

# Arkansas Tech University

## Quick Start Guide for Students on Blackboard

Visit **OneTech** (<https://onetech.atu.edu/>) to see which courses you are enrolled in. Login using your Tech email.

Find **Academic Calendar**, visit <https://bit.ly/3fJlwnu>

**Note:** Please find the most effective way to communicate with your instructors. This will be listed in your course syllabus

### Access Blackboard

Access Blackboard (<https://bblearn.atu.edu>) by using your Tech email login. For more information, go to <https://bit.ly/3kxfTMY> For Blackboard Student Help, please visit: <https://help.blackboard.com/Learn/Student>

### Course Announcements

Your instructor may post information in the Announcements section of your course. You can access course announcements by clicking on the Announcements link in the course navigation menu. To learn more about how to find announcements, visit <https://bit.ly/2PHPuxO>

### Submit Assignment

Your instructor can add assignments to different areas of your course. To learn how to submit your assignments in Blackboard, visit <https://bit.ly/3gLF7om>

### Find Your Grades

Students can view grades for all of their courses on Blackboard. To learn how to find your grades on Blackboard, visit <https://bit.ly/30Lixa6>

### Virtual Classes/Meetings

There are two tools for attending classes or meetings virtually: Blackboard Collaborate and WebEx Meetings. Your instructor will tell you which to use for each class. For information about Collaborate see: <https://bit.ly/33N8rr0> For help downloading and using WebEx Meetings, see: <https://bit.ly/3fFyItv>

### Student Resource Module

It contains five components: an Introductory video and four folders which are Expectations & Academic Honesty, Assignments & Grades, Video Resources, and Support Resources. The Student Resource Module is automatically added into your online course(s).

### Technical and Blackboard Issues
