COSMETIC CHANGES ROUND #1

1. College of Arts and Humanities – Department of Communications and Media Studies

   a. Change the title for **JOUR 6053: Media and Society**, TO: Media Effects.

2. College of Arts and Humanities – Department of History and Political Science

   a. Add the POLS cross-listing to **HIST 4183: American Legal History**; and
   b. Change the title for **HIST 6003: Historic Methods**, to Introduction to Graduate Study of History, and modify the course description, FROM: General methods of, and approaches to, historical research and writing, including theories, current approaches, problems, and debates. Students will become familiar with basic tools of historical research and professional discipline. Course requires the individual production of a substantial research paper based upon disciplined inquiry and the exploration and analysis of primary and secondary sources; TO: General methods of and approaches to historical research and writing, including an introduction to historiography. Students will become familiar with basic tools of historical research and professional discipline. Course requires the individual production of a substantial research paper based upon disciplined inquiry and the exploration and analysis of primary and secondary sources.

3. College of Business and Economic Development – Department of Agriculture and Tourism

   a. Modify the Prerequisites for **AGBU 4023: Agricultural Finance**, FROM: Prerequisites: AGBU 2063 Principles of Agricultural Macroeconomics, or ECON 2003 Principles of Economics I, and AGBU 2073 Principles of Agricultural Microeconomics, or ECON 2013 Principles of Economics II, and ACCT 2003: Principles of Accounting I; TO: Prerequisites: AGBU 2063 Principles of Agricultural Macroeconomics, or ECON 2003 Principles of Economics I, and AGBU 2073 Principles of Agricultural Microeconomics, or ECON 2013 Principles of Economics II, and ACCT 2033: Accounting for Non-Business Majors, or ACCT 2003: Principles of Accounting I, or ACCT 2004: Principles of Accounting I;
   b. Modify the Prerequisites for **HA 3173: Hospitality Managerial Accounting**, FROM: Prerequisite: ACCT 2003: Principles of Accounting I, TO: Prerequisite: ACCT 2033: Accounting for Non-Business Majors, or ACCT 2003: Principles of Accounting I, or ACCT 2004: Principles of Accounting I; and
   c. Modify the Prerequisites for **HA 4073: Hospitality Financial Analysis**, FROM: Prerequisites: ACCT 2003: Principles of Accounting I, and HA 3173 Hospitality Managerial Accounting, TO: Prerequisite: ACCT 2033: Accounting for Non-Business Majors, or ACCT 2003: Principles of Accounting I, or ACCT 2004: Principles of Accounting I; and HA 3173 Hospitality Managerial Accounting.

4. College of Business and Economic Development – School of Business

a. Modify the Prerequisite for **ACCT 2013: Principles of Accounting II**, FROM: Prerequisite: A "C" or better in ACCT 2003: Accounting Principles I, TO: Prerequisite: A "C" or better in ACCT 2003: Accounting Principles I, or ACCT 2004: Accounting Principles I, and BUAD 2003: Business Information Systems, or COMS 2003: Microcomputer Applications;

b. Modify the Prerequisites for **ACCT 2033: Accounting for Non-Business Majors**, FROM: Prerequisites: Sophomore standing; "C" or better in MATH 1113: College Algebra, (or MATH 1203: Plane Trigonometry, MATH 1914: Precalculus, MATH 2223: Quantitative Business Analysis, MATH 2243: Calculus for Business and Economics, MATH 2914: Calculus I) and BUAD 2003: Business Information Systems, or COMS 2003: Microcomputer Applications; TO: Prerequisites: Sophomore standing; "C" or better in MATH 1113: College Algebra, (or MATH 1203: Plane Trigonometry, MATH 1914: Precalculus, MATH 2223: Quantitative Business Analysis, MATH 2243: Calculus for Business and Economics, MATH 2914: Calculus I); and change the title TO: Fundamental Accounting Concepts;

c. Modify the Prerequisites for **BDA 3013: Business Spreadsheet Modeling**, FROM: Prerequisites: BDA 2003: Business Problem Solving, (PSY 2053: Statistics for the Behavioral Sciences, or SOC 2053: Statistics for the Behavioral; Sciences, or STAT 2163: Introduction to Statistical Methods with a C or better), and MATH 2223: Quantitative Business Analysis, or permission of instructor; TO: Prerequisites: BDA 2003: Business Problem Solving, and MATH 2223: Quantitative Business Analysis, or permission of instructor;

d. Modify the course description for **BDA 4031: BDA Internship**, FROM: A supervised, practical experience providing undergraduate BDA majors with a hands-on professional experience in a position relating to an area of career interest. The student will work in a local cooperating business establishment under the supervision of a member of management of that firm. A College of Business faculty member will observe and consult with the students and the management of the cooperating firm periodically during the period of the internship. Students will be required to make oral reports in the classroom, maintain an internship log, and prepare a final term paper; TO: A supervised, practical experience providing undergraduate BDA majors with a hands-on professional experience in a position relating to an area of career interest. The student will work in a local cooperating business establishment under the supervision of a member of management of that firm. A School of Business faculty member will observe and consult with the students and the management of the cooperating firm periodically during the period of the internship. Students will be required to make oral reports in the classroom, maintain an internship log, and prepare a final term paper;

e. Modify the course description for **BDA 4032: BDA Internship**, FROM: A supervised, practical experience providing undergraduate BDA majors with a hands-on professional experience in a position relating to an area of career interest. The student will work in a local cooperating business establishment under the supervision of a member of management of that firm. A College of Business faculty member will observe and consult with the students and the management of the cooperating firm periodically during the period of the internship. Students will be required to make oral reports in the classroom, maintain an internship log, and prepare a final term paper; TO: A supervised, practical experience providing undergraduate BDA majors with a hands-on professional experience in a position relating to an area of career interest. The student will work in a local cooperating business

