared do you believe this novice came to your school?	M = 3.3	M = 3.1	M = 3.3

Shareholder Involvement – Annual Shareholder Meeting

Suggested Revisions/Recommendations/ Participation

1. Need to continue to increase awareness of PLCs for education program students and their abilities to participate in PLCs effectively.
2. Informal assessment use was identified from data collected as an area of growth.
3. Praxis PLT remained high. Some content areas were not as strong.
4. Noted the benefits of the extended and in-depth internship.

Revisions Made

1. PLC process has been added to several courses on syllabi requirements, participation, and completion survey.
2. Faculty members developed new efforts, particularly with technological tools, for informal assessment modeling and use.
3. The EPP pursued two grants to provide more test preparation information and study materials.
4. Pursued extending and deepening the internship experience.

Shareholder Involvement – Teacher Education Council

Activities in 2021-2022

1. Discussed and modified the curriculum in mathematics for teacher licensure.
2. Discussed and approved revisions to the elementary education program curriculum to allow more extended and in-depth internship experiences.

Shareholder Involvement – Cohort/Mentor Teacher Training and Feedback

Suggested

Revisions/Recommendations/ Participation

1. Revise the student internship formative observation digital form, once more.
2. Noted a need to increase the number of brainstorming and problem-solving opportunities for field and internship experience.
3. A need was denoted increase the number of summer opportunities for public-school mentor training.

Revisions Made

1. Completed further revision to the internship formative observation digital form.
2. Numbers for these opportunities were increased in the past year.
3. The number of summer trainings were increased for potential mentors.

Shareholder Involvement – College of Education and Health Leadership Team

Activities in 2022

1. Met with school partners to finalize a pilot of an extended and more in-depth internship.
2. Implemented the Walton Foundation grant for loan forgiveness for underrepresented population completers in the Northwest Arkansas region of the state.
3. Completed the revision with public-school partners of MOUs.

Summary and Notes

The employer feedback for our education program graduates in the Arkansas TESS domains of Planning and Preparation, The Classroom Environment, Instruction, and Professional Responsibilities rated at approximately the state average for all categories. Arch Ford Novice Teacher Surveys results indicated that principals rated novice teachers from the ATU education programs between “satisfactory” and “exceptional” for the TESS domains.

The ATU College of Education and Health worked with shareholders from within the university, community, and across the state to make several revisions to its education programs. The College has included selected examples of these efforts with our shareholders and the resulting changes to our programs in the above tables.
