Program Title: MA History
------------------------------

Outline change in program: (e.g., list changes in program such as (1) delete three hours of elective and (2) add three hours of approved major electives)

1) Remove the requirement for HIST 6053 Historiography. In the last cycle, the goals of the required HIST 6003 Intro to Graduate Study in History were changed to incorporate historiography, making the requirement of HIST 6003 AND HIST 6053 redundant.

2) Change Exam Option to Portfolio Option, which will, like the Thesis Option, require 6 Thesis/Portfolio hours. This will not increase the overall hours required. The department's graduate committee will develop specific requirements, but the portfolios will include items like essays, annotated syllabi, etc.

What impact will the change have on staffing, on other programs and space allocation?

None

Answer the following Assessment questions:

- a. How does the program change align with the university mission?

The most relevant aspect of the university's mission to these changes is in the form of access. In regard to Change 1: Removing this specific required course opens students' degree plans to three hours of coursework in their desired content field. It also removes the worry students might have about when the required course will be available again if they miss it. The change will also eventually allow our faculty to offer the single required course, HIST 6003, each semester, making rolling admission a smoother process. In regard to Change 2: Access is improved because students who do not want to choose the thesis option are able to develop a project with faculty guidance over time (as thesis students do) rather than enduring a one-time high stakes assignment that they might perceive as gatekeeping.

Change 2 also offers greater intellectual development to students as the portfolio will offer opportunities to create a product relevant to their career goals. It will also offer non-thesis students the chance to defend what they've created and interact with faculty as colleagues (as thesis students do) in a way that the exam option does not.

- b. If this change in the program is mandated by an accrediting or certifying agency, include the directive. If not, state not applicable.

n/a

- c. What is the rationale for this program change?

1. How will the program change impact learning for students enrolled in this program?

Change 1: With one fewer required course, students will be able to broaden their learning opportunities in other courses. In the last cycle, the goals of the required HIST 6003 Intro to Graduate Study in History were changed to incorporate historiography, making the requirement of HIST 6003 AND HIST 6053 redundant.

Change 2: The portfolio will provide non-thesis students with an opportunity to showcase their learning in a way that matches the PLOs (in Assessment, below) and boosts their ability to see themselves as practitioners of the discipline. Students will benefit from engaging in tasks that are relevant to the discipline.

2. Provide an example or examples of student learning assessment evidence which supports the changes in the program.

See Assessment Information and Plan, below

- b. How does this program fit in the current state of the discipline? Include Arkansas institutional comparisons. If Arkansas educational institutions do not have the course or program provide comparative examples from regional educational institutions.

As far as we know, there are no Arkansas institutional comparisons. Sam Houston State University's portfolio option for their MA program (also online or in person) provides a good model (<https://www.shsu.edu/academics/history/mah/comps.html>). The program offers a detailed list of standard requirements for students to follow in creating their portfolio. Our graduate committee would need to develop our own set of guidelines. The University of Nebraska-Kearny, for another example, offers a portfolio option (<https://catalog.unk.edu/graduate/departments/history/history-ma/>). We would probably like to develop ours to hold a bit more symmetry to the thesis experience than theirs does, however.

Public History MA programs frequently offer a portfolio option, emphasizing the practical and employable nature of the degree. There is no reason that our program, which is positioned to place graduates in academic, public, or teaching positions, can't also send those same signals with a portfolio option. This change in fact could be a recruitment tool.

- c. Attach a detailed assessment plan including three to five specific program student learning outcomes, means or instructional measures to assess each outcome, identify program courses where learning will be assessed, and performance standards or criteria for success which demonstrate student learning for each outcome. (Examples for assessment plans/curriculum mapping can be found at the Office of Assessment and Institutional Effectiveness web page.)

See below.

If this course will affect other departments, a Departmental Support Form for each affected department must be attached. The form is located on the Curriculum forms web page at [http://www.atu.edu/registrar/curriculum\\_forms.php](http://www.atu.edu/registrar/curriculum_forms.php).