establishment under the supervision of a member of management of that firm. A School of Business faculty member will observe and consult with the students and the management of the cooperating firm periodically during the period of the internship. Students will be required to make oral reports in the classroom, maintain an internship log, and prepare a final term paper;

f. Modify the course description for **BDA 4033: BDA Internship**, FROM: A supervised, practical experience providing undergraduate BDA majors with a hands-on professional experience in a position relating to an area of career interest. The student will work in a local cooperating business establishment under the supervision of a member of management of that firm. A College of Business faculty member will observe and consult with the students and the management of the cooperating firm periodically during the period of the internship. Students will be required to make oral reports in the classroom, maintain an internship log, and prepare a final term paper; TO: A supervised, practical experience providing undergraduate BDA majors with a hands-on professional experience in a position relating to an area of career interest. The student will work in a local cooperating business establishment under the supervision of a member of management of that firm. A School of Business faculty member will observe and consult with the students and the management of the cooperating firm periodically during the period of the internship. Students will be required to make oral reports in the classroom, maintain an internship log, and prepare a final term paper;

g. Modify the Prerequisites for **BLAW 4073: Special Topics in Law**, FROM: Prerequisites: BLAW 2033: Legal Environment of Business. Additional prerequisites for 3000 and 4000 level courses are listed in the College of Business section of this catalog; TO: Prerequisites: BLAW 2033: Legal Environment of Business;

h. Modify the Note for **BUAD 3123: Management**, FROM: Note: College of Business students cannot take this course for credit; TO: Note: School of Business students, except Health Information Management students, cannot take this course for credit;

i. Change the title for **BUAD 4000: College of Business College Distinction Activity**, TO: School of Business College Distinction Activity; modify the Prerequisite, FROM: Prerequisite: Acceptance into the College of Business College Distinction program; TO: Prerequisite: Acceptance into the School of Business College Distinction program; and modify the course description, FROM: This course is required for all students accepted into the College of Business College of Distinction; TO: This course is required for all students accepted into the School of Business College of Distinction;

j. Change the title for **ECON 2003: Principles of Economics I**, TO: Principles of Macroeconomics;

k. Change the title for **ECON 2013: Principles of Economics II**, TO: Principles of Microeconomics;

l. Modify the course description for **FIN 4053: Internship I in Economics/Finance**, FROM: A supervised, practical experience providing undergraduate ECON/FIN majors with a hands-on, professional experience in a position relating to an area of career interest. The student will work in a local cooperating business establishment under the supervision of a member of management of that firm. A College of Business faculty member will observe and consult with the students and the management of the cooperating firm periodically during the

period of the internship. Students will be required to make a classroom presentation, maintain an internship log, and prepare a final term paper; TO: A supervised, practical experience providing undergraduate ECON/FIN majors with a hands-on, professional experience in a position relating to an area of career interest. The student will work in a local cooperating business establishment under the supervision of a member of management of that firm. A School of Business faculty member will observe and consult with the students and the management of the cooperating firm periodically during the period of the internship. Students will be required to make a classroom presentation, maintain an internship log, and prepare a final term paper;

m. Modify the Prerequisite for **MGMT 3123: Business Ethics**, FROM: Prerequisite: BLAW 2033: Legal Environment of Business; TO: Prerequisites: BLAW 2033: Legal Environment of Business, and MGMT 3003: Principles of Management;

n. Modify the course description for **MGMT 4033: Internship I in Management**, FROM: A supervised, practical experience providing undergraduate MGMK majors with a hands-on professional management/ marketing experience in a position relating to an area of career interest. The student will work in a local cooperating business establishment under the supervision of a member of management of that firm. A College of Business faculty member will observe and consult with the students and the management of the cooperating firm periodically during the period of the internship. Students will be required to make oral reports in the classroom, maintain an internship log, and prepare a final term paper; TO: A supervised, practical experience providing undergraduate MGMK majors with a hands-on professional management/ marketing experience in a position relating to an area of career interest. The student will work in a local cooperating business establishment under the supervision of a member of management of that firm. A School of Business faculty member will observe and consult with the students and the management of the cooperating firm periodically during the period of the internship. Students will be required to make oral reports in the classroom, maintain an internship log, and prepare a final term paper;

o. Modify the course description for **MGMT 4043: Internship II in Management**, FROM: To be taken after completion of Internship I. A supervised, practical experience providing undergraduate MGMK majors with a hands-on professional management/marketing experience in a position relating to an area of career interest. The student will work in a local cooperating business establishment under the supervision of a member of management of that firm. A College of Business faculty member will observe and consult with the students and the management of the cooperating firm periodically during the period of the internship. Students will be required to make oral reports in the classroom, maintain an internship log, and prepare a final term paper; TO: To be taken after completion of Internship I. A supervised, practical experience providing undergraduate MGMK majors with a hands-on professional management/marketing experience in a position relating to an area of career interest. The student will work in a local cooperating business establishment under the supervision of a member of management of that firm. A School of Business faculty member will observe and consult with the students and the management of the cooperating firm periodically during the period of the internship. Students will be required to make oral reports in the classroom, maintain an internship log, and prepare a final term paper;

p. Change the title for **MGMT 4080: College of Business College of Distinction Enhanced Capstone**, TO: School of Business College of Distinction Enhanced Capstone; modify the Prerequisite: FROM: Prerequisite: Acceptance into the College of Business College of Distinction program; TO: Prerequisite: Acceptance into the School of Business College of Distinction program; and modify the course description, FROM: This course is required for all students accepted into the College of Business College Distinction program as a marker for student participation in approved College of Business College of Distinction activities; TO: This course is required for all students accepted into the School of Business College Distinction program as a marker for student participation in approved School of Business College of Distinction activities;

q. Modify the **Curriculum in Finance**, as follows: Change matrix entry in Junior year for College of Business Elective (3000- 4000) to School of Business Elective (3000-4000); and add the footnote: Excludes HIM and AHS courses;

