5. Modify the Curriculum in Associate of Science in Early Childhood Education; and
6. Add the Certificate of Proficiency in Early Childhood Education.

College of Science, Technology, Engineering, and Mathematics
Department of Biological and Earth Sciences

1. Modify the prerequisite for GEOL 3014: Mineralogy, FROM: Prerequisite: GEOL 1014: Physical Geology, and CHEM 1113: A Survey of Chemistry, and CHEM 1111: Survey of Chemistry Laboratory, or CHEM 2124: General Chemistry I, TO: Prerequisite: GEOL 1004: Essentials of Earth Science, or GEOL 1014: Physical Geology; and add the NOTE: GEOL 2024: Historical Geology, and CHEM 2124: General Chemistry I recommended;
2. Change the course number for GEOL 4043: Geochemistry, TO: GEOL 4044, and modify the prerequisite FROM: Prerequisite: GEOL 3014: Mineralogy, and CHEM 2124: General Chemistry I, and CHEM 2134: General Chemistry II, TO: Prerequisite: CHEM 2124: General Chemistry I, and CHEM 2134: General Chemistry II;
3. Change the title for the Bachelor of Science in Geosciences Professional Option, TO: Bachelor of Science in Geosciences, and modify the curriculum;
4. Change the title for the Minor in Geology to Minor in Geosciences; and
5. Delete the Bachelor of Science in Geosciences in Environmental Option, Bachelor of Science in Geosciences in Petroleum Option, and Bachelor of Science in Geosciences in Professional Option.

College of Science Technology, Engineering and Mathematics
Department of Mathematics and Physical Sciences

1. Add STEM 1001: Orientation to the College of STEM, to the course descriptions;
2. Modify the prerequisite for CHEM 2134: General Chemistry II, FROM: Prerequisite: A grade of C or better in CHEM 2124: General Chemistry I, or equivalent, TO: Prerequisite: A grade of C or better in CHEM 2124: General Chemistry I, or equivalent, or approval of the instructor;
3. Modify the prerequisite for CHEM 3245: Quantitative Analysis, FROM: Prerequisite: A grade of C or better in CHEM 2134: General Chemistry II, TO: Prerequisite: A grade of C or better in CHEM 2134: General Chemistry II, or approval of the instructor;
4. Modify the prerequisite for CHEM 3254: Fundamentals of Organic Chemistry, FROM: Prerequisite: CHEM 2134: General Chemistry II, TO: Prerequisite: A grade of C or better in CHEM 2134: General Chemistry II, or approval of the instructor;
5. Modify the prerequisite for CHEM 3264: Mechanistic Organic Chemistry, FROM: Prerequisite: A grade of C or better in CHEM 3254: Fundamentals of Organic Chemistry, or equivalent, TO: Prerequisite: A grade of C or better in CHEM 3254: Fundamentals of Organic Chemistry, or equivalent, or approval of the instructor;
6. Modify the prerequisite for CHEM 3344: Principles of Biochemistry, FROM: Prerequisite: A grade of C or better in CHEM 3264: Mechanistic Organic Chemistry, and BIOL 1014: Introduction to Biological Science, or BIOL 1114: Principles of Biology, TO: Prerequisite: A grade of C or better in CHEM 3264: Mechanistic Organic Chemistry, and BIOL 1014: Introduction to Biological Science, or BIOL 1114: Principles of Biology, or approval of the instructor;
7. Modify the prerequisite for CHEM 3363: Metabolic Biochemistry, FROM: Prerequisite: grade of C or better in CHEM 3344: Principles of Biochemistry, TO:

Prerequisite: grade of C or better in CHEM 3344: Principles of Biochemistry, or approval of the instructor;