## Assessment Information and Plan

*Past assessment has shown that we need to rethink the exam option.*

*Future assessment will determine the effectiveness of the change from exam to portfolio.*

Our 2019 program review shows that the non-thesis/exam option that we've been using has been inconsistent, frustrating for students, poor for assessing learning, and seen as the "lesser" option by students, even as most of them choose it.

From our 2019 self-study:

"Thesis completion problems: of 79 HISM graduates, 18 completed a planned thesis and 40 passed planned examinations, but 21 planned to complete a thesis, did not make sufficient progress, and eventually switched to the exam option. This has often resulted in frustrated students and faculty. We need to find ways to propel those who wish to write a thesis towards completion, or to encourage them at an earlier stage to embrace the exam option as a fully acceptable option."

From 2019 program review external reviewer report (Haas):

"One wonders though whether they could think a little deeper here and look at some other learning objectives beyond historiographical knowledge and research skills and some other means to assess these rather than grades. The literature of assessment is huge at the moment, and there are probably a number of ways to add on some other relevant learning objectives of the program and other means of assessment."

From 2019 program review external reviewer report (Miller):

"The problem is that, as you state in your report, of 79 graduates, 18 have defended theses while 61 passed examinations. Most of your students go the non-Thesis route so any weaknesses in the non-Thesis part of your program are significant."

The exam option does not adequately assess our refreshed Program Learning Outcomes, and is especially irrelevant to demonstrating student ability to achieve the highlighted sections below:

**PLO 1. Produce scholarly research meeting the standards of the discipline of history.**

- 1.1 Analyze primary sources.
- 1.2 Evaluate secondary sources.
- 1.3 Synthesize various primary and/or secondary sources into a single narrative.
- 1.4 Articulate an argument supported by primary and secondary sources.
- 1.5 Apply Chicago Manual of Style practices in composition and citation.

**PLO 2. Communicate historical content to a variety of audiences.**

- 2.1 Organize relevant historical information for the purposes of presentation.
- 2.2 Apply varied methods of historical content delivery.

From our 2022 Program Assessment, which included using capstone projects (thesis/exam) to determine whether we were meeting PLO 2. Communicate historical content to a variety of audiences:

1.2.1 Measure Information Organization

Source of Evidence

DESCRIPTION

Organize relevant historical information for the purposes of presentation.  
Tasks include: create annotated bibliographies, create powerpoints, develop lecture notes, create outlines to map social media/blog schedules, write (especially annotated) syllabi.

METHODOLOGY

Review 2022's completed "capstone" assessments (students' choice of thesis or exam option): 3 exams and 1 thesis in year 2022

Expectations/Target for this Outcome (1)

1.2.1.1

DESCRIPTION

Enter text

STATUS

Partially Met

EXPECTATIONS/TARGET FOR THIS OUTCOME

Capstone projects should show the ability to identify and choose relevant content and organize it meaningfully for presentation.

FINDINGS/RESULTS

The thesis as a presentation and written product was organized and applied relevant sources and examples. The exams are not suited for preparing content for presentation.

REFLECTION ON FINDINGS AND RECOMMENDATIONS FOR NEXT STEPS

The thesis (as a presentation and written product) was organized and applied relevant sources and examples. The exams were too rushed to allow students to apply their skills in organization and there was no opportunity to plan or implement presentation in that type of assessment. The exam option should be replaced with something more relevant to the PLO.

1.2.2 Measure Content Delivery

Source of Evidence

DESCRIPTION

Apply varied methods of historical content delivery.  
Tasks include: deliver lectures, paper presentations, in-class presentations, record accessible content videos, create blog content, create social media content.

METHODOLOGY

Review theses and comprehensive exams

Expectations/Target for this Outcome (1)

1.2.2.1

DESCRIPTION

Enter text

STATUS

Not Met

EXPECTATIONS/TARGET FOR THIS OUTCOME

Capstone projects should show the ability to communicate content to various audiences.

FINDINGS/RESULTS

The thesis and its defense showed an ability to communicate only to a narrow audience. Comprehensive exams simply do not assess this outcome.

REFLECTION ON FINDINGS AND RECOMMENDATIONS FOR NEXT STEPS

Although the short presentation offered by the student to begin the defense was generally accessible, the written thesis and its oral defense was limited to a narrow audience. For their part, the exams didn't really assess the PLO.

