

EMERGENCY MANAGEMENT

STUDENT GUIDE

Emergency Management
& Homeland Security

VISION

The Department of Emergency Management, Professional Studies, and Student Affairs Administration develops experts, collaborators, and innovators who lead and transform the diverse communities in which they serve by bridging theory and practice.

MISSION

The Department of Emergency Management, Professional Studies, and Student Affairs Administration is committed to the growth, development, and success of students by combining academic preparation, mentorship, and field experience. We are dedicated to empowering students to become world-changers by equipping them with the education, critical thinking, and experience needed as scholars and practitioners in their communities.

CORE COMPETENCIES

By the time a student graduates with a bachelors or masters degree in emergency management from Arkansas Tech University, the student will master the following core competencies:

- Operate within the EM Framework
- Disaster Risk Management
- Scientific Literacy
- Geographic Literacy
- Sociocultural Literacy
- Technological Literacy
- Possess Critical Thinking
- Abide by Professional Ethics
- Systems Literacy
- Leadership
- Continual Learning
- Community Engagement
- Governance & Civics

**YOUR EDUCATION JOURNEY SHOULDN'T BE DIFFICULT.
WE ARE HERE TO HELP YOU SUCCEED!**

STAY CONNECTED

The Department of Emergency Management works purposely to communicate with internal and external audiences. We want to ensure students know about student and faculty accomplishments, program and curricular changes, upcoming program events, conferences, training, extracurricular opportunities, job opportunities, major and alumni job placements, and more! Information is routinely disseminated through the following forums:

- Facebook: www.facebook.com/TechDEM
- Instagram: @atu.dem
- Twitter: @atu_dem
- LinkedIn: <https://www.linkedin.com/groups/5063911/>
- Website: www.atu.edu/emergencymanagement
- Blackboard: DEM Student Success Site

We urge you to like/follow us on as many platforms as possible so you can be sure you are getting the information you need to progress through the program and onto your next step thereafter!

SCHOLARSHIPS

Ed Leachman EM Scholarship: The recipient of this award must be an undergraduate or graduate student at Arkansas Tech University pursuing a degree within the Department of Emergency Management. The recipient must be active in the International Association of Emergency Managers and demonstrate financial need.

Dr. Richard Ihde EM Communications Scholarship: available to a full-time graduate or undergraduate student majoring in Emergency Management. Consideration will be given to students who are in good academic standing, demonstrates financial need, and submits a 500-word (minimum) essay on the topic of the importance of communication in emergency management.

Bea Patterson and Roy Hull Smith Student Travel Fund Endowment: Applicants must be a current emergency management student of Arkansas Tech University who will benefit from the conference/event pertaining to the field of emergency management.

GET INVOLVED

Resilience in Disasters and Emergencies (RIDE): The student organization organized through emergency management. This group coordinates speaker series, networking events, training events, field trips, and service learning projects for members. The organization holds regular meetings throughout the academic year. Membership in the association is low cost and open to all Arkansas Tech University students.

Epsilon Pi Phi: A scholastic honor society recognizing academic achievement among students in the field of emergency management, homeland security, disaster research and science, criminal justice, and continuity management disciplines.

Alumni Mentorship: The Department of Emergency Management is blessed to have alumni who support all of its programs and the students within them. Alumni routinely speak in courses, allow students to informally interview and job shadow with them, help connect students to resources, build student professional networks, inform students of job openings and more.

Coffee with the Faculty: Once a month, you are invited to join the Emergency Management faculty for an open conversation. The gathering represents an opportunity for discussion about any topic of interest to students. Have a curriculum question? Wonder about something the program is doing? Have a suggestion to improve student experience? Want to know more about a particular topic?

EM Student Support Center: We believe in the power of collaboration and student-driven success. Our center is a dynamic hub where students tutor students, fostering a community of shared knowledge and expertise.

Events & Real World Application: Unlock the full potential of your Emergency Management education at Arkansas Tech University by engaging in real-world volunteer opportunities that bridge the gap between the classroom and the field.

MINORS & CERTIFICATES

As you embark on your education journey, consider enhancing your expertise by adding a specialized certificate to your program. We're committed to providing you with a holistic and tailored education that prepares you for success in the diverse field of emergency management. If you have any questions or need guidance on selecting the right certificate for you, feel free to reach out to our dedicated faculty and advisors.

CERTIFICATE OPTIONS:

1. **Cyber Resilience:** Explore the intersection of emergency management and cybersecurity. Learn to safeguard critical systems, protect sensitive information, and develop strategies to ensure the resilience of communities in the face of cyber threats.
2. **Global Security:** Gain a global perspective on emergency management challenges. This certificate explores the impact of geopolitical factors, international relations, and cultural dynamics on disaster response and recovery efforts.
3. **Small Unmanned Aerial Systems (sUAS):** Dive into the cutting-edge technology of small unmanned aerial systems. Explore their applications in disaster assessment, search and rescue operations, and data collection for effective emergency response.

HOW TO INCORPORATE A CERTIFICATE:

1. **Consult with Your Advisor:** Schedule a meeting with your academic advisor to discuss your interest in adding a certificate to your Bachelor's degree. They will help you create a plan that aligns with your academic and career goals.
2. **Integrated Curriculum:** Our certificate programs are designed to seamlessly integrate with your Emergency Management coursework. This ensures a cohesive and enriching educational experience.
3. **Flexible Learning:** Many certificate courses are available online, offering flexibility to accommodate your schedule and academic preferences.

MAJOR MAP: EMERGENCY MANAGEMENT

ARKANSAS TECH UNIVERSITY

COURSES YOU NEED

TRAINING

EXPERIENCES

NETWORK

CAREER SUCCESS

Fall: EAM 1013
Spring: EAM 3003
Gen ed courses
Develop curriculum plan.

Take FEMA independent study courses.
Keep track of your training and certificates.

Volunteer to start gaining experiences.
Variety and depth of experiences will benefit you the most.

Join the RIDE (Resilience in Disasters & Emergencies) student organization.

Research emergency management jobs to become familiar with position requirements.

Fall: EAM 3023, EAM 3053, EM elective
Spring: EAM 3063, EAM 4033, EM elective
Choose certificate of focus or minor.

Attend relevant courses and training. External trainings will expose you to a larger network and more opportunities.

Participate in guest lectures, attend campus events, complete coursework as if field work, and continue to volunteer.

Join EM online groups, make professional connections on social media, attend EM conferences, and attend career fairs.

Keep resume updated, explore job possibilities, complete practice job interviews, job shadow or obtain an internship.

Fall: EAM 4013, EAM 4023, EM elective
Spring: EAM 3013, EAM 4003, EM elective
Consider the AB2M.

Pursue trainings to expand knowledge in the area of EM you are interested. Focus efforts towards certificates and licensures.

Seek out opportunities for applied projects and research.

Connect with EM program alumni to grow your network.
Follow-up with connections made.

Complete job searches, keep resume updated, and work with the campus career center for advice and tips.

Internship, Capstone, and EM elective
Apply for graduation.

Ensure all training is reflected on your resume and portfolio.

Assess experiences and identify any gaps related to job requirements.

Inform people in your network you are nearing graduation and on the job market.

Apply for jobs or graduate school.