8. Modify the prerequisite for CHEM 3423: Descriptive Inorganic Chemistry, FROM: Prerequisite: A grade of C or better in CHEM 2134: General Chemistry II, TO: Prerequisite: A grade of C or better in CHEM 2134: General Chemistry II, or approval of the instructor;
9. Modify the prerequisite for MATH 3203: Introduction to Analysis, FROM: Prerequisite: MATH 3003: Foundations of Advanced Mathematics, TO: Prerequisite: MATH 2703: Discrete Mathematics, and MATH 2924: Calculus II;
10. Modify the prerequisite for MATH 4033: Abstract Algebra I, FROM: Prerequisite: MATH 3003: Foundations of Advanced Mathematics, TO: Prerequisite: MATH 2703: Discrete Mathematics;
11. Modify the prerequisite for PHYS 2114: Calculus-Based Physics I, FROM: Co-requisite: MATH 2924: Calculus II, TO: Prerequisite or Co-requisite: MATH 2914: Calculus I, and Co-requisite: PHYS 2000: Physics Laboratory I;
12. Modify the prerequisite for PHYS 2124: Calculus-Based Physics II, FROM: Co-requisite: PHYS 2010: Physics Laboratory II, and Prerequisite: Permission of instructor; Prerequisite or Co-requisite, MATH 2934: Calculus III, TO: Prerequisite or Co-requisite: MATH 2924: Calculus II, and Co-requisite: PHYS 2010: Physics Laboratory II;
13. Modify the Bachelor of Science in Mathematics;
14. Modify the Bachelor of Science in Physics, and add the Accelerated Bachelor of Science in Physics to Master of Arts in Teaching;
15. Delete the Bachelor of Science in Applied Science Actuarial Science Option, and Bachelor of Science in Applied Science Data Science Option;
16. Delete the Bachelor of Science in Chemistry Environmental Option; and
17. Delete the Bachelor of Science in Mathematics Education for Teacher Licensure.

A couple questions regarding the letter of notification.

1. If I understand correctly, the effective date for deletion of the program CAN be prior to final students being awarded the degree because of the teach out? So the deletion date indicates the degree is not available beginning the next academic year (Fall 2025) but at the same time it is still available (because there are students in a teach out) until summer 2027?
2. Should there be any departmental support forms from affected departments and/or an indication of how the Medical Terminology class will be addressed if the program is eliminated?

Thanks for asking this, Dr Davis. I know a lot of students who are planning to attend graduate school need the Medical Terminology course due to it being a pre-requisite for admission. So, I agree, we need to see how this is going to be handled so we can ensure students from the programs that Ms. Weaver just emailed us about can still get that class. I know it was mentioned an adjunct would be hired in nursing to teach it, but the nursing department didn't seem aware of that plan.

My other concern is we getting rid of this program too soon? This is the only Health Information Management (HIM) accredited program in Arkansas and one of only 72 bachelor's programs in the country. The program was working with their accreditation to find out more information about substituting courses that could build a 2 plus 2 programs with 2-year colleges and all of that was in the works but had not been able to be implemented yet. I hate to see us get rid of a program when the faculty was really trying to save it. I know accreditation can be expensive, but if the program was given a bit more time they may could increase enrollment with these 2 plus 2 agreements they were working on.

So the deletion date indicates the degree is not available beginning the next academic year (Fall 2025) but at the same time it is still available (because there are students in a teach out) until summer 2027?

The deletion term can be prior to the teach out term. The department would like to accept no more applications for the program for the fall 2025 term unless the student could finish prior to the teach out term.

2. Should there be any departmental support forms from affected departments and/or an indication of how the Medical Terminology class will be addressed if the program is eliminated?

I will have the below programs supply a Department Support form:

Tourism - Therapeutic Recreation Emphasis, Bachelor of Science

Health and Exercise Science, Bachelor of Science

Health and Exercise Science, Bachelor of Science - Kinesiology Option

Health and Exercise Science, Bachelor of Science - Pre-Allied Health Studies Option

Addictions Minor (For Rehabilitation Science Majors Only)

Child Welfare and Social Services Minor (Only for Rehabilitation Science Majors)

Disability Minor (For Rehabilitation Science Majors Only)

Recreation Services (For Rehabilitation Science Majors Only)

Biology - Biomedical Option, Bachelor of Science - Major Support Elective courses include: AHS 2013 Medical Terminology, PE 2513 First Aid, or PHIL 3103 Logic

Dr. Davis,

If the BS-HIM program is discontinued, the university would have at least three potential options to continue offering AHS 2013:

1. Work with existing faculty members who are qualified and willing to teach the course. Such faculty might include our current HIM faculty if the retrenchment process results in their continuing to teach at ATU, or possibly nursing faculty.
2. Adjunct faculty - ATU has successfully found qualified adjuncts to teach this course in the past.
3. Students might take HSCI 1113 Medical Terminology from ATU Ozark as a substitution.

I agree with Dr Davis. I am very conflicted about this vote. I am leaning towards a no vote as I don't think this program was given enough time to restructure to try to raise their student numbers in my personal opinion. Plus it is such a unique program being one of two and the only accredited program in Arkansas.