r. Modify the **Curriculum in Business Management**, as follows: Change matrix entry in Senior fall and Senior spring for College of Business Elective (3000- 4000) to School of Business Elective (3000-4000); and add an additional footnote: Excludes HIM and AHS courses;

s. Modify the **Minor in Accounting**, as follows: Change to introductory section FROM: The minor in Accounting is available to students who wish to add to their knowledge of accounting. Please note that for non-business majors, no more than 30 hours of courses offered by the School of Business may be counted toward completion of degree requirements; TO: The minor in Accounting is available to students who wish to add to their knowledge of accounting. Please note that for non-business majors, no more than 30 hours of courses offered by the School of Business, excluding AHS and HIM courses, may be counted toward completion of degree requirements;

t. Modify the **Minor in Business Administration**, as follows: Change to introductory section FROM: The minor in Business Administration is available to students who wish to add to their knowledge of business for personal edification or for professional purposes, but not open to College of Business and Economic Development majors. Please note that for non-business majors, no more than 30 hours of courses offered by the College of Business and Economic Development may be counted toward completion of degree requirements; TO: The minor in Business Administration is available to students who wish to add to their knowledge of business for personal edification or for professional purposes, but not open to School of Business majors, excluding Health Information Management majors. Please note that for non-business majors, no more than 30 hours of courses offered by the School of Business, excluding AHS and HIM courses, may be counted toward completion of degree requirements; and

u. Modify the **Minor in Business and Entrepreneurship**, as follows: Change to introductory section FROM: The minor in Business and Entrepreneurship is available to students who wish to add to their knowledge of business for personal edification or for professional purposes, but not open to College of Business and Economic Development majors. Please note that for non-business majors, no more than 30 hours of courses offered by the College of Business and Economic Development may be counted toward completion of degree requirements; TO: The minor in Business and Entrepreneurship is available to students who wish to add to their knowledge of business for personal edification or for professional

purposes, but not open to School of Business majors, excluding Health Information Majors. Please note that for non-business majors, no more than 30 hours of courses offered by the School of Business, excluding AHS and HIM courses, may be counted toward completion of degree requirements.

5. College of Education and Health - Department of Emergency Management, Professional Studies, and Student Affairs Administration

    a. Modify the Prerequisite for **EAM 2881: Special Topics**, FROM: Prerequisites: EAM 1003: Living in the Hazardous Environment, or EAM 1013: Aim and Scope of Emergency Management, or consent of department head; TO: Prerequisite: EAM 1013: Aim and Scope of Emergency Management, or consent of department head;
    b. Modify the Prerequisite for **EAM 2882: Special Topics**, FROM: Prerequisites: EAM 1003: Living in the Hazardous Environment, or EAM 1013: Aim and Scope of Emergency Management, or consent of department head; TO: Prerequisite: EAM 1013: Aim and Scope of Emergency Management, or consent of department head;
    c. Modify the Prerequisite for **EAM 2883: Special Topics,** FROM: Prerequisites: EAM 1003: Living in the Hazardous Environment, or EAM 1013: Aim and Scope of Emergency Management, or consent of department head; TO: Prerequisite: EAM 1013: Aim and Scope of Emergency Management, or consent of department head;
    d. Modify the Prerequisite for **EAM 2991: Special Problems**, FROM: Prerequisites: EAM 1003: Living in the Hazardous Environment, or EAM 1013: Aim and Scope of Emergency Management, or consent of department head; TO: Prerequisite: EAM 1013: Aim and Scope of Emergency Management, or consent of department head;
    e. Modify the Prerequisite for **EAM 2992: Special Problems**, FROM: Prerequisites: EAM 1003: Living in the Hazardous Environment, or EAM 1013: Aim and Scope of Emergency Management, or consent of department head; TO: Prerequisite: EAM 1013: Aim and Scope of Emergency Management, or consent of department head;
    f. Modify the Prerequisite for **EAM 2993: Special Problems**, FROM: Prerequisites: EAM 1003: Living in the Hazardous Environment, or EAM 1013: Aim and Scope of Emergency Management, or consent of department head; TO: Prerequisite: EAM 1013: Aim and Scope of Emergency Management, or consent of department head;
    g. Modify the Prerequisite for **EAM 3003: Developing Emergency Management Skills**, FROM: Co-requisites or Prerequisites: EAM 1003: Living in the Hazardous Environment, or EAM 1013: Aim and Scope of Emergency Management, or consent of department head; TO: Co-requisite or Prerequisite: EAM 1013: Aim and Scope of Emergency Management, or consent of department head;
    h. Modify the Prerequisite for **EAM 3013: Public Policy and Politics in Emergency Management**, FROM: Prerequisites: EAM 1003: Living in the Hazardous Environment, or EAM 1013: Aim and Scope of Emergency Management, or consent of department head; TO: Prerequisite: EAM 1013: Aim and Scope of Emergency Management, or consent of department head;
    i. Modify the Prerequisite for **EAM 3023: Principles of Preparedness and Response Operations**, FROM: Prerequisites: EAM 1003: Living in the Hazardous Environment, or EAM

