11. Each sample should be marked with the Respondent's name and address, solicitation number and item number. 15. ALTERATION OF ORIGINAL SOLICITATION DOCUMENT: The original written or electronic language of the solicitation document shall not be changed or altered except by approved written addendum issued by ATU Procurement Services. This does not prohibit a vendor/contractor from taking exception(s) to these documents, but does clarify that he/she cannot change the original document's written or electronic language. If a vendor wishes to make exception(s) to any or the original language, they must be submitted in separate written or electronic language in a manner that clearly explains the exception(s). If a vendor's submittal is discovered to contain alterations/changes to the original written or electronic documents, the response may be declared as “non-responsive” and not considered.

16. AWARD: Any contract resulting from this solicitation shall be awarded with reasonable promptness by written notice to the lowest responsible and responsive respondent. A written Purchase Order mailed or otherwise furnished to the successful respondent within the time of acceptance specified

in the solicitation results in a binding contract without further action by either party. Firm Contract: A written University Purchase Order mailed or otherwise furnished to the successful respondent within the time of acceptance specified in the solicitation results in a binding contract that requires the vendor to furnish the commodities or services as stated on the purchase order that will reference the original solicitation documents and number. Vendor is to immediately initiate action to comply with the requirements of the PO that by reference will incorporate all the requirements contained in the original Request for Quotation.

Term Contract: A Contract Award will be issued to the successful respondent. It results in a binding obligation of the item(s) or service(s) for specific pricing and time frame without further action at that time by either party. The Contract Award does not authorize any shipment(s) or service(s) to be provided. Shipment(s) of commodities or the providing of service(s) related to a "term contract" is only authorized by the receipt of a University Purchase Order by the contractor that will list the actual requirement, pricing, delivery location and contract number.

17. TERM OF CONTRACT: The solicitation, Contract Award or Purchase Order will clearly state the period of time the contract will be in effect for each individual contract.

18. DELIVERY: On the face of the solicitation, the respondent should show approximate number of days for delivery after receipt of order. "Working days" shall be defined as Monday through Friday of each week, exclusive of all official State holidays.

19. BACKORDERS OR DELAY IN DELIVERY: Backorders or failure to deliver within the time required may be default of the contract. Contractor must give written notice to Procurement Services of the reason and the expected delivery date. If reason is not acceptable, contractor is in default. Procurement Services has the right to extend delivery if reasons appear valid. If date is not acceptable, the University may buy elsewhere and any additional cost will be borne by the Contractor.

20. DELIVERY REQUIREMENTS: No substitutions or cancellations are permitted without prior written approval by ATU Procurement Services. Delivery shall be made during ATU work hours only, 8:00 a.m. to 4:00 p.m. Monday through Friday, unless prior approval for other delivery has been obtained from the University. Packing memorandum shall be enclosed with each shipment.

21. DEFAULT: All commodities furnished will be subject to inspection and acceptance of the University after delivery. Backorders, default in promised delivery or failure to meet specifications authorizes Procurement Services to cancel this contract or any portion of same and reasonably purchase commodities elsewhere and charge full increase, if any, in cost and handling to defaulting contractor. *Consistent failure to meet delivery without a valid reason may cause removal from the Respondents' List or suspension of eligibility for award.*

22. VARIATION IN QUANTITY: The University assumes no liability for commodities produced, processed or shipped in excess of the amount specified on the ATU Purchase Order.

23. INVOICING: The contractor shall be paid upon completion of all of the following:

- (1) delivery and acceptance of the commodities or services;
- (2) submission of a properly itemized invoice that reflects the contract/purchase order number(s), item(s), quantity and pricing;
- (3) and the proper and legal processing of the invoice by the University.

Invoices must be sent to the ATU Accounts Payable Office as shown on the purchase order. *Itemized sales tax shall be shown on the invoice.*

24. ATU PROPERTY: Any specifications, drawings, technical information, dies, cuts, negatives, positives, data or any other commodity furnished to the contractor hereunder or in contemplation thereof or developed by the contractor for use hereunder shall remain property of the University, be kept confidential to the extent allowed by Arkansas law, be used only as expressly authorized, and returned at the contractor's expense to ATU Procurement Services, properly identifying what is being returned.

