Professional Development Grant Committee
Arkansas Tech University
Russellville, AR 72801

Dear Professional Development Grant Committee:

Enclosed please find the final report "Management Implications of Angler Motivations and Preferences for Urban Fisheries" prepared for the Professional Development Grant Committee as per your request. I appreciate the opportunity to attend and present my research at the American Fisheries Society's Urban Fisheries Symposium in September. I will provide a copy of the final manuscript to the committee when it is published next year.

Sincerely,

A handwritten signature in black ink, which appears to read "John R. Jackson". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

John R. Jackson
Assistant Professor of Fisheries

Copies Sent To: Dr. Charlie Gagen, Dr. Richard Cohoon, and Dr. Jack Hamm