1013: Aim and Scope of Emergency Management, or consent of the department head; and Co-requisites or Prerequisites: EAM 3003: Developing Emergency Management Skills, or consent of the department head; TO: Prerequisite: EAM 1013: Aim and Scope of Emergency Management, or consent of department head; and Co-requisites or Prerequisites: EAM 3003: Developing Emergency Management Skills, or consent of the department head;

j. Modify the Prerequisite for **EAM 3033: The Social Dimension of Disaster**, FROM: Co-requisites or Prerequisites: EAM 1003: Living in the Hazardous Environment, or EAM 1013: Aim and Scope of Emergency Management, or consent of department head; TO: Co-requisite or Prerequisite: EAM 1013: Aim and Scope of Emergency Management, or consent of department head;

k. Modify the Prerequisite for **EAM 3053: Introduction to Ethical and Legal Issues in Emergency Management**, FROM: Prerequisites: EAM 1003: Living in the Hazardous Environment, or EAM 1013: Aim and Scope of Emergency Management, or consent of the department head; and Co-requisites or Prerequisites: EAM 3003: Developing Emergency Management Skills, or consent of the department head; TO: Prerequisite: EAM 1013: Aim and Scope of Emergency Management, or consent of department head; and Co-requisites or Prerequisites: EAM 3003: Developing Emergency Management Skills, or consent of the department head;

l. Modify the Prerequisite for **EAM 3063: Emergency Management Doctrine**, FROM: Prerequisites: EAM 1003: Living in the Hazardous Environment, or EAM 1013: Aim and Scope of Emergency Management, or consent of the department head; and Co-requisites or Prerequisites: EAM 3003: Developing Emergency Management Skills, or consent of the department head; TO: Prerequisite: EAM 1013: Aim and Scope of Emergency Management, or consent of department head; and Co-requisites or Prerequisites: EAM 3003: Developing Emergency Management Skills, or consent of the department head;

m. Modify the Prerequisite for **EAM 3143: The Economics of Disaster**, FROM: Co-requisites or Prerequisites: EAM 1003: Living in the Hazardous Environment, or EAM 1013: Aim and Scope of Emergency Management, or consent of department head; TO: Co-requisite or Prerequisite: EAM 1013: Aim and Scope of Emergency Management, or consent of department head;

n. Modify the Prerequisite for **EAM 4003: Principles of Disaster Relief and Recovery**, FROM: Co-requisites or Prerequisites: EAM 1003: Living in the Hazardous Environment, or EAM 1013: Aim and Scope of Emergency Management, or consent of department head; TO: Co-requisite or Prerequisite: EAM 1013: Aim and Scope of Emergency Management, or consent of department head;

o. Modify the Prerequisite for **EAM 4013: Mitigation and Continuity of Operations**, FROM: Prerequisites: EAM 1003: Living in the Hazardous Environment, or EAM 1013: Aim and Scope of Emergency Management, or consent of department head; TO: Prerequisite: EAM 1013: Aim and Scope of Emergency Management, or consent of department head;

p. Delete the Co-requisite or Prerequisites: EAM 1003: Living in the Hazardous Environment, or consent of department head, from **EAM 4053: Community Management of Hazardous Materials**;

q. Modify the Prerequisite for **EAM 4063: Leadership**, FROM: Co-requisites or Prerequisites: EAM 1003: Living in the Hazardous Environment, or EAM 1013: Aim and Scope of Emergency

Management, or consent of department head; TO: Co-requisite or Prerequisite: EAM 1013: Aim and Scope of Emergency Management, or consent of department head;

r. Modify the Prerequisite for **EAM 4881: Advanced Special Topics**, FROM: Prerequisites: EAM 1003: Living in the Hazardous Environment, or EAM 1013: Aim and Scope of Emergency Management, or consent of department head; TO: Prerequisite: EAM 1013: Aim and Scope of Emergency Management, or consent of department head;

s. Modify the Prerequisite for **EAM 4882: Advanced Special Topics**, FROM: Prerequisites: EAM 1003: Living in the Hazardous Environment, or EAM 1013: Aim and Scope of Emergency Management, or consent of department head; TO: Prerequisite: EAM 1013: Aim and Scope of Emergency Management, or consent of department head;

t. Modify the Prerequisite for **EAM 4883: Advanced Special Topics**, FROM: Prerequisites: EAM 1003: Living in the Hazardous Environment, or EAM 1013: Aim and Scope of Emergency Management, or consent of department head; TO: Prerequisite: EAM 1013: Aim and Scope of Emergency Management, or consent of department head;

u. Modify the Prerequisite for **EAM 4991: Special Problems**, FROM: Prerequisites: EAM 1003: Living in the Hazardous Environment, or EAM 1013: Aim and Scope of Emergency Management, or consent of department head; TO: Prerequisite: EAM 1013: Aim and Scope of Emergency Management, or consent of department head;

v. Modify the Prerequisite for **EAM 4992: Special Problems**, FROM: Prerequisites: EAM 1003: Living in the Hazardous Environment, or EAM 1013: Aim and Scope of Emergency Management, or consent of department head; TO: Prerequisite: EAM 1013: Aim and Scope of Emergency Management, or consent of department head;

w. Modify the Prerequisite for **EAM 4993: Special Problems**, FROM: Prerequisites: EAM 1003: Living in the Hazardous Environment, or EAM 1013: Aim and Scope of Emergency Management, or consent of department head; TO: Prerequisite: EAM 1013: Aim and Scope of Emergency Management, or consent of department head;

6. College of Science, Technology, Engineering, & Mathematics - Department of Engineering & Computing Sciences

   a. Change the grade mode for **ELEG 1011: Introduction to Electrical Engineering**, FROM: standard A-F TO: Pass or Fail;

   b. Modify the Prerequisites for **ELEG 2103: Electric Circuits I**, FROM: Prerequisite: MATH 2914: Calculus I, and MATH 2924: Calculus II, with a grade of C or better in each; TO: Prerequisite: MATH 2924: Calculus II, with a grade of C or better;

   c. Modify the Prerequisites for **ELEG 2113: Electric Circuits II**, FROM: Prerequisites: ELEG 2103: Electric Circuits I, and MATH 3243: Differential Equations I, or consent of instructor; TO: Prerequisites: ELEG 2103: Electric Circuits I, with a grade of C or better, and MATH 3243: Differential Equations I, or consent of instructor;

   d. Modify the Prerequisites for **ELEG 2134: Digital Logic Design**, FROM: Prerequisite: ELEG 1011: Introduction to Electrical Engineering, or COMS 2104: Foundations of Computer Programming I; TO: Prerequisite: ELEG 1011: Introduction to Electrical Engineering, or COMS 1013: Programming I;

