

## How to Connect to 'ATU-Wireless' Network

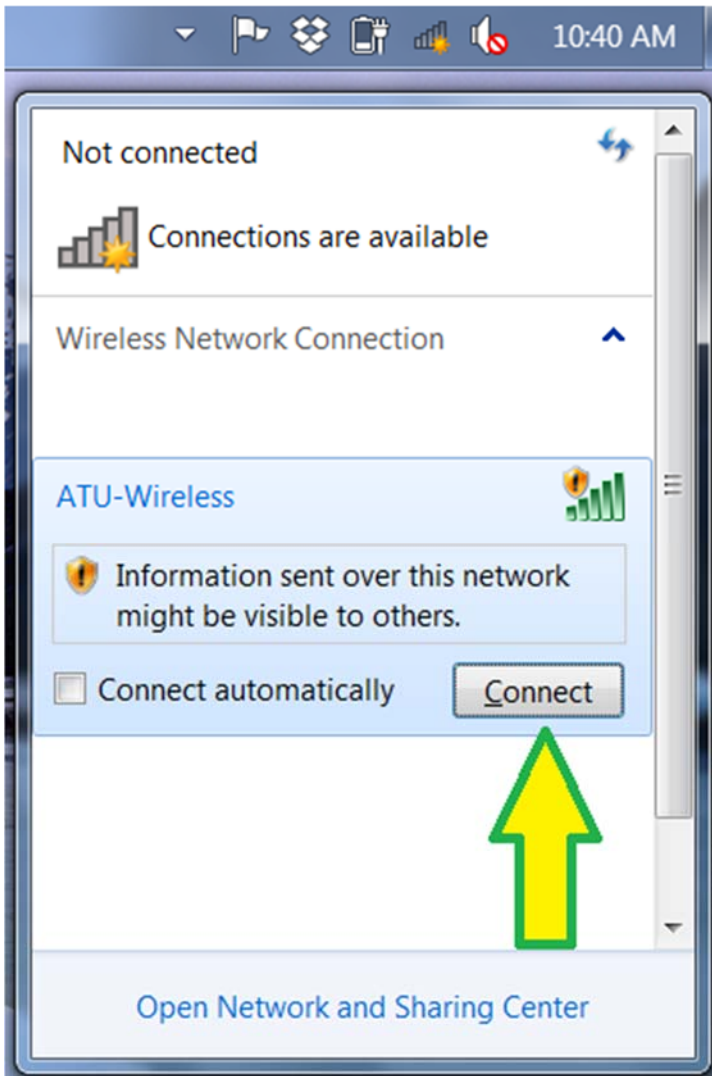

1. Click once on the wireless icon on the taskbar to open the available wireless connections

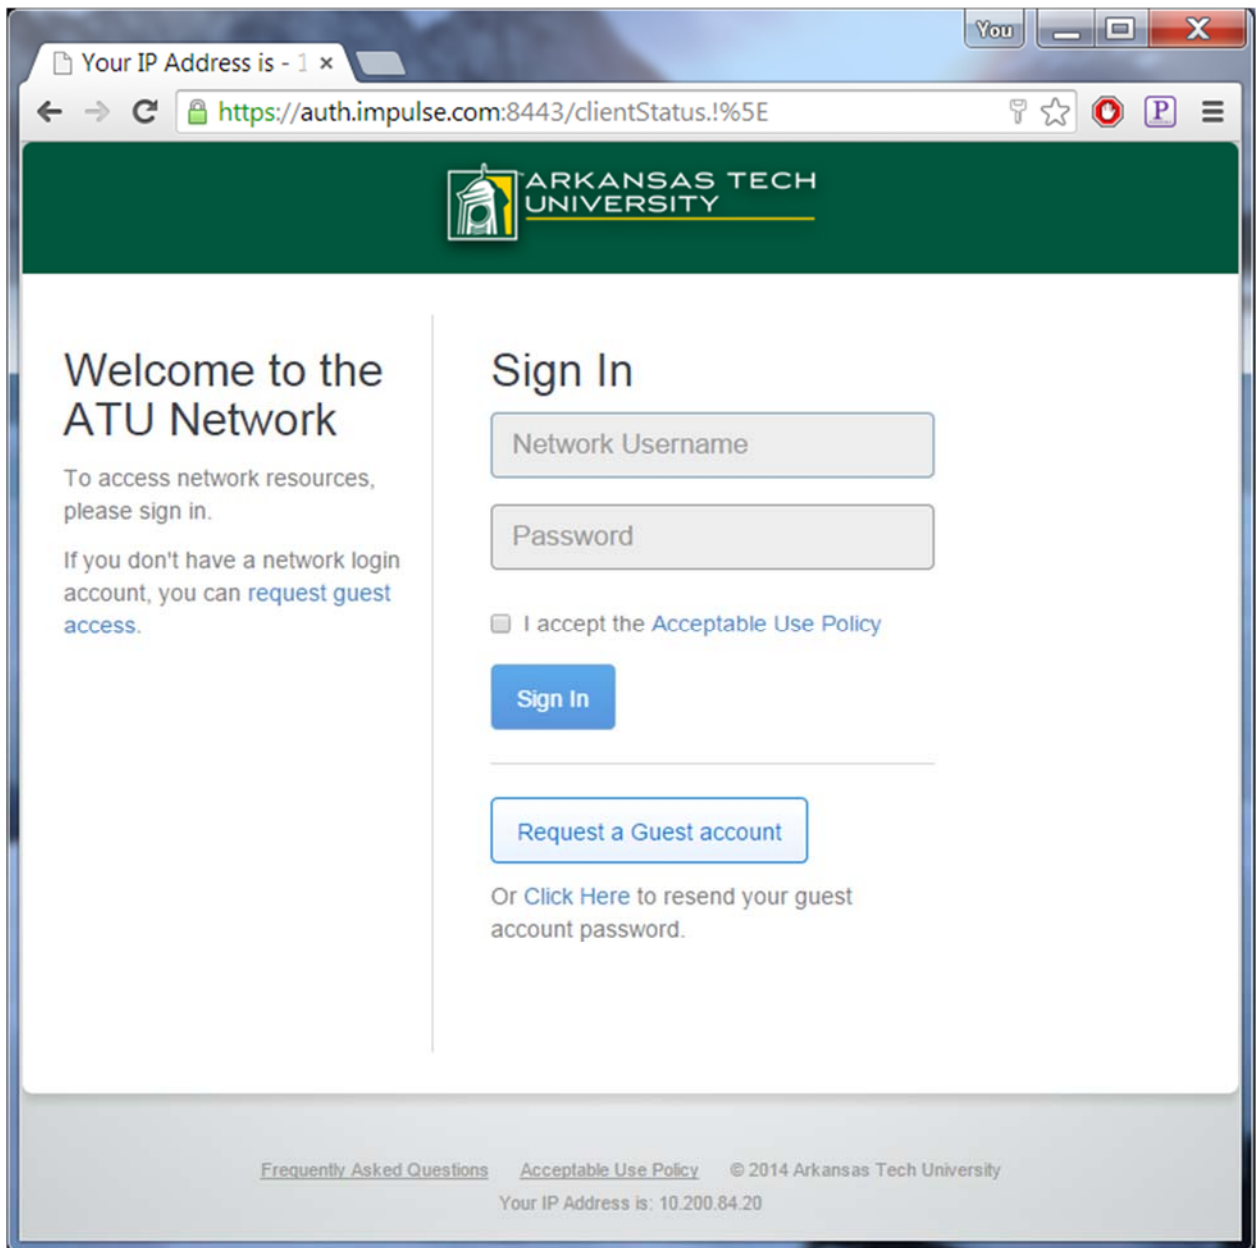

2. Click once on "ATU-Wireless"

3. Click "Connect"

- Once the wireless icon shows that you are connected, open a web browser (i.e. Internet Explorer, Firefox, Google Chrome) and navigate to a web page (i.e. [www.yahoo.com](http://www.yahoo.com) or [www.cnn.com](http://www.cnn.com)). You should be redirected to the following login screen:

- Sign in using your OneTech username and password, and check the box accepting the Use Policy. Follow the SafeConnect prompts to complete connecting to the network.
- If you don't have an ATU account, you can click the "Request a Guest account" button. The following page is shown to be filled out:

Guest User Provisioning x