25. PATENTS OR COPYRIGHTS: The contractor agrees to indemnify and hold Arkansas Tech harmless from all claims, damages, and costs, including attorney's fees, arising from infringement of patents or copyrights.

26. ASSIGNMENT: Any contract entered into pursuant to this solicitation is not assignable nor the duties thereunder delegable by either party without the written consent of both parties of the original contract.

27. CANCELLATION: Either party may cancel any contract or item award for cause by giving a thirty (30) day notice of intent to cancel.

(a) *Cause for the University to cancel* will include, but is not limited to, cost exceeding current market prices for comparable purchases, request for increase in prices during the period of the contract or failure to perform to contract conditions. The contractor will be required to honor all purchase orders that were prepared and dated prior to the date of expiration or cancellation. Cancellation by the University does not relieve the contractor of any liability arising out of a default or nonperformance.

If a contract is cancelled due to a request for increases in pricing or failure to perform, that contractor will be removed from the respondents/vendors list for a period up to twenty-four (24) months.

(b) *Cause for the vendor to cancel* a contract will include but is not limited to the item(s) being discontinued and unavailable from the manufacturer or non-payment of vendor invoices by the University.

28. OTHER REMEDIES: In addition to the remedies outlined herein, the contractor and the University have the right to pursue any other remedy permitted by law or in equity.

29. LACK OF FUNDS: The University may cancel this contract to the extent funds are no longer legally available for expenditures under this contract. The University will return any delivered but unpaid goods in normal condition to the contractor. If the University is unable to return the commodities in normal condition and there are no funds legally available to pay for the goods, the contractor may file a claim with Arkansas Claims Commission for the actual expense. If the contractor has provided services and there are not longer funds legally available to pay for the services, the contractor may file a claim.

30. ETHICAL STANDARDS: It shall be a breach of ethical standards for a person to be retained,

or to retain a person, to solicit or secure a University contract upon an agreement or understanding for a commission, percentage, brokerage or contingent fee, except for retention of bona fide employees or bona fide established commercial selling agencies maintained by the contractor for the purpose of securing business.

31. DISCRIMINATION: In order to comply with the provisions of Act 954 of 1977, relating to unfair employment practices, the respondent agrees as follows:

- (a) the respondent will not discriminate against any employee or applicant for employment because of race, sex, color, age, religion, pregnancy, veterans' status, genetic information, sexual orientation, gender identity, disability or national origin;
- (b) in all solicitations or advertisements for employees, the respondent will state that all qualified applicants will receive consideration without regard to race, color, sex, age, religion, pregnancy, veteran status, genetic information, sexual orientation, gender identity, disability or national origin;
- (c) the respondent will furnish such relevant information and reports as requested by the Human Resources Commission for the purpose of determining compliance with the statute;
- (d) failure of the respondent to comply with the statute, the rules and regulations promulgated thereunder and this non-discrimination clause shall be deemed a breach of contract and it may be canceled, terminated or suspended in whole or in part;
- (e) the respondent will include the provisions of items a through d in every subcontract so that such provisions will be binding upon such subcontractor or vendor.

32. MINORITY VENDORS: The University encourages all small, minority and women-owned business enterprises to submit responses. Encouragement is also made to all contractors that, in the event they subcontract portions of the contract, consideration is given to these groups.

33. ANTITRUST ASSIGNMENT: As part of the consideration for entering into any contract pursuant to this solicitation, the respondent named on the front of this solicitation, acting herein by the authorized individual, its duly authorized agent, hereby assigns, sells and transfers to the University/State of Arkansas all rights, title and interest in and to all causes of action it may have under the antitrust laws of the United States or this State for price fixing, which causes of action have accrued prior to the date of this assignment and which relate solely to the particular goods or services purchased or produced by this State pursuant to this contract.

34. CONTRACT & GRANT DISCLOSURE AND CERTIFICATION: Any contract or amendment to any contract executed by the University **that exceeds \$10,000** shall require the contractor to disclose information as required under the terms of Executive Order 98-04 and the regulations pursuant thereto. Failure of any person or entity to disclose or any violation of any rule, regulation or policy promulgated by the Department of Finance & Administration pursuant to this order shall be considered a material breach of the terms of this contract. The material breach of the terms shall subject the party failing to disclose, or in violation, to all legal remedies available to the University under the provisions of existing law.

