OTA TECHNICAL COURSEWORK

Students must apply to the technical phase of the program following completion of the platform coursework. Admission to the technical phase is competitive due to limited enrollment. Satisfactory completion of the technical coursework will enable a student to graduate with an Associate of Applied Science, take the NBCOT certification exam and apply for state licensure as an OTA. The technical phase of the program includes a combination of classroom/laboratory study and 16 total weeks of required fieldwork education. During the classroom/laboratory portion of the program, students will have the opportunity to learn OT procedures and practice specific procedures on fellow OTA students. Students will be expected to participate in all class and laboratory activities as both a demonstration subject and a simulated patient for their classmates. The fieldwork education portion of the program consists of working with patients in a clinical facility as a student for 40 hours per week while under the supervision of a fieldwork instructor. Fieldwork education sites are located in various cities and towns.
throughout the area and some may even require lodging due to their distance from the campus. Students will be responsible for all travel associated with clinical education. In addition, each student will be responsible for all meals and lodging associated with fieldwork education, unless provisions are made by the site to which they are assigned. Projected technical coursework for the 2017-2018 class will include the following:

CLINICAL OBSERVATION

Applicants must complete 16 hours of clinical observation with one OT or OTA and submit the clinical observation verification and rating scale. The purpose of the clinical observation requirement is to provide prospective students with a better understanding of the OT profession and the role of the OTA. Applicants are encouraged to abide by the following guidelines when completing the clinical observation requirement:

- Call clinical sites in order to arrange an appointment for observation. Explain to the supervising OT or OTA regarding your intention to apply to an OTA program. Also explain to the therapist that you would like to observe either an OT or OTA at their facility.
- Dress appropriately for your observation appointment. Appropriate dress includes closed-toed shoes, slacks (khakis are acceptable) and a collared shirt or nice blouse. Avoid jeans, T-shirts, sandals, excessive perfume and hats. In addition, visible tattoos may need to be concealed and body piercings (other than a single-stud type earring) may need to be removed. The clinical facility has the right to send you away if your appearance is considered inappropriate.
- Be punctual for your observation appointment. If you can’t make the appointment, please be sure to call the clinical facility to cancel and re-schedule as necessary.
- Maintain confidentiality. Students must remember to never mention a patient’s name, medical diagnosis or treatment when outside of the facility.
- Be courteous and pay attention to the treatment procedures you are observing. Also remember to thank the supervising OT or OTA for allowing you to observe in their facility.

The student is responsible for ensuring that the completed Clinical Observation form is included with the other application materials.
MEMORANDUM

TO: Occupational Therapy Assistant applicant

FROM: Arkansas Tech University-Ozark, Department of Occupational Therapy Assistant

DATE: September 21, 2017

SUBJECT: Required volunteer/observation experience

Arkansas Tech University-Ozark Campus’ Department of Occupational Therapy Assistant requires a volunteer/observation experience for all program applicants. This experience must be for a minimum of 16 hours and may be completed in any occupational therapy setting under the supervision of one (1) registered occupational therapist (OTR) or certified occupational therapy assistant (COTA). It is the responsibility of the applicant to make arrangements with an OTR/COTA for this experience. The applicant is also responsible for obtaining the clinical observation evaluation form from Arkansas Tech University-Ozark Campus and giving it to the supervising therapist. This requirement must be met and all forms returned by the application deadline.

Guidelines for the volunteer experience are as follows:

1. The applicant makes arrangements with an OTR/COTA to complete the 16 hours of clinical observation. It is up to the applicant and therapist to agree on the schedule for these hours (i.e., 4 hours per day, 2 hours per week, etc.). This is a voluntary service provided by the therapist. Therapists are NOT obligated to provide this experience.

2. The applicant gives the OTR/COTA the evaluation form the first day of the volunteer experience.

3. Once the volunteer experience is finished, the OTR/COTA completes the evaluation form, seals it in an envelope and signs his/her name across the seal.

4. The evaluation form MUST be received prior to the application deadline.

5. Each of the required 16 hours of observation MUST be completed with one OTR or OTA.

6. Observation hours must be dated within the current 6 months preceding the application. For example, an applicant for the 2017 class must have observation hours completed between October 2016 and March 2017.

7. Applicants will not be allowed to use current or previous work site as observation hours, nor can an applicant observe under a therapist who is a family member or friend.

8. Observation time is not considered a clinical experience, it is NOT recommended for students to perform any hands on patient related activities for the safety of the patient and the student.

Test of Essential Academic Skills (TEAS) Exam

The TEAS is scheduled by the Allied Health secretary after the application deadline. A letter will be mailed with available test dates. Prior to taking the TEAS, applicants will be required to pay a testing fee to the Business Office. The TEAS is a computerized test and therefore test scores will be immediately available. Test results will then be forwarded to the OTA program office and the Office of Student Services. Acceptance of TEAS results from testing at locations other than Arkansas Tech University- Ozark Campus will be at the discretion of the OTA Program. The latest version of the TEAS will be used by the OTA program for admission consideration.

