I. Program or curriculum change as it will appear in the catalog.
(see page 3 of this Attachment)

II. Course Information

A. Rationale for the requested change. BIOL 4044 has BIOL 2134 as a prerequisite. The horticulture option does not have the ability to add the four hours without exceeding the 124 hour degree requirement. Allowing the student to take either (AGPM 3104) or (AGPS 3053 and AGBU 4991) will enable them to meet the 124 hour degree requirement, obtain the beneficial plant and science background, and have an option to focus their program to more hands-on learning.

B. What impact will the change have on staffing, on other programs, budget, and space allocation?

1. Within the department requesting the change. AGPM 3104, which is taught by Mike Fairbanks, should have no change as it is already taught and is not currently at full capacity. AGPS 3053, taught by Mike Fairbanks, and AGBU 4991, taught by Molly Brant, are not at capacity and are already offered.

2. Outside the department. None

C. Effective date or term.

D. **When applicable, state with which departments you have specifically coordinated this change? (If unable to identify coordinating departments
