## **PROFESSIONAL ENHANCEMENT OPPORTUNITY**

### **Restatement of Professional Enhancement Opportunity**

The professional development grant received was to attend the Arkansas Bar Association 2019 Annual Meeting in Hot Springs, Arkansas, June 12-14. The purpose of my participation in this professional development event was to earn Continuing Legal Education (CLE) credits to maintain my license to practice law in Arkansas, update my knowledge in numerous areas of the law, learn new teaching methods appropriate to this subject, and network with other professionals in my academic field.

### **Brief Review of the Professional Enhancement Opportunity**

I attended the Arkansas Bar Association 2019 Annual Meeting. The Arkansas Bar Association is the primary professional organization for attorneys in the state of Arkansas. Founded in 1898, the Arkansas Bar Association is a private, nonprofit, voluntary association of over 5,000 attorneys. The association's mission is to advance the administration of justice; promote high standards of learning, integrity, and competence among attorneys; and conduct a program of continuing legal education among attorneys. Accordingly, the annual meeting offers Continuing Legal Education (CLE) credits for licensed attorneys.

### **Summary of Findings, Outcomes, or Experiences**

The ATU College of Business is accredited by the Association to Advance Collegiate Schools of Business (AACSB), which requires business faculty members to remain academically qualified in their professional disciplines. At the meeting, I earned 12.5 credits of CLE, included 2 credits in Ethics, which enables me to maintain my license to practice law in Arkansas. This credential is an important qualification for professors in the legal field.

By attending the presentations at this conference, I was able to update my knowledge on several important topics, such as employment law, medical marijuana, ethics, criminal law, constitutional law, and legal issues related to technology. The program for the conference is attached. I also gained new ideas for teaching business law and engaging students in the classroom and networked with other professionals in my field. These contacts are a valuable source of information, and they often come to ATU as guest speakers in my classes.

### **Conclusions and Recommendations**

The interaction with participants and presenters was educational and motivational for me both as an instructor and as a member of the legal profession. I developed new expertise in business law and ethics and gained new ideas and insights for teaching this material. By earning Continuing Legal Education credits, I also fulfilled requirements needed to maintain my academic and professional qualifications necessary for accreditation with AACSB. The Arkansas Bar Association Annual Meeting is an excellent professional development opportunity that I would recommend to other professors in my field.

# WELCOME

## “We are not here to Play the Game, Let’s Change it!”

When you hear the term “game changers,” what comes to mind?

- Technology and how it has changed our legal profession?
- Safety of client data or cybersecurity?
- Immigration law and how sweeping federal law changes impact your clients?
- The role lawyers should take on the gun industry after mass shootings? Or police department after shootings of unarmed individuals?
- Employment law changes following the #MeToo Movement?

- First Amendment and free press and how constitutional rights are under attack?
- The future of our profession and potential tort reform?
- The need for reform in our state and our nation’s criminal justice system?

The theme for the 121st Annual Meeting is Game Changers. We hope you will make plans to attend the three-day meeting in Hot Springs on June 12-14, 2019. We have planned a diverse array of 40+ hours of continuing legal education addressing issues that impact our state, our world, our profession and our clients.

On Wednesday, you will not want to miss the panel discussion on separation of powers and tort reform, updates on medical marijuana and estate planning, and a full day of family law.

A game changer for ArkBar members is BXS Insurance being named the newly endorsed lawyer’s professional liability agent. You will have an opportunity to obtain premium discounts by attending BXS Insurance’s four-hour risk management program on Wednesday.

We are proud to host the Annual Meeting’s membership-wide inaugural community service project on Wednesday afternoon in partnership with The Pack Shack. The Young Lawyers Section and McMath Woods P.A. will be sponsoring a Feed the Funnell Party in Exhibit Hall C, immediately following the conclusion of CLE on Wednesday afternoon. Please sign up to participate when you register for Annual Meeting!

A game changer in her sport and in life, please help us welcome Shannon Miller to Arkansas. The most decorated Olympic gymnast in U.S. history, cancer survivor and lawyer—she will serve as our plenary speaker for Thursday afternoon immediately following our annual awards luncheon. Thursday also brings other excitement with a freedom of the press panel discussion, a criminal law track, a judicial panel, a legislative panel and Bill Haltom from Tennessee speaking on civility in the practice of law.

One of the most time-honored events of the week is the Friday Firm’s annual reception on Thursday afternoon—for the second year held in the Grand Lobby of the Hot Springs Convention Center. Changing up the Thursday night entertainment, please join us on the front lawn of the Hot Springs Convention Center to listen to the smooth jazz sounds of Nicky Parrish and her band, Kemestri. Food and refreshments will be available to members to make for a fun, relaxing night in the Spa City after a day full of CLE.

You will not want to miss the third and final day of CLE where members will have a chance to hear from cybersecurity expert Mark Lanterman, as well as local experts on blockchain and cryptocurrency. On Friday, we have several national civil rights attorneys—Daryl Parks, Joshua Koshoff and Toussaint Romain—speaking on game-changing topics.

In addition to providing cutting-edge course topics, you will notice several other ways we are changing things up at this year’s meeting. We have made changes to the menu for lunches and will be offering a variety of ways in which to stay loose and active during the meeting, including yoga classes and massage therapy. Do not forget to look for some special furry visitors to the Exhibit Hall this summer!

At the conclusion of the meeting, we hope that you will leave reinvigorated and reminded of the important responsibility we have as lawyers in this great state and nation—to inspire, to advocate and to be game changers in our practice, our community and for our clients.

We hope to see you in Hot Springs!

### FEATURED SPEAKERS

#### Keynote Speaker Shannon Miller

Shannon Miller remains the most decorated Olympic gymnast in American history with seven Olympic medals! She is the only female athlete to be inducted into the U.S. Olympic Hall of Fame—twice!

After retiring from Olympic competition, Shannon received her undergraduate degrees in marketing and entrepreneurship from the University of Houston and her law degree from Boston College. Now retired from competition, Shannon has moved from Olympic athlete to advocate for the health and wellness of women and children. Shannon has taken the lessons she learned through the obstacles she faced as an elite athlete, as a young adult and those from her journey with cancer to publish an inspirational new book: *It's Not About Perfect: Competing for my Country, Fighting for my Life.*

Bill Haltom is a Memphis lawyer who has served as President of the Tennessee Bar Association and the Memphis Bar Association. He is better known as a best-selling author and award-winning newspaper columnist.

Sponsored by the CIVIL LITIGATION SECTION OF ARK<sup>BAR</sup>

Sean Carter graduated from Harvard Law School in 1992. In 2002, Mr. Carter left the practice of law to pursue a career as the country's foremost Humorist at Law. Sean draws heavily on his wealth of experience in the law and on his background as a stand-up comedian.