Action items to assess program changes (history MA graduate committee):

- 1) Develop requirements and a rubric for portfolios.
- 2) Evaluate portfolios in the 2024 and 2025 program assessment cycles to check for student success in PLOs, especially PLO 2.
- 3) Carefully choose a methodology (which assignment artefacts to pull and review) for the 2024 and 2025 program assessment cycles and determine whether removing the required historiography course has had a detrimental effect on learning outcomes, especially 1.2, 1.3, and 1.4.

Program Title:  
Accelerated BA Political Science to MS Emergency Management and Homeland Security

**Outline change in program: Accelerated BA Political Science to MS Emergency Management and Homeland Security**

This change would allow Political Science majors to complete a Master's degree in EMHS in accelerated fashion.

Students would substitute up to 12 cr. hours of graduate level Emergency Management and Homeland Security courses (EMHS 6063, EMHS 6103, EMHS 6093, and an EMHS 3 hr. elective) for an equivalent number of upper division electives in fall and spring semesters of the senior year.

The admission criteria include completing 90 hours toward the Bachelor's degree with an earned GPA of 3.2 or higher at the time of application to the program. If a student is enrolled in one of these courses at the time of application, the student may be conditionally admitted until grades are submitted for that semester. If a B or better was earned, they may begin the program. If not, their admission will be deferred until the required grade is obtained.

Applications must be submitted to the EMHS Graduate Program Director no later than October 15 or March 15 of the semester prior to beginning the program.

Graduate Core courses – 9 hours total.

EMHS 6063: Principles of Emergency Management

EMHS 6103: Research Design and Methods

EMHS 6093: Principles of Homeland Security

Electives – 3 hours total.

Electives to choose from:

EMHS 6073: Terrorism and Counterterrorism

EMHS 6243: Intelligence in Emergency Management and Homeland Security

EMHS 6253: Information Security for Public Managers

EMHS 6033: Leadership and Management

EMHS 6513: Technology for Comprehensive Emergency Management

EMHS 6133: Ethical, Legal, Political Considerations in Emergency Management and Homeland Security

**What impact will the change have on staffing, on other programs and space allocation?**

It should have no impact on other programs other than potentially decreasing enrollment in upper division elective courses.

**Answer the following Assessment questions:**

- a. How does the program change align with the university mission?

The university's mission includes "student success, access, and excellence" which this program change directly addresses by encouraging high-achieving undergraduate students to continue their pursuit of academic excellence with taking accessible emergency management and homeland security graduate courses that will encourage their success. Also, providing a more economical (& accessible) path for an EMHS Master's degree serves for the benefit of "Arkansas, the nation, and the world." This will also allow the EMHS program to become stackable with other university degrees, provide for progressive intellectual development, and provide another employment option for the students.

- b. If this change in the program is mandated by an accrediting or certifying agency, include the directive. If not, state not applicable.

Not Applicable.

c. What is the rationale for this program change?

1. How will the program change impact learning for students enrolled in this program?

Students will have to adjust to graduate-level work more quickly than they might otherwise. However, only those students who meet the admission criteria will be accepted into the accelerated program. This should lead to students having an adequate level of preparation.

2. Provide an example or examples of student learning assessment evidence which supports the changes in the program.

There will be no change to the graduate program so the assessment plan will remain the same. This change only allows students to streamline and accelerate entry into a graduate degree during the senior year of their undergraduate degree.

b. How does this program fit in the current state of the discipline? Include Arkansas institutional comparisons. If Arkansas educational institutions do not have the course or program provide comparative examples from regional educational institutions.

ATU is beginning accelerated programs. This would be an accelerated program providing streamlined entry into a graduate EMHS degree. This is a natural pairing since many political science bachelor's students find the EMHS masters to be a good fit to their undergraduate education.

c. Attach a detailed assessment plan including three to five specific program student learning outcomes, means or instructional measures to assess each outcome, identify program courses where learning will be assessed, and performance standards or criteria for success which demonstrate student learning for each outcome. (Examples for assessment plans/curriculum mapping can be found at the Office of Assessment and Institutional Effectiveness web page.)

The assessment plan would not change.

