

# Crooked Creek Field Study Grant

Application Deadline: No Deadline, Rolling Submission

Submit completed applications to: [grants@atu.edu](mailto:grants@atu.edu)

## Applicant Information

Primary Investigator Name: \_\_\_\_\_

Department: \_\_\_\_\_

Email: \_\_\_\_\_

Phone: \_\_\_\_\_

Project Title: \_\_\_\_\_

## Project Description (250 words maximum)

Please describe what will be accomplished through this field study. Your proposal should address how the project will:

- Engage students directly with natural resources, conservation, or ecological study
- Provide hands-on research or service experiences in the Crooked Creek region
- Support local communities as they identify and leverage natural and cultural assets for economic vitality

## Learning Outcomes and Assessment Methods

Provide three specific, measurable learning outcomes and their assessment methods.

Your outcomes must include:

1. Hands-on research or service experiences in the Crooked Creek region (**REQUIRED**)
2. Either natural resources/conservation engagement OR community support for economic vitality
3. One additional outcome of your choice

## Participant Information

☐ I confirm that I will provide names, majors, and photos of all participating students after the event.

## Symposium Presentation Requirement

All students participating in this grant must present a poster at the ATU Scholars Symposium. Presentations can be individual, small groups, the whole group. For symposium information, visit: [www.atu.edu/uresearch/symposium.php](http://www.atu.edu/uresearch/symposium.php)

☐ I confirm that participating students will present a poster at the ATU Scholars Symposium

## Budget

Please provide a detailed budget for requested funds:

**Note: Funds can only be used for travel, lodging, and meals.**