e. Change the title for **ELEG/MCEG 3003: Engineering Modeling and Design**, TO: System Modeling and Analysis; and modify the Prerequisites FROM: Prerequisites: COMS 2104: Foundations of Computer Programming I, or MCEG 2203: Computational Methods of Engineering, and MATH 3243: Differential Equations I; TO: COMS 1013: Programming I, or MCEG 2203: Computational Methods of Engineering, and MATH 3243: Differential Equations I;

f. Add the Prerequisite: MCEG/ELEG 4202: Engineering Design, to **ELEG 4191: Electrical Design Project I;**

g. Modify the Prerequisites for **ELEG 4192: Electrical Design Project II**, FROM: Prerequisite: ELEG 4191: Electrical Design Project I, and MCEG/ELEG 4202: Engineering Design; TO: Prerequisite: ELEG 4191: Electrical Design Project I;

h. Modify the Prerequisite for **ELEG/MCEG 4202: Engineering Design**, FROM: Prerequisites: ELEG major, junior standing; TO: Prerequisite: ELEG 3103: Electronics I;

i. Modify the Prerequisites for **ELEG 6143: Digital Image Processing**, FROM: Prerequisites: ELEG 3133: Microprocessor Systems Design, ELEG 4113: Digital Signal Processing, ELEG/MCEG 3003: Engineering Modeling and Design, and COMS 2104: Foundations of Computer Programming I, or permission of the instructor; TO: Prerequisites: ELEG 3133: Microprocessor Systems Design, ELEG 4113: Digital Signal Processing, and ELEG/MCEG 3003: Engineering Modeling and Design, or permission of the instructor;

j. Modify the Prerequisites for **ELEG 6153: Statistical Signal Processing**, FROM: Prerequisites: ELEG 4113: Digital Signal Processing, ELEG/MCEG 3003: Engineering Modeling and Design, and COMS 2104: Foundations of Computer Programming I, or permission of the instructor; TO: Prerequisites: ELEG 4113: Digital Signal Processing, and ELEG/MCEG 3003: Engineering Modeling and Design, or permission of the instructor;

k. Modify the Prerequisites for **ELEG 6303: Robotics**, FROM: Prerequisites: ELEG 3133: Microprocessor Systems Design, ELEG 4303: Control Systems, ELEG/MCEG 3003: Engineering Modeling and Design, and COMS 2104: Foundations of Computer Programming I, or permission of the instructor; TO: ELEG 3133: Microprocessor Systems Design, ELEG 4303: Control Systems, and ELEG/MCEG 3003: Engineering Modeling and Design, or permission of the instructor;

l. Delete the Prerequisite: One year of programming in a high-level language, or a two-semester sequence of programming courses, from **INFT 5103: Software Development**; and modify the course description FROM: Techniques for specifying, designing, developing and testing medium-scale software; TO: An introduction to programming using a high-level language, such as C#, Java, or Python, with topics ranging from coding basics through advanced concepts. Students will experience designing, implementing, testing, and debugging large programs/medium-scale software;

m. Modify the Prerequisite for **INFT 5203: Database Systems**, FROM: Prerequisite: INFT 5403: Introduction to Information Technology and Systems; TO Prerequisite: INFT 5103: Software Development, or two semesters of undergraduate programming; and modify the course description FROM: An in-depth study of creating databases in a personal productivity package, including relational database design, generation of customized interfaces, and importing/exporting data to other packages. Survey of applications of personal databases in education and industry; TO: An introduction to database systems where students will gain a

thorough understanding of database software package development for microcomputer applications. Topics include how to design, implement, and access a personal database. Entity relationship diagrams are emphasized in design. The use of macros, data conversion operations, linking, and complex selection operations are used in implementation;

n. Delete the Prerequisite: INFT 5403: Introduction to Information Technology and Systems, from **INFT 5303: Developing and Administering Web Sites**; and modify the course description FROM: The World Wide Web, Web browser, and web servers. Developing web pages. HTML and HTML editors. Characteristics of a good web site. Installing and configuring web browsers and web servers. Security, screening, and privacy issues; TO: An introduction to developing and administering websites. Topics include the world wide web, web browsers, and web servers. Students will develop web pages using HTML/CSS while also addressing security, screening, and privacy issues;

o. Change the title for **INFT 5700: Computer Networks Lab**, TO: Principles of Networking Lab; and change the title for **INFT 5703: Computer Networks**, TO: Principles of Networking; delete the Prerequisites: INFT 5403: Introduction to Information Technology and Systems, and INFT 5413: Computer Systems and Architecture; and modify the course description FROM: Study of the concepts involved in interconnecting computers. Introduction to network topologies, routing, protocols, and security. Survey of network operating systems; TO: An introduction to the concepts of computer data communication networks. Topics include an introduction to network topologies, routing, protocols, infrastructure, security, and troubleshooting tools;

p. Modify the Prerequisites for **INFT 6203: Database Development and Administration**, FROM: Prerequisites: INFT 5103: Software Development, and INFT 5203: Database Systems; TO: Prerequisites: INFT 5203: Database Systems; and modify the course description FROM: A thorough introduction to accessing and maintaining a database via programming interface. Database administration features of SQL. Installation and tuning of a database; TO: Advanced training in database development and administration where students will receive a thorough introduction to accessing and maintaining a database via programming interface. Topics include database administration features of SQL and the installation and tuning of a database;

q. Modify the course description for **INFT 6303: Design of Web-Based Information Systems**, FROM: A survey of methods for providing web- based access to data across a network. Common Gateway interface. Use of generation tools for developing web-based forms. Storing form data into a database. Retrieving information from a database and formatting it for presentation through the web and through e-mail. Client-based processing of data. Audio and video mechanisms support; TO: An advanced study of website design where students will learn a variety of methods for providing web-based access to data across a network. Primary topics include common gateway interface, use of generation tools for developing web-based forms, as well as storing form data into a database. Additional topics include retrieving information from a database, formatting it for presentation, client-based processing of data, and some audio and video mechanisms supporting web-based systems;

