Significant progress in completing the individual Action Items associated with the four Goals of the Strategic Plan show that 29% of items are **Ongoing**, 42% are mostly **Met but Ongoing**, and 29% are fully **Met**.

August 2019
Colleagues:

Exceptional progress has been made toward achieving the shared vision for Arkansas Tech University that we established during the 2015-16 strategic planning process.

As we begin year four of the implementation phase of the strategic plan, 30 percent of goals are met and completed, while 42 percent of goals are met and ongoing. The next two years will be focused on finalizing unmet goals and refinement.

There were many noteworthy accomplishments in support of our strategic plan during the 2018-19 academic year. Among these were:

- an increase in credentials conferred
- progress toward enhanced stackability of degrees
- more scholarship opportunities
- alignment of co-curricular programming with our academic mission
- phase one of our energy efficiency initiative
- inaugural First Generation Institute for high school students
- collaboration with community to install solar-powered benches on North El Paso Avenue
- purchase and occupancy of the property at 404 North El Paso Avenue
- relocating the Department of Public Safety to 716 North El Paso Avenue

This report includes further details of the progress we made during the past year.

Thank you for your continued partnership in carrying out the mission of Arkansas Tech University. Together, we are inspiring and empowering members of our community to achieve their goals while striving for the betterment of Arkansas, the nation and the world.

Sincerely,

Dr. Robin E. Bowen
President
Year 3: Progress Report on *One University, the Arkansas Tech University 2016-2021 Strategic Plan*
Presented by the Executive Council of Arkansas Tech University
August 15, 2019
**Goal 1: HUMAN CORE**

Provide the learning environments needed for students to flourish and graduate from ATU equipped for a meaningful and satisfying future. At the same time, provide the support needed for faculty and staff to do the best work possible in their roles as teachers, scholars, mentors and as supporters and facilitators of learning, respectively.

**Goal 1, Item 1: Using the national graduation rate average as the benchmark, achieve a minimum annual increase of the graduation rate of one percentage point per year.**

Significant progress has been made in the annual increase of the graduation rate, though more progress needs to occur. The graduation rate continues to improve on the Russellville campus, as does the retention rate at Ozark.¹ Both the Russellville and Ozark campuses show both positive and negative movement.

* Student Affairs Division implemented a 2018-2019 Retention Plan. Individual Student Affairs functional areas assessed assigned objectives from the plan and reported significant progress.²

**Progress is being made on staffing-level policies** through the changes noted below:

- Each divisional leader has reviewed their staffing and structures. When applicable they have made changes to fit the university’s needs. Due to strategic plan goals and leadership transitions, this is an on-going item.

- A target set for Year Three to hire consultants to develop staffing plans for the university was not met due to resource limitations.

- Ozark campus redesigned organizational charts.

- ATU has fewer administrators to faculty than our peer institutions. ATU has one administrator to 82 students, where our peer institutions average one administrator to 65 students (based on FTE, not actual headcount).

Goal 1, Item 5: Enhance the University’s administrative research and planning capabilities, including the ability to generate, analyze, and communicate the import of data in support of student recruitment, enrollment, retention, and completion.

(Addresses HLC Core & Subcomponents – 4C2, 4C4, 5B2, 5C)

Goal: Met Ongoing

Significant progress has been made in the Institutional Research and Effectiveness Office on enhancement of research and planning capabilities.
• Enhanced reporting functions via the OneTech IR.Anaytics tab to better disseminate productivity information as well as targeted reporting for scholarship expenses and tuition and fee revenue.¹³
• Enhanced the student course/instructor evaluation experience by adding new methods of entry into the survey and making use of EvaluationKit API calls/JSON for participation and reporting back to faculty.¹
• Created a program cost algorithm similar to the Delaware Cost Study methodology using Banner CoA data and Budgeted expenses, include ability to drill down to the cost per SSCH level.²

Goal 1, Item 6: Develop scholarships and financial aid policies which are more deliberate in addressing the needs of socio-economic realities as well as incentivize students to regain lost scholarships.

