

A.C.A. 6-60-105 requires each four-year state-supported institution of higher education and each two-year state-supported institution of higher education to provide each student with electronic access to the following information annually before the student registers for classes:

- The top 25% of certificates and degrees reported by the institution in terms of the highest full-time job placement and highest average annual earnings in the year after certificate or degree completion; and
- The bottom 10% of certificates and degrees reported by the institution in terms of the lowest full-time job placement and lowest average annual earnings in the year after certificate or degree completion.
