

7 REASONS

YOU SHOULD CHOOSE
ARKANSAS TECH UNIVERSITY

#1

FIND INSPIRATION

#2

MAKE A DIFFERENCE

What's your biggest dream?

Toward your dream is the first direction Arkansas Tech University will take you. We nurture your ideas while allowing you the room you need to grow and learn. Here, we'll help you find the inspiration to realize and accomplish anything you dare to dream.

Enhance your college experience with:

- ☑ Interdisciplinary study (working with students in different majors)
- ☑ Study abroad opportunities (Austria, England and Japan, to name a few)
- ☑ Project-based learning (collaborate with a business to solve a real-world problem)

Our biggest dream: for you to enjoy your time at ATU and prepare for the career of your dreams. When you succeed, we all do.

Helping others is part of who we are.

Our Division II student-athletes lead the nation in volunteer hours not because they have to—because they want to. During the 2021 winter storm, football team members stepped in to serve food in the cafeteria when scheduled workers couldn't make it to work.

Other ways ATU students serve:

- ☑ Working with the River Valley Food 4 Kids (a food pantry that provides food to children in the community)
- ☑ Green and Gold Give Back (where students serve at various locations throughout the community)

If you want to make a difference, we'll help find the right path for you at ATU.

#3

SOLVE PROBLEMS

At Arkansas Tech, we know our students are the future leaders of our world, so why not start right away? Our students have worked on efficiency for electric cars, developed a communication platform saving companies millions of dollars and researched the nervous system to help the scientific community develop ways to repair nerves.

What problems will you solve? What new ideas will you realize?

We'll be the first to support your education with:

- ☑ Enhanced curriculum
- ☑ Faculty support
- ☑ Hands-on learning and labs
- ☑ Clubs that relate to your major

Together, we can innovate to make our state, region and world better. We're here, and we're ready. Let's get to work.

Scan this QR Code and the image below to learn how ATU students are working to make the state, region and world a better place.

#4

ROOM TO BREATHE

Being out on your own for the first time can be scary, but at ATU, you're not alone. You're surrounded by supportive faculty, staff and other students who have been there before. For any problem or question you have, there'll be someone just around the corner with a solution. And the knowledge you bring just might help someone else.

Our campus and community are perfect places for meditation and reflection if you get stressed or need a moment to breathe.

- ☑ Hammock grove on campus
- ☑ Hundreds of acres of parks near campus
- ☑ Outdoor space on campus to relax and explore

With a recharged mind, we know you can tackle any challenge.

If you're looking for an enhanced on-campus living experience, consider one of our Living Learning Communities (LLCs).

LLC benefits:

- ☑ Extra networking time with your professors
- ☑ Live in the same hall with people who share your academic interests
- ☑ Use labs in your residence halls

#5

LIFE-LONG VALUE

College is an investment in yourself and your future. You can count on us to provide you the best opportunities for fulfillment in your education. We look for students who understand hard work and dedication to a better life. We already know you have what it takes to be successful, and we're here to help you realize your true potential.

We don't stop caring about you the moment you enroll or the moment you graduate. At ATU, you'll make connections that will stick with you for the rest of your life. Join our network of alumni and friends to discover the life-long value of your education.

\$1 = \$5³⁰
students invest in their ATU education **in increased future earnings**
