INTRODUCTION

Welcome to the State of Arkansas/Arkansas Tech University Procurement Card (P-Card) Program. As an agency of the State of Arkansas, Arkansas Tech University is participating in this program that is designed to help better manage low-dollar supply purchases and bring many benefits to you, the University, and our vendors. The P-Card will facilitate the acquisition of lower dollar goods and services needed for conducting official University business. It is intended that the P-Card be issued to University full-time employees to enhance the University and departmental effectiveness or economy of operations. Liability for payment, total responsibility and accountability for the P-Card transactions resides at the department level. Personal purchases are strictly forbidden and may result in disciplinary action.

It is accepted that no policy and guideline statement can cover all eventualities. Exceptional cases will be resolved as circumstances and prudent business practices warrant on a case-by-case basis.

University departments, as a condition of participation in the P-Card program, shall abide by the terms of the guidelines unless written exception is requested and approved by Procurement and Risk Management Services.

The success of the Procurement Card Program and its continuing use depends on your participation and cooperation. Please be sure to read and follow the program guidelines as specified within this document.

1. WHAT IS THE PROCUREMENT CARD?

The Procurement Card is a Mastercard credit card issued by Bank of America (BOA). It is a fast, flexible new purchasing tool which offers an alternative to the existing purchasing processes and provides an extremely efficient and effective method for purchasing and paying for items that have low dollar amounts or for vendors who may not accept purchase orders. **The P- Card is to be used only for official business purchases for Arkansas Tech University.**

The issuance of a P-Card to you represents the trust bestowed upon you by the University to protect its assets and integrity. Under your oversight, review and approval, **you provide the key point of control to maintain appropriate spending activities to protect your departmental funds.**

The Procurement Card will enable you to purchase non-restricted commodities, by telephone or in person, directly from the vendors. Currently purchase orders are not issued on each PCard purchase. Posting of the PCard transactions to cardholder's budget does not take place at time of purchase, but when card charges are reconciled. For this reason, cardholders must be mindful of their available budget when using the card.

The Procurement Card will be issued in the individual cardholder's name with the wording "Arkansas Tech University" and "For Official Use Only" clearly indicated on the card.

The basic P-Card transaction consists of the following steps:

1. Cardholder enters a business and selects the item(s) needed, charges it on the P-Card, signs a sales/charge slip and takes receipt of the merchandise.
2. Merchant submits the transaction to Mastercard and in-turn they submit it to Bank of America for payment (merchant normally will receive their payment within 3 working days of the original transaction).
3. Bank of America will bill Tech on the 15th of each month for all charges made by the various Tech departments for the proceeding 30 days.
4. Tech reconciles the receipts/charge slips from the P-Card Transaction Log and makes a single payment to Bank of America, on behalf of all the Tech departments, within five (5) working days of billing receipt. The Accounting Department debits/credits each appropriate departmental account after the reconciliation is made.

2. THE PROCUREMENT CARD PROGRAM BENEFITS

Cardholders - You will be able to obtain various supplies and services directly from our vendors without using a purchase order. This streamlines the purchasing process and can help improve turnaround time on receipt of your order. It significantly reduces the workload and processing costs related to the purchase and payment of supplies.

Arkansas Tech University - The Procurement Card program provides a cost-efficient, alternative method for purchasing low-dollar supplies and services. Built-in card features make the program easy to control and manage and reduce processing costs at all levels by reducing the number of requisitions, purchase orders, invoices and checks. The Procurement Card enables departments to focus on higher yield value added activities.

Vendors - Vendors who accept Mastercard will welcome the Procurement Card. When they accept the card for business purchases, vendors need not send invoices to Arkansas Tech University, and they will receive payment directly from Bank of America within 72 hours.

3. ALLOWABLE and NON-ALLOWABLE CHARGES

There are many possible items and services that can and cannot be charged to the Tech Procurement Card. The allowable items/services that can be purchased are vast, some examples are, books, general office and education supplies, lab supplies, postage, subscriptions, UPS, FedEx and many more. The P-Card will be accepted at Wal-Mart, Sears, Amazon and many other merchants. In general, the Cardholder may purchase goods and services that serve as official business purposes for the Arkansas Tech University, **EXCEPT:**

The Cardholder selects the order, carefully ensuring that the selection is not listed as an exception to the allowable items/services that can be procured with the P-Card and that the total cost does not exceed the control limits set for the Cardholder's P-Card. The Cardholder takes the order to the supplier's cash register and presents the P-Card for payment.

The supplier either swipes the P-Card through a card reader or calls for an authorization. The supplier then asks the Cardholder to sign for the charges. The supplier issues the Cardholder a copy of the slip, cash register tape or paid invoice. The Cardholder shall retain all P-Card transaction documentation and provide it to the Cardholder Liaison for logging on the P-Card Transaction Log.

Phone Orders - The Cardholder may telephone an order to a supplier. The supplier shall request the Cardholder's P-Card number and expiration date. For security reasons, ensure others do not overhear or view this information. The Cardholder advises the supplier that the **University is not tax exempt** and shall pay all applicable sales tax. The Cardholder shall ensure the supplier includes a P- Card authorization slip, cash register tape or paid invoice with the delivery of the order. All orders shall be made delivery to the University department's official shipping address thru central receiving. The Cardholder shall ensure all transaction documentation is provided to the Cardholder Liaison for logging to the P-Card Transaction Log.

Internet Orders - The Cardholder may use vendor's website to submit an order to a supplier. The Cardholder shall ensure the supplier includes a P-Card authorization slip, cash register tape, paid invoice and/or delivery slip with the order. If the supplier intends to email the P-Card transaction documentation as a separate item, the Cardholder shall ensure the documentation is emailed to the Cardholder's official email address. The Cardholder shall ensure all transaction documentation is provided to the Cardholder Liaison for logging to the P-Card Transaction Log. Internet orders may be subject to Use Tax.
