NEW BUSINESS:

Mid-term Grades

The committee discussed a recommendation presented by a faculty member requesting assignment of mid-term grade reporting for all undergraduate students. Motion by Bean, seconded by Adkins, to strongly encourage faculty to use Blackboard for grading because it allows the student to see grades on assignments and tests as faculty post them. Students would know their grade throughout the semester. The recommendation was made to develop the interface to allow mid-term and final grades posted in Blackboard to electronically post to Banner. Motion approved.

CLEP

Motion by Bean, seconded by Maxwell, to add the CLEP exam for Growth and Development as equivalent to PSY 3813, Lifespan Development. Motion approved.

Credit by Exam

Motion by Bean, seconded by Adkins, to modify Credit by Exam section as follows: Update outdated opening paragraph of AP, IB, and CLEP to current practice; and Delete Italian Language and Culture examinations from AP listing. Motion approved.