If required, the Contract & Grant Disclosure and Certification Form (F-1 and F-2) shall be used for the disclosure purpose. No contract or amendment to any existing contract will be approved until the contractor completes and returns the disclosure form.

35. ARKANSAS TECHNOLOGY ACCESS: When procuring a technology product or when soliciting the development of such a product, the State of Arkansas is required to comply with the provisions of Arkansas Code Annotated § 25-26-201 et seq., as amended by Act 308 of 2013, which expresses the policy of the State to provide individuals who are blind or visually impaired with access to information technology purchased in whole or in part with state funds. The Vendor expressly acknowledges and agrees that state funds may not be expended in connection with the purchase of information technology unless that system meets the statutory requirements found in 36 C.F.R. § 1194.21, as it existed on January 1, 2013 (software applications and operating systems) and 36 C.F.R. § 1194.22, as it existed on January 1, 2013 (web-based intranet and internet information and applications), in accordance with the State of Arkansas technology policy standards relating to accessibility by persons with visual impairments.

THE VENDOR EXPRESSLY REPRESENTS AND WARRANTS to the State of Arkansas through the procurement process by submission of a Voluntary Product Accessibility Template (VPAT) or similar documentation to demonstrate compliance with 36 C.F.R. § 1194.21, as it existed on January 1, 2013 (software applications and operating systems) and 36 C.F.R. § 1194.22, as it existed on January 1, 2013 (web-based intranet and internet information and applications) that the technology provided to the State for purchase is capable, either by virtue of features included within the technology, or because it is readily adaptable by use with other technology, of:

- Providing, to the extent required by Arkansas Code Annotated § 25-26-201 et seq., as amended by Act 308 of 2013, equivalent access for effective use by both visual and non-visual means;
- Presenting information, including prompts used for interactive communications, in formats intended for non-visual use;
- After being made accessible, integrating into networks for obtaining, retrieving, and disseminating information used by individuals who are not blind or visually impaired;
- Providing effective, interactive control and use of the technology, including without limitation the operating system, software applications, and format of the data presented is readily achievable by nonvisual means;
- Being compatible with information technology used by other individuals with whom the blind or visually impaired individuals interact;
- Integrating into networks used to share communications among employees, program participants, and the public; and
- Providing the capability of equivalent access by nonvisual means to telecommunications or other interconnected network services used by persons who are not blind or visually impaired.

If the information technology product or system being offered by the Vendor does not completely meet these standards, the Vendor must provide an explanation within the Voluntary Product Accessibility Template (VPAT) detailing the deviation from these standards.

State agencies cannot claim a product as a whole is not commercially available because no product in the marketplace meets all the standards. If products are commercially available that meet some but not all of the standards, the agency must procure the product that best meets the standards or provide written documentation supporting selection of a different product.

For purposes of this section, the phrase “equivalent access” means a substantially similar ability to communicate with, or make use of, the technology, either directly, by features incorporated within the technology, or by other reasonable means such as assistive devices or services which would constitute reasonable accommodations under the Americans with Disabilities Act or similar state and federal laws. Examples of methods by which equivalent access may be provided include, but are not limited to, keyboard alternatives to mouse commands or other means of navigating graphical displays, and customizable display appearance. As provided in Act 308 of 2013, if equivalent access is not reasonably available, then individuals who are blind or visually impaired shall be provided a reasonable accommodation as defined in 42 U.S.C. § 12111(9), as it existed on January 1, 2013.

As provided in Act 308 of 2013, if the information manipulated or presented by the product is inherently visual in nature, so that its meaning cannot be conveyed non-visually, these specifications do not prohibit the purchase or use of an information technology product that does not meet these standards.

36. SOVEREIGN IMMUNITY: Nothing in any agreement resulting from this solicitation shall be construed to waive the sovereign immunity of the State of Arkansas or any entity thereof, including Arkansas Tech University.

37. A. C.A. §21-1-503. Company and Artist certify that they are not currently engaged in, and further, hereby agree that for the duration of the contract, not to engage in a boycott of Israel.