If this course will affect other departments, a Departmental Support Form for each affected department must be attached. The form is located on the Curriculum forms web page at [http://www.atu.edu/registrar/curriculum\\_forms.php](http://www.atu.edu/registrar/curriculum_forms.php).

# Bachelor of Arts in Political Science

The political science degree requires thirty nine additional semester hours beyond the General Education requirements and the College of Arts and Humanities foreign language requirement.

DEPARTMENT  
HOMEPAGE

## Program Requirements

**In the General Education requirements, political science majors are required to take:**

- [HIST 2003 United States History to 1877](#)
- [HIST 2013 United States History since 1877](#)
- [HIST 1513 World History since 1500](#) OR [HIST 1503 World History to 1500](#)  
OR [GEOG 2013 Regional Geography of the World](#)
- [SOC 1003 Introductory Sociology](#) OR [PSY 2003 General Psychology](#)  
OR [ECON 2003 Principles of Macroeconomics](#)

Political science majors are required to take six hours of beginning foreign language courses or obtain the appropriate waiver for high school language study.

**The thirty nine semester hours required for the political science degree include**

- [POLS 2003 American Government](#)
- [POLS 2253 Survey of Western Political Thought](#)
- [POLS 2513 Research Design](#)
- [POLS 2403 Comparative Government](#)
- [POLS 2413 International Relations](#) OR [POLS 2153 Introduction to Strategic Studies](#)
- [POLS 4963 Senior Seminar](#)
- Majors are also required to take 21 additional elective credits in political science, 18 of which are upper level political courses.

## Program Recommendations

It is recommended students pursue one of the six career tracks below based on the types of jobs that are most appealing to them. It is also recommended students work with their advisor to do an internship within their track to give them first-hand experience in a career in their track.

**Law School Track:** Recommended for students interested in earning their Juris Doctorate in law. It is recommended students pursuing this track take at least 18 of their 21 political science credits from the following list of courses:

- [POLS 3023 Judicial Process](#)
- [POLS 3043 Judicial Politics](#)
- [POLS 3063 Modern Political Thought](#)
- [POLS 3253 Classical Political Thought](#)
- [POLS 4043 American Constitutional Law](#)
- [POLS 4973 Internship](#)
- [POLS 4983 Political Science Seminar](#)

**Public Policy/Administration Track:** Recommended for students interested in political careers in bureaucratic agencies at the local, state or federal level of government, as well as non-profit organizations that lobby government. It is recommended students pursuing this track take at least 18 of their 21 political science credits from the following list of courses:

- [POLS 3033 American State and Local Government](#)
- [POLS 3043 Judicial Politics](#)
- [POLS 3053 Introduction to Public Administration](#)
- [POLS 3083 Political Parties and Interest Groups](#)
- [POLS 3093 American Municipal Government](#)
- [POLS 3143 The United States Presidency](#)
- [POLS 4973 Internship](#)
- [POLS 4983 Political Science Seminar](#)

**International Relations/Studies Track:** Recommended for students interested in careers with non-governmental organizations (NGOs) like the Red Cross, Amnesty International, etc.; political careers working for or with organizations like the United Nations, World Bank, International Monetary Fund (IMF), etc.; or diplomatic careers. It is recommended students pursuing this track take at least 18 of their 21 political science credits from the following list of courses:

- [POLS 3063 Modern Political Thought](#)
- [POLS 3423 Problems in International Affairs](#)
- [POLS 3433 United Nations](#)
- [POLS 3473 National Security Policy](#)
- [POLS 4973 Internship](#)
- [POLS 4983 Political Science Seminar](#)

**Strategic Studies Track:** Recommended for students interested in military studies and careers. These courses are very popular with students pursuing an ROTC program. It is recommended students pursuing this track take at least 18 of their 21 political science credits from the following list of courses:

- [POLS 2153 Introduction to Strategic Studies](#)
- [POLS 3013 Recent American Foreign and Military Policy](#)
- [POLS 3063 Modern Political Thought](#)

- [POLS 3423 Problems in International Affairs](#)
- [POLS 3433 United Nations](#)
- [POLS 3473 National Security Policy](#)
- [POLS 4973 Internship](#)
- [POLS 4983 Political Science Seminar](#)

