Written arguments or analyses demonstrate capacity to share and understand others' feelings and thoughts.	Disciplined, disposed and able to see and feel what others see and feel; unusually open to and willing to seek out the odd, alien, or different; able to make sense of texts, experiences, events that seem weird to others	Disposed to see and feel what others see and feel; open to the unfamiliar or different; able to see the value and work that others do not see.	Knows and feels that others see and feel differently and is somewhat able to empathize with others.	Has little or no empathy beyond intellectual awareness of others; sees things through own ideas and feelings; ignores or is threatened or puzzled by different feelings, attitudes, views.	
Devises empathy-related solutions that model concern for others, inhibit aggression, and provide the foundation of moral judgment.	Incorporates multiple other perspectives and shows a willingness to try new ideas into their arguments, worldviews, or projects	Seeks out other viewpoints and correct implementation of other viewpoints, cultures, and structures.	Incorporates new ideas and perspectives without seeking to understand or apply them completely or appropriately.	Unable to find solution that incorporates opposite viewpoints.