r. Delete the Co-requisite: INFT 5203: Database Systems, from **INFT 6403: Information Systems Analysis and Design**; and modify the course description FROM: A study of the various concepts, tools, principles, procedures, techniques, and stages of information

systems development. Emphasis is placed on the systems approach to problem-solving, user involvement, the management of quality, project control, and teamwork. Other subjects will include feasibility study, requirements definition, documentation, system development life cycle, prototyping, and data modeling; TO: An advanced course exploring topics within information systems and design. Topics include the various concepts, tools, principles, procedures, techniques, and stages of information systems development. Emphasis is placed on the systems approach to problem-solving, user involvement, the management of quality, project control, and teamwork. Other subjects will include feasibility study, requirements definition, documentation, system development life cycle, prototyping, and data modeling;

s. Change the title for **INFT 6700: Heterogeneous Networks Lab**, TO: Advanced Networks Lab; and Change the title for **INFT 6703: Heterogeneous Networks**, TO: Advanced Networks, modify the Prerequisites FROM: Prerequisites: INFT 5503: The UNIX Operating Systems, and INFT 5703: Computer Networks; TO: Prerequisite: INFT 5703: Computer Networks; and modify the course description FROM: Networking in a heterogeneous environment; TO: An advanced course in implementing and managing numerous heterogeneous networking operating system environments. Networking tools necessary for developing a seamless heterogeneous networking environment are discussed and applied; and

t. Modify the course description for **INFT 6991-3: Internship**, FROM: Students will develop and/or maintain a sponsored computer laboratory or an information system. Duties will include determining user needs, writing and presenting a laboratory or system development/ maintenance plan, and supporting the laboratory or system for a semester. The internship will require the equivalence of four clock hours per week of direct client interaction per credit hour earned; TO: A supervised, practical experience providing graduate information technology majors with hands-on professional experience in a position relating to an area of career interests. The student will work with an advisor to have a site approved by the graduate program director prior to course enrollment. During the internship, the student will submit regular reports regarding their internship experience as well as an internship summary report at the end of the term.

7. College of Science, Technology, Engineering, & Mathematics - Department of Mathematics and Statistics

   a. Modify the Prerequisites for **MATH 2043: Mathematical Concepts II**, FROM: Prerequisites: MATH 2033, elementary education major; TO: Prerequisites: A grade of C or better in MATH 2033: Mathematical Concepts II, elementary education major;

   b. Modify the Prerequisites for **MATH 3033: Methods of Teaching Elementary Mathematics**, FROM: Prerequisite: MATH 2043: Mathematical Concepts II, and admission to Stage II; TO: Prerequisites: A grade of C or better in MATH 2043: Mathematical Concepts II, and admission to Stage II;

   c. Modify the **Curriculum in Mathematics**, as follows: delete MATH 3173: Math Methods for Engineers/ELEG 3173: Math Methods for Engineers, from the list of courses that may not be used to satisfy the requirement 3000-4000 level math electives; and

d. Modify the **Minor in Mathematics**, as follows: delete MATH 3173: Math Methods for Engineers/ELEG 3173: Math Methods for Engineers, from the list of courses that may not be used to satisfy the requirement 3000-4000 level mathematics or statistics courses.

Course Subject: (e.g., ACCT, ENGL) **JOUR**	Course Number: (e.g., 1003) **6053**

Official Catalog Title: Media and Society

Describe the change you want to make: (e.g., delete the prerequisite, modify the course description) Change title to "Media Effects"

Answer the following Assessment questions:
  a. If this course is mandated by an accrediting or certifying agency, include the directive. If not, state not applicable.
     N/A
  b. Explain the rationale for the cosmetic course change.
     We are introducing a lower-level undergraduate course entitled "Media and Society." This name is in line with what other universities are doing. To differentiate the graduate course from this new undergraduate course, we propose the name change.

If this course will affect other departments, a Departmental Support Form for each affected department must be attached. The form is located on the Curriculum forms web page at http://www.atu.edu/registrar/curriculum_forms.php.

Official Catalog Title:

American Legal History

Describe the change you want to make: (e.g., delete the prerequisite, modify the course description)

Add a POLS cross-listing to the class

Answer the following Assessment questions:
a. If this course is mandated by an accrediting or certifying agency, include the directive. If not, state not applicable.
   Not applicable

b. Explain the rationale for the cosmetic course change.
   The subject area of this class I found not only as a history component but also has some connection with political science including how the Supreme Court justices decide their decisions today since many of their decisions are based on historical precedent just to provide one example. This gives the class a historical and political science component. In addition, I have taught this class as a graduate class for Political Science and feel it would work as an undergraduate Political Science class as well.
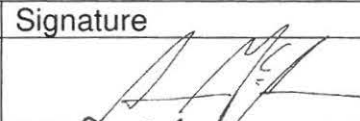

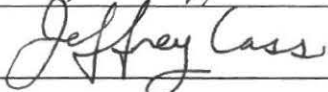

*Implement Spring 2023

Official Catalog Title: Historical Methods

Describe the change you want to make: (e.g., delete the prerequisite, modify the course description)

Change the catalog title to "Introduction to Graduate Study of History."

Change course description from:
General methods of, and approaches to, historical research and writing, including theories, current approaches, problems, and debates. Students will become familiar with basic tools of historical research and professional discipline. Course requires the individual production of a substantial research paper based upon disciplined inquiry and the exploration and analysis of primary and secondary sources.

To

General methods of and approaches to historical research and writing, including an introduction to historiography. Students will become familiar with basic tools of historical research and professional discipline. Course requires the individual production of a substantial research paper based upon disciplined inquiry and the exploration and analysis of primary and secondary sources.