**American Politics, Campaigns & Elections Track:** Recommended for students interested in careers working on political campaigns, for political parties, for interest groups, or in any of the branches of government at the local, state and federal level. It is recommended students pursuing this track take at least 18 of their 21 political science credits from the following list of courses:

- [POLS 3033 American State and Local Government](#)
- [POLS 3083 Political Parties and Interest Groups](#)
- [POLS 3093 American Municipal Government](#)
- [POLS 3123 American Political Behavior](#)
- [POLS 3133 United States Congress](#)
- [POLS 3143 The United States Presidency](#)
- [POLS 3513 Research Methods \(or SOC 2053 Statistics for the Behavioral Sciences, STAT 3153 Applied Statistics, etc.\)](#)
- [POLS 4976 Internship](#)
- [POLS 4983 Political Science Seminar](#)

**Political Science Graduate School Track:** Recommended for students interested in seeking a master's or doctorate's degree in political science. It is recommended students pursuing this track take at least 18 of their 21 political science credits as follows:

- [POLS 3513 Research Methods \(or SOC 2053 Statistics for the Behavioral Sciences for the, STAT 3153 Applied Statistics, etc.\)](#)
- AND 15 credits distributed as follows among these three blocks:

*American Government Course (6 Credits):*

- [POLS 3023 Judicial Process](#)
- [POLS 3043 Judicial Politics](#)
- [POLS 3053 Introduction to Public Administration](#)
- [POLS 3083 Political Parties and Interest Groups](#)
- [POLS 3093 American Municipal Government](#)
- [POLS 3123 American Political Behavior](#)
- [POLS 3133 United States Congress](#)
- [POLS 3143 The United States Presidency](#)

*International Relations Course (6 credits):*

- [POLS 3013 Recent American Foreign and Military Policy](#)
- [POLS 3423 Problems in International Affairs](#)
- [POLS 3433 United Nations](#)
- [POLS 3473 National Security Policy](#)

*Political Theory Course (3 credits):*

Program Title:  
Accelerated Bachelor of Applied Science (BAS)  
to MA in Organizational Development and Learning (MAODL)

Outline change in program: (e.g., list changes in program such as (1) delete three hours of elective and (2) add three hours of approved major electives)

- This program partners with the BAS.
- A maximum of 6 graduate level credit hours can be double counted towards the BAS.
- Students may select two MAODL courses (OL 5043 and OL 5643 or OL 6043) to replace 6 hours of upper-division undergraduate core coursework to fulfill requirements for the BAS.
- Students will take no more than six hours of graduate courses per semester.
- Students may apply in their junior year for admission into the Accelerated Bachelor's Plus MAODL Master's Degree program. The student must complete a minimum of 90 credit hours towards the BAS and have earned a minimum grade point average of 3.0 or better in those undergraduate courses to be eligible for admission into the Accelerated Bachelor's Plus MAODL Master's Degree program.
- A course used toward an undergraduate degree cannot be counted or used later for graduate credit except in the case of enrollment in an approved accelerated master's program.
- Only courses with grades of B or better will be eligible to count toward graduate credit.
- The curriculum will follow the existing curriculum in the undergraduate and graduate degree programs comprising the Accelerated Bachelor's Plus MAODL Master's Degree program.
- All other general requirements for the Bachelor's and Master's degree programs that comprise the Accelerated Bachelor's Plus MAODL Master's Degree program apply and must be satisfied.
- Upon completion of the BAS degree requirements, students will be accepted into the Graduate College at a status consistent with the Graduate College and individual program guidelines. Students must meet all the graduate requirements for dual credit courses to receive graduate credit for these courses to contribute toward their Master's degree.
- Students in the Accelerated Bachelor's Plus MAODL Master's Degree program will apply for graduation with the BAS on the schedule delineated in the undergraduate catalog and will receive their BAS upon completion of all the requirements for the undergraduate degree. The Master's degree will be awarded when the student has completed the remaining requirements for the MAODL.

