College of Education Students:

The Teacher Education Student Services Office would like to notify students that due to meeting multiple other criteria of educational accountability, the Arkansas Department of Elementary and Secondary Education has approved for **ACT** requirements to be excluded from Arkansas Tech University's acceptance process into Stage II education classes. The **ACT** will no longer be required for ATU education students seeking Stage II acceptance. For up-to-date information pertaining to requirements for acceptance into Stage II education classes, please visit: www.atu.edu/teachereducation/stage1.php

Sincerely,

Autumn Danielle Hodges, Ed.S.
Director of Teacher Education Student Services