Answer the following Assessment questions:
   a. If this course is mandated by an accrediting or certifying agency, include the directive. If not, state not applicable.
      n/a
   b. Explain the rationale for the cosmetic course change.
   The change will better reflect the role of the course as the starting point for students in the program.

If this course will affect other departments, a Departmental Support Form for each affected department must be attached. The form is located on the Curriculum forms web page at http://www.atu.edu/registrar/curriculum_forms.php.

PROGRAM TITLE:
BACHELOR OF SCIENCE IN BUSINESS ADMINISTRATION IN FINANCE

Outline change in program: (reorganization of courses listed in matrix, adding a footnote to a course, adding or deleting a course from a list, etc.)

Change matrix entry in Junior year from "College of Business Elective (3000-4000)" to "School of Business Elective (3000-4000)" and add the footnote for this entry "Excludes HIM and AHS courses."

Answer the following Assessment questions:
   a. If this course is mandated by an accrediting or certifying agency, include the directive. If not, state not applicable.
   NA
   b. Explain the rationale for the cosmetic course change.
   The recent consolidation of colleges inadvertently changed curriculum that references the "College of Business", this change corrects the curriculum to reflect restructured names (no actual change to the curriculum is being made)

If this course will affect other departments, a Departmental Support Form for each affected department must be attached. The form is located on the Curriculum forms web page at http://www.atu.edu/registrar/curriculum_forms.php.

Bachelor of Science in Business Administration in Finance

| DEPARTMENT |
| HOMEPAGE |

The study of finance equips students to analyze financial issues ranging from business finance to international finance and their relevance in the contemporary world. Capital structure and investment, personal and professional investing, asset valuation and management, risk hedging and management, and foreign exchange risk management are some traditional topics covered in the curriculum. The Bachelor of Science in Business Administration in Finance degree equips students to pursue finance-related career paths such as Financial Analysts, Cost/Credit Analysts, Bank Managers, Portfolio/Fund Managers, and Traders in Stocks, Bonds and Currencies.

The finance course of study contains a theoretical core supporting the finance, accounting, marketing, and management fields. It is designed to prepare graduates for management or analytical careers in business or government. In addition, the major provides a foundation for graduate study in a variety of fields. Faculty advisors work closely with students to assist them in planning their course work to achieve personal career objectives.

Students who complete the finance program will be able to:

1. Understand economic concepts and relationships.
2. Understand financial decision making at the individual, corporate, and public policy levels.
3. Improve problem-solving skills through the application of economic and financial concepts.
4. Evaluate economic and financial issues in a global context.

Curriculum

Bachelor of Science in Business Administration in Business Management

DEPARTMENT
HOMEPAGE

Business Management prepares students to manage organizations of all types. Managers help businesses improve the way that they get these products and services to their customers. They keep businesses running smoothly by bringing together suppliers, employers, workers and the tools they use to create the products and services sold everywhere. Business management students have opportunities to participate in experiential learning such as working with ATU's Small Business Technology and Development Center to help local businesses to manage more efficiently.

[1] See appropriate alternatives or substitutions in "General Education Requirements".

[2] Students who have two years of high school algebra with a grade of "C" or better and a math ACT score of 22 or above may omit College Algebra and enroll directly in MATH 2223 Quantitative Business Analysis. If omitted, an additional 3 hours of electives will be required. Students considering graduate school are advised to use free elective hours to take MATH 2914 Calculus I.

[3] This program partners the BSBA undergraduate degree with the MBA degree. A maximum of twelve (12) graduate level credit hours can be counted towards both the BSBA degree in Business Management and the MBA degree. Four graduate level courses can be used to replace four upper-division undergraduate courses as follows:

- BDA 6203 Business Information Analysis can replace MKT 3153 Marketing Research and Analysis
- MGMT 6203 Decision Modeling in Supply Chain Management can replace MGMT 4103 Supply Chain Management
- MKT 6103 Digital Marketing Strategy can replace MKT 4013 Digital Metrics
- BDA 6323 Applied Predictive Analytics can replace BDA 4003 Business Intelligence

Course Subject: (e.g., ACCT, ENGL) **ELEG**	Course Number: (e.g., 1003) **2103**

Official Catalog Title: Electric Circuits I

Describe the change you want to make: (e.g., delete the prerequisite, modify the course description)
Change the prerequisite to MATH 2924 with a grade of C or better. It is no longer necessary to require MATH 2914 with a C or better as a prerequisite. The Mathematics Department now requires MATH 2914 with a C or better as a prerequisite for MATH 2924.

Answer the following Assessment questions:
 a. If this course is mandated by an accrediting or certifying agency, include the directive. If not, state not applicable.
    ABET

 b. Explain the rationale for the cosmetic course change.
    MATH 2924 now requires MATH 2914 with a C or better as a prerequisite.

If this course will affect other departments, a Departmental Support Form for each affected department must be attached. The form is located on the Curriculum forms web page at http://www.atu.edu/registrar/curriculum_forms.php.

Arkansas Tech University
DEPARTMENTAL SUPPORT FORM

This form must be completed for every department affected by the course change.

Department Affected: Physical & Earth Sciences (Physics and Engineering Physics Majors)	This department x☐ supports ☐ does not support the change.
Comments: Based on the data provided by the Engineering Department, Department of Physical Sciences support this change to require a grade of C or higher in ELEG 2103 to be able to enroll in ELEG 2113.	

Department Head Signature: _____

Date:____06/29/2022_____

ARKANSAS TECH UNIVERSITY

Official Catalog Title: Engineering Modeling and Design

Describe the change you want to make: (e.g., delete the prerequisite, modify the course description) Change the Official Catalog Title to: <u>System Modeling & Analysis</u>

Answer the following Assessment questions:
  a. If this course is mandated by an accrediting or certifying agency, include the directive. If not, state not applicable.
     ABET requires "a minimum of 45 semester credit hours (or equivalent) of engineering topics appropriate to the program, consisting of engineering and computer sciences and engineering design, and utilizing modern engineering tools".

  b. Explain the rationale for the cosmetic course change.
     The proposed new name is more representative of the material in the course. In addition, the "Engineering Modeling and Design" course name for ELEG/MCEG 3003 was confused by some students with another required engineering course ELEG/MCEG 4202: Engineering Design.