**Accelerated BAS to MA-ODL**

Can earn up to 6 credit hours from the following:

Graduate Course	Undergraduate Course
OL 5043: Ethical Leadership	OL 4043: Ethical Leadership
OL 5643: Organizational Globalization and Diversity	OL <sup>Ps</sup> /4643: Organizational Globalization and Diversity
or	or
OL 6043: Leadership in Organizational Change	OL <sup>Ps</sup> /4743: Organizational Change

*New wording for the Course Catalog:*

Students seeking admission into the Accelerated Bachelor's Plus MAODL Master's Degree program must have completed a minimum of 90 credit hours towards the Bachelor of Applied Science and have earned a minimum GPA of 3.0 or better in those undergraduate courses to be eligible for admission into the Accelerated Bachelor's Plus MAODL Master's Degree program.

What impact will the change have on staffing, on other programs and space allocation?

None

Answer the following Assessment questions:

- a. How does the program change align with the university mission?

The University's mission includes "student success, access, and excellence" which this program change directly addresses by encouraging high-achieving undergraduate students to continue their pursuit of academic excellence with taking accessible organizational development and learning graduate courses that will encourage their success. Also, this program provides a more economical and accessible path for an MAODL Master's degree serves for the benefit of "Arkansas, the nation, and the world."

This program aligns with Arkansas Tech strategic plan Goal 1: Student access and opportunity, Goal 4: Programs and deliveries, and Goal 5: Partnerships and innovation.

- b. If this change in the program is mandated by an accrediting or certifying agency, include the directive. If not, state not applicable.

Not applicable.

- c. What is the rationale for this program change?

It is University policy to offer qualified undergraduate students the opportunity to register for graduate level credit hours as undergraduates to receive dual credit toward both undergraduate and graduate degrees within the designated accelerated bachelor to master degree programs. This program change aligns the undergraduate and graduate programs with University policy and the mission of the institution to increase access and innovation.

1. How will the program change impact learning for students enrolled in this program?

Students enrolled in the Accelerated Bachelor's Plus MAODL Master's Degree program will engage in advanced, graduate-level learning while enrolled in an undergraduate program. The program allows accelerated students to attain a deeper, more specialized understanding of program content within the fields of organizational development and learning. There is limited research regarding the impact on student learning for students in an accelerated program. The primary benefits listed among similar programs are time and costs savings.

2. Provide an example or examples of student learning assessment evidence which supports the changes in the program.

This is a new program and assessment data is not yet available. The support for this change is to meet market demand and stay current with trends in higher education, as well as trends within our institution. Accelerated bachelor's to master's programs are more readily available across academic disciplines. To stay competitive, any program that can offer an accelerated pathway to degree completion should offer an accelerated pathway.

- d. How does this program fit in the current state of the discipline? Include Arkansas institutional comparisons. If Arkansas educational institutions do not have the course or program provide comparative examples from regional educational institutions.

Although there is not a similar graduate program in the state/region, programs within our institution, as well as programs across the state, have an accelerated option. Some examples of these are: University of Arkansas, Little Rock (Department of Information Science), Arkansas State University, Jonesboro (Accounting, Agriculture, Chemistry, Computer Science, Disaster Preparedness & EM, History, Political Science, and Special Education), Saint Louis University (Leadership and Organizational Development).

- e. Attach a detailed assessment plan including three to five specific program student learning outcomes, means or instructional measures to assess each outcome, identify program courses where learning will be assessed, and performance standards or criteria for success which demonstrate student learning for each outcome. (Examples for assessment plans/curriculum mapping can be found at the Office of Assessment and Institutional Effectiveness web page.)

If this course will affect other departments, a Departmental Support Form for each affected department must be attached. The form is located on the Curriculum forms web page at [http://www.atu.edu/registrar/curriculum\\_forms.php](http://www.atu.edu/registrar/curriculum_forms.php).

In the attached matrix, include requested changes in the matrix and include course number and title.

[PROGRAM  
HOMEPAGE](#)

The Bachelor of Applied Science (B.A.S.) degree provides students who have earned an Associate of Applied Science (A.A.S.) degree in any discipline a seamless transition to the online B.A.S. degree. Additionally, the program of study is appropriate for:

- Students graduating from community colleges with credentials other than an A.A.S. degree
- Degree "stop-outs" who began but never completed a bachelor's degree
- Individuals who have accumulated hours that cannot be applied toward a specific major.