SELECTION CRITERIA

Due to the limited spots available for each class of OTA students, the OTA program must use a method of ranking each candidate according to the candidate’s qualifications. The following will be used in the selection process:

- TEAS score: 70%
- Essay: 15%
- Clinical observation rating form: 15%

In the case of a tie in the application score for applicants, the following criteria will be utilized as tie-breakers (the criteria are arranged in order of importance):

1. Cumulative GPA for all college coursework completed prior to the application deadline;
2. Number of platform hours completed prior to application deadline;
3. Date of submission of completed OTA program application materials.

SELECTION PROCESS

Offers of admission for available spaces will be made to the qualified applicants with the highest overall ratings. All applicants will be notified by the OTA Program of their admission status. Applicants accepted into the program must notify the OTA Program office as soon as possible of their decision to accept or decline the offer of admission. Applicants who decline admission or are not accepted for admission may reapply for admission the following year. In the event an opening for a student becomes available, then applicants from the alternate list will be offered admission according to individual ranking.

The timeline for the application and selection process is:

By March 15
OTA program application and all forms included in packet (including essay and clinical observation form) are due. Students with completed applications will be scheduled for TEAS exams by the Allied Health secretary.

After May 1
OTA applications will be reviewed and students will be selected for entry to the technical coursework.
FINANCIAL AID

Students requesting information regarding financial aid are encouraged to contact the Financial Aid Office as follows:

NONDISCRIMINATION STATEMENT

Arkansas Tech University-Ozark Campus does not discriminate on the basis of color, sex, sexual orientation, gender identity, race, age, religion, national origin, or disability, in any of its practices, policies, or procedures. This includes, but is not limited to, admission, employment, financial aid, or educational service. Arkansas Tech University-Ozark Campus complies with all applicable state and federal laws including, but not limited to, Title VI and Title VII of the Civil Rights Act of 1964 as amended, the Age Discrimination in Employment Act of 1967 as amended, Title IX of the Educational Amendment of 1972, Section 504 of the Rehabilitation Act Amendments of 1974, the Civil Rights Restoration Act of 1987, the Americans with Disabilities Act of 1990, and the Civil Rights Act of 1991. A copy of the Affirmative Action Plan, including specific responsibilities and provisions for implementation and compliance will be made available upon request. Responsibility for implementation and compliance with this Affirmative Action policy has been delegated to the Affirmative Action officer, e-mail affirmative.action@atu.edu

PROJECTED PROGRAM COSTS

Estimated costs for enrollment in the technical phase of the OTA program are as follows:

- Approximately $8,606.00 for tuition and fees
- Approximately $900 to $1,000 for textbooks
- Approximately $200 for uniforms, lab supplies and background checks
- $15 for a campus parking permit
- Approximately $50 for TB testing
- Approximately $90 for Hepatitis B vaccination

*The above projected costs are subject to change.*

CRIMINAL BACKGROUND INVESTIGATION

Students admitted to the OTA program will be expected to obtain criminal background checks following entry into the program. Criminal background checks may be a requirement for attendance at some of the clinical education sites affiliated with the OTA program. Based upon the results of these checks, an affiliated clinical education site may determine not to allow a particular student’s presence at a facility. In addition, a criminal background may preclude licensure or employment following graduation. Students are responsible for the associated costs and delivery of background results to the clinical facility requesting the information.
**DRUG AND ALCOHOL TESTING**

Drug and alcohol testing may be a requirement for attendance at some of the clinical education sites affiliated with the OTA program. Based upon the results of these checks, an affiliated clinical education site may determine not to allow a particular student’s presence at a facility. The student is responsible for the costs associated with any drug and alcohol testing required for attendance at a particular clinical education site. In addition, the student is also responsible for submission of testing results to the clinical education facility requesting the information.

**STUDENT HEALTH AND PHYSICAL EXAMINATION**

Students admitted to the OTA program will be expected to provide health information and participate in a physical examination to be performed by a physician, physician’s assistant or nurse practitioner. The purpose of the physical examination is to determine the student’s ability to safely perform the physical demands expected of an OTA. The purpose of the health information form is to enable the student an opportunity to provide pertinent information to the OTA program which may affect the student’s ability to safely participate in laboratory and clinical education activities.

**ESSENTIAL FUNCTIONS FOR THE OCCUPATIONAL THERAPY ASSISTANT**

Successful participation in the OTA program includes the ability to perform essential functions, which are necessary for delivery of occupational therapy services in a safe, ethical and legal manner. The essential functions are expected to be demonstrated, with or without reasonable accommodation, by students participating in the OTA program. Upon reviewing the essential functions for the OTA student included in this packet, the candidate will complete the acknowledgment of essential functions for the occupational therapy assistant student form and indicate whether or not that student can perform the essential functions. Prior to admission to the program, the student is responsible for providing written documentation of any disabilities, along with evidence for the need for accommodation. Requests for accommodations will be forwarded to the disability coordinator for the university. The university will then decide if reasonable accommodations can be made for that particular student.
Essential functions describe the tasks, skills, abilities, work activities, work context and work styles that are required for the completion of the OTA Program and to work as generalist occupational therapy assistants. The student is required to meet all objectives related to the coursework and fieldwork experiences. Physical, emotional, cognitive and environmental demands will vary throughout the curriculum and fieldwork experience. This list is a summary of the essential functions, but is not meant to be all-inclusive.