Progress has been made and targeted increase met in development of scholarships. Several areas on campus reported efforts to increase scholarship opportunities during the 2017-18 AY. Data needed from previous year to begin to identify whether meeting intended goal. Included below are highlights.
• VPEM and VPAF calculated and provided analysis for scholarship acceptance and yield rates to Executive Council and made presentations to the Budget Advisory Committee this past year.¹
• Earn back policy continues to be warmly received by students. 603 students were eligible for the scholarship earn-back program and 1027 hours of summer courses were taken in the summer term by those students.²

- Open to all current faculty, staff, and students.\(^1\)
- The Green and Gold Cupboard has been expanded to the ATU Ozark Campus. (Leadership Tech Project)\(^1\)
- As part of a project based, interdisciplinary course (IPBL), ATU students created a new social media plan for a national environmental sustainability company headquartered in Russellville, Denali Water Solutions.\(^2\)
- ATU students from the Mechanical Engineering department again fielded an entry in the Shell Eco-marathon America’s challenge after finishing 18\(^{th}\) in the international automotive engineering competition in 2018, in 2019 they finished 3\(^{rd}\) among US teams and 7\(^{th}\) overall.\(^3\)
- Fight On 1001 was developed and implemented to increase collaboration across athletic teams to facilitate a stronger support network for all student-athletes and thus greater student success. Auxiliary benefits include stronger connections with the community and to serve as a model for the benefits of co-curricular and high impact educational practices. (Leadership Tech Project)\(^4\)
- High Impact Practices identified as part of Capital Campaign priorities.\(^5\)
- Living Learning Communities: 92 students including 54 incoming first year students participated in 7 living learning communities in 2018-19. Of the 54 incoming students during 2018-19, 46 (85.19\%) returned for spring semester.\(^6\)
- Student Affairs/HIM Affiliation Project allows HIM students to obtain HIM Management experience working with ATU Health Services.\(^7\)
- ATU serves 115 Arkansas high schools through its traditional and Virtual Arkansas concurrent offerings. 3,202 concurrent students enrolled in Fall 2018.\(^8\)
- Undergraduate Research has allowed undergraduates to partner with faculty to through grant proposal to research dissemination.\(^8\)

Goal 2, Item 5: Develop a strategy to review and modify all academic and co-curricular programs, and general education curricula (including additions and eliminations of programs no longer viable) to promote high academic standards, ensure currency within the field of study, and address current and future workforce trends.

(Addresses HLC Core & Subcomponents – 3B, 3C, 3D, 4A, 4B, & 4C)

This goal has been met with development of a strategy. Progress continues on schedule with program review of all academic and co-curricular programs and general education curricula. The following specific items have been completed:

- OAIE has taken on the oversight of academic program reviews for ADHE reporting purposes. The Office of Assessment and Institutional Effectiveness (OAIE) has established a strategy of internal review of academic programs operating in tandem with external ADHE or Specialized Accréditor reviews for all academic programs to ensure that all academic programs are completing a review of their degrees on a five-year rotating basis. By the time of the 2020-2021 HLC (Higher Learning Commission) review, all academic and non-academic programs will be within a five year window of program currency.¹ ³

Goal: Met

- 64% of Gen Ed courses reported data for AY 2018-19, increased from 60% in AY 2017-18.²
- Four administrative units performed CAS (Council for Advancement of Standards) Program Review.⁴
- Division of Student Affairs created a plan for Program Review beginning in 2019-2020 to involve 5 programs/department/units per year.⁵
- Division of Student Affairs has also created a Cross-Functional Framework plan to address complex, emerging, evolving, and ongoing issues through the involvement of multi-disciplinary teams.⁶
Goal 2, Item 6: To provide viable stackable degree opportunities within and between campuses which do not diminish the distinct educational objectives of each campus, existing curricula will be restructured and new programs will be developed (e.g., curricula in degree programs will be structured to provide certificates and/or other degrees during the natural progression of the educational pathway).

(Addresses HLC Core & Subcomponents – 1A2-4, 2A, 3A, 3B, 3C, 3D, 4A, 4B, & 4C)

Goal: Ongoing

Continuing progress is being made in the provision of viable stackable degree opportunities.

- Submitted letters of notification for undergraduate certificates in Spanish for Medical Interpretation and Teaching English for Speakers of Other Languages. 1,2
- Stackable poster developed. 2
- Expanded PLA policy passed by Dean’s Council. 3
- Revised Professional Studies degree approved. 4
- Ozark Campus completed the following transition pathways during 2018-19:
  - AAS in Banking with transitions to BAS
  - Non-credit pathway with Tyson to credit developed in Automation AAS
  - Created Automation/Machining/Robotics CPs chunking credentials
  - Implemented pilot program to utilize MSSC credential into Automation and Logistics
  - Logistics Management - BAS in Logistics Management 2+2 (100% online)
  - Implemented TC in Paramedic leading to AAS
- Signed MOUs with SouthArk CC and NorthArk CC. 5

Goal: Ongoing

Progress continues on the development of collaborative academic programs between the Russellville and Ozark campuses. In particular, the following activities have occurred:

- Scheduled 2018-19 Ozark Workforce Ed instructor as Agri-Horticulture Instructor at Russellville Campus (Position was shared from Ozark to Russellville-Discontinued due to budget constraints.)¹
- The Office of Disability Services is providing job shadowing and training opportunity at Russellville campus for the new disability services coordinator at Ozark.²
- Appointed an energy manager that provides instruction at both campuses funded by Russellville and Ozark campuses.³

Goal 2, Item 8: In collaboration between Academic Affairs and Student Services, develop a university ethics statement, develop and implement a method of tracking academic misconduct between courses, and investigate the need for a university-wide honor code for all stakeholders that addresses academic and professional behavior.