Students complete the necessary hours for the degree within a convenient yet directed scheduling format under the guidance of advisors who understand the unique needs of the adult learner.

This stackable education sequence enhances an individual's academic qualifications and increases potential career upward mobility. The degree design maximizes earned hours; a student with an A.A.S. degree must complete 66 hours to earn the B.A.S. degree (26 hours General Education/40 hours Degree Requirements).

To maximize credentialing opportunities, a student in the B.A.S. program may earn the Certificate by completing the first 15 hours of Professional Studies courses in the program.

### Learning Objectives for the Bachelor of Applied Science Degree:

- **Communication:** Proficiency of written communication skills for a variety of audiences.
- **Critical Thinking and Problem Solving:** Analyzing and evaluating evidence to deliver data-driven solutions.
- **Analytical Skills:** Developing conclusions through quantitative and qualitative reasoning.
- **Ethics:** Applying ethical principles in personal, professional, and societal contexts.
- **Diversity:** Demonstrating understanding and consideration of diverse cultural perspectives and intercultural complexities.
- **Teamwork:** Demonstrating teamwork fundamentals through participation and engagement.
- **Technical Expertise:** Demonstrating proficiency in project management, computer literacy, technology, financial management, and knowledge application.

- Leadership and Management: Applying leadership and management strategies in professional settings, to include human resources management, conflict management, and conflict resolution.

### Program of Study (BAS)

All bachelor's degrees at Arkansas Tech University require 35 hours of general education coursework and a minimum of 40 hours of upper division courses, and 120 total hours. Additionally, at least 30 hours must be earned at Arkansas Tech University.

General Education coursework or enrollment in courses as needed: 35 hours

**Program Title:**

Accelerated Bachelor of Professional Studies – Interdisciplinary Studies (BPS-IDS) to MA in Organizational Development and Learning (MAODL)

Outline change in program: (e.g., list changes in program such as (1) delete three hours of elective and (2) add three hours of approved major electives)

- This program partners with the BPS-IDS.
- A maximum of 12 graduate level credit hours can be double counted towards the BPS-IDS.
- Students may select from six MAODL courses (OL 5043, OL 5643, OL 6043, OL 6143, OL 5143, OL 5343, OL 6883) to replace 12 hours of upper-division undergraduate core coursework to fulfill requirements for the BPS-IDS.
- Students will take no more than six hours of graduate courses per semester.
- Students may apply in their junior year for admission into the Accelerated Bachelor's Plus MAODL Master's Degree program. The student must complete a minimum of 90 credit hours towards the BPS-IDS and have earned a minimum grade point average of 3.0 or better in those undergraduate courses to be eligible for admission into the Accelerated Bachelor's Plus MAODL Master's Degree program.
- A course used toward an undergraduate degree cannot be counted or used later for graduate credit except in the case of enrollment in an approved accelerated master's program.
- Only courses with grades of B or better will be eligible to count toward graduate credit.
- The curriculum will follow the existing curriculum in the undergraduate and graduate degree programs comprising the Accelerated Bachelor's Plus MAODL Master's Degree program.
- All other general requirements for the Bachelor's and Master's degree programs that comprise the Accelerated Bachelor's Plus MAODL Master's Degree program apply and must be satisfied.
- Upon completion of the BPS-IDS degree requirements, students will be accepted into the Graduate College at a status consistent with the Graduate College and individual program guidelines. Students must meet all the graduate requirements for dual credit courses to receive graduate credit for these courses to contribute toward their Master's degree.
- Students in the Accelerated Bachelor's Plus MAODL Master's Degree program will apply for graduation with the BPS-IDS on the schedule delineated in the undergraduate catalog and will receive their BPS-IDS upon completion of all the requirements for the undergraduate degree. The Master's degree will be awarded when the student has completed the remaining requirements for the MAODL.

*New wording for the Course Catalog:*

Students seeking admission into the Accelerated Bachelor's Plus MAODL Master's Degree program must have completed a minimum of 90 credit hours towards the Bachelor of Professional Studies – Interdisciplinary Studies and have earned a minimum GPA of 3.0 or better in those undergraduate courses to be eligible for admission into the Accelerated Bachelor's Plus MAODL Master's Degree program.

