## II. Updates

- **Chair** (Greg Michna)
  - Recently had a meeting with the Faculty Senate
  - Has been pushback on proposal to revamp the General Education Program

- Based on a question from Josh Lockyer, Greg Michna pointed out that there was a concern from the administration that more general education would reduce student enrollment
  - Importance of perception in trying to change the General Education program
  - Right now the proposal is languishing with the strong administrative disapproval
  - Will be an exploration of possibly a more modest proposal, which faculty should inquire about with Greg Michna if there is more interest
  - A general view that the committee is OK with tabling the proposal for now
  - Will hopefully know more for next meeting
- **Assessment (Christine Austin)**
    - Greg Michna spoke with Christine Austin who was unable to attend the meeting but left him with some points
    - Currently she is preparing artifacts to be evaluated in the Spring 2023 semester
    - Is seeking out more faculty who would be interested in being involved in the process. *If they are interested they should contact Christine Austin*
    - The artifacts should be ready either right before or after Spring Break
    - Suggestion by Ernest Enchelmayer to turn this into a service project to increase participation
    - Sherry Tinerella will post on Faculty Senate Webex Teams to try to encourage greater participation
    - Will be an email sent out by Greg Michna in the next week or two with more information
