In addition, we are encouraging students to submit their admission materials no later than two weeks prior to the start of the semester as a priority admission date. Applicants submitting and accepted after the priority deadline will be considered if space is still available in CSP graduate classes.

For those students not meeting all the minimum requirements for admission, there will be the opportunity for conditional admission if students meet the minimum graduate college admission standards or upon a successful appeal to the program director. Students admitted under a conditional status must earn a cumulative 3.0 GPA on the first 12 graduate hours in the program. Note—the GRE and/or MAT scores are no longer being required for conditional admission.