What impact will the change have on staffing, on other programs and space allocation?

None

Answer the following Assessment questions:

- a. How does the program change align with the university mission?

The University's mission includes "student success, access, and excellence" which this program change directly addresses by encouraging high-achieving undergraduate students to continue their pursuit of academic excellence with taking accessible organizational development and learning graduate courses that will encourage their success. Also, this program provides a more economical and accessible path for an MAODL Master's degree serves for the benefit of "Arkansas, the nation, and the world."

This program aligns with Arkansas Tech strategic plan Goal 1: Student access and opportunity, Goal 4: Programs and deliveries, and Goal 5: Partnerships and innovation.

- b. If this change in the program is mandated by an accrediting or certifying agency, include the directive. If not, state not applicable.  
Not applicable.

- c. What is the rationale for this program change?

It is University policy to offer qualified undergraduate students the opportunity to register for graduate level credit hours as undergraduates to receive dual credit toward both undergraduate and graduate degrees within the designated accelerated bachelor to master degree programs. This program change aligns the undergraduate and graduate programs with University policy and the mission of the institution to increase access and innovation.

1. How will the program change impact learning for students enrolled in this program?

Students enrolled in the Accelerated Bachelor's Plus MAODL Master's Degree program will engage in advanced, graduate-level learning while enrolled in an undergraduate program. The program allows accelerated students to attain a deeper, more specialized understanding of program content within the fields of organizational development and learning. There is limited research regarding the impact on student learning for students in an accelerated program. The primary benefits listed among similar programs are time and costs savings.

2. Provide an example or examples of student learning assessment evidence which supports the changes in the program.

This is a new program and assessment data is not yet available. The support for this change is to meet market demand and stay current with trends in higher education, as well as trends within our institution. Accelerated bachelor's to master's programs are more readily available across academic disciplines. To stay competitive, any program that can offer an accelerated pathway to degree completion should offer an accelerated pathway.

- d. How does this program fit in the current state of the discipline? Include Arkansas institutional comparisons. If Arkansas educational institutions do not have the course or program provide comparative examples from regional educational institutions.

Although there is not a similar graduate program in the state/region, programs within our institution, as well as programs across the state, have an accelerated option. Some examples of these are: University of Arkansas, Little Rock (Department of Information Science), Arkansas State University, Jonesboro (Accounting, Agriculture, Chemistry, Computer Science, Disaster Preparedness & EM, History, Political Science, and Special Education), Saint Louis University (Leadership and Organizational Development).

- e. Attach a detailed assessment plan including three to five specific program student learning outcomes, means or instructional measures to assess each outcome, identify program courses where learning will be assessed, and performance standards or criteria for success which demonstrate student learning for each outcome. (Examples for assessment plans/curriculum mapping can be found at the Office of Assessment and Institutional Effectiveness web page.)

If this course will affect other departments, a Departmental Support Form for each affected department must be attached. The form is located on the Curriculum forms web page at [http://www.atu.edu/registrar/curriculum\\_forms.php](http://www.atu.edu/registrar/curriculum_forms.php).

In the attached matrix, include requested changes in the matrix and include course number and title.

# Bachelor of Professional Studies Interdisciplinary Studies Concentration

PROGRAM  
HOMEPAGE

The Bachelor of Professional Studies (BPS) is an online Accelerated Degree Program (ADP) offering a flexible degree completion path addressing the unique needs of particular target groups. The accelerated delivery format is designed to ease the financial, time, and geographic constraints adults face in completing a baccalaureate program. Students complete the necessary hours for the degree within a convenient yet directed scheduling format under the guidance of academic advisors who understand the unique needs of adult learners.

The primary target groups include:

- Students graduating from community colleges
- Degree "stop-outs" who began but never completed a bachelor's degree
- Individuals who have accumulated hours that cannot be applied toward a specific major.

The curriculum is designed to enhance workplace skills such as planning, organizational behavior, ethics, needs assessment, problem solving, communications, human resources, and technology applications.
