## Women's History Month

The 2009 Women's History Month Honorees all have something in common. They have all done important work in the on-going "green movement".

Learn more about the Women's History Month Project at:  
<http://www.nwhp.org/>

## Gearing Up for New Physical Therapy Assistant Program

The library has been preparing for the Ozark Campus' new Physical Therapy Assistant program. We have added titles to support this specific curriculum. Come on in and check out the "New Books" section. There is a wide variety of other subject materials as well.

## Book Exchange: Recycle Your Paperbacks

The library has set up a book rack in the **Student Center** for paperbacks that need new homes. Come in and find something to read and take it. Finish a good book and then bring it in for others to enjoy. There are some good titles here already!

Don't forget you can request books from the Russellville Campus Library collection to be delivered to the Ozark Campus. Check out their catalog.
