

**After the Fact Purchase Explanation**

As an institution of the State of Arkansas, ATU must operate an accounting system that embraces encumbrance accounting (State of Arkansas Accounting regulation 19-4-1103). In addition, the University operates on a board approved budget that must be maintained in part by the use of encumbrances. For these reasons, all purchases must be made using an official ATU purchase order or be placed on a University pcard. Failure to do so is a violation of these regulations and results in an “after the fact” purchase. ***This form is to be completed in the event of one of these purchases and is to be done only as the exception and not as a means to circumvent the encumbrance process. Submit this form after requisition entry. A purchase order will be generated upon approval by Procurement and the Controller's Office.***