(Addresses HLC Core & Subcomponents – 2A, 2B, 2D, & 2E)

This goal has been met. In order to make progress on an investigation into an Honor Code while addressing current academic dishonesty actions on campus, the Honor Code Taskforce was split into two groups: HC Taskforce A and HC Taskforce B.

- Honor Code Taskforce “A” completed total rewrite of current Academic Dishonesty policy which includes a central repository for academic violations.¹
- New Academic Integrity Policy approved by Executive Council, Faculty Senate, and Student Government Association with recommendation to BOT in August, 2019 for implementation in fall 2019.²
- Incoming 2019-20 Student Government Association board will participate in investigation of a modified Honor Code as part of Taskforce “B” activity. Student leaders added to membership for International Center for Academic Integrity.⁴
- University-wide Ethics Policy was developed and approved through the Board of Trustees in AY 2018-19. Policy available on website.⁵

**Goal: Met**

This goal has been met and will continue to improve collaboration between Academic and Student Affairs Divisions. As noted in other Strategic Plan Goals, some of the following have been reported, but bear repeating as examples of collaboration between the two divisions for the benefit of Arkansas Tech students.

- Division of Student Affairs established a curriculum model.
- SA created educational priority, learning goals, and learning outcomes for GAs and RAs.
- Inauguration of Mary B. Gunter Emerging Leaders LLC (est. 2018) in collaboration with the College of Education and Leadership Tech.
- The Office of Student Transition (Campus Life) completed a strategic plan and implemented new programming and outreach efforts in a support orientation program during new student advising (TECHAdvise), a new fall orientation program (TECHConnect), a FirstGEN taskforce lead program, and a commuter student program.
- LLC success in areas of increased student participation, process timeline, and creation of a Civic Engagement LLC.
- Student Affairs collaborated with Academic Affairs to develop a robust “Every Student Counts” retention plan and conference to be implemented in 2019-2020.
- The Office of Disability Services provided training regarding accommodations for students with disabilities to faculty in the New Faculty Academy. (see attached responses).
- The Department of Campus Life collaborated with departments within Academic Affairs to provide a variety of programs and experiences within the On Track Co-Curricular Experience.
- Continuation of the ALEAP accreditation process to include all team members of the Department of Public Safety on the Russellville and Ozark Campuses to begin training of personnel on updated policies and procedures. Completion scheduled for fall 2019.
• Inaugural FirstGen Institute held June 13-14, 2019 with 52 first generation high school student participants.\textsuperscript{14}

*Projected experiences and participants*

- The first Tech student, Audrey Berkau, Game and Interactive Media Design major, went with the National Student Exchange (NSE) to Southern New Hampshire University in Spring 2019.5
- This was also the first year that ATU students participated in the Austrian-American Educational Cooperation Association’s (AAECA) STARS program in Austria. Seven ATU student teachers were immersed in a different culture, language, and way of life. They worked alongside Austrian teachers in the schools and interacted with students from various countries. The STARS program has brought Study Abroad at ATU to a new level.5
- Tech also had its first French Immersion study abroad program in Cannes, France.5
- Part of the Jazz ensemble accompanied a trip to Germany and Austria. The Jazz musicians performed in public twice and were able to interact with both German and Austrian music students at Justus Liebig University in Giessen, Germany (JLU) and the Music and Arts University of the City of Vienna (MUK).5

**Significant progress has been made in the growth of partnerships with city, regional, and state governments.** The Division of Student Affairs has led the way on this goal.

- The Office of Civic Engagement (Campus Life) acquired the voter designation.¹
- The Town and Gown Committee continued partnerships with Party Smart, March 2 Main, Scooters, Paint the Town Green and Gold, Flood Relief, and advertise the city.²
- The Public Safety Office was relocated to from 15089 North Boulder to 716 North El Paso Ave.²
- Created an annual publication which lists employee involvement with the community and the region to distribute the publication to appropriate stakeholders. The directory is designed to showcase the leadership and involvement the faculty and staff of ATU has in the community.³
