Students will be expected to participate in all class and laboratory activities as both a demonstration subject and a simulated patient for their classmates. The clinical education portion of the program consists of working with patients in a clinical facility as a student while under the supervision of a clinical instructor. Clinical education sites are located in various cities and towns throughout the area and some may even require lodging due to their distance from Arkansas Tech University-Ozark Campus. Students will be responsible for all travel associated with clinical education. In addition, each student will be responsible for all meals and lodging associated with clinical education, unless provisions are made by the clinical education site to which they are assigned. ## HESI PN to ADN MOBILITY EXAM

Prior to taking the HESI PN or Paramedic to ADN MOBILITY exam, applicants will be required to pay a testing fee. This is a computerized test and therefore test scores will be immediately available. Test results will then be forwarded to the RN program office and the Office of Student Services. Acceptance of HESI results from testing at locations other than Arkansas Tech

University-Ozark Campus will be at the discretion of the RN Program. The HESI PN or Paramedic to ADN MOBILITY EXAM will be used by the RN program for admission consideration.

### **SELECTION CRITERIA**

Due to the limited spots available for each class of RN students, the RN Program must use a method of ranking each candidate according to the candidate's qualifications. Applicants will be ranked by scores on the HESI PN or Paramedic to ADN MOBILITY EXAM.

In the case of a tie in the application score for applicants, the following criteria will be utilized as tie-breakers (the criteria are arranged in order of importance):

1. Cumulative GPA for all college coursework completed prior to the application deadline
2. Date/time of submission of completed LPN to RN program application materials.

### **SELECTION PROCESS**

Offers of admission for available spaces will be made to the qualified applicants with the highest overall ratings. All applicants will be notified by the RN Program of their admission status. Applicants accepted into the program must notify the RN Program office as soon as possible of their decision to accept or decline the offer of admission. Applicants who decline admission or are not accepted for admission may reapply for admission the following year. In the event an opening for a student becomes available, then applicants from the alternate list will be admitted according to individual ranking.

The timeline for the application and selection process is included below:

March 1,	RN program application and forms included in the packet due to RN program office.
AFTER THE APPLICATION DEADLINE,	Students with completed applications will complete appropriate HESI PN or Paramedic to ADN MOBILITY EXAM.