Course Subject: (e.g., ACCT, ENGL) **ELEG**	Course Number: (e.g., 1003) **4191**

Official Catalog Title: Electrical Design Project I

Describe the change you want to make: (e.g., delete the prerequisite, modify the course description) Add prerequisite ELEG/MCEG 4202: Engineering Design

Answer the following Assessment questions:
  a. If this course is mandated by an accrediting or certifying agency, include the directive. If not, state not applicable.
     ABET

  b. Explain the rationale for the cosmetic course change.
     ELEG/MCEG 4202 is the first course in a three course senior design sequence and should precede ELEG 4191.

If this course will affect other departments, a Departmental Support Form for each affected department must be attached. The form is located on the Curriculum forms web page at http://www.atu.edu/registrar/curriculum_forms.php.

ARKANSAS TECH UNIVERSITY

COSMETIC COURSE CHANGE

Department Initiating Proposal	Date
Engineering and Computing Sciences	7/14/2022

Title	Signature	Date
Department Head	*John L. Krohn*	7/14/2022
Dean Judy L. Cezeaux	*Judy L. Cezeaux*	7/18/2022

Course Subject: (e.g., ACCT, ENGL) **ELEG**	Course Number: (e.g., 1003) **4192**

Official Catalog Title:
Electrical Design Project II

Describe the change you want to make: (e.g., delete the prerequisite, modify the course description)
Modify the prerequisite requirement: retain ELEG 4191 and remove MCEG/ELEG 4202.

Answer the following Assessment questions:
  a. If this course is mandated by an accrediting or certifying agency, include the directive. If not, state not applicable.
     ABET
  b. Explain the rationale for the cosmetic course change.
     ELEG 4192 is the third course in the senior design sequence. MCEG/ELEG 4202 is the first course and is the prerequisite for ELEG 4191.

If this course will affect other departments, a Departmental Support Form for each affected department must be attached. The form is located on the Curriculum forms web page at http://www.atu.edu/registrar/curriculum_forms.php.

Official Catalog Title:
Engineering Design

Describe the change you want to make: (e.g., delete the prerequisite, modify the course description)
Change prerequisite to ELEG 3103: Electronics I

Answer the following Assessment questions:
   a. If this course is mandated by an accrediting or certifying agency, include the directive. If not, state not applicable.
      ABET
   b. Explain the rationale for the cosmetic course change.
      The current prerequisite, Junior Standing, allows transfer or change-of-major students to be eligible to begin the senior design sequence prior to completing basic electrical engineering courses. This change is consistent with the prerequisite requirement for MCEG 4202.

If this course will affect other departments, a Departmental Support Form for each affected department must be attached. The form is located on the Curriculum forms web page at http://www.atu.edu/registrar/curriculum_forms.php.

INFT	**5203**

Official Catalog Title:
Database Systems

Describe the change you want to make: (e.g., delete the prerequisite, modify the course description)
Delete --> Prerequisites: INFT 5403
Add --> Prerequisites: INFT 5103, or two semesters of undergraduate programming,

Modify the course description: An introduction to database systems where students will gain a thorough understanding of database software package development for microcomputer applications. Topics include how to design, implement, and access a personal database. Entity relationship diagrams are emphasized in design. The use of macros, data conversion operations, linking, and complex selection operations are used in implementation.

Answer the following Assessment questions:
  a. If this course is mandated by an accrediting or certifying agency, include the directive. If not, state not applicable.
     N/A
  b. Explain the rationale for the cosmetic course change.

This course gets into programming with database, therefore students need to have a programming background before enrolling in this course in order to be successful. The course objective has been updated to reflect changes in technology.

If this course will affect other departments, a Departmental Support Form for each affected department must be attached. The form is located on the Curriculum forms web page at http://www.atu.edu/registrar/curriculum_forms.php.

COSMETIC PROGRAM CHANGE

Department Initiating Proposal	Date
Mathematics and Statistics	8/1/22

Title	Signature	Date
Department Head Jeanine Myers	*[signature]*	8/1/22
Dean Judy L. Cezeaux	*[signature]*	8/2/2022

PROGRAM TITLE:
Minor in Mathematics

Outline change in program: (reorganization of courses listed in matrix, adding a footnote to a course, adding or deleting a course from a list, etc.)

Delete MATH 3173/ENGR 3173 from the list of the "elective exclusions" in the minor program.

Answer the following Assessment questions:
  a. If this course is mandated by an accrediting or certifying agency, include the directive. If not, state not applicable.
     Not applicable

  b. Explain the rationale for the cosmetic course change.
     Engineering is deleting the MATH 3173/ENGR 3173 course.

If this course will affect other departments, a Departmental Support Form for each affected department must be attached. The form is located on the Curriculum forms web page at http://www.atu.edu/registrar/curriculum_forms.php.

Minor in Mathematics

DEPARTMENT HOMEPAGE

For several majors, a minor in mathematics is a natural and popular acquisition. The minor in mathematics requires 20 hours of courses:

- MATH 2703 Discrete Mathematics
- MATH 2914 Calculus I
- MATH 2924 Calculus II

and 9 hours selected from any 3000-4000 level mathematics or statistics courses excluding MATH 3033 Methods of Teaching Elementary Mathematics, MATH 3173 Math Methods for Engineers MATH 3703 Mathematics in the Secondary Schools, MATH 3772 Praxis II Mathematics: Content Knowledge Test Preparation, and MATH 4703 Special Methods in Mathematics.
